The Board of Supervisors met in regular session.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, Gallagher, Havenner, Hayden, McSheehy, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President McSheehy presiding.

### APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of December 30, 1935, was considered read and approved.

### SPECIAL ORDER—2:30 P. M.

The following recommendations of Joint Committee on Public Welfare, and Fire, Safety and Police were taken up:

#### Gasoline Supply Stations.

(Code No. 11.0821)

Bill No. 727, Ordinance No. 11.08211, as follows:

Regulating the establishment, construction, maintenance and operation of premises, buildings and structures to be used as gasoline supply stations; regulating and providing for the storage and use of gasoline in connection therewith; repealing Ordinances Nos. 2659 (New Series) and 11.051 *and providing a penalty for violations of this ordinance.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Definitions: The following terms shall have the following meanings whenever used in this ordinance:

(a) A gasoline supply station shall be held to mean any lot, wharf, pier or other premises, including all buildings and structures thereon, devoted to the purpose of selling or dispensing gasoline or volatile liquids as fuel to automobiles, motor vehicles, motorboats, launches or other motor propelled vessels.

(b) Gasoline or volatile liquids shall mean any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit. The Fire Marshal shall determine the flash point.

(c) Fire Marshal shall mean the Fire Marshal of the City and County of San Francisco.

(d) Approved shall mean approved by the Fire Marshal.

(e) *School: for the purposes of this ordinance, shall mean any building in which is housed any institution of learning conducted or operated under the jurisdiction of the Board of Education of the City and County of San Francisco, or any institution of learning wherein a gen-*

*eral course of study is maintained or carried on by the State of California or by any agency thereof, or any institution of learning, attendance at which will satisfy the compulsory educational laws of the State of California, or any college or university whereat advanced courses in advanced education are maintained and which has an average daily attendance of, at least, twenty pupils.*

(f) Hospital: shall mean any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.

(g) *Church: for the purposes of this ordinance, is defined to be any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

(h) *Theatre: for the purposes of this ordinance, is any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

(i) Districts or Zones: shall mean districts or zones as established or re-zoned by the City Planning Commission.

*Section 2. Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the boundaries of which shall come within sixty (60) feet of the property line of any school, church, theatre or within 200 feet of the exterior boundary of any hospital building; said measurements to be taken in a straight line.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such gasoline supply station, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any gasoline supply station, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the gasoline supply station for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a gasoline supply station, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

Section 3. Construction: All buildings or structures erected, maintained or operated upon the premises of a gasoline supply station not exceeding one story in height, shall be of Class A, B, or C construction as defined by the building laws of the City and County of San Francisco, or, if not more than eighteen (18) feet in height, they may be constructed of metal supported upon steel frame. If more than one story in height, they shall be of Class A or B construction.

The roofs of all buildings or structures erected or maintained upon the premises of a gasoline supply station shall be of fireproof con-

struction, as defined in the building laws of the City and County of San Francisco, and all floors shall be constructed of incombustible materials.

No basement shall be allowed in any building or structure erected or maintained as a gasoline supply station.

A gasoline supply station shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a gasoline supply station and for such services as are by this ordinance specifically permitted in conjunction therewith, unless said building is of Class A or B construction; provided, however, that no gasoline supply station shall be maintained in any building that is occupied in any part as a church, school, hospital, theatre, hotel, apartment house, tenement house or place of public assemblage. The portion occupied as a gasoline supply station shall have no entrance, exit or other opening of any kind whatsoever into other parts of the building not so occupied. All walls separating such portion occupied as a gasoline supply station from the remainder of the building shall be of masonry. The floors which constitute the ceiling of such gasoline supply station shall be of reinforced concrete slabs not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. All such slabs shall be reinforced so as to develop their full strength to resist upward pressures. No basement shall be permitted in any portion of a building or structure that is occupied or is so constructed as to be occupied as a gasoline supply station.

Where a gasoline supply station is erected or maintained in a building of Class A or B construction, any portion of which is used for other occupancies than those specifically permitted by the provisions of this ordinance, proper ventilation and a free circulation of air shall be provided, either by the installation of ventilating outlets in the outer walls of such buildings or by means of a mechanical exhaust ventilating system, as in the judgment of the Fire Department and/or the Department of Public Health may be required.

The size, number and location of ventilating outlets, when required, shall be determined by the Fire Department and/or the Department of Public Health, and the top of same shall be not more than eighteen (18) inches above the floor. Such outlets shall be protected with galvanized wire rods not less than three-eighths (⅜) inch in diameter so as to provide an opening of one-half (½) inch mesh. Protections of ornamental design may be used, provided they have the strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports.

Mechanical exhaust ventilating system, when required, shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of the space occupied as such gasoline supply station each hour. This mechanical exhaust shall be drawn from a point not more than eighteen (18) inches above the floor line and shall be evenly distributed over the entire area of such space. The fan discharge shall be taken to a point above the roof of the building or to outer air at a point not less than twenty (20) feet from any window or other opening in the building or any adjoining building, but in no event shall the fan discharge be taken to an inner court.

Section 4. Permit for gasoline and appliances used in connection with gasoline: The storing or keeping of gasoline or the installation, erection, alteration, replacement, repair or use of any gasoline pump, underground gasoline tank, pipe, appliances or devices used in connection with the storage or handling of gasoline at a gasoline supply station, shall not be undertaken until a permit has been granted by the Fire Marshal. The Fire Marshal may refuse to grant and may revoke such permit for noncompliance with the provisions of this ordinance.

Section 5. Quantity of gasoline that may be stored: Not more than two (2) approved portable filling tanks containing not more

than fifty (50) gallons of gasoline each may be stored or kept above ground in or for any one gasoline supply station.

Gasoline may also be stored or kept for a gasoline supply station in approved underground tanks. Not more than five thousand (5,000) gallons of gasoline in the aggregate shall be stored or kept underground and no tank shall have a capacity greater than one thousand (1,000) gallons.

Section 6. Installation Requirements: (a) All underground gasoline tanks shall be placed outside of buildings and under the sidewalk area in a location designated by the Fire Marshal. The top of such tanks shall be at least four (4) feet below the sidewalk or grade and the space between the top of tanks and the sidewalk or grade shall be filled with earth.

(b) Where two (2) or more underground tanks are installed there shall be an approved concrete dividing wall of not less than twelve (12) inches in thickness or three (3) feet of earth between each tank.

(c) All underground tanks shall set on a firm foundation and, where water is encountered, tanks shall be placed in an approved water-tight concrete enclosure.

(d) Each underground tank shall have a separate filling pipe extending up to the sidewalk or grade, equipped with a cover and a metal plate flush with the sidewalk or grade. The filling pipe shall be of a diameter not larger than three (3) inches.

(e) Each underground tank shall have a separate vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet above the opening of the filling pipe and capped with an approved fitting. The vent pipe shall be on the outside of the buildings and terminate as far away as possible from any window or other building opening. The inside diameter of vent pipes shall not be less than one and one-quarter (1¼) inches, nor more than two (2) inches.

(f) All pipes shall be at least twelve (12) inches underground, shall have a fall toward the tank, shall be free of traps, sags or pockets, and shall be standard, full weight, galvanized iron, or equivalent.

(g) Gasoline shall be taken from underground tanks by means of approved pumps only, which shall be installed in locations designated by the Fire Marshal. No gravity, siphon or pressure system shall be used to take gasoline from any underground tank.

(h) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission to do so has been granted by said officer. The Fire Marshal shall be notified when the installation is complete and ready for inspection.

Section 7. Miscellaneous Safety Provisions: (a) Underground tanks shall be filled only through a hose connected to a vehicle used for the transportation of gasoline, leading through continuous metal fittings and connections, properly grounded to and into the filling pipe of underground tanks, or by an approved bucket, or other method approved by the Fire Marshal.

(b) The fuel tank of an automobile shall be filled only through a hose connected to a pump of a portable filling tank or underground tank.

(c) Gasoline shall not be kept or conveyed in open receptacles in or about the premises of a gasoline supply station, shall not be used for cleaning purposes and shall be stored or kept only in portable filling tanks or underground tanks. The storage or sale of gasoline or any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred ten (110) degrees Fahrenheit in glass bottles or other breakable containers is prohibited.

(d) All combustible waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises. Gasoline, oils, grease or inflammable liquid of any kind shall not be allowed to flow or be placed into the drainage system. Oil and grease shall not be allowed to accumulate on the floor. Saw-

dust shall not be kept and sawdust or other combustible material shall not be used to absorb oil, grease or gasoline.

(e) Smoking is prohibited in or about the premises of a gasoline supply station and the motor of an automobile shall not be in motion while filling the fuel tank with gasoline. Notice to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All waste oil (crankcase drainings) shall be kept in an approved underground tank, installed as required by the Fire Marshal.

(g) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept in or about the premises of a gasoline supply station unless approved by the Fire Marshal.

(h) The Fire Marshal shall have and is hereby vested with authority to make reasonable and necessary rules and regulations not inconsistent with the provisions hereof, respecting the use, operation, maintenance and construction of any appliance, device, apparatus, or equipment used in connection with gasoline, to carry into effect the intents and purposes of this ordinance.

(i) All electric motors or devices capable of emitting an exposed spark shall be located at least four (4) feet above the floor and all electric wiring shall be installed as required by the Department of Electricity. All portable electric lights shall be equipped with keyless sockets and lamp guards.

(j) There shall be maintained at all times in and about the premises of a gasoline supply station such number of approved, fully charged portable fire extinguishers and approved buckets, full at all times of clean, dry sand, as may be required by the Fire Marshal, but in no case shall there be less than two fire extinguishers and two buckets of sand. These appliances shall be installed in places designated by the Fire Marshal.

(k) *When a gasoline supply station is discontinued for a period of more than six months, or is dismantled, the person, firm, association or corporation who was last conducting, maintaining or operating such gasoline supply station shall either remove all underground tanks that were used in connection with such station, or cause the same to be filled with water or other non-inflammable liquid in accordance with the directions of the Fire Marshal.*

Section 8. Services Permitted: The sale of lubricating oils, greases, tires, batteries and other accessories, the cleaning, oiling and greasing of automobiles and the minor servicing and adjusting of brakes and electrical equipment, and the servicing and repairing of tires and batteries, shall be permitted upon any premises used as a gasoline supply station, but no repairs or reconditioning of the chassis, motors, engines, bodies, radiators or fenders of automobiles, motor vehicles, motor boats, launches or other motor propelled vessels, shall be permitted thereon. The storage, keeping or parking of automobiles, motor vehicles, motor boats, launches, etc., upon these premises, excepting as required for the before stated services, shall be prohibited. *All equipment for the washing of automobiles shall be properly housed and said washing conducted in accordance with such rules and regulations as the Chief Engineer of the Fire Department may make regarding the same.*

Section 9. Duties of the Fire Marshal: It shall be the duty of the Fire Marshal to see that the provisions of this ordinance are complied with, and for that purpose he shall have access to any and all premises or buildings used as gasoline supply stations.

Section 10. Penalty: Any person, firm, company or corporation that violates, disobeys or refuses to comply with any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten ($10) dollars nor more than fifty ($50) dollars, or by imprisonment in the County Jail for not more than thirty (30) days, or by both such fine and imprisonment, and such person, firm, company or corporation

shall be deemed guilty of a separate offense for each and every day that such violation, disobedience or refusal continues and shall be subject to the penalty imposed by this ordinance for each and every separate offense.

Section 11. Ordinance No. 2659 (New Series), and Ordinance No. 11.051, together with any section of any other ordinance which is in conflict herewith is hereby repealed.

### Amendment Proposed.

Supervisor Uhl moved to amend section 2, paragraph 1, line 14, by striking out the words "boundary of any hospital building;" and inserting in lieu thereof the words "property line of any hospital;".

## SPECIAL ORDER—3 P. M.

**Amending Section 54 of Ordinance No. 5132 (New Series), Concerning Public Passenger Vehicles and Entitled "Imposing License Taxes on Certain Businesses," etc., etc.**

(Code No. 3.041)

Bill No. 877, Ordinance No. 3.04157, as follows:

Amending section 54 of Ordinance No. 5132 (New Series), concerning public passenger vehicles and entitled "Imposing License Taxes on Certain Businesses, Callings, Trades or Employments Within the City and County of San Francisco," in effect July 1, 1920, and repealing Resolutions 33951, 34139 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 54 of Ordinance No. 5132 (New Series), the title of which is recited above, is amended to read as follows:

Section 54. Every person, firm or corporation owning *or directly or indirectly operating* any public passenger vehicle, except railroad cars, shall, *after first obtaining a permit from the Police Department, which permit must be represented by an operative vehicle for which a current City license must be obtained,* pay a license tax therefor, as follows:

For each such vehicle One ($1.00) Dollar per annum for each passenger seating capacity of said vehicle.

*In determining the seating capacity of any such vehicle the driver, thereof shall be included.*

The metallic plate issued as part of the license must be of such design, color and material as the Tax Collector shall prescribe and each plate must clearly show the year for which it is issued. Provided, that it shall be in quality of material and workmanship equal to that of the license plate issued by the State Motor Vehicle Department; that in size, each plate shall be nine (9) inches by 2½ inches and, when used on motor-drawn vehicles it shall be perforated so as to make it attachable to the State Motor Vehicle License Plate or fastened at the front of each motor-drawn vehicle. When used on horse-drawn vehicles it shall be perforated so as to permit of attachment in a conspicuous place on the right-hand side of each horse-drawn vehicle. Provided, further, that all letters stamped or printed upon the face of the plate shall be at least ⅝ x ⅜ inches and all numbers 1 x ⅝ inches in size.

It shall be unlawful for any owner or operator of a vehicle subject to this license tax to *operate any such vehicle upon the public highways or streets of the City and County of San Francisco without first affixing such license plate to said motor vehicle by attaching it to the front state motor vehicle license plate or fastening it on the outside front of such vehicle, or, when used on horse-drawn vehicles, without first attaching it in a conspicuous place on the right-hand side of said horse-drawn vehicle, or* to permit an expired vehicle license plate to remain on any vehicle after December 31st of each calendar year. No substitute for this license plate shall be permitted. It shall be unlawful to affix license plates in any other position on a vehicle than that authorized by this ordinance.

*On the 31st day of December of each year the Police Department shall notify the Controller and the Tax Collector of the number of public passenger vehicle permits in effect, and the seating capacity of the vehicles for which the permits were granted, and whenever additional permits are granted, or existing permits are transferred or revoked during the year, the Controller and the Tax Collector shall be notified of same immediately. These notifications shall be in writing and signed by the Chief of Police or his duly authorized representative.*

Every person engaged in the business or occupation of driver or motorman of any public passenger vehicle specified in this section shall pay One ($1.00) Dollar for a driver's badge to be issued by the

Tax Collector, which badge shall be of such design and lettering as he shall determine. Upon the presentation of a driver's annual permit, granted by the Police Department, the Tax Collector shall issue annually, to the person named in such permit, a driver's annual identification card upon the payment of One ($1.00) Dollar, provided said person is the owner of a driver's badge and exhibit such badge at the time of making the application. *The obtaining or renewal of this driver's identification card and/or badge shall be subject to the penalty provisions of this ordinance.* All licenses issued under the provisions of this section shall date from the first day of January of each year and shall be issued for one year from the date aforesaid.

**Action Deferred.**

On motion of Supervisor Uhl the following matter was *laid over one week and made a Special Order of Business for* 3:30 *p. m.*

## SPECIAL ORDER—3:30 P. M.

**Budget Appropriation Requested for Reclamation of Tidelands at South Basin.**

December 30, 1935, Supervisor Uhl requested that the matter of an appropriation in the next budget recommended by the Civic League for the filling in of certain blocks of land at South Basin be made a *Special Order of Business for* 3:30 *p. m. this day.*

*So ordered.*

## MOTION TO RECONSIDER.

*December* 30, 1935—*Supervisor Gallagher changed his vote and made a motion to reconsider at this meeting the action whereby the following resolution was adopted, to-wit:*

Further Resolved, That copies of this resolution be sent to the State Department of Public Works and to Colonel John H. Skeggs, Division Engineer thereof.

**Motion.**

Supervisor Gallagher moved that the vote whereby the foregoing resolution was *adopted* be reconsidered.

**Privilege of the Floor.**

Colonel Skeggs, representing the State Engineer's Department, was heard at length on the pending question.

At 4:10 p. m., Supervisor Brown raised the point of order that 4 p. m. had been agreed upon as the time for hearing the gasoline supply station ordinance and requested that the question should now be taken up.

Chair ruled point of order well taken.

Supervisor Gallagher appealed from the decision of the chair.

The question being put by Supervisor Hayden "Shall the decision of the chair be the decision of the Board," the chair was *sustained* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Hayden, McSheehy, Roncovieri, Schmidt, Uhl—8.

Noes—Supervisors Gallagher, Ratto, Shannon—3.

**Motion Lost.**

Whereupon, the roll was called on Supervisor Gallagher's motion to reconsider and the same was *defeated* by the following vote:

Ayes—Supervisors Gallagher, McSheehy, Shannon—3.

Noes—Supervisors Brown, Colman, Havenner, Hayden, Ratto, Roncovieri, Schmidt, Uhl—8.

Sealed bids to the number of thirteen for the purchase of certain bonds of the City and County of San Francisco, State of California, accompanied by certified checks, were received by the Board of Supervisors up to the hour of 3 o'clock p. m., received open and read by the Clerk:

The bonds offered are described as follows:

$391,000 "Sewer Bonds, 1929."

Said bonds bear interest at the rate of four and one-half per cent (4½%) per annum; comprising 23 bonds of one thousand dollars each, maturing January 1 each year, 1939 to 1955, inclusive. Interest payable January 1 and July 1.

No alternative bids will be considered by the Board of Supervisors.

The right is reserved by the Board of Supervisors to reject any and all bids.

The bonds offered are tax exempt, State and Federal.

All proposals for the purchase of said bonds shall be accompanied by a deposit of five per cent of the amount bid, in lawful money of the United States, or by a deposit of a certified check payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco, for a like amount, provided that no deposit need exceed the sum of $10,000, and that no deposit need be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him, if his bid is accepted.

The approval of Thomson, Wood & Hoffman, attorneys, New York, as to the legality of these bonds will be furnished to the successful bidder without cost.

**Bids.**

Bids, to the number of thirteen, accompanied by certified checks, were presented, opened and read by the Clerk.

**Telegram.**

Thereupon, the City Attorney appeared and presented the following telegram, which was read to the Board, to-wit:

### Amendment to Blasting Ordinance.

(Code No. 11.08)

On recommendation of Committee on Fire, Safety and Police.

Bill No. 827, Ordinance No. 11.0812, as follows:

Amending Section 1 of Ordinance No. 1204, entitled "Regulating the Explosion of Blasts," in effect May 16, 1904, as amended by Ordinance No. 378 (New Series), approved March 10, 1908.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to explode or cause to be exploded any powder or other explosive material for the purpose of blasting; or drill a hole or make a crevice for the purpose of inserting any powder or other explosive material for the purpose of blasting, or insert in any hole or crevice any fuse or any powder or other explosive material for the purpose of blasting without first obtaining from the Director of Public Works a permit so to do, which permit must specify the location of the blasting or blastings for which it is granted; provided, however, that such permit shall not be granted until the applicant therefor shall have executed to the City and County of San Francisco and filed in the office of the Director of Public Works a good and sufficient bond of a lawfully authorized surety company, approved by the Controller, in a sum not less than five thousand ($5,000) dollars, the amount thereof to be fixed and determined in advance of call for bids by the Director of Public Works in accordance with the estimated value of the property in the vicinity of the location of the proposed blast or blasts. Said bond shall be conditioned that the permittee, together with the sureties on the bond, shall be jointly and severally bound to pay any and all judgments which may be awarded against the City and County of San Francisco or against said permittee by reason of any damage to property or person sustained as the result of any blast or blasts made under and by virtue of said permit.

The total aggregate liability on said bond shall be limited to the payment of the amount named in said bond as the penalty thereof. The surety or sureties on any such bond may cancel the said bond and be relieved of further liability thereunder by delivering ten (10) days' written notice of its desire to cancel said bond to the Director of Public Works of the City and County of San Francisco and mailing copy of such notice to the permittee at the address given by the permittee to the City and County of San Francisco in his application for said permit; provided, however, such cancellation shall not affect any liability incurred or accruing thereunder prior to the termination of said ten day period. Upon the cancellation of said bond the permit in connection with which any bond was given shall be automatically revoked.

Final Passage.

The following emergency bill was taken up and *finally passed*:

**Appropriating $10,000 from Emergency Reserve Fund to Public Utilities Commission to Defray Cost of Engineering and Architectural Services for Necessary Plans, etc., for Improvement of San Francisco Airport.**

(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 882, Ordinance No. 9.051224, as follows:

Appropriating ten thousand ($10,000) dollars from the Emergency Reserve Fund to the Public Utilities Commission to defray the cost of engineering and architectural services for the necessary plans, designs and specifications in order to improve San Francisco Airport at Mills Field, declaring that an emergency exists and passing this ordinance as an emergency measure.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated from the Emergency Reserve Fund (Appropriation No. 502.900.00, 1935-1936 Appropriation Ordinance) to the Public Utilities Commission, Appropriation No. ——, to be used by said Public Utilities Commission to defray the cost of engineering and architectural services for the necessary plans, designs and specifications in order to improve San Francisco Airport at Mills Field, so that said airport can be used for the landing of seaplanes as well as land planes, and in particular that such improvements may be made as will furnish the necessary service to the Pan-American Airways, Inc., in accordance with the terms of the proposed contract

between said Pan-American Airways, Inc., and the Public Utilities Commission, and so that the City may avail itself of the grant from the Federal Government to aid in the improvement of said airport.

Section 2. This appropriation is made from the Emergency Reserve Fund for the reason that an emergency exists which makes the amount thereof necessary immediately so that the City may avail itself of the grant of the Federal Government to be made for the improvement of said airport.

Section 3. This ordinance is passed as an emergency measure, and the Board of Supervisors does by the vote by which this ordinance is passed specifically declare that an actual emergency exists which necessitates this ordinance becoming effective, immediately, the nature of said emergency being as follows: That unless the Public Utilities Commission can proceed at once with the engineering and architectural work and plans and specifications for the improvement of said San Francisco Airport a grant from the Federal Government to aid in the improvement of the same cannot be obtained and said contract for the use of said airport by Pan-American Airways, Inc., cannot be carried out, and therefore this ordinance is passed in order to comply with the limitation of time.

**Relating to the Care and Expenditure of Moneys Received From the State of California Under the Provisions of Article 5, Chapter 1, Division 1 of the Streets and Highways Code, an Emergency Ordinance.**
(Code No. 9.0419)

Supervisor Gallagher presented:

Bill No. 884, Ordinance No. 9.04194, as follows:

Relating to the care and expenditure of moneys received from the

State of California under the provisions of Article 5, Chapter 1, Division 1 of the Streets and Highways Code, an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. To comply with the provisions of Article 5, of Chapter 1 of Division 1 of the Streets and Highways Code, with particular reference to the amendments made thereto by Chapter 642, Statutes of 1935, there is hereby created in the City Treasury a special fund to be known as the "Special Gas Tax Street Improvement Fund".

Section 2. All moneys received by the City from the State of California under the provisions of the Streets and Highways Code for the acquisition of real property or interests therein for, or the construction, maintenance or improvement of streets or highways other than State highways shall be paid into said fund.

Section 3. All moneys in said fund shall be expended exclusively for the purposes authorized by, and subject to all of the provisions of Article 5, Chapter 1, Division 1 of the Streets and Highways Code.

Section 4. This ordinance is passed as an emergency measure and the Board of Supervisors does by the vote by which this ordinance is passed declare that an actual emergency exists which necessitates this ordinance becoming effective at once. The character of said emergency being as follows:

That the authorities of the State of California will not pay to the City and County of San Francisco the amount due to said City and County for its "Special Gas Tax Street Improvement Fund" until this ordinance is passed, and if said amount due to said "Special Gas Tax Street Improvement Fund" is not received at once, the City and County of San Francisco cannot enter into contracts for the improvement of certain streets and receive from the Public Works Administration the allocation of certain funds heretofore granted to said City and County by said Public Works Administration and, therefore, it is necessary that this ordinance should become effective forthwith in order to comply with the limitations of time.

**Authorizing Public Utilities Commission to Acquire a Public Utility for Distribution of Electric Energy and to Issue Revenue Bonds and Borrow Money, Etc., Against the Revenues of said Utility and Outlining Procedure Involved.**

(Code No. 15.032)

Supervisor Havenner presented:

Bill No. 885, Ordinance No. 15.0323, as follows:

Authorizing the Public Utilities Commission of the City and County of San Francisco to acquire by purchase, or by condemnation, or to construct, a public utility for the distribution of electric energy to the citizens, inhabitants or residents of the City and County of San Francisco, or to the citizens, inhabitants or residents of other cities or of other counties, and for the purpose of defraying the cost of acquiring or constructing such utility, to borrow money and to issue bonds or other obligations payable solely out of the revenue of such utility, and providing for the manner in which said bonds or other obligations shall be issued, and for interest thereon, and how the interest on, and the principal of said bonds or obligations, shall be paid, and for the necessary procedure to be undertaken by said Public Utilities Commission and by the Board of Supervisors of the City and County of San Francisco to authorize the issuance of said bonds or other obligations, and for the payment of the interest on, and of the principal of said obligations.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, it is provided in Section 9 of the Charter of the City and County of San Francisco that the Board of Supervisors of said City and County may, by ordinance, confer on any officer, board or commission such other and additional powers as the Board of Supervisors may deem advisable; and

Whereas, the Public Utilities Commission has, pursuant to the provisions of said Charter, charge of the construction, management, supervision, maintenance, extension, operation and control of all public utilities and other properties used, owned, acquired, leased or constructed by the City and County of San Francisco, for the purpose of supplying any public utility service to the City and County and to its inhabitants, to territory outside the limits of the City and County, and to the inhabitants thereof; and

Whereas, the Board of Supervisors deems it advisable to confer upon the Public Utilities Commission of the City and County of San Francisco the right to acquire by purchase, condemnation or construction a public utility for the purpose of distributing to the City and County of San Francisco, or to parts thereof, or other cities or counties, or to parts thereof, and to the inhabitants and residents of said City and County of San Francisco, or to the inhabitants and residents of parts thereof, or to the inhabitants or residents of parts of said cities or parts of said counties, electric energy for domestic, commercial, county and municipal purposes, and to accomplish said purposes to borrow money and to issue bonds or other obligations evidencing said money so borrowed, which said moneys so borrowed, and bonds or other obligations so issued, shall be repayable solely out of the revenue of said public utility.

Section 2. There is hereby conferred upon the Public Utilities Commission of the City and County of San Francisco the following powers, in addition to the powers heretofore or hereafter granted to said Public Utilities Commission by the Charter of the City and County of San Francisco, or by ordinance of this Board of Supervisors, to-wit:

1. Said Public Utilities Commission of the City and County of San Francisco may acquire by purchase, condemnation or construction a public utility for the purpose of supplying to the inhabitants or residents of the City and County of San Francisco, or of any part thereof, or to the inhabitants or residents of any other city and county, or of any part thereof, or to the City and County of San Francisco, or to any other city or county, electric energy for domestic, commercial, county or municipal purposes.

2. That for the purpose of acquiring, condemning or constructing, and for the purpose of defraying the cost of such acquisition, condemnation or construction, said Public Utilities Commission may, as hereinafter in this ordinance set forth, enter into obligations, borrow money and issue bonds or other evidences of indebtedness, and provide for the payment of such obligations, and for the repayment of money so borrowed, as well as for the payment of said bonds or other obligations, solely out of the revenue of said public utility so established, purchased, acquired, condemned or constructed.

3. For the accomplishment of the purposes hereinbefore set forth, that is, to establish, acquire, condemn or construct said public utility for the distribution of said electric energy, as aforesaid, said Public Utilities Commission shall, through its Manager of Utilities, make a report to the Board of Supervisors of the size, character and kind of electric distribution system which it desires to establish, acquire, condemn or construct, and the city and county, city or county, or particular parts thereof, which it will serve or tend to serve, together with an estimate of the cost thereof, as well as an estimate of the probable period of time which will be consumed in establishing, acquiring, condemning or constructing said utility, as well as the manner in which the same will be established, acquired or constructed, as well as the manner in which the cost of establishing, acquiring or constructing

said utility will be met. Said report shall also show in detail the estimated net annual revenue from said utility after deducting the cost of operation and maintenance, repairs and reconstruction, depreciation, and all other charges including interest and redemption charges or any moneys expended for the establishment, acquisition or construction of said utility.

4. Upon receiving said report, the Board of Supervisors shall examine the same, and for said purpose may employ engineers, accountants and other experts to aid in said examination, and if after said examination and the report of said engineers, accountants or other experts, the said Board of Supervisors is satisfied that it will be for the benefit and best interests of the City and County of San Francisco that said utility should be established, acquired or constructed, as reported by the Manager of Utilities, said Board of Supervisors shall, by resolution, approve said report and recommend that said utility be established, acquired or constructed as set forth in said report.

5. Thereafter the said Board of Supervisors shall by ordinance authorize and empower said Public Utilities Commission to establish, and/or acquire, and/or construct said utility as recommended or set forth in said report, and shall by said ordinance, or by a separate ordinance, or by separate ordinances, authorize said Public Utilities Commission to enter into such obligations, or to borrow such money, or moneys, or to issue such bonds or other obligations as may be necessary to defray the necessary cost of establishing, acquiring or constructing said utility, including the estimated amount necessary to pay the interest on any money so borrowed or bonds or other obligations so issued during the period of acquisition or construction of said utility and for six months thereafter.

6. Said bonds or other obligations so authorized to be issued shall be executed by said Public Utilities Commission, by its President and Secretary, and shall be in such form and of such denomination, shall be payable at such times, and shall contain such conditions as the said Board of Supervisors in said ordinance may provide, provided that said bonds or other obligations shall be so conditioned that they will not bear interest at a rate higher than six per cent per annum payable semi-annually. Any bonds or other obligations authorized as herein provided, as well as the interest thereon, shall be payable wholly and exclusively out of the net revenue arising from the operation of the utility for which they shall have been authorized after the payment of all operating expenses of said utility, including pension and retirement charges, all amounts necessary for the repair and maintenance of the property of said utility and all amounts necessary to provide for a proper fund to meet the depreciation on said utility. No part of the amount of said bonds or of the interest thereon shall be payable from moneys raised from taxes levied against property or from any other source whatsoever, save and except from the revenues of said utility for the establishment, acquisition or construction of which they may have been issued, and then only in the manner hereinbefore set forth, and said bonds or other obligations shall so state upon their face or by endorsement thereon.

7. The Public Utilities Commission shall have full power and authority to determine and provide for the times at which, and the manner in which, said bonds or other obligations shall be sold and disposed of, and may cause the same to be issued as one issue or in successive issues.

8. The proceeds of all bonds or other obligations sold by said Public Utilities Commission shall be forthwith placed in the Treasury of the City and County and shall only be used for the purposes for which they may have been sold and authorized.

Section 3. Any utility established, acquired or constructed by said Public Utilities Commission, pursuant to or under authority of this ordinance, as well as the income therefrom, shall be subject to all of

the provisions of the Charter governing the operation of existing utilities.

Section 4. At the time the Board of Supervisors authorize the incurring of any obligations, or the borrowing of any money, or the issuing of any bonds or other obligations, said Board may, in the ordinance or ordinances authorizing the incurring of said obligation, the borrowing of said money or the issuing of said bonds or obligations, add such additional provisions as it may deem proper relative to the incurring of any obligations or the borrowing of any money, or the issuance of any bonds or obligations, or as to the conduct, operation, establishment, acquisition or construction of said utility, save and except that no such provision shall be contrary to any Charter provision on the subject, nor shall any provision be made for the payment of any money, bond or obligation except from the revenue of the utility authorized to be established.

**Passed for Second Reading.**

The following recommendation of the Public Health Committee was presented by Supervisor Roncovieri and *passed for second reading* by the following vote:

**Regulating Sale of Salvaged Goods and Merchandise.**
(Code No. 17.19)

Bill No. 871, Ordinance No. 17.193, as follows:

Regulating the business of dealing in salvaged goods and merchandise, defining certain terms used in this ordinance; providing for the issuance of permits to engage in said business or to deal in salvaged goods and merchandise, fixing the fee to be paid for said permit, and providing for the inspection of places where salvaged goods and merchandise are sold, kept or stored, and providing an inspection fee in connection with the business of dealing in salvaged goods and merchandise for the purpose of defraying the cost of inspection and regulation, giving to the Director of Public Health the right to make regulations to carry out the purposes of this ordinance and providing a penalty for its violation or for the violation of said regulations.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. For the purposes of this ordinance the term "salvaged goods and merchandise" is hereby defined as follows:

"Any article of food or any article which may be used for food by human beings or by animals, or any chemical or other substance which may be added to food or to foodstuffs, alcoholic beverages, or any drug or compounded drugs, medicines, toilet articles, cosmetics, lotions, liniments or similar articles, or any commodity, powder, liquid or solid compound or mixture used or to be used in and about any home, household, hotel, apartment house or dwelling for cleaning, disinfecting or deodorizing purposes, including insecticides and similar articles, or tobacco or tobacco products, when the packages, cans, cartons or other containers in which the individual containers of said articles are packed for shipment or sale are damaged, torn, broken, swollen, wet, burned or rusted, or where the individual containers of said articles are damaged, torn, broken, swollen, wet, burned or rusted, or where the labels on the individual containers of any such article are defaced so that the name of the manufacturer or packer originally appearing on said label cannot be ascertained."

Section 2. The term "person" as used in this ordinance shall mean any individual, association of individuals, copartnership or corporation.

Section 3. A "dealer" in salvaged goods and merchandise is hereby defined to be a person who, either exclusively or in connection with any

other business, buys, sells, distributes or deals in salvaged goods and merchandise, and who is the holder of a permit from the Director of Public Health so to do; provided, however, that persons selling salvaged goods or merchandise to salvage "dealers" as well as those who purchase the same from salvage "dealers" and sell same directly to the retail trade, shall not be considered "dealers" in salvaged goods and merchandise.

Section 4. No person shall engage in the business of selling or distributing salvaged goods or merchandise, as defined in this ordinance, in the City and County of San Francisco, nor shall any person sell or distribute, or offer for sale or distribution, any salvaged goods or merchandise in said City and County without first obtaining a permit to so do from the Director of Public Health. Applications for such permits shall be upon blanks provided by the Department of Public Health and shall state the name of the person applying for same, the general character of salvaged goods or merchandise which will be dealt in, sold or distributed, and the place where said business is to be carried on, and if said applicant is not regularly engaged in the business of dealing in salvaged goods and merchandise, then the place where the sale or distribution of said salvaged goods and merchandise shall take place, as well as the place where the said salvaged goods and merchandise are stored and the general character thereof. A fee of ten ($10.00) dollars shall accompany each application for any permit to engage in the business of selling or distributing salvaged goods or merchandise, said fee to be retained by the City irrespective as to whether said permit is granted or not; provided, however, that nothing contained in this ordinance shall prevent a person who is not a salvage "dealer" as defined in section 3 of this ordinance and who is the owner or custodian of any salvaged goods or merchandise from selling or distributing the same if said salvaged goods or merchandise are inspected by the Department of Public Health and a permit for the sale and distribution thereof is issued by said Department; the cost of said inspection to be paid by the person requesting said permit before the same is issued at the rate of $2.00 per hour.

The Director of Public Health, before issuing any permit to any person to engage in the business of selling or distributing salvaged goods or merchandise, shall make an investigation of the character of the applicant, his methods of storing, handling and receiving said salvaged goods and merchandise and shall exercise his sound discretion in granting or refusing to grant said permit, and if said permit is requested by a person not regularly engaged in the business of dealing in salvaged goods or merchandise, the said Director of Public Health shall investigate the condition of said salvaged goods or merchandise to be sold or distributed by said person and if he finds that said salvaged goods or merchandise are in such condition that the same may be used for the purposes for which they were manufactured or packed, he may issue a permit for the sale and distribution of the same.

Section 5. Any person not regularly engaged in the business of selling or disposing of salvaged goods or merchandise and who is the owner of, or has under his control any such goods or merchandise, may sell or dispose of the same to any person who is a "dealer" as defined in this ordinance, and any person who shall receive salvaged goods or merchandise from any "dealer," or from any person having a permit to sell the same, need not obtain any additional permit for the purpose of selling or distributing the same to the general public, provided that the said salvaged goods or merchandise have been inspected by the Department of Public Health.

Section 6. It shall be the duty of the Director of Public Health, through his duly authorized representatives, to inspect from time to time all places where salvaged goods and merchandise are sold, kept or distributed, and whenever it shall be found that said salvaged goods and merchandise, or any part thereof, are unfit for the purposes for which they were manufactured or packed, or for which they are being

offered for sale, to cause the same to be destroyed as constituting a public nuisance, and the cost of such destruction shall be a charge against the person in whose possession said unfit salvaged goods or merchandise may be found and the amount of said cost shall be payable to the Director of Public Health for the City and County upon demand.

Section 7. All inspections made by the Director of Public Health pursuant to the provisions of this ordinance shall consist in such examination of any salvaged goods and merchandise as will determine their fitness for any of the purposes for which they are sold, offered for sale, or to be sold, and when in the opinion of the Director of Public Health it is necessary to analyze any sample of any salvaged goods or merchandise, said Director of Public Health or his agents, may take such article or such portions thereof as may be necessary to determine said fitness, and said determination may be made by laboratory or such other tests as the Director of Public Health shall deem proper. Pending the determination of said tests, the Director of Public Health may prohibit the sale or distribution or removal of any part of said salvaged goods or merchandise which are subject to said examination. The cost of all inspections and examinations shall be paid by the owner or custodian of said salvaged goods or merchandise, and the failure to pay such sum upon demand shall be sufficient ground to revoke said owner's or custodian's permit to deal in such goods and merchandise, and if said owner or custodian be not a salvage "dealer", the Director of Public Health shall not issue a permit for the sale or distribution of said goods or merchandise until the fee covering such inspection, examination or analysis has been paid.

Salvaged goods and merchandise which have been inspected pursuant to the provisions of this ordinance, or purchased from a salvage "dealer" and which are resold by the purchaser thereof directly to the public shall not be subject to reinspection, nor shall the dealer in such articles be required to obtain a permit to resell the same except in so far as said goods may be subject to inspection or license to sell the same by any other law or ordinance.

Where economic poisons form a part of any salvaged goods or merchandise such economic poisons shall be disposed of only in accordance with the provisions of sections 1065 and 1066 of the Agricultural Code of the State of California.

Section 8. For the purpose of meeting the cost of regulation and inspection, dealers in salvaged goods and merchandise who are holders of valid permits issued as provided in Section 4 of this ordinance, shall pay to the Tax Collector a fee of twenty-five ($25.00) dollars per quarter commencing March 1, 1936. (Upon the payment of said fee the Tax Collector shall issue to said person paying the same a receipt showing said payment, which said receipt shall be conspicuously displayed in the place of business of said dealer. Failure to pay said quarterly fee within the time provided by law shall ipso facto revoke any permit issued as provided in Section 4 hereof.

Dealers in salvaged goods and merchandise paying the quarterly fee provided for shall, in so far as their activities are confined to salvaged goods and merchandise as hereinabove defined, be exempt from the provisions of Ordinance No. 5132 (New Series) and also from the provisions of Section 29 of the Merchandise Brokers Ordinance and Section 3 of the Second Hand Dealers Ordinance, as well as from the provisions of Ordinance 3.0411 and 3.04121.

Section 9. The Director of Public Health shall make such rules and regulations regarding the sale, distribution, storing, handling and possession of any salvaged goods or merchandise as he shall deem proper to carry into effect and to accomplish the purposes of this ordinance and to prevent the contamination of said goods and merchandise, or to prevent the same being sold or distributed in such a manner as might be dangerous or injurious to the health or safety of any person, and when said rules are so made they shall be as effective as if the same were a part of this ordinance.

Section 10. Any permit granted pursuant to the provisions of this ordinance may be suspended by the Director of Public Health, and after notice to the holders thereof may be revoked by said Director, for any violation of this ordinance or for the violation of any rules or regulations of said Director made under authority of this ordinance, or for the violation of any law, rule or regulation of the State of California or of the City and County of San Francisco, relative to the sale, keeping or distribution of any article coming within the definition of salvaged goods or merchandise.

Section 11. Any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be subject to a fine not to exceed five hundred ($500.00) dollars or to imprisonment in the County Jail for a term not exceeding six months or to both said fine and imprisonment.

Section 12. If any section, subsection, sentence, phrase or part of this ordinance shall be declared unconstitutional, or if the same shall be declared contrary to the provisions of the charter of the City and County of San Francisco, or be declared illegal or beyond the powers of the Board of Supervisors to enact the same, said Board of Supervisors does hereby declare that it would have passed the remainder of said ordinance irrespective of said fact, and the said declaration shall have no effect upon the remainder of this ordinance.

Ayes—Supervisors Brown, Colman, Gallagher, Havenner, Hayden, McSheehy, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

### In Memoriam, F. W. Dohrmann, Jr.

## WEDNESDAY, JANUARY 8, 1936, 12 M.

In Board of Supervisors, San Francisco, January 8, 1936, 12 M.

Pursuant to section 10 of the Charter, the newly elected and continuing members of the Board of Supervisors met for the purpose of inducting the newly elected members in office and to receive the annual message of his Honor the Mayor, and to transact such other business as might come before it.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Supervisor McSheehy acted as temporary chairman.

### Bonds of Supervisors Filed.

The following was read by the Clerk:

January 2, 1936.

The Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: Please be advised that bonds for Supervisors elected at the General Municipal Election held in the City and County of San Francisco on the 5th day of November, 1935, have been filed in the office of the Controller as follows:

Brown, Arthur M., Jr., Massachusetts Bonding Co., Bond No. 38006, bond $5,000.

Colman, Jesse C., Massachusetts Bonding Co., Bond No. 38011, bond $5,000.

Mead, Dewey, Massachusetts Bonding Co., Bond No. 38007, bond $5,000.

Meyer, Fred W., Massachusetts Bonding Co., Bond No. 38005, bond $5,000.

Roncovieri, Alfred, Massachusetts Bonding Co., Bond No. 38008, bond $5,000.

Shannon, Warren, Massachusetts Bonding Co., Bond No. 38024, bond $5,000.

In accordance with the provisions of Sections 26 and 67 of the Charter, said bonds have been approved as to form by the City Attorney and by the Controller as to sufficiency and solvency of the sureties thereon and, under date of December 26, 1935, as provided by Section 55 of Bill 724, Ordinance 4.042, transmitted to the Recorder for proper recordation.

You are also advised that copies of oaths of office, as originally filed with the County Clerk, for all of the above officials, are on file in this office.

Yours very truly,

LEONARD S. LEAVY, Controller.

### Election of President.

Supervisor Roncovieri moved to nominate Supervisor Franck R. Havenner for the presidency of the Board of Supervisors.

Supervisor Colman seconded the nomination.

Supervisor Shannon moved that the nominations now close.

There being no objection, it was *so ordered.*

Whereupon, the roll was called and Supervisor Roncovieri's motion to nominate Supervisor Havenner for presidency of the Board *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.
Excused—Supervisor Havenner—1.

## MAYOR'S ANNUAL MESSAGE.

PRESIDENT HAVENNER: Members of our Board, Ladies and Gentlemen: It is my honor and very high privilege to present to you Mayor Angelo J. Rossi, who will deliver to you his annual message.

Thereupon, His Honor the Mayor proceeded and read the following:

### Letter of Mayor to Board of Supervisors.

January 6, 1936.

To the Honorable The Board of Supervisors, City Hall, San Francisco.

Gentlemen: Conforming with Section 25 of the Charter, I transmit, herewith, my annual report of the municipal affairs of the City and County of San Francisco. It is fitting to comment in general terms upon the condition of our body corporate and to make such recommendations as seem advisable.

The year 1935, although fraught with problems and anxieties for all our fellow citizens, as well as public officials, ended with a better outlook for prosperity than we have seen for five years past. We are enheartened by the fact that nearly all employable citizens have been taken from relief rolls and placed on pay rolls.

San Francisco was among the first of American cities to answer the President's call for projects in line with his program of constructive rehabilitation, and I am proud that those submitted were approved, practically as presented.

These projects, the cost of which totals $37,000,000, have been put into operation. I must admit our obligation to the Federal officials with whom we have had contact, financially and otherwise, in getting our program into effect. The government has extended to us every consideration.

San Francisco is making rapid strides on the return road from adversity to prosperity. It operates on a cash basis and has for the fourth successive year a balanced budget. It also has the lowest tax rate and percentage of tax delinquency of any major city in the United States. San Francisco's bonds continue selling at the lowest rate of interest in our city's history. Our tax anticipation notes were marketed at an interest rate as low as 1/6 of 1 per cent.

San Francisco's financial program has been accomplished without impairment of governmental efficiency and we have been able to reduce the tax rate from $4.04 in 1931 to $3.68 as at present, a reduction of 36 cents, with due recognition of the unusual problems of unemployment relief and other humanitarian activities. We have striven at all times while conserving the taxpayer's money to be humane—not one of our fellow citizens has had to go without life's necessaries. The total expenditure by San Francisco for relief of unemployment for the fiscal years 1931-32 to 1934-35, both inclusive, was $15,549,581. Cost of other humanitarian activities has increased from $3,927,875 for

1931-32 to $4,976,636 in 1935-36, a total cost for the period 1931-32 to 1934-35 of $18,122,610.

The total allocations, grants and expenditures affecting the City and County of San Francisco from various Federal sources, including CWA, PWA, SERA, and WPA to the end of 1935 were $42,975,768.

The total assessed valuation of real and tangible personal property subject to the local rate for the fiscal year 1930-31 was $801,770,075. For the present fiscal year the real and tangible personal property subject to the rate as assessed by the City Assessor was $725,884,001. To this was added the real and tangible personal property as assessed by the State Board of Equalization in the amount of $87,245,800, making the total assessed value of real and tangible personal property subject to the rate for the current year $813,129,801.

This is an increase of $11,359,726 in the rate base which is equal to approximately 6 cents in the tax rate. We therefore feel, with the tremendous burden of unemployment relief and other humanitarian necessities, that in giving a 36-cent net reduction in the tax rate between the years under comparison we have rendered a definite service to the taxpayer, and all of this despite loss of revenue from various other sources.

In addition as has been previously reported over a period of three years next succeeding my induction as Mayor, the net budget for current operations was reduced approximately $8,000,000.

### Controller.

The Controller has continued his highly efficient and commendable activities. His plans for this year are fully discussed in his report in the appended message. In tax and legislative matters the Controller's work has continued to prove of valuable service to all citizens and taxpayers. Despite the fact that taxes were delinquent 3.3 per cent and other revenues 15.6 per cent the 1934-35 budget was balanced on a cash basis. The accrual in the reserve fund initiated by the Controller now totals $2,570,103.

### Departmental Surveys.

These surveys were agreed upon in 1933 so that the Mayor might have a more intimate knowledge of the several departments; that he might have authoritative information as to budgetary requirements and necessities; that his recommendations might more readily evidence the "executive budget" as required by the Charter.

There was and is now no suggestion that the departments or officials or employments therein were to be disparaged or that their powers and duties were to be displaced by or arrogated to any other branch of the service. The main objective was to relieve the taxpayer, as far as possible, by reduction of expenditures through increased efficiency, the non-filling of positions deemed unnecessary and the adoption of new procedures as an antidote to antiquated and conflicting performances.

### Hetch Hetchy Power Disposal.

Early in the year, Secretary of the Interior Harold L. Ickes advised me that, in his opinion, the method in which the City was disposing of its hydro-electric power of the Hetch Hetchy project was in violation of the provisions of Section 6 of the Raker Act. Upon receipt of this information, I immediately communicated with the Secretary by wire, asking if the representatives of San Francisco might have the privilege of conferring with him on the subject. The Secretary fixed Monday, May 6th, at his office in the City of Washington, as the time and place for the conference.

San Francisco was represented by Lewis F. Byington, President of the Public Utilities Commission; E. G. Cahill, Manager thereof; Leonard S. Leavy, Controller; John J. O'Toole, City Attorney; Supervisors James B. McSheehy, Jesse C. Colman, Franck R. Havenner; and Paul J. Ost, Chief Electrical Engineer of the Public Utilities Commission.

San Francisco, through its representatives, presented its case to the Secretary and on August 24th the Secretary announced his decision in the matter, holding that, in his opinion, the method which the City had adopted for the distribution of its hydro-electric power was a violation of Section 6 of the Raker Act.

Shortly after, the opinion of the Secretary was given consideration by your Board, and your Board adopted a resolution authorizing the appointment of a Committee to deal with the subject-matter. The Committee was composed of Supervisors James B. McSheehy, Jesse C. Colman, Andrew J. Gallagher, Franck R. Havenner and Warren Shannon.

Secretary Ickes, on August 24th, forwarded from Washington his decision, confirming his opinion referred to above.

On September 3, 1935, by resolution of your Board, the Public Utilities Commission was requested to submit methods of procedure for disposal of Hetch Hetchy power.

On December 20, 1935, a letter was addressed to your Honorable Board by Manager of Utilities Cahill, submitting four plans for distribution of Hetch Hetchy Power. Your Board, on December 28th, requested M. Randall Ellis, Valuation Engineer for the City Attorney's office, to submit to your Board a report on the four plans of procedure outlined by the Public Utilities Commission. Chairman James B. McSheehy, on December 28th, asked that I confer with the members of your Special Committee, in order that I might express my opinion with regard to the four plans submitted.

On December 30th, I sent a recommendation to your Board, stating that in my opinion Plan Four is for the best interests of our citizens.

The problem of disposing of Hetch Hetchy power is a complex one. I trust the present studies will lead to a final and satisfactory solution, one which will meet the requirements of the Federal Government and also offer a plan of distribution which will be profitable to our citizens and taxpayers.

### Municipal Railway.

Revenues of the Municipal Railway have continued to increase during 1935. Notwithstanding that additional service has been given on a number of the lines to meet an increasing number of passengers, the railroad met its bond interest and redemption and is in a healthy financial condition.

### San Francisco Airport.

Our Airport witnessed, in 1935, the most important developments in its history. The Pan-American Airways Company agreed to make its Pacific Coast headquarters on our municipal field. The agreement is contingent on the completion, within 1936, of a construction program, begun by the Federal Works Progress Administration, to cost $1,675,000. We must bend every energy to the end that a great marine air base may be constructed within the time limit.

### Water Department.

The Department distributed about fifty-two millions of gallons of water daily, in 1935, as compared with fifty and one-half millions, daily, in 1934. Water consumers saved $682,000 in 1935, through the 10 per cent reduction put into effect December 1, 1934. Net revenue of the Department for the year, about $2,328,000.

### Street Lighting.

Persistent efforts of the Public Utilities Commission have resulted in the granting of a reduction in street lighting rates, of over $100,000 per year. This permits reillumination of more than 2000 street lights. Our per capita cost of street lighting is now less than $1, the lowest of any American city. Three years ago, it was $1.33.

### Rapid Transit.

The Public Utilities Commission has under way a study of rapid transit for San Francisco. The plans are under review by a Rapid Transit Advisory Committee, and shortly, its report is expected, embodying recommendation as to construction and financing. This is a highly important project, calling for diligent prosecution, to the end that our citizens may obtain adequate, speedy transportation to every section of San Francisco.

### Traffic Fatalities.

According to a report issued January 1, 1936, by the Commerce Department at Washington, San Francisco led all major cities in 1935, as we did also in 1934, in the lowness of the number of traffic fatalities per 100,000 of population. Our record, 9.5 in 1935, was lower, by far, than that of any of the major cities listed. While this is a good record, we must vigorously continue our campaign of education to reduce this toll of precious lives, many of which are lost through reckless driving, or carelessness upon the part of pedestrians.

### Recreation.

This year's Budget included the sum of $166,000 with which to start the establishment of playgrounds in various districts. As necessity requires, I shall continue to recommend funds for adequate recreational facilities.

### Garbage Disposal.

After the lapse of approximately twenty years, the garbage disposal problem has, in 1935, been settled with some likelihood of permanence by the grant of a franchise to the Sanitary Fill Company for disposal, by fill and cover method on Bay Tidelands.

The franchise contains a recapture clause, so that in the event any improved method is developed, or incineration is so perfected as to satisfactorily care for San Francisco's garbage, the City and County may take advantage of such development.

### Harbor.

The fate of San Francisco is inseparably linked with its harbor. Our future greatness and prosperity depend upon the development and operation of our greatest asset, our waterfront. San Francisco is one of only two large cities in America not enjoying the benefit of local control of its harbor.

As I observed in a former message, it is unthinkable that we should not "possess the key to our front door." Our Charter provides in Sections 47 and 48, the manner in which machinery for local control of our harbor can be set up: The appointment by the Mayor of three members of a Harbor Commission, and their appointment of a Manager. Surely we can give as good an account of harbor management, under municipal ownership, as we do of other public utilities.

My administration warmly supported the fight for home rule for San Francisco's waterfront. Our efforts were defeated. We are hopeful that the next Legislature can be persuaded to do justice to our City.

### Local Industry.

I have carried out to the limit of legal restrictions of the Charter, my policy to favor local industries, manufacturers and merchants. In every possible case, preferment has been given to our own taxpayers, who maintain payrolls in the City and County of San Francisco.

The same policy has been adopted toward sub-contractors, even to the rejection of bids.

### New Industries.

Statistics show that there were 217 new industries established in San Francisco in 1935, and 321 industrial expansions took place. This indicates that industrial development, during the past year, has made

the best progress among established industries. Practically all manufacturers have experienced an increase in payrolls.

The advent of Hetch Hetchy water, the ten per cent reduction in water rates and a contemplated further rate reduction are important factors for securing new industries for San Francisco and making those already established here more content with industrial conditions in San Francisco.

The building of the two naval destroyers at the Bethlehem plant is reported to necessitate the expenditure of a large sum, to modernize this plant. The assurance of this investment has already been made. I trust this may prove the forerunner of a revival of shipbuilding in our port.

### Labor.

I am pleased to report that prevailing rates of pay on all Federal work in San Francisco are maintained. I have sponsored projects, on which thousands of men and women are employed directly, with hundreds more engaged in the fabrication of materials.

When difficulties arose between employer and employee, during the past year, I was instrumental, in a number of instances, in bringing the two together. I am pleased to report that their difficulties were amicably settled. Whenever I can be of service, in such cases, I shall be pleased to cooperate in any manner, tending to maintain industrial peace in San Francisco.

All proposals coming to my attention, which mean work for fair wages, have received my hearty endorsement and my most earnest consideration.

### Consolidation.

At the request of a delegation of prominent residents of the peninsula who visited me on November 21, 1935, with Mr. Arthur C. James of Palo Alto as chairman, I appointed a committee consisting of Colbert Coldwell, chairman; City Attorney John J. O'Toole, Controller Leonard S. Leavy and William H. Nanry, to investigate the subject of consolidation of San Francisco and San Mateo counties. Before I would recommend such a program it must clearly be shown that consolidation would effect reduced cost of government generally, without reduction in efficiency and that it would eliminate overlapping functions, authority and expense, and in no way add to San Francisco's budget.

### Other Departments.

Analyses of the activities of all departments not referred to herein will be found in the body of my message together with further comments on such departments as have been alluded to in this letter.

In closing, I deeply regret that we must relinquish the splendid abilities and cooperation of those members of your Board whose official terms of service have terminated. I know that their long experience in municipal affairs and needs will be reinforced by the desire to continue their unselfish devotion to all activities for the public good.

Permit me to extend to the members of your Board who take their places for the first time today, my sincere and heartfelt good wishes. I also offer my hearty thanks for the consideration and loyal support of my friends in the city government who have so ably and unselfishly exerted their energies for the betterment of our municipality. I trust that no act of mine, during the forthcoming term, will shake the confidence so unmistakably expressed for my administration by the citizens of San Francisco last November. Thus, I shall best express my appreciation and gratitude. If we, as public officials, continue to recognize and fulfill our duties, San Francisco is bound to achieve her destiny in the front rank of world cities.

Respectfully,

ANGELO J. ROSSI, Mayor.

Office of the Mayor, San Francisco.

January 8, 1936.

To the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen:

I am sending to your Honorable Board a statement of the affairs of the City and County of San Francisco, as provided in Section 25 of the Charter.

San Francisco has reached an enviable position amongst major American cities. In 1935 we continued to make creditable progress. I know that your Honorable Board and all officials of the municipality will work with the Executive Department, to the end that our beloved City shall maintain the eminent position she has reached.

## Radio Broadcasts.

For nearly three years past I have, from my office in the City Hall broadcasted weekly messages concerning the actual functioning of the various departments of the municipality over Station KGO by courtesy of the National Broadcasting Company.

I have received hundreds of letters, testifying to the interest of my fellow-citizens in this series, and am pleased at the continued interest shown by the public in these broadcasts. The information that is thus brought by me and my fellow-officials to radio listeners, has given them an intimate acquaintance with the manner in which their City is administered. Ours was the first major city to take advantage of radio, in disseminating such data. I wish to acknowledge our high obligation to Mr. Don Gilman, vice-president of N. B. C., for his courteous cooperation, which has been rendered entirely without cost to us.

## Relief.

From the beginning of the calendar year until the middle of May the County Relief Committee, appointed by me, handled the entire problem of relief in San Francisco, incurring expenditure of Federal, State and local funds. At that time, to quote from a letter received from Mr. Ralph E. Jenny, Chairman of the State Relief Commission: "The State Commission felt that a dual responsibility, covering relief of unemployables and relief of distress due to unemployment, was incompatible with public policy."

This left to the Committee the difficult task of caring for the unemployables. This Committee, comprising Mr. Florence McAuliffe, chairman; Mr. Guido J. Musto, Mr. J. P. Rettenmayer, Miss Ruth A. Turner, Mr. Edward D. Vandeleur, with Mrs. Eugene Prince heading the Family Relief Committee, appointed Miss Lucille Henry the Director of Relief.

The definition of unemployability presented two problems to the local Committee; first, that our local taxpayers be not compelled to bear more than their just share of the cost of relief and second, and more important, the social problem of not branding a large group of people as permanently unemployable, who, through medical care and mental hygiene, might be rehabilitated and reestablished in normal community life, when economic conditions improve. That the Committee has met this task well is borne out by the figures. When first this classification of unemployables was created by the Federal Government, the number of cases, as of May 1, 1935, was 3099. By strict standards of eligibility and great care exercised in the social investigation, this load was reduced to 2372 cases, as of December, 1935.

The Committee has recognized at all times two major principles; first, that only those deserving and eligible for relief under our state and county laws should receive it, and second, that relief should be adequate and humane for those of our citizenry who, through no fault of their own, are dependent upon public assistance. With this second

principle in view, the County Committee instituted a budget for these families which includes shelter, food, utilities, clothing and sundries.

Wherever shelter has to be provided from City funds, the checks are made payable jointly to the landlord and recipient, so that our small property owners are not penalized by having relief clients as their tenants.

By the adoption of a policy, fair to all, which provides one of the most adequate relief standards in the country, the expenditure for county relief dropped from $84,930 in May, 1935, to $70,386 in November, 1935. This astonishingly good record has been achieved through careful social case work, by which every effort has been made to discover all available resources and to seek a solution of the client's problems, outside of public charity.

With the creation of the WPA program and the effort being made throughout the nation to liquidate the SERA, the problems of the future loom large for all local communities. There is, however, one fact which is certain and that is that the administration of relief can no longer be considered an emergency function of government, but must be set up under some form of permanent organization. It is my intention, in the immediate future, to submit, with the concurrence of the Chief Administrator, to your Honorable Board, an ordinance which will give the present Emergency Relief Committee the status of a Public Welfare Commission. This will enable the Committee to plan for the future, and to negotiate more satisfactorily with the State Relief Administration as to San Francisco's share in the State and Federal relief funds.

I would be remiss in my duty as Mayor of our City if I did not publicly acknowledge the wonderful assistance rendered us by our fellow-townsman, George Creel, who, because of his intimate knowledge of Federal affairs at Washington, worked unceasingly to bring to a successful outcome the splendid program we have achieved. To the ever-present courtesy and cooperation of Frank Y. McLaughlin, State Administrator, WPA, and his able corps of assistants, I beg to extend my heartfelt thanks.

Early in the year, the Congress of the United States appropriated $4,800,000,000 for the purpose of taking the citizens of the nation off relief and putting them on a works program. The President was given extraordinary powers to put this program into effect. Each city and community was requested to prepare a works program, having for its basis the employment of all citizens who were on relief and eligible for employment. In accordance with the President's executive order, I, by authority of your Honorable Board, sponsored a list of projects, under the able supervision of Assistant City Engineer Clyde Healy, and forwarded it to the Works Progress Administration at Washington, the total sum being approximately $37,000,000.

The program was approved, virtually, as presented. It consists of the rehabilitation of most of our public buildings, the reconstruction and repair of many of our most important streets, the building and rebuilding of boulevards, the construction of recreational centers on lands previously purchased under my administration, the improvement of our public parks and squares and the setting up of sundry technical and professional projects, looking to the employment of what we commonly term "white collar" men and women.

San Francisco's program also includes grants from the Federal Government to assist in the building of the San Francisco Bay Bridge Exposition, on the shoals north of Yerba Buena Island. The total amount of these grants, including the pledge of the Exposition Corporation, is $9,647,000. With these Federal grants, San Francisco and the Bay region will be assured of an Exposition, in dignity and keeping with similar enterprises of the past, here and in other world centers.

I am happy to announce that nearly all citizens of San Francisco, eligible under the Works Progress Administration, are now engaged in gainful occupation of a character commensurate with their abilities

and previous business and professional training. San Francisco, at this time, is the only one of the Pacific Coast municipalities which has been able to comply fully with the Federal program. The morale of those affected has been admirably maintained and the added payrolls are giving great stimulus to all local business interests and enterprises.

**Bay Bridges.**

*San Francisco-Oakland Bay Bridge—*

San Francisco is built on the end of a peninsula, extending along the Coast and is thus, by nature, isolated from the mainland, save for one connection at the south, adjoining San Mateo County. Thus, it has been necessary to enter San Francisco by boat at two of its three gateways. How much this situation has held back San Francisco's growth is difficult to estimate.

Now, however, two great bridges are about to end San Francisco's isolation. After these bridges are opened and allow the public in and out of San Francisco on the north and on the east without interruption, the next great barrier which we must attack is the elimination of tolls. These tolls are tariffs against San Francisco's growth; and, for that matter, the growth of California, because free circulation of travel is necessary for the growth of a commonwealth.

The $77,600,000 San Francisco-Oakland Bay Bridge, on which ground was broken July 9, 1933, has now been under construction two years and a half, and before nine months more have elapsed, or a total construction time of three years and three months, the California Toll Bridge Authority expects to open the highway portion of this bridge.

At the beginning of the year 1935, the entire substructure or underwater portion of the San Francisco-Oakland Bay Bridge had been completed, and in the West Bay, three of the four steel towers had been erected and the fourth was just being started. The huge center anchorage in the West Bay was up to half its present height. In the West Bay, the 14 deck truss spans that bring the bridge down gradually to ground level in the Oakland tide lands had been built and the 500-foot through truss spans were soon to be started.

Since then, five 500-foot double deck through truss spans have been built. Both the East and West anchor arms of the world's third longest cantilever span have been erected and now the derricks are beginning the delicate task of erecting unsupported steel out over this quarter-mile expanse of water.

The scientific world is interested in the cantilevering out of this huge double-deck span whose ends, according to schedule, will meet in the middle within a few months, if engineering expectations are realized.

A tunnel of such bore that a four-story building could be passed through it, upright, is completed through Yerba Buena Island and lined with concrete.

Approaches which will give San Francisco its first elevated highways are now taking form between Harrison and Bryant Streets and on Rincon Hill. These approaches were financed out of State Highway funds and Federal aid, allotted by act of the State Legislature. To date, there has been expended on this bridge and its approaches, approximately $40,000,000.

All San Franciscans will join in my commendation of the splendid service rendered by The California Toll Bridge Authority, Earl Lee Kelly, Director of Public Works of the State of California, Chief Engineer Charles E. Purcell and all who played a part in this great project. Their efforts will be long remembered by all loyal Californians.

*Golden Gate Bridge—*

Progress on the Golden Gate Bridge has also been rapid. With spinning operations proceeding at top speed, the wire strands that will make up the two thirty-six and one-half inch supporting cables

will be finished by June 1, it is reported. This bridge, which will cost $27,165,000 and will open to traffic by May 1, 1937, is now 60 per cent completed.

It was begun in December, 1932. Its Chief Engineer, Joseph B. Strauss, states it will be the most monumental structure in the world of its kind, not only from the standpoint of height and length, but also as to the beauty of its architectural design.

It will be the longest single span bridge in the world, twenty-four hundred feet from center to center of the piers and seven hundred feet longer than the second longest, the George Washington Bridge.

Our thanks to the Directors of the Golden Gate Bridge and Highway District, Chief Engineer Strauss, his excellent staff and all others engaged in this great undertaking.

### Federal Projects.

San Francisco's new Federal Building, in the Civic Center, will be in use by April first. Its cost will exceed $2,750,000.

The world's most modern Mint, at Duboce Avenue and Buchanan, will be completed by December first, at a cost of over $1,000,000. The completion of this splendid structure will give impetus to the removal of an unsightly mass of rocks, and the construction of creditable buildings, in their place.

### Controller.

During the past year the office of the Controller, under the provisions of our Charter, continued its highly constructive performance. The Controller has discussed with me his plans for a continuation of its studies and creative recommendations.

The personnel survey, recommended by the Controller June 6, 1933, is well under way. Certain of the procedures established, such as those in connection with traffic tags, tuberculosis subsidy, and commitments to the Sonoma State Home, have not alone contributed to a greater operating efficiency, but also have increased revenues.

The Controller has pointed out to me that if full benefits are to be derived from certain recommended procedures, enforcing legislation will have to be enacted.

On the recommendation of our Controller, your Board, by Resolution No. 1338, established a Tax and Legislative Committee, to protect the interests of and to provide proper representation for San Francisco, in connection with tax revisions that were to take place as of January 1, 1935, under various constitutional provisions; to analyze the effect on San Francisco of the various measures of the Fifty-first Session of the California Legislature, and to cooperate generally with San Francisco's representatives in the State Legislature.

As a member of this Committee, I must say that its work has proved a valuable contribution of service to our citizens and taxpayers. This Committee, as continued for the interim between legislative sessions, is essential in view of the possibility of an emergency session of the California Legislature.

The Controller, in his annual report, acknowledged the cooperation of our representatives in the State Legislature; the representatives of our many sister cities and counties; the members of your Honorable Board, and the various department heads, who gave so much of their time and service to the Committee.

Pursuant to the Controller's request, your Board, by Resolution 2306, has authorized me, and I have appointed a Committee consisting of Francis V. Keesling, William H. Nanry, Controller Leonard S. Leavy, City Attorney John J. O'Toole, the President of your Board, and the chairmen of the Supervisors' Finance and Judiciary Committees to undertake a study of the Charter fiscal mandates and the conflicts in Charter provisions and the Constitution of the State of California, to the end that proper authority for the control of certain items included in the mandates of these instruments be placed under the jurisdiction

of those charged with the responsibility of legislation and administration, and that existing conflicts in law be eliminated.

It is hoped that, as a result of the work of this Committee, measures will be initiated and approved which will enable us to make a further reduction in the cost of government.

The budget for the fiscal year 1934-35 was balanced on a cash basis, despite the fact that taxes were delinquent 3.3 per cent and other revenues 15.6 per cent. The resources of the cash reserve fund, which was created under amendments to Sections Nos. 80 and 81 of the Charter, initiated by the Controller, now total $2,570,103.40. Cash loans from this fund made possible contractual performance under 1935 PWA grants. The merit of our financial condition is unquestionably reflected in the rates of interest quoted to us on tax anticipation notes and in connection with the sale of our bonds, as well as in the excellent publicity San Francisco has been receiving in the financial newspapers throughout the country.

My thanks to Controller Leonard S. Leavy and his valued corps of assistants for the splendid record they continue to maintain.

### City Attorney.

The report of the City Attorney for the calendar year shows that nine hundred and seven actions were commenced against the City: Superior Court, City and County of San Francisco—794; Municipal Court—102; United States Court—3; other jurisdiction—8.

In addition to these cases, there are pending fifty-two, involving the Hetch Hetchy water project. Only one of these cases has been brought to trial, to-wit, *Meridian, Limited* v. *City and County of San Francisco.* In this case the court has announced its decision sustaining plaintiff's riparian right. The formal judgment is now in the course of preparation. In due time an appeal will be taken. The remaining cases affecting the City's water rights on the Hetch Hetchy will undoubtedly be brought to trial during the present year.

One rate case is pending, dealing with rates for natural gas, before the United States District Court.

Recent reduction of rates for electricity made by the Pacific Gas and Electric Company has, for the time being, ended any necessity for rate litigation on this subject. Our rate engineers are studying the effect of these rates and when sufficient time elapses to show their effect, a report will be made as to whether it will be possible to obtain further reduction.

Litigation involving the right of the Market Street Railway Company to operate the so-called "one-man cars" in San Francisco was tried before a special master appointed by Judge Louderback. The master announced his decision to the effect that our ordinance requiring that a street car should be in charge of a motorman and a conductor was unconstitutional. The master has not submitted his findings to the court. When he does we will argue the matter before the court and if the decision is against us, the City Attorney will advise an appeal.

The increased number of cases commenced by the City during the past year is due to the many cases instituted to recover taxes paid under protest, upon the ground that in our 1934-35 expenditures we exceeded the five per cent limitation provided by Section 20 of Article XIII of the Constitution. One of these cases is now in the course of trial in the Superior Court. It will undoubtedly be carried to the Supreme Court and its final determination by that court will practically determine the other pending cases.

A prolific source of litigation against the city is the claims arising from injuries sustained by pedestrians falling on broken sidewalks. In this regard I would recommend the utmost diligence on the part of the Director of Public Works in compelling property owners to repair damaged walks in front of their property.

Claims based on damages sustained by reason of the operation of municipally-owned automobiles are also the cause of much litigation.

Where the damage is serious some of these claims run into large amounts and are a serious liability to the City. The City Attorney recommends that a proper amount be included in the budget estimate for the coming fiscal year, so that funds would, to some extent, be available to compromise claims where there is no question as to the liability of the City and when a reasonable settlement can be made.

The number of claims filed during the past year, exclusive of those filed against the Municipal Railway, was one hundred and thirty. Ninety-two of these were based on sidewalk accidents, the remaining thirty-eight being divided among all of the other municipal departments, most of them arising from automobile accidents.

Claims against the Municipal Railway are investigated by its Claims Department in a most efficient manner, but when it comes to investigation of claims arising in other departments, the office of the City Attorney has had great difficulty in ascertaining the facts relative to many of these claims, for the reason that it has not, nor have any of the other departments, a skilled investigator who can be sent to gather the necessary facts to enable the City to make the proper defense to the claims. The City Attorney also recommends that a Claims Investigation Bureau be formed, which would take over the personnel and duties of the present claims bureau of the Municipal Railway and then add to that personnel the necessary employees to permit the investigation of claims arising in other departments. The added personnel would be small, but he believes that such a bureau would greatly reduce the amounts finally paid on these claims, either in compromise or on judgment.

I wish to express my sincere gratitude and appreciation for the splendid services rendered by this Department, under the able leadership of John J. O'Toole. His office, considering the vast amount of litigation and the manner in which it is handled, is conducted at an exceedingly low cost, for which we are deeply indebted to him and his excellent staff.

### Municipal Court.

In twelve Municipal Courts, 12,082 civil actions were brought and 22,753 small claims actions—a total of 34,835, in comparison with 16,885 reported in the 1935 message. In the criminal department, 84,249 proceedings were filed, as against 76,794 in 1934. This report is for the period, January 1 to December 1, 1935.

Receipts totaled $174,580.81, with expenditures $192,744.03, the excess of expenditures over receipts having been $18,163.22. The added deficiency this year is accounted for by the great excess of cases handled, and the large number of official and pauper actions filed, for which no fees are collected.

The duties of those attached to the Municipal Court have been discharged most satisfactorily.

### Office of the Public Defender.

The office of Public Defender is conducted by Gerald J. Kenny, Public Defender, assisted by two deputies and one clerk-stenographer, the total cost of the office for the past year having been $16,632.46. Persons who received legal advice numbered 2990. The total number of cases handled in all courts was 1097, with a total of 2173 appearances. In the Superior Court, 488 cases were handled. In the Municipal Court, 562 cases were handled by the Public Defender. The Public Defender handled also 36 cases in the Juvenile Court, attended two coroner's inquests and 11 insanity hearings.

The Public Defender and his staff deserve commendation for the satisfactory manner in which their duties have been carried out.

### Police Department.

During the past year perfect cooperation has been accorded to each of the various departments of our city government, with a view of

rendering the most efficient service to all of the citizens of the City and County of San Francisco.

Our Police Department is outstanding in the matter of modern improvements, designed for the suppression of crime and the arrest of criminals. During the past year, through cooperation of my office and your Board, funds have been made available to enable our police to keep abreast of the most modern criminal defensive equipment.

The number of robberies and crimes of violence still remains at a low minimum, considering the fact that San Francisco is one of the largest seaport cities in the world, and that its population is outstandingly cosmopolitan.

Bank holdups, though very common throughout the United States since the advent of the depression, are of rare occurrence here, and such cases as have occurred have been quickly and efficiently cleared off the record by arrest and conviction of the criminals, as evidenced this year by the effective capture of the Stevens gang. Organized crime has never found a foothold.

The traffic problem demands keen attention. Our night traffic service is one of the main factors in keeping traffic accidents and deaths at a low minimum. This is effected through persistent drives in various parts of the city—especially at dangerous crossings and during the night hours. Through this continuous vigilance, reckless driving during the night hours has been greatly curbed.

At my request, Chief Quinn sent me a report of hazardous intersections and locations wherein bulkheads, proper signals, safety lights and other improvements to lessen automobile accidents can be furnished. Every safeguard tending to curtail the dreadful toll of death and injury in traffic must be provided with the least possible delay.

The Police School of Instruction has functioned during the entire fiscal year. Cooperating with the School Department, in checking up on truants, a voluntary organization within the police department called the "Big Brother Movement" has handled with splendid results very many cases of wayward school children. The members of the Big Brother Movement attend to such cases on their time off regular duty.

The following figures are interesting: sick and injured persons taken to hospitals, 5404; insane persons handled, 208; lost children restored to parents, 255; missing persons located, 2234.

The photograph gallery, criminal investigation laboratory and Bureau of Identification show a volume of work probably outstanding in the entire country. From fingerprints and photographs our Bureau of Identification made 7002 identifications. At the present time in the Bureau of Identification, there are 326,412 photographs and 199,137 fingerprints on file, thus making our collection one of the most complete in the world.

Property valued at $162,430.23 was recovered during the past fiscal year. Persons fined for traffic violations numbered 41,401.

Out of 3690 automobiles reported stolen, 3639 were recovered, a fine record.

The morale of the Department was upheld. I feel that the present cooperation between this Department and other units of our city service will continue and thus enable the San Francisco Police Department to continue to be classed as equal to the best in the United States.

To the Police Commission, Chief of Police Wm. J. Quinn and the Department in general, I wish to express my gratitude for service notably performed.

### San Francisco Fire Department.

The San Francisco Fire Department has again, during the year 1935, made us all proud of its achievements; and, maintaining its usual fine record of promptness and efficiency, continues to merit our full confidence.

Indicating a return to more normal conditions in our trades and industries, there has been a slight increase in the number of fire alarms responded to, which reached the figure of 7605 by the end of November 1935, as against 7354 during the same period of the previous year, an increase of 251. But notwithstanding this increase in alarms, the actual fire losses have in every instance been held to the normal.

With reduction of the current appropriations for the conduct of this important branch of the city government to the minimum, compatible with safety, there has nevertheless been accomplished a very material improvement in the fire fighting equipment, through the extension of high pressure mains, installed from the Bond Issue of 1933. The bulk of these extensions are now completed, and the added protection afforded by the high pressure system is now available in the Potrero District, the Marina District and in parts of the Park-Presidio and Sunset Districts.

The prestige of the San Francisco Fire Department is such as to need no extended comment by me. I cannot allow this opportunity to pass, however, without reminding our property owners of general reductions in fire insurance rates on certain classes of buildings. The Board of Fire Underwriters' Actuaries informs me of a study now being made, and which should be completed this year, leading to a general and substantial reduction on every frame mercantile structure in the city. It is obvious that such reductions cannot continue in effect, unless we keep our fire fighting apparatus up-to-date, by means of an annual program of replacement, in so far as our finances will permit.

I review with pride the record of the San Francisco Fire Commissioners, Chief Engineer Charles J. Brennan and the officers and men of this most efficient Department.

### Civil Service.

During the past year, the Civil Service Commission has scheduled and completed 47 examinations, for which 15,940 applications were filed. Of these applicants, 11,826 appeared for examination and 2811 successfully passed, and 9015 failed to qualify. Sixteen other examinations are now in process of completion and twenty-two new examinations are about to be called.

There are at the present time a total of 290 active lists of eligibles in effect. During the current year 473 permanent certifications and 1945 temporary certifications were made by the Civil Service Commission from these lists of eligibles upon requisitions of the various departments. Because of the civil service temporary appointments made from near lists, and the prompt holding of examinations when near lists are not available, emergency non-civil service appointments have been reduced to a minimum.

Pursuant to a recommendation of the Controller, the Mayor requested the Civil Service Commission to make a survey of all the departments of the City and County government, the tentative scope of which survey may be summarized as follows: overlapping or duplicated functions, both inter and intra-departmental; obsolete or unnecessary processes, functions, reports, etc; tentative recommendations for simplifications or consolidation of processes or functions or the transfer or coordination of related or basic functions; determination if any present services are non-essential and if so, elimination of same; possible elimination of positions to be effected through resignations, deaths and retirements over a five-year period.

These surveys are now in progress and reports will be transmitted as they are completed.

The Commissioners and efficient staff have my hearty thanks.

### Board of Education.

Establishment of the San Francisco Junior College to provide further training for young men and women who were graduated from the local high schools had been advocated for many years, but opportunity for

realization did not come until February, 1935, when Dr. Edwin A. Lee, Superintendent of Schools, recommended the inauguration of the college as part of the local high school district.

The Board of Education, upon the nomination of Dr. Lee, named Mr. A. J. Cloud, Chief Deputy Superintendent of Schools, to the presidency of the new junior college and a faculty was selected on the basis of educational experience in the junior college field and training and experience in recognized higher institutions of learning.

The motivating influence of tax-paying parents for the establishment of a junior college in San Francisco was two-fold; the long distances traveled daily by students residing in San Francisco to junior colleges and the transportation and expense involved. A conservative estimate placed the annual expenditure of nine hundred and seventy-five San Francisco students attending junior college in other counties at one hundred and seventy-five thousand dollars. In addition to this amount, the San Francisco Board of Education paid out to other counties during the fiscal year 1934-35, the sum of $90,000 for tuition as required by law. Therefore, the total annual amount spent in other counties by students and the taxpayers has been more than a quarter of a million dollars. After careful study, the Board of Education instructed Dr. Lee to make recommendations looking to immediate establishment of the college. We did not rush into this new proposition. As far as San Francisco was concerned, there was considerable criticism at the seeming delay. It was pointed out that other communities in the State, not nearly so large as ours, had created junior colleges and that San Francisco was paying large sums annually for the education of those residents of San Francisco who were compelled to attend junior college in other localities.

Through an arrangement perfected with the Regents of the University of California, use of the University Extension Building at 540 Powell street was granted for a period of two years for use as a junior college. Enrollment of 1450 students during the first semester of the new institution is a definite indication that the demand on the part of our citizens for such an institution is justified by the spontaneous response evidenced by the registration.

Afternoon junior college classes have been held at Galileo High and Mission High School buildings. There is ample indication that the new institution will have a registration of 3500 students before January, 1937. Anticipating this situation, Superintendent Lee and the Board of Education are giving immediate consideration to the selection of a permanent site for the college. Attendance at the college is not mandatory under the laws of the State, but the remarkable holding power of the new institution is demonstrated by its consistent attendance records.

Mrs. Mary Prag, beloved educator, passed away on March 17, 1935, after more than 71 years of service to the cause of youth. Mrs. Prag had served as a teacher in Girls High School, later as vice-principal, and in the last 14 years of her life served with credit and distinction as a member of the Board of Education.

Hon. Ira W. Coburn, who rendered valuable service as a member of the Board of Education for many years, resigned on February 26 because of ill health. Mr. Coburn had been identified with the realization of the school building program since 1923 and his technical knowledge in this field was invaluable to the Board of Education.

The first new elementary school (Visitacion Valley) to be completed out of the proceeds from the 1934 issue of schoolhouse bonds was occupied this week. Construction is proceeding on four other new elementary schools (Lawton, Francis Scott Key, Glen Park and Patrick Henry) and these buildings will be occupied during this year. All these structures replace wooden buildings erected many years ago. Ground was broken recently for the new Sunshine School. When completed, this building will house the children of the Sunshine School for Crippled Children and those of the Buena Vista Health School.

Both schools will be operated as separate institutions, the Sunshine School occupying the first floor and the health school occupying the second. The children of each school will use separate entrances from different streets. The consolidated school will offer each group of children added educational and health advantages. Bids were opened recently for the erection of a building to house San Francisco's first vocational school which will be located at Twenty-second and Bartlett streets.

Overcrowding in San Francisco's senior high schools will be relieved with the completion this year of the George Washington High School in the Park-Presidio District. This new secondary school will provide that section of the City with long-needed high school facilities.

Residents of the Marina District will be afforded junior high school accommodations with the completion of the Marina Junior High School during the coming year. Funds were recently made available through Federal aid for the erection of a building to house the shops, adjoining the academic unit, and construction of this unit will start within three months.

Lowell High School, the last of eighteen school buildings to be repaired under the mandatory terms of the Field Act passed by the 1933 Legislature, has been completed and will be reoccupied within a few days. Completion of this rebuilding program has been delayed because of two major fires—(Girls and Lowell High School buildings)—while buildings were being repaired. Despite these delays San Francisco is the first city in California to complete its rebuilding program to bring all school structures within the terms of this law which is retroactive in its provisions.

The past year in the public schools has been marked by the continued growth of a harmonious spirit among the administrative and certificated staff, under the leadership of Superintendent Lee and the Board of Education. This condition has aided greatly in dealing with the many problems with which the Department is called upon to deal.

We continue to maintain our public schools normally, for which, in goodly measure, thanks are due the Board of Education and all under their authority.

### Employees' Retirement System.

The Retirement System included 11,230 employees at June 30, 1935. During the fiscal year ending on that date, 167 members were retired because of age or disability, and 114 members died. Many of the positions thus vacated were not filled. On June 30, 1935, there were 1596 persons receiving allowances under the Retirement System, this number including aged and disabled members retired from miscellaneous departments and also retired firemen and policemen, and their widows, where death resulted from performance of duty.

The administration of the State Compensation Insurance Law, as it affects all City employees, is centralized under the Retirement Board in accordance with the new Charter, instead of being handled by the various departments in which injured persons are employed. Reports of all injuries among approximately 11,750 employees are made to the Retirement Office, and claims are adjusted and benefits paid in accordance with the State law and Charter, the City and County now acting as self-insurer in connection with all employees. During the fiscal year 1934-35, 868 compensation cases were handled, under which either weekly benefits or medical expenses were paid. Approximately 1468 additional cases were handled which were not of sufficient severity to qualify for compensation benefits of any kind. The investments of the Retirement Fund at June 30, 1935, totaled $15,927,000, as against $14,311,000 as of June 30, 1934.

Mr. Ralph Nelson, Secretary-Actuary of the Board, deserves a full measure of praise for the efficient handling of this most important department. To the members of the Board, who have unselfishly served many hundreds of hours during the past year without remuneration, I offer my sincere thanks.

### Assessor's Office.

Assessor Russell L. Wolden indicates the 1935 Assessment Roll to be: total non-operative, $1,004,362,529; a decrease of $23,963,774 from the 1934 total. Property assessed by the State Board of Equalization was, $137,453,360, making a total for 1935-36 of $1,141,815,889. This is a reduction from the peak year 1930-31 of $161,209,176.

The 1935 Assessment Roll consists of two separate sections. In the one is listed all of the property assessed by the Assessor. In the other is listed the property of public utilities now subject to local taxation under the provisions of the Riley-Stewart Act, which property was valued by the State Board of Equalization.

The 1935 assessment roll as compiled by the Assessor was subjected to exhaustive investigation by the State Board of Equalization, and following that investigation and several hearings in Sacramento, was approved by the State Board of Equalization, as equitable and proportionate. The assessment rolls of scores of counties in this state were revised by the State Board of Equalization and it is very much to the credit of this office that the San Francisco assessment roll was approved by the State Board of Equalization without revision or correction of any kind.

The operating costs of the Assessor's office continue to decrease. During the past seven years the total operating costs have been reduced from their high point by 30.4 per cent, a saving of $106,603.00.

It will be well to recognize now that the 1936 assessment roll will have certain determinable losses. Securities no longer subject to tax levy, valued in 1935 at $170,000,000, will be absent from the 1936 assessment roll, as will $11,000,000 in assessed valuation of motor vehicles, the latter being exempt from personal property taxation beginning with 1936. The Assessor informs me that, to offset these losses, and to minimize the increased burden to real property which these personal property decreases will entail, the Assessor's office will strive for a more equitable distribution of the tax burden between real property and personal property during the coming year. I wish to comment on the able manner in which this Department is administered.

### Sheriff.

Sheriff Wm. J. Fitzgerald's report, indicating business done in his office for the calendar year 1935 (December estimated), shows process and papers filed and issued, 25,434, a slight decrease from the year 1934. Evictions 420; about 100 less than last year. The decrease in evictions is held due to improvement in organized relief extended to those without work. Patients, prisoners and wards transferred to State institutions, 1160, about the same as the previous year.

Number of auctions of real and personal property 195, as against 247 in 1934. Prisoner days served, 230,796, an increase of about 40,000 over 1934.

The per diem cost per prisoner for food and other overhead expenses reported at 18½c, a most commendable reduction from 21c in the previous year, is partly due to the raising of vegetables at the new institution.

### Public Utilities Commission.

Citizens of San Francisco should indeed be gratified by the administration of their $160,000,000 municipal utilities enterprises during the past year.

Water sales have increased under a lowered rate schedule. A new rate cut will soon be ordered. Profitable operation of the Municipal Railway has continued with a five-cent fare and increased revenue. All street lights are now illuminated. New lights have been installed and costs have been reduced. San Francisco Airport has made extraordinary strides with air traffic increasing, the field enlarged and new developments under way which assures that it will shortly become the

United States terminal of Pan-American Airways and the headquarters of the Coast Guard flying service.

More than one-half of a $15,855,000 utility construction program under PWA bond issues has been completed. Over 16 billion gallons of pure Hetch Hetchy water have been delivered to our local reservoirs. Substantial progress has been made in formulation of plans for a rapid transit system and for municipal distribution of the electric power generated by the Hetch Hetchy project.

During 1935 the Public Utilities Commission awarded contracts for construction costing $5,340,302.43. Work costing $4,725,192.87 was completed during the year.

The Public Utilities Commission and Mr. Edward G. Cahill, Manager of Utilities, deserve the highest commendation for their able administration of these important municipal departments.

I refer briefly in the following paragraphs to the operations of the individual utilities during 1935:

*Municipal Railway—*

Revenues of the Municipal Railway have continued to increase. The operating revenue for the year 1935 amounted to $3,030,000, an increase of $79,000 or 2.69 per cent over the preceding year. This healthy increase in street car riding for the second successive year indicates that, with a continuation of present efficient management of the Municipal Railway, we may be assured that it will meet all its obligations in the future and continue to operate profitably with a 5-cent fare.

Net income for the year amounted to $99,000 as against a net income of $163,000 for the year 1934. This reduction in net income reflected a wage restoration to employees of $69,000, as well as the operation of additional service required to accommodate an increased number of passengers. The sum of $360,000 was expended for maintenance and reconstruction in order to maintain the high standard of equipment and trackage of the Railway properties.

On July 28, 1935, the Municipal Railway inaugurated service on a new bus line which is providing urgently needed transportation to the Eureka Valley and Diamond street districts. This new line connects with the "K" and "L" lines at the Eureka Station of Twin Peaks Tunnel. To improve the service on the Tenth Avenue cross town line, three modern buses were purchased and placed in operation. Two additional buses have been ordered to replace old equipment.

On December 1, there was retired from earnings the sum of $100,000 in bonds of the Railway so that there now remains an indebtedness of only $1,700,000 against the Municipal Railway properties, which are conservatively valued at $10,000,000.

Over eighty million passengers were carried during the year. Street cars and buses traveled a distance of approximately nine million miles.

*Water Department—*

The San Francisco Water Department has completed its fifth calendar year of operation as a municipal utility and continues to show substantial financial profits, both to water consumers and taxpayers.

Reflecting business recovery, as well as increased use of water because of lower rates, the Department during the past year distributed approximately fifty-two million gallons of water daily, as compared with fifty and one-half million gallons daily for the year 1934.

The increased consumption is not entirely reflected in increased revenues due to the fact that a 10 per cent reduction in water rates was put into effect on December 1, 1934. As a result of this reduction 108,000 water consumers of the system have saved approximately $682,000 in their water bills during 1935. Net revenue of the Department for the year is approximately $2,328,000 as compared with $2,961,285 for the preceding calendar year. The decrease of $633,285 in net revenue, it will be noted, is considerably less than the cash saving to consumers through the water rate reduction.

On October 28, 1934, water from the Hetch Hetchy project was first delivered into Crystal Springs Reservoir on the San Francisco peninsula, making it available for the use of the people of San Francisco. Since that time, approximately sixteen billion gallons of water from Hetch Hetchy have been delivered into our local system.

Work has progressed steadily under the $12,095,000 PWA bond issue of November, 1933. With the Federal Government paying 30 per cent of the cost of labor and material involved, more than one-half of the construction contemplated is now completed and the entire program will be finished within the coming year. Major items already completed include the Bay Crossing Pipe Line No. 2, which will provide for delivery of more than sixty million gallons daily from the Hetch Hetchy and Alameda sources. Excavation of University Mound Reservoir has been completed and the reservoir is ready for concrete lining. Some fifteen other contracts, including approximately one hundred miles of distribution mains, have been completed and are in service, improving fire protection and domestic supply.

In addition to this bond issue program, advantage has been taken of the offer of the Federal Government under the Act of 1935 to start other Water Department improvements costing $374,892, 45 per cent of the cost of which will be paid by the Federal Government.

The financial results of the Department's operations during the period of municipal ownership must be most gratifying to our people. During this period, the gross revenue from all sources has amounted to $38,029,032, with operating expenses totaling $23,455,367. The net income during that period amounting to $14,573,665 has been applied as follows: to General Fund for reduction of taxes, $4,069,388; to redemption of bonds, $5,976,011; to additions and betterments to the water system, $3,979,142; to surplus, $528,252; to other appropriations, $20,872. Total, $14,573,665.

*Hetch Hetchy Construction—*

More than 400 workmen have been continuously employed for the past six months on the enlargement of O'Shaughnessy Dam. Completion of this construction within the coming year will increase the capacity of Hetch Hetchy Reservoir from 67 billion gallons to 117 billion gallons, which is six times as much water as San Francisco uses in a year. Enlargement of this monumental structure to a height of 430 feet is a difficult engineering task and those responsible for preparation of the plans and supervising construction are to be highly commended for their excellent work.

During the year, a new 5½-foot pipe line has been constructed across San Francisco Bay at Dumbarton Strait, paralleling the original Hetch Hetchy Bay Crossing Pipe Line which was laid in 1923 and 1924. This work will increase the transbay pipe line capacity to 110 million gallons daily, thus eliminating the last "bottle neck" in our water system.

Construction is in progress on Moccasin diversion works, a dam and conduit which will divert the flow of Moccasin Creek away from Hetch Hetchy Aqueduct and maintain the purity of the water coming from the mountain reservoirs. The old flume, which supplied water to the Early Intake Power House, was replaced with a new tunnel which commenced to deliver water on November 23, 1935. This will increase the reliability of the Early Intake plant and will avoid water leakage and reduce maintenance costs.

*Hetch Hetchy Power—*

Water conditions have been favorable for continuous operation of Hetch Hetchy power plants during 1934 with the result that the City has received a maximum return from the sale of its electricity. Sufficient water is in storage to assure full operation of the power system until some time in February, before which time there should be sufficient run-off to permit continued operation throughout the winter.

The favorable season has made it possible to avoid any difficulties

over release of water for irrigation in the San Joaquin Valley. It is hoped that negotiations now under way with the irrigation districts may result in a satisfactory disposition of this matter for all time without further court proceedings.

Since 1925 and up to December 31, 1935, San Francisco received a gross revenue of $23,000,000 for sale of Hetch Hetchy power. After paying all operating costs and interest on the bonds allocated to the power system there remained a surplus or net profit of $9,000,000, which has been transferred to the general fund to meet interest and redemption charges on Hetch Hetchy water bonds.

The gross revenue for 1935 was $2,371,000, while a net profit of $1,130,000 was realized after paying operating expense and bond interest.

*Street and Public Building Lighting—*

The past year has seen a material improvement in the lighting of the streets of the City and a marked decrease in the cost. On January 1, 1935, 2050 of the 20,183 street lights in the City were unlighted because of the curtailed street-lighting appropriations. Persistent efforts of the Public Utilities Commission resulted shortly thereafter in the granting of a reduction in street-lighting rates aggregating over $100,000 per year. This has permitted operation of all of the installed lights from March 1, 1935.

During the year, the number of lights in service has been increased from 18,133 to 20,429, a net increase of 2296. Of these 2050 were lamps restored to service and 236 are new lights. The majority of new lights are owned by the City. Many of them have been installed on streets which will serve as approaches to the Transbay Bridge.

In spite of the increase in the number of lights, the appropriation for the current year is $66,400 less than for the preceding year. The per capita cost of street lights in San Francisco is less than $1.00, which is lower than that of any other American city of equal size. Three years ago, the cost was $1.33 per capita.

Contracts have been awarded for installation of new city-owned lights around the Federal Building in the Civic Center and on Fifth street from Market street to the Bridge terminal.

An appreciable reduction has been made in expenditures for gas and electric service for City departments. It is expected that the saving this year will amount to nearly $70,000 without in any way curtailing the activities of the Department. This reduction has been effected by close scrutiny of the monthly bills and by rearrangement of the gas and electric services.

Work has gone forward in making a complete survey and record of all street lights and in providing a system of control for the more than 1000 gas and electric accounts. In conformity with City policy, new tracts open for residential development must include the lighting of streets in their plans. New tracts known as Francisco Heights and Pine Lake Park are being equipped with modern street lights which will be deeded to the City before they are placed in service.

*Rapid Transit—*

As noted in my report of last year, the Public Utilities Commission was directed to prepare a study of the best means to provide for rapid transit within the City, to relieve traffic congestion and at the same time make satisfactory connection with the westerly terminus of the Transbay Bridge. The Commission prepared this study and secured the services of Mr. Robert Ridgway and Mr. Alfred Brady of New York, experts on this subject, to come to San Francisco and look over the plans. On July 9, 1935, these two consulting engineers issued a report approving the Commission's plans with but minor changes.

The proposal calls for the construction of subway lines on Market street from the Bay Bridge Terminal to Church street; on Mission street from Market, through the Bernal Cut; and on Montgomery street and Geary street at a total cost of $52,700,000.

A committee of citizens, headed by Mr. Marshall Hale, is giving this subject further consideration so that when a plan is decided upon it will receive the endorsement of the major civic bodies.

In the meantime, the Public Utilities Commission is requesting WPA funds with which to make preliminary surveys to expedite the preparation of plans and awarding of contracts; immediately upon receipt of funds with which to carry out the project.

The matter of rapid transit is one of the most important now facing the City, as at the present time it takes longer to reach some of the outlying residential districts than it will to cross the bay via the San Francisco-Oakland Bay Bridge to some of the East Bay communities. If this condition is not remedied, a considerable percentage of San Francisco residents may be tempted to move from the City.

The Public Utilities Commission has also cooperated during the year with the San Francisco-Oakland Bay Bridge Authorities in laying out street-car lines to the bridge terminal, assisting with their lighting problems and in furnishing information useful to the Authority on other matters connected with the location of the terminal.

*San Francisco Airport—*

The year 1935 witnessed the most important developments in the history of San Francisco Airport.

Little more than one month ago Pan-American Airways, the world's largest air transport company, signed an agreement to establish its Pacific Coast headquarters on our municipal field.

This agreement is contingent upon the completion, within the coming year, of a $1,675,000 construction program which was started about December 1 by the Federal Works Progress Administration. This program includes the establishment of a seaplane base with channel to deep water, turning basin, ramps and other facilities, reclamation of additional tide flats to enlarge the landing area and pavement of runways. I cannot too strongly urge that this project be prosecuted most diligently and efficiently in order that we may receive the important benefits to be derived from the establishment of this base at our Municipal Airport.

San Francisco Airport during the past year has been designated as one of the few "super airports" of the nation and as such has been selected by the Federal Government for extensive development.

The Airport continues to be the terminal of the only air transport line operating in Northern California. Complete service to all points of the United States and nearby countries is available over this air line and its connections.

Another major air line—Transcontinental and Western Air—has indicated that it will utilize San Francisco Airport as the western terminus of a new transport route operating from San Francisco to eastern and middle-western cities via Winslow, Arizona, and Albuquerque, New Mexico. An application for this route is now pending before the Interstate Commerce Commission.

Comparison of traffic figures for the calendar years 1934 and 1935 shows an increase of 29 per cent in passenger arrivals and departures, the figures being approximately 38,000 in 1934 and 49,000 in 1935. The Airport also handled an increase of 73 per cent in air mail pouches and 30 per cent in air express, there having been a total of 52,000 air pouches and 69,000 pieces of air express dispatched through the field during the past year. Transport planes in and out of the field totaled 16,300 in 1935, an increase of 27 per cent.

Enlargement of the Airport landing area under the $260,000 WPA bond issue voted in November, 1933, was successfully completed, qualifying the field for the highest class transport rating by the Federal Department of Air Commerce. Other work was accomplished with SERA funds, including drainage, sewerage, paving and electrical facilities.

Six airplane sales agencies, five flying schools and a fully equipped airplane and engine repair shop are operating at the field.

## Office of the Treasurer.

The Treasurer's office must be conducted under the provisions of the State law and the Charter. The volume of business for the fiscal year 1934-35 was in excess of the previous fiscal year, without additional office costs.

The Treasurer is the custodian of the securities of the Retirement System which amount to $15,124,312.50.

The Treasurer of the City and County is, by virtue of his office, the treasurer of the Islais Creek Reclamation District, which is located wholly within the City and County.

The National City Bank of New York is the designated fiscal agency of the City and County, and pays matured bond interest and bond redemption which amounts to approximately $7,000,000.

The cost of handling one dollar in the Treasurer's office is .00321, which, from available data, is the lowest in the nation for volume of business handled.

Actual cash received and cash disbursed, $157,030,787.20; interfund and departmental accounts, $88,906,203.48; interest earned on deposit of public funds in banks, $398,600.15; coupons paid, approximately 343,000; amount of coupons paid, $7,726,985.75; amount of bonds redeemed, $6,266,100; number of demands handled, 404,565; number of emergency demands handled, 367,179; tax anticipation notes issued and redeemed, $8,500,000; inheritance tax collected for the State of California, $1,431,632.50; tax anticipation notes examined, approximately 1600; total cost of office, including stationery, employees, etc., $48,861.01; commissions earned and fees received and deposited, $11,692.92; which should be credited to the office expense, leaving the actual cost to the taxpayers of the Treasurer's office for the fiscal year, $37,168.09.

A truly splendid exhibit of efficiency and economy. I wish to commend the admirable manner in which the Treasurer's office has been conducted under the supervision of Captain Duncan Matheson and his most capable staff.

## Parks.

The park system has been the recipient during the past year of many lasting betterments provided by the utilization of the unemployed labor furnished by the Federal and State relief projects.

Early in the year it was very evident that, if San Francisco was to have a zoological garden commensurate with the other cosmopolitan and cultural institutions that have made our beloved City a happy and proper dwelling place, the acquisition of more land was imperative. To this end, approximately 69 acres were acquired from the Spring Valley Company immediately east of the present Zoo site and adjacent thereto. At this time, over fifteen hundred of the unemployed citizens of San Francisco are clearing, grading and preparing this tract of land for a Zoo; which, when completed, will take its place among similar outstanding institutions of the world.

For many years the unimproved section of Lafayette Square, held in private ownership, has been a subject of rightful protest by the citizens of the vicinity. I am now happy to state that this land has been acquired by the City and within the year will be properly landscaped and play areas developed and thrown open to the public for their enjoyment forevermore.

The restoration of the Palace of Fine Arts is now in its final stages and it, too, should be completed within the coming year.

So, also, should 1936 see the construction of roads, walks and retaining walls at Aquatic Park, where work is now progressing rapidly, through the aid of Federal agencies.

The Kezar Stadium, mecca of sport lovers and the scene of many historic athletic contests, has been provided with all modern facilities necessary for proper conduct of major athletic events, through the use of Federal and State funds.

The Federal government, through its general works program, has expended over $150,000 in the beautification of the park on Telegraph Hill.

An interesting and educational addition to the many attractive features of Golden Gate Park will soon start to take shape in the form of an arboretum, for which plans have already been drawn and which will be created from moneys generously bequeathed to the City by the late Mrs. Helen Strybing. All who know of the skill and enthusiasm with which Superintendent of Parks John McLaren approaches any project which calls for the use of growing things, can be sure that this arboretum, when completed, will house one of the most comprehensive collections of plants, trees and shrubs in the world.

Altogether it would seem that our park system yearly offers more to our citizens in the way of health, recreation and educational diversion.

To the Commission, its staff, and our beloved John McLaren, I extend my hearty thanks.

### Recreation Department.

For 29 years the Recreation Department has been providing the citizens of San Francisco with ever-increasing opportunities for more abundant living.

The Recreation Department has supervision over 80 recreation units representing 453 acres. There are 34 playgrounds and centers, 22 schoolyards, 8 gymnasiums, 2 open-air swimming pools, 1 mountain camp and 13 playground sites.

The attendance for last fiscal year, on these various recreation areas, was 5,276,237.

Money was provided in this year's budget to start establishing playgrounds in the following districts where there are insufficient recreation areas: Bay View, $15,000; Eureka Valley, $25,000; Upper Noe Valley, $25,000; Ninth and Ortega, $6,000; Longfellow, $20,000; Haight-Ashbury, $25,000; Sunset, $25,000; and Corona Heights, $25,000.

The Department cooperated with the SERA and WPA authorities in expanding its program of supervision and development.

One hundred and twenty individuals attended the six weeks' institute for recreation workers which afforded additional training for those employed in the field.

The Commission is constantly enlarging its work to meet the insistent demands for a more varied program and additional recreation areas. Extensive improvements were made at Camp Mather during 1935. The work included remodeling 110 cabins. The total patronage for this season was 2100, being 250 additional guests over the previous year. The Commission and their staff have rendered valuable service to our citizens of tomorrow.

### Board of Permit Appeals.

The court of last resort, in so far as permits are concerned, is the Board of Permit Appeals, consisting of five members, which to date has heard two hundred and twenty-nine appeals. While appeals are not numerous, they are often complicated, because of controversies encountered among property owners and merchants in the neighborhood in which the applicant desires to locate.

The Board has given most thoughtful consideration to such appeals, with the endeavor to satisfy, as far as possible, parties concerned, and at the same time observe the law. The Board also makes it a rule to inspect all premises involving permits. Matters that come before the Board are appeals from the decision of the Chief of Police, the Chief of the Fire Department, and Director of Public Health, the Director of Public Works, the Art Commission and all licenses granted by the Tax Collector.

Decisions of the Board of Permit Appeals have been upheld on two occasions by our local Superior Court and on one occasion by the State Supreme Court.

The Board is to be commended for the thoughtful and efficient consideration they are giving their work.

### City Planning Commission.

Numerous applications for changes in the Building Zone Ordinance were considered by the Commission during the past year. Many public hearings were held, and in each case the property under consideration was investigated by the Commission, in the field. The department is at the present time conducting a survey of Industrial Districts for the purpose of ascertaining just what changes are necessary, properly to plan our ultimate industrial needs. Additional industrial sites must be made available. New industries, providing employment and payrolls, must be gained.

The volume of routine work in the office has greatly increased during the past year, and a noticeable increase in building activity makes it apparent that the Commission will be confronted with a greater number of planning problems from now on.

The Commission has recently sponsored, as a Works Progress Administration Project, a program for a comprehensive Use of Property Survey of the entire City and County, the purpose of which might be termed an inventory of building activity during the past fifteen years under our present Building Zone Ordinance.

It is proposed to show by the results of this study a comparison with the conditions that prevailed in 1920, and to provide the necessary information for a complete revision of our Master Plan. It will show conclusively that sections zoned in a particular classification have not developed as originally planned and the apparent need of making many changes that will be best suited to the ultimate development. The information obtained will be of tremendous value to not only the City Planning Commission, but to various other departments in the municipal government and the citizens of San Francisco. The Commission has made an exhaustive study of the needs of San Francisco concerning approaches to the San Francisco-Oakland Bay Bridge and the Golden Gate Bridge.

The members of the staff of this Commission have shown intelligent and unselfish concern for the important duties entrusted to them.

### War Memorial Trustees.

Unique in the activities of city governments, anywhere, is our War Memorial Department. It includes the operation of the Opera House and the Veterans' Building, the Museum of Art, and the Court of Memory, and is under the direction of a Board of eleven Trustees and a Managing Director. The department continued during 1935 to earn an enviable record of achievement.

Our magnificent Opera House, built by the people, has made possible another superb season of grand opera, the feature of which was a presentation of the notable "Ring Operas" of Richard Wagner, produced on a scale not exceeded anywhere in the world. This was made possible solely from the extraordinarily complete facilities and equipment in the Opera House. During the season, which took place in November, 1935, four "Ring" operas and nine operas from the standard repertoire all brought overflowing crowds to enjoy the fine music and further establish San Francisco as an outstanding musical center.

The Opera House, because of its capacity, affords the citizens of San Francisco an opportunity of annually enjoying a three weeks' season of popular-priced operas, which is in no way slighted in point of production and excellence of cast, in comparison with the main season. Thousands of citizens, for as little as 50 cents and no more than $1 per performance, are able to thoroughly enjoy finely produced standard operas.

Our Opera House is the home of the San Francisco Symphony Orchestra, which this year has scheduled at least 24 fine symphony programs. The outstanding musical stars are heard here throughout the

season. The Opera House is the only municipally owned structure of its kind in the United States.

Last year brought great improvements to the Auditorium in the Veterans' Building. This little theater, graced with the eight Frank Brangwyn first prize murals, is now equipped with a most modern electrically operated orchestra pit elevator. The hall is so built that with a level floor it becomes one of the finest maple floored auditoriums in the West, and by the touch of a button, and the installation of upholstered seats, it is immediately transformed into a fine concert hall.

Activities in the meeting halls and veteran affairs headquartered in the Veterans' Building are ever on the increase. Often, twenty lodge-rooms are occupied with important meetings, both afternoons and nights. From 2000 to 5000 people enjoy the use of the facilities of this building every day of the year.

The first year of the San Francisco Museum of Art, occupying the fourth floor of the Veterans' Building, has been marked with important achievement. For the first time the great Carnegie exhibit of paintings was brought to this City because the facilities of the new museum permitted adequate exhibition of this world-famous collection. Over a dozen fine exhibits featured the first year of the museum. During 1936 a continuous round of fine exhibits are booked.

These buildings are a constant tribute to the American Veterans of all wars, a classic addition to the City's world-famed Civic Center, and a great credit to the fine public spirit of all its citizens.

My thanks to our War Memorial Trustees, and Mr. Selby Oppenheimer, the Managing Director.

## Art Commission.

This group of artists, musicians, architects, literateurs and laymen of distinction has freely given time, study and consideration to the aesthetic and cultural welfare of the municipality.

The Committee of Architecture, John Bakewell, Jr., Chairman, has continued to play a most important part in the construction of the approaches to the San Francisco-Oakland Bay Bridge. Designs for viaducts, spans and arches and the development of the Fifth Street Plaza have received studied consideration. It is highly gratifying to know that the recommendations and suggestions of the Committee have been successfully carried out, thereby assuring that this project will have the dignified and magnificent approach worthy of the City of San Francisco.

This Committee has also been active on the project for the building of public schools financed by the recent school bond issue. The majority of the designs for these schools were approved as submitted and others have been dealt with in a manner which promises best results.

Among the many accomplishments of the Art Commission, one of the most noteworthy events during 1935 was the overwhelming victory of its campaign, last May, for Charter Amendment No. 3, when eighty-five thousand citizens voted to add a half cent to the tax rate for the purpose of maintaining a symphony orchestra. This achievement established San Francisco as the first city in America to subsidize, by the people's mandate, a symphony orchestra. The people of San Francisco are thus assured the best in music, at prices within reach of all. San Francisco, in fulfilling this obligation to its citizens and taxpayers, is giving under the direction of the Music Committee, the Honorable J. Emmet Hayden, Chairman, a series of ten Municipal Symphony Concerts with the San Francisco Symphony Orchestra, and the greatest personalities in the world of music as guest artists, at admission prices of from twenty to eighty cents.

Rigid supervision of all works of art placed in parks, squares and buildings which belong to San Francisco, continues under the direction of Commissioner Charles Stafford Duncan.

Under the activities of an ERA art work project, supported by the Federal Government, many artists and sculptors have been given employment. The Commission re-affirms its policy of assistance rather than obstruction, in matters submitted for its consideration and recognizes with appreciation the cordial cooperation of the heads of other Municipal Departments, of the engineers and consulting architects of the San Francisco-Oakland Bay Bridge, of the Federal Government, particularly the officials of the CWA and SERA, the Musical Association of San Francisco, the Musicians' Union, and the artists and architects preparing the designs of matter submitted.

It must be recalled that the San Francisco Art Commission, at its inception, was considered experimental, because it was the first Art Commission in the world to supervise and control the expenditure of all appropriations for music and the advancement of art and music. That it has worked with acknowledged success for four years is a source of deep satisfaction to its members and our fellow-citizens, generally. It is looked upon as a model to be copied and is constantly consulted by groups of citizens of other cities of the United States contemplating the formation of such a commission. I appreciate the work so unselfishly done by this Commission.

## San Francisco Museums.

The year 1935 marked a further stride forward in the development of the two municipal museums of San Francisco. Nearly 900,000 people visited the California Palace of the Legion of Honor and the M. H. de Young Museum.

The most important event was the great exhibition of American Painting held jointly in both museums during June and July, paintings of the 18th and 19th centuries being shown at the M. H. de Young Memorial Museum, and contemporary American paintings displayed at the California Palace of the Legion of Honor. Altogether, 459 pictures were gathered from various museums and private collections in the country. The fact that the great Eastern institutions, such as the Metropolitan Museum of Art in New York, the Museum of Fine Arts in Boston, the Pennsylvania Museum of Art and the Pennsylvania Academy of the Fine Arts in Philadelphia, the Art Institute of Chicago, Detroit, Cleveland, Cincinnati and many others, most generously responded to our request for loans is the best proof of the growing reputation of our municipal museums as serious institutions for the study of art and of San Francisco as an important Western art center. The great success of the exhibition, which in little more than one month was visited by over 220,000 people, was the best reward for the efforts in assembling it. To create a lasting record of this event a magnificent catalogue was published, which sold in thousands of copies to the local visitors, and also was sent, as cultural propaganda, to hundreds of museums, libraries, educational institutes, and art magazines in America as well as in Europe.

Another show which created considerable interest was the exhibition of Soviet Paintings and Prints held in the California Palace of the Legion of Honor in August. Outstanding in the field of decorative arts was the large exhibition of Textile Art Through the Ages held in August and September in the M. H. de Young Memorial Museum, in which hundreds of magnificent examples of the weaver's craft were shown.

The continued work of the SERA and later of the WPA has greatly improved facilities of the M. H. de Young Memorial Museum. Remodeling and modernizing the east wing, provided the museum with excellent galleries for temporary exhibitions, a library room, print and textile study rooms, various workshops, etc. This work is still in progress. The standard of the collection has been considerably raised by the addition of numerous works of art, mostly acquired from funds available through the generosity of the late Mr. M. H. de Young.

The California Palace of the Legion of Honor was fortunate enough to acquire from a fund generously provided by Mr. Archer M. Huntington, a characteristic man's portrait by the French 18th Century painter, Jean Baptiste Greuze, and an exceptionally fine landscape by the French painter Jean Baptiste Camille Corot.

With the improvement of educational facilities, the work carried out has progressed steadily. Weekly lectures and radio talks by members of the museum staffs have found lively response and cooperation between the museums and schools has been further intensified.

In brief, no efforts have been spared to make the two museums into educational institutes worthy of our city as an important cultural center of the country. I am pleased by the progress made in this vitally important department of cultural activity.

### San Francisco Public Library.

The Library Department has experienced an active and constructive year. The circulation of books for home reading amounted to approximately 4,000,000 volumes. It is estimated that nearly 9,500,000 people used the various departments of the main library and branches, in 1935.

During the depression, thousands turned to the library not only for recreation reading, but also for cultural and educational advancement. Unfortunately, the library has been struggling during these years with an inadequate book fund. If it is to maintain its high standard of service additional funds must be set aside for the purchase of books.

I recommended that $40,000 be appropriated for the opening of four new branch libraries to be situated in the Visitacion Valley, Parkside, West Portal and Bernal Heights districts. The Visitacion Valley branch was the first to be opened with a collection of books amounting to 5000 volumes. On account of insufficient funds this branch was at first operated by volunteer help from the neighborhood. However, since July it has been in the hands of trained librarians. Next a branch was opened in the Parkside district. It also has a model collection numbering 5000 volumes. Negotiations are being made for suitable quarters in the West Portal and Bernal Heights districts. These branches will be opened very soon. Similar collections of books have been purchased for each branch and are being prepared for installation. It is indeed a satisfaction to know that these districts are receiving library service after being without for so many years. Judging by the great use made of the branches already opened, their need was evident.

The Business Branch in the Russ Building has proven of great value to the business and financial district. Our Music Department, which is probably one of the most complete west of Chicago, has rendered aid to our professional and amateur musicians. The Children's Department has been especially active, working in fine harmony with parent-teacher associations and schools throughout the city. Many scientific, literary, musical and educational lectures were held in the main library assembly room.

An audit of the library system was taken under the direction of the Controller's office and the library was found to be in excellent condition.

Many valuable old documents and files of early newspapers were repaired by a number of SERA workers. The Max Kuhl collection of rare books and the Phelan Memorial collection of California authors were enlarged by many valuable gifts from Mr. Albert M. Bender of the Library Commission.

In the endeavor to place the resources of the library before more of the people of San Francisco, an intensive drive was made for new members. The library received excellent publicity for this purpose through the cooperation of the municipal railway, radios, newspapers, schools and clubs.

The enormous volume of work could not have been accomplished with the limited staff, were it not for the untiring energy and enthus-

iastic cooperation of all members, to whom hearty commendation is due.

Deserved thanks to Librarian Robert Rea, the Trustees and his courteous and efficient staff.

### Chief Administrative Officer.

The administrative departments of our municipal government, under the direction of Chief Administrative Officer Alfred J. Cleary, have continued during the past year to establish practical business methods in handling the public business entrusted to them, in accordance with the letter and the spirit of the new Charter. New employments have not been created except when absolutely necessary, and replacements have been made to fill vacancies only when fully justified.

The Department of Works is directing the remaining PWA construction projects, which have provided the building industry with new life and have greatly relieved unemployment in the building trades and among laborers. This department has likewise proposed many new projects in accordance with the national program of the PWA and WPA, notably the proposed San Francisco 1938 Exposition. In this connection, Mr. Clyde Healy, Assistant City Engineer, traveled to Washington, spent several weeks in conference with Federal officials in charge of the huge public works and relief programs, and through his skill and experience, was of material assistance in securing for San Francisco not only vital help in the development of the Exposition site and buildings, but also additional projects as well. These projects total the enormous sum of approximately $37,000,000, and their progress to completion will reflect a positive increase in employment in San Francisco, as well as a considerable share of new prosperity for all of our citizens.

The County Welfare Department has met with a vast increase in the volume of old-age pension cases consequent upon the reduction of the age limit from seventy (70) years to sixty-five (65). This increase, while taxing the facilities of the Department to the utmost, has been met with commendable effort to expedite the claims filed and to handle the claimants with the additional tact and courtesy which they deserve.

The Street Traffic Advisory Board has worked with the press and with public-spirited civic agencies in a general effort to reduce the mounting toll of traffic accidents. It has considered many plans and suggestions at its meetings and has put into effect recommended changes at the points in the City where danger or congestion has required them.

Through the enactment of appropriate legislation, the garbage disposal problem has been satisfactorily adjusted, and by authority of the Board of Supervisors, a contract entered into for a long term, thus guaranteeing to our citizens a modern sanitary method of handling the collected refuse. In addition, provision has been made for creating additional acreage for San Francisco, when certain public lands suitable to the purpose of fill and cover are made available.

Mutual discussions, participated in by the administrative department heads, have provided many valuable new ideas and suggestions. These meetings will continue to provide a medium for exchanging timely ideas, and will provide necessary contact between departments having joint duties and jurisdiction.

### Department of Finance and Records.

This Department includes the functions and personnel of the offices of the Registrar of Voters, County Clerk, Recorder, Public Administrator and Tax Collector. Its Director, Mr. Arthur Curtis, continues to carry on the duties of his office in a most exemplary manner. I admit my high appreciation of his services.

The total expense for this office for the calendar year 1935 was $5,830.61. All requisitions and purchase orders connected with the five

departments under this division clear through the office and a complete account is kept of expense and operation of these departments.

### Tax Collector's Office.

For the past three years this office has included the Department of Delinquent Revenues, which collected up to December 6, 1935, the sum of $537,166.19, a most commendable achievement for which Ignatius Richardson may take great credit. For the calendar year, up to December 6th, the total collections of the office were $29,052,523.19. The total collections, exclusive of the License Bureau, showed an increase of $3,617,170.09, over the same period in 1934, of which sum $2,530,655.99 was caused by the public utilities being returned to the tax roll. My thanks to Tax Collector Bryant and his experienced staff.

### Registrar of Voters.

In this Department, three elections were held in this calendar year, viz.: Special Municipal Election, May 2d; Special State Election, August 13th; and General Municipal Election, November 5, 1935. With regard to the Special Election on August 13th, the Board of Supervisors went on record as agreeing to find funds to reimburse the Department of Elections for this expense. The figures are about complete and it will cost approximately $40,000.

In the General Municipal Election of November 5, the largest number of votes ever cast at a Municipal Election were recorded—186,992. The full complement of 1055 voting precincts were used. No complaints were made and no trouble was experienced. Full returns from all voting precincts were received, tabulated and given to the press and the public within four hours of the closing of the polls, a most enviable record, and one probably without a parallel, considering the large number of votes.

A decision by the Supreme Court of California in November necessitates a new registration, beginning January 1, 1936. This was an entirely unexpected expense at the time our budget was filed. A new Index to the Register and 300,000 Affidavits of Registration must be printed and a large force of extra clerks will have to be employed. These will necessitate a request for an additional appropriation for this Department as soon as the expense has been estimated; this, of course, being additional to the $40,000 mentioned above. Sincere thanks to Registrar Charles J. Collins and his experienced corps of assistants.

### County Clerk.

Upon the establishment of the Municipal Court, the personnel of the County Clerk's office was reduced by transferring twenty deputies to the said Municipal Court. In the meantime, deputies have been transferred to other departments of the municipality. The personnel now consists of the County Clerk, Chief Clerk and fifty-four deputies.

Despite the reduced personnel, the County Clerk has been able to keep the business of the office up to date, and to continue to show a splendid profit in revenue from the General, Probate and License departments of his office.

A loss in the revenue of the Civil Department is caused by the filing in the Municipal Court of all civil actions involving two thousand dollars or less, at a loss in fees to the County Clerk's office, amounting to the sum of about thirty thousand dollars per annum.

A loss of revenue in the Criminal Department is caused by the transfer of jurisdiction of and the revenue from the former Police Courts and Traffic Court to the Municipal Court, which amounted to an average of about one hundred and forty-five thousand dollars per annum.

County Clerk Mulcrevy and his competent and courteous corps of deputies merit high approval.

### Public Administrator.

The report of the Public Administrator shows that the office has been conducted with a substantial profit. As you are aware, some of the fees applicable to the attorney for the Public Administrator were withheld in the estates pending a court decision as to whether or not these fees belonged to the attorney for the Public Administrator. However, in the past few days all these withheld fees, amounting to approximately $18,000 have been deposited in the treasury of the City and County of San Francisco, and so appear in the report as filed by the Public Administrator. In a survey of this office by the Civil Service Commission, released recently, other matters were mentioned, which are now in process of adjudication.

Operations of the office, from January 2 to November 30, 1935, included: number of estates, wherein the Public Administrator took possession, 215; number in which final accounts have been settled and allowed, 198; attorney's fees collected and paid into County Treasury, $31,155.10; administrator's fees collected and paid into County Treasury, $26,837.18; total, $57,992.18; total cost of operation of office, $35,669.71; profit, $22,322.48. Administrator Phillip C. Katz and his assistants continue to render valuable service.

### Recorder.

For the calendar year 1935, a total of $107,795.20 was received as recording fees. Total salaries paid during the year, $85,816.79; surplus over salaries paid, $21,978.41. There were 61,657 documents filed and recorded.

This office, most courteously presided over by Edmond Godchaux, popular dean of all county officials, is now undermanned. The last Legislature enacted a new law requiring chattel mortgages to be rerecorded every four years. Under this new law, the Recorder received in the course of two days approximately 24,320 folios. It was necessary to secure an additional appropriation of $4,000 from the Emergency Reserve Fund to meet the necessary expense, caused by employing additional help. Copied, free of charge, for City, State and Federal use, 1988 documents.

### Department of Electricity.

The outstanding accomplishments of the Department of Electricity during the calendar year 1935 are as follows: Manufactured, installed and maintained fire alarm boxes, police boxes and traffic control devices. Radio receiving sets were installed in 15 automobiles of the Fire and Police Departments.

There were installed 43 fire alarm boxes, making a total of 1492 boxes in service. Monthly tests of fire alarm boxes totaled 17,626. Total number of signals transmitted, 48,355.

Applications received in the Inspection Bureau numbered 14,687; inspections made, 44,324; installations approved, 13,421. Inspection fees and other revenue received, $41,132.39. There were manufactured 39 traffic signals and 24 fire alarm boxes.

Total expenditures amount to $192,232.61. Under the direction of Chief Ralph W. Wiley, this department continues to function commendably.

### Real Estate Department.

As an extension to the Municipal Airport for handling seaplanes, the City is acquiring 440 acres of privately-owned tideland in San Francisco Bay, adjoining the 1112.5-acre tract of land being purchased from Mills Estate. The City now holds title to 60 per cent of the latter tract.

Easements are being bought for Crystal Springs Pipe Line No. 2 from Millbrae to University Mound Reservoir. Ten hundred and eighty-five acres of land on the Calaveras Reservoir watershed and

many lots for Sunset Reservoir have been purchased. A quitclaim deed to a large lot on Seventh avenue has been obtained.

A school site in Miraloma Park has been conveyed to the City in exchange for a parcel of land on Nineteenth avenue. Additional lands have been purchased for Patrick Henry School, Sunshine School, Mission High School and Visitacion Valley School.

Final payment has been made for the Angelo J. Rossi Playground site and appraisals are being made of lands required for other playgrounds.

Negotiations are being carried on for the acquisition of lands required for the widening of Nineteenth avenue from Lincoln way to Sloat boulevard, for the Castro-Divisadero Divisional Highway, McLaren Park roadway, widening of San Jose avenue, Potrero Hill Playground roadway and other projects. The purchase of lands for widening Army street from Potrero avenue to Bryant street has been completed. Acquisition of property for the realignment of Sloat boulevard west of Thirty-ninth avenue is nearly finished. Practically all of the right of way parcels for the Richmond Sewer Tunnel have been obtained.

On April 1 the City entered into a lease agreement for the use and purchase of an additional 69 acres of land for Fleishhacker Playground and Zoo. Ten parcels of land at a total cost of $200,000 are being purchased for Lafayette Park at the rate of one parcel per year.

Miscellaneous leases of City lands have been awarded, including a lease to Hearst Radio, Inc., for a receiving station on the Crystal Springs property in San Mateo County, a machine shop at the Airport and other locations.

Through relief agencies and the use of surplus rental funds, the Auditorium has been rehabilitated. A greater variety of attractions than ever before are being booked in the Auditorium. We find it impossible, occasionally, to accommodate prospective tenants.

The conduct of this Department, under Joseph J. Phillips, has been such as to amply justify the makers of the Charter, in setting it up.

### Department of Public Works.

The Department of Public Works, consisting of ten bureaus, has finished a year in which the completion and advancement of many projects of great importance and benefit to our City are noted.

The entire program for the extension of our high pressure system is in process of completion, the cost during the calendar year just ended having been $954,255. All extensions requested by the Chief Engineer of the Fire Department and others interested in this problem have been complied with. The completion of this system brings our ability to protect property to a standard not excelled by any American city. The result should be a sizable further reduction in fire insurance rates.

During 1935 there was expended for new construction and general repairs to existing school buildings, the sum of $1,689,133. Buildings to be constructed under the school bond issue passed by the people in 1933 and included in the above total are: Visitacion Valley School, $162,096; Glen Park School, $203,978; Marina Junior High School, $565,565; Patrick Henry School, $94,397.50; Starr King School (yard work), $4,147; Francis Scott Key School, $174,600; Starr King School (library), $4,258; Sunshine-Buena Vista School, $265,423; Agassiz School, $194,649; Lawton School, $169,788.

Upon construction of the George Washington High School, $730,059 was expended. This much-needed school is now completed.

With the practical completion of the school program, housing conditions for our youth have reached a point guaranteeing no further crowding, with ideal conditions for play. Any further program, due to increased population, should be handled on a "pay as you go" basis.

On extensions to our main sewer system, there was expended the sum of $841,781. This included the Fifteenth street sewer; the Sixth

street, Howard-Brannan; the Brannan street sewer; which replaced obsolete sewers.

New extensions will take care of storm and sanitary conditions in the industrial area for some time to come.

There was expended the sum of $102,117 on contracts for boulevard construction. The cost for general improvement of streets was $101,345. It is anticipated that in the streets and boulevards program for 1936 all major downtown streets leading to or being a part of the approaches of the San Francisco Bay Bridge, will be reconditioned and realigned.

Completed major projects during the calendar year 1935 amounted to $3,451,470; itemized as follows: "new" school buildings, $1,070,348; High Pressure System, $954,225.80; Sewers—reinforced concrete, $841,781.45; Boulevards, $15,820; Reconstruction and alterations of schools, $411,665.02; alterations and remodeling of public buildings, $36,694; Reconstruction of streets, $101,345.06; Improvement of unaccepted streets, $19,591.52.

The Psychopathic Cancer building, adjoining the San Francisco Hospital, is now well under way and should be turned over to the Department of Public Health by the end of this fiscal year. The cost is approximately $750,000.

*Contemplated Major Projects—*

The cost of completion, during 1936, of the major projects referred to below, is estimated at $2,549,681.

School Buildings: Marina Junior High School, shop building, $188,000; George Washington High School, shop building, $138,000; Aptos Junior High School, 10 additional classrooms, $84,000.

One of the most important of these projects is the Richmond-Sunset Sewage Disposal Plant. Plans are under way for the beginning of the first unit, to cost $120,000 about February 1st. The entire project will cost $962,000. It will eliminate the disposition of sewage in the waters of San Francisco Bay and the Pacific, a matter of serious concern for so many years.

Plans and specifications are being prepared and contracts will be awarded on the following items, under the High Pressure Bond Issue of 1933: Bay Bridge Approach District, $32,000; Mission District, $70,000; Clay Street Hill District, $18,000; Cisterns, $143,000; Hydrant Reducing Valves, $10,000; Operating Valve Machine, $10,000.

The following work on major streets, for which funds are available, will be prosecuted during the calendar year: Fifth street, Mission-Townsend streets, $57,340; Fremont street, Market-Harrison streets, $43,000; First street, Market-Harrison streets, $45,000; Harrison street, Embarcadero-Fifth street, $85,400; Anza street, cut thru to St. Rose's avenue, $41,181; Folsom street, Embarcadero-Tenth street, $105,300; Steuart street, Embarcadero-Mission, $10,030; Beale street, Embarcadero-Market street, $43,920; Spear street, Embarcadero-Howard street, $14,770; Battery street, Embarcadero-Market, $75,000; Bryant street, Second and Fifth streets, $42,700; Sixth street, Townsend-Mission streets, $48,800; Eighth street, Townsend-Market streets, $56,120; Eighteenth street, Guerrero-Danvers, $34,460; Seventh avenue, Lawton-Lincoln way, $16,900; California street, Presidio avenue-First avenue, $34,760; First street, Embarcadero-Brannan, $5,000.

Of the total, $759,681, the Public Works Administration will pay 45 per cent and the City and County of San Francisco the balance out of the one-quarter cent gasoline tax revenues.

Lombard street, leading from Van Ness avenue and connecting with the Golden Gate Bridge via Lyon street, is scheduled for improvement as a one-quarter cent gasoline tax project on State highways within San Francisco; therefore, it will be constructed as funds are available therefor. This thoroughfare will be 100 feet wide, and will cost approximately $1,300,000.

Nineteenth avenue from Lincoln way to Sloat boulevard is also a project destined for accomplishment from the one-quarter cent gasoline tax for State highways in San Francisco. Initial purchases of property on this important improvement have already been made. This thoroughfare will be 100 feet wide and will cost approximately $2,200,000.

A comprehensive report has been made of a proposed Divisional Highway extending from Lombard street to Alemany boulevard, a distance of 4.9 miles, and involving a cost of $8,340,000. On account of the magnitude of this project, it will have to be approached gradually as funds become available. A new thoroughfare, a feeder of and tributary to the Divisional Highway, is being cut through between Castro and Divisadero streets, at a cost of $185,000. Of this amount, $60,000 is for property. Property purchase is virtually complete, and it is hoped that construction funds will be available in the near future.

Laguna Honda boulevard between Dewey boulevard and Seventh avenue, which has heretofore been improved by a temporary pavement awaiting the settlement of large fills, is now scheduled for improvement under WPA operations, and will represent an investment of $71,000.

Another important thoroughfare scheduled to be accomplished under WPA operations is Geneva avenue from Prague street to the County line. This will complete a cross-town thoroughfare leading from Mission street to Bay Shore boulevard, and will prove of considerable importance as a traffic artery.

There are now pending before the Park Commission preliminary plans submitted by the City Engineer, approved by the District Engineer of the California Highway Commission, for a road crossing Golden Gate Park from Nineteenth avenue to Park-Presidio boulevard. This will be an important link in connection with the Golden Gate Bridge traffic, and it is hoped that an early agreement may be reached between all concerned in so far as Golden Gate Park is affected, so that work can start on this project.

## Department of Public Health.

It is of interest to note that this Department is now in its fifth year, under the efficient direction of Doctor J. C. Geiger, Director of Public Health.

It may be remembered that 1934 saw the lowest general death rate (11.6) and the lowest infant mortality rate (33) ever recorded here. This year, although general health conditions as determined through the interpretation of vital statistics are excellent, these two rates for general mortality and for infant mortality are slightly higher than they were for 1934 (12.3 and 34). In interpreting the slight elevation of the general death rate, it must be borne in mind that the increase is not due to an increase in the incidence of communicable diseases. Also, it is of considerable interest to know that the rate for 1935, for San Francisco, will again be the lowest for any major city, a position of no little significance, particularly when it is realized that this rate is considered the most sensitive single index of efficiency of public health work in the field of public health administration. Of interest, also, is the fact that the birth rate, slightly higher in 1934 than during the years immediately prior thereto, although low in San Francisco for many years, has remained at the same level for 1935.

The reported incidence of communicable diseases has been noticeably low during 1935. With the exception of measles, chickenpox and whooping cough, in which instances there were slight increases, the reported incidence was within the normal expectancy. The specific death rates for communicable diseases, including tuberculosis, remain low, as evidence of a changed order, over what conditions presented several decades ago. During the Century of Commerce, celebrated last October, a brief study was made of the vital statistics of early San Francisco compared with those of today. It was found, for example, that the high general death rate of 27.6, in 1868-1869, was due in no

small extent to such factors as more than 700 deaths due to smallpox; several hundred due to diphtheria; nearly 100 due to typhoid fever. Contrast these data with those of 1935, with a general death rate of less than 12, with no deaths due to smallpox, three due to diphtheria, and four due to typhoid fever. While it is true, I am told, that diseases rise and fall in their incidence, there can be little doubt that public health measures have played important parts in the achievement of lowered incidence of the reportable diseases, year in and year out, as seen in San Francisco. It is important to remember, however, and I am sure that those of us who remember our own experience of the early years of this century, will appreciate the fact also, that we must not relinquish our efforts for the control of communicable diseases. We must strengthen our position and concentrate our efforts to attain greater effectiveness in a continual campaign to achieve the goals of preventive medicine in "preventing disease, prolonging life and promoting physical and mental efficiency through organized community effort."

Child health activities during 1935 were quite extensive. Nearly 60,000 physical examinations were carried out by school and health center physicians and more than 7200 immunizations were completed against smallpox, diphtheria, together. More than 30,000 children, unable to be provided with private dental care, were given care in the Dental Hygiene Division. Home visits, made by the 74 public health staff nurses, in addition to health center and school nursing duties, totalled more than 90,000.

In the technical services, also, large numbers of inspections were made; these comprised inspections of housing, plumbing and gas appliances, dairy ranches, pasteurizing plants, food stores, et cetera, on routine inspections as well as on the basis of complaints.

During 1935 the Department initiated legislation, which is now effective, providing for fees for milk inspection services, thereby bringing nearer to full realization the provisions of the New Freeholders' Charter, requiring that the various inspection services be self-sustaining through fees payable for the service. It is pointed out, however, in this same relation, that legislation has not yet been passed providing for inspection fees covering the cost of meat and market inspection as now carried out by the Department of Public Health.

Even though, for nearly two years, the Director of Public Health has limited admissions to the San Francisco Hospital to true medical and surgical emergencies, the average daily patient census in that institution has exceeded the limit of 950, necessarily imposed on the basis of the budget for the current fiscal year and the costs for operation of the hospital to approximate 1050 at the present time. The Laguna Honda Home has continued to care for but slightly less than 2000 patients per day, and the Hassler Health Home for approximately 85 patients per day. The Emergency Hospital Service provided emergency care for 65,000 during the year.

I am confident that you, as well as I, recognize the excellent quality of the work done by the Department of Public Health, but I want to emphasize, also, that I have had no little pleasure and personal satisfaction, which I believe you will share, in the knowledge that San Francisco's Department of Public Health has received national recognition for good work and efficiency. The American College of Surgeons, holding their first clinical congress in the West in 1935, chose San Francisco because of its excellent hospital facilities.

Not the least of these was our own San Francisco Hospital. The comment that has come as a result of this meeting has been most commendatory, for the parts played by the Department of Public Health and the San Francisco Hospital, particularly.

All San Franciscans may well be proud of the high prestige established by San Francisco's Department of Public Health.

### Juvenile Probation Department.

The report of the Chief Probation Officer R. R. Miller, covering the fiscal year 1934-35, indicates an increase both in volume and expenditures, compared with the previous fiscal year. During 1934-35, a total of 1597 cases passed through the court, involving the care of 3366 children, as of June 30, 1935. The Detention Home during the fiscal year cared for 1742 children as against 1848 of the previous year.

The budget allotment for 1934-35 was $575,000, of which $553,514 was actually expended. Reimbursements from the State, parents, etc., amounted to $169,509. This showed a substantial decrease over the expenditures of the previous year, which totaled $561,341. The cost of State School commitments was $16,650 against the $20,000 allotted this office. The duties of this office have been performed competently and economically.

### County Welfare Department.

The County Welfare Department has the administration of State and County Aid to the Needy Blind and the Needy Aged and Half-orphan Aid for children living in their own homes with their widowed mothers.

This department, in November, 1935, had under its care 269 blind persons, the cost of whose care totaled $8,937.50 for that month. Of this amount, 50 per cent will be returned to the county by the State.

There were 469 families served through the Half-orphan Aid section of this department, involving 1076 children. The amount paid for the care of these children during November was $19,983.79, and of this amount approximately 55 per cent is to be refunded by the State.

The list of the aged has greatly increased since passage of the amended State law covering Old Age Security, which became effective in September. The November figures show 2133 aged receiving aid totaling $61,739.54, as compared with $34,658.85 in October, 1934. The State will refund 50 per cent of this amount to the county.

The staff of the Department, under the able direction of Miss Eugenie Schenk, has been doubled, principally to meet the additional work involved through the increase in Old Age Security applications. With the influx of hundreds of new applications, the task has been difficult. The work is now well organized, however, and investigations of all qualifying applications under way. From September 15th, when the new law became effective, until the end of November, 466 old-age cases had been recommended for aid.

I wish to commend the formation of clubs in the three divisions, blind, aged and widows, the purpose being to promote a better understanding between themselves and the Department staff. The three groups are self-governing and are interesting themselves in bettering conditions, improved legislation and increased understanding in general, and particularly in the classes they represent. They have speakers and social gatherings, and make an altogether fine contribution to the life of the community. This department is breasting its increasing problems most satisfactorily.

### Coroner.

The Department of the Coroner, Dr. T. B. W. Leland, had an unusually active year, there having been 2578 cases, or 264 more than in 1934. Suicides numbered 202, being 14 less than in the previous year; autopsies performed, 1867, or 166 more than in the last report; inquests, 2504, an increase of 423.

Coroner Leland reports 111 motor vehicle fatalities as against 106 in the year 1934, and four deaths of children under 15 years of age, as compared with eight, the previous year.

The Coroner's office is one of the most economical and efficiently conducted departments in the municipality.

### Purchasing Department.

The Purchasing Department occupies an important and strategic position in our government. A large proportion of the cost of govern-

ment is represented by the cost of materials, supplies, equipment and contractual service. Our charter recognizes purchasing as one of the major functions of municipal management and provides for the full development and advantages through centralized control. The care and skill exercised in buying is reflected in the operating costs of all departments. During the past twelve months our purchases were divided among eighty-five definite classifications. The purchases were the result of the receipt of 56,700 requisitions from our city and county departments and are exclusive of requisitions received from the State Emergency Relief Administration, San Francisco Emergency Relief Organization and the Public Works Administration. The budget for the Buying Division of the Purchasing Department is approximately $28,500 for the past year. Considering the fact that the Department spent approximately $5,500,000 in the twelve months period, the actual cost, per dollar expended, is less than six-tenths of one per cent, to cover the cost of negotiating the purchase, a trifling expense, compared to the direct savings achieved.

The purchasing unit of the City and County is departmental in its makeup and in addition to the buying division it consists of repair shops for the maintenance of the municipality's automotive equipment, garages, warehouses, storerooms and a gas and oil service station.

The Department, by virtue of Charter provisions, is charged with the responsibility to exchange used materials, supplies and equipment to the advantage of the City and County and to sell personal property belonging to the municipality on the recommendation of any department head that such articles are no longer required or are unfit for use. During the past year, these sales have reached the very considerable figure of $129,000.

The fact that so large a share of the responsibility for maintaining low departmental costs rests upon the Purchasing Department imposes upon its personnel an unusual obligation to see that its service shall be dependable, adequate and economical. That obligation has been splendidly sustained, by Thomas A. Brooks and his assistants.

### Agricultural Commissioner.

This Department inspects all incoming shipments of plants, bulbs, and seeds. During the year, there were inspected 1426 shipments, making a total of 12,352 packages. Twenty-two shipments were rejected.

Over 4000 stores were inspected, involving rejection of 109 packages of fruits and vegetables and reconditioning of 510 packages. Egg inspections resulted in 96 crates of eggs being remarked. Wholesale market inspections, which occur twice daily, resulted in the rejection, reconditioning or remarking of 24,460 packages. All produce for city institutions is inspected on receipt. In this work, there were 1501 inspections, with 23 rejections, mostly eggs and butter.

Fees collected, approximately $8,600. Certificates of inspection issued, 7278, for intra-state, interstate and foreign shipments. Commissioner Carroll and his deputies have given a good account of their responsibilities.

### Disaster Preparedness.

Section 25 of the Charter provides that in the event of a public emergency threatening the lives, property, or welfare of the citizens, it shall be the duty of the mayor to summon, organize, and direct the forces of any City department, or employ other persons, or do whatever else he may deem necessary for the purpose of meeting the emergency.

Realizing the importance of this Charter provision and the magnitude of the work that would be necessary in the event of a conflagration, or other calamity, I proceeded immediately after the Charter became effective to study this provision. Many conferences were held in my office with representatives from Federal, State and civic organizations, as well as heads of City departments. Finally, on November 7, 1932, a joint conference was called and as a result of this conference, I

appointed a Committee on Disaster Preparedness, with Chief Administrative Officer as Chairman.

This Committee held weekly meetings over a period of several months, and assembled a great mass of data relating to this subject. Foremost in the minds of this Committee was a plan of preparedness, providing for the organization of the necessary man power and the assembling of the necessary equipment and supplies, so that in the event of an emergency, this organization, properly equipped, could function immediately.

To avoid confusion and dual control, this organization must have one responsible head, which in accordance with Section 25 of the Charter, shall be the Mayor. The existing emergency departments of the City government, Police, Fire and Health, augmented and assisted by other City departments and outside forces, will function during any emergency as they do under normal conditions. A plan including these basic principles has been submitted to me for consideration. In the near future I shall make such recommendations as deemed advisable on this subject.

Millions of dollars expended on additions and improvements to the reservoirs and pipe lines of our domestic water supply, extensions to the High Pressure for Fire Protection, improvement to the Auxiliary Fire Alarm System, Sewer System and Boulevard System, are all part of a great Preparedness Plan.

### San Francisco-San Mateo Livestock Exposition Buildings.

In 1931 Agricultural District No. 1 A, comprising San Francisco and San Mateo counties, was organized by prominent citizens of the two counties. The Legislature appropriated $250,000, contingent upon a like appropriation being made by San Francisco and the purchase of a site for the exposition buildings. I recommended the appropriation after 55 acres of land had been purchased by private citizens and deeded to the State of California as a site for the exposition. This agricultural district has in hand approximately half a million dollars in cash, and has procured an appropriation from the PWA of $199,000, being 30 per cent of the estimated cost of the labor and materials going into the first unit of construction. In addition to this, it has procured $289,000 from WPA for doing the grading on the site, which work is in progress now. It has been officially decided that the livestock horse show and racing events of the forthcoming Bay Exposition will be conducted at this livestock pavilion. Plans are not fully perfected, but at this writing it is believed that this work will have progressed to such a point that a great international livestock and horse show will be held in San Francisco in the latter part of the year 1936. San Francisco is the hub of the livestock industry of the west, which is the second in importance in California. Every civic and improvement club and organization together with the Down Town Association, Chamber of Commerce, labor organizations, etc., endorsed this project and its successful financing and its success is assured by united sentiment in its favor.

The appropriation and the endorsement of this project had the unanimous vote of your Honorable Board, and my entire approval.

### 1938 International Exposition.

During the past year we have witnessed the fruition of plans for our great exposition which will mark the completion of the Golden Gate and San Francisco-Oakland Bay Bridges. Over adverse paths, the project has been carried to the point where within a few weeks we shall see with our own eyes, the beginning of its physical creation.

The City administration has cooperated at every turn with the public-spirited citizens who make up the directorate of the San Francisco Bay Exposition, a non-profit corporation, organized in July, 1934, to carry out the World's Fair idea.

As recently as December 27 the Public Utilities Commission awarded the contract for the construction of an administration building which

will house all exposition activities. This building will be erected on City property at Bush and Stockton streets and its use by the exposition has been made possible by the Board of Education which leased the property for five years to the Public Utilities Commission for this specific use. This splendid three-story reinforced concrete structure will be a permanent asset to the City. Meanwhile, a total of more than six million dollars in Federal grants under WPA and PWA have been made available for the exposition. The signing of the necessary contract for the reclamation of the Yerba Buena Shoals, where the exposition will be built, is expected daily and the early part of 1936 will see the construction of the exposition in full swing.

I am glad that the opportunity to assist in this great undertaking came to me and I assure my fellow citizens that I shall leave no stone unturned to aid in the prosecution of this magnificent undertaking. In building her exposition San Francisco will again prove, I fully believe, that she is the "City That Knows How" and that she can again give the world a fair which will eclipse in beauty, importance and educational and entertainment value, anything of the kind ever created.

To my fellow citizens, I extend appreciation for their part in making possible the exposition and to the officers and directors of the San Francisco Bay Exposition, I offer our sincere thanks for their unselfish devotion to their task.

A thoughtful perusal of the facts and figures contained in this message cannot fail to convince you of the solvent condition of our beloved City. Together we shall use our best gifts and our most sincere efforts to keep San Francisco in the vanguard of the world's cities, as to her ability to keep out of debt and still give her citizens every protection and cultural advantage. I count confidently on your cooperation with the Executive Department, during the coming year, upon which we enter with such optimistic spirit.

Respectfully,

ANGELO J. ROSSI, Mayor.

**Motion.**

Supervisor Shannon moved that the Mayor's annual message be made part of the record and be printed in the Journal.

*So ordered.*

**Membership of Special Committee on Disposal of Hetch Hetchy Power.**

Supervisor Havenner announced the appointment of Supervisor Fred Meyer to membership on the Special Committee on Disposal of Hetch Hetchy Power and that he also reappointed all other members of said Committee.

**Standing Committee.**

Supervisor Shannon moved that the Committee on Exposition Affairs and Industrial Development be created as a standing committee of the Board with the duties of the existing Industrial Development Committee and the following additional duties:

To consider and where necessary report back to the Board of Supervisors upon all matters of legislation affecting the 1938 Exposition.

The duties of the Industrial Development Committee to continue as heretofore defined.

The standing committees being as follows:

(1) Exposition Affairs and Industrial Development.
(2) Education, Parks and Recreation.
(3) Finance, Revenue and Taxation.
(4) Fire, Safety and Police.
(5) Judiciary, Legislative and Civil Service.
(6) Public Health.

(7) Public Utilities.
(8) Public Buildings, Lands and City Planning.
(9) Streets and Traffic.
(10) Public Welfare.
(11) Rules (of which President of the Board is to be ex-officio Chairman).

Duties of standing committees to be continued as heretofore defined until further order.

The Rules of Proceedings of the Board of Supervisors adopted January, 1934, as amended, be continued until further order.

### Remarks of Retiring Members.

Former Supervisor Gallagher spoke in part as follows: "On days like this the ins wear plug hats and the outs glum faces. Even though your heart is broken you are expected to clown it through. After being rapped over the knuckles by the electorate for the third time it's not so hard. Saying the things I felt like saying apparently got me into trouble.

"How I will contain myself outside the rail watching you make mistakes I don't know. I have no real antagonism with anyone here, although there is hardly anyone with whom I haven't clashed. I have experienced in my political life the top and bottom rungs. I found there was one less rung than I thought was there. The main thing is to know when to duck.

"The duties and powers of this Board are slipping away from it," he said. "There are some administrative departments that have a feeling that the Board doesn't amount to much." Later Dr. Adolph Schmidt remarked: "I agree with Mr. Gallagher that the powers of the Board are slipping away and must be safeguarded."

Mayor Rossi objected to the statement of the preceding speakers, he said: "I don't want to go unchallenged the statement that my administrative bodies have encroached on the power of the Board of Supervisors. I have never interfered with the legislative body. That applies also to the heads of all administrative departments as well as all executive departments. If any interference has arisen it has been the legislative body that did the interfering."

Former Supervisor Hayden in his farewell address said he was not retiring from public life but was remaining as a member of the Art Commission. I am interested in music, which is under commission supervision. I want to bring music to the masses at popular prices.

### Remarks of Newly-Elected and Reelected Supervisors.

PRESIDENT HAVENNER: I think this inaugural ceremony will now begin in its proper sense by hearing from the newly-elected and re-elected members of the Board, and in order to have no possible favoritism or discrimination, I am going to adhere to the alphabetical rule in calling on them. I think that we would be very happy to hear from the new members of the Board.

The young citizens of San Francisco displayed an interest in the affairs of government and official life which I know every citizen will most heartily approve of. With the support of a very large percentage of the rest of the community they elected one of their representatives to the Board of Supervisors, and I think that it is a very significant and appropriate thing that the youth of this community should, through their combined and concerted action, have a representative on this official body, and I have no doubt that that particular movement, so-called "Youth Movement" is going to continue and grow in importance, and I am sure that all of us who perhaps regrettably to ourselves have passed beyond the bounds of eligibility nevertheless welcome participation of the young citizens of San Francisco. At this time I take great pleasure in presenting Supervisor Dewey Mead.

SUPERVISOR MEAD: Mr. Chairman, his Honor the Mayor, and

Ladies and Gentlemen. It is indeed an honor and a pleasure to have been elected by the citizens of San Francisco to this Honorable Board. It is an honor to be cherished for the remainder of my days. I do at this time want to take an opportunity to thank the New Order of Cincinnatus, the order that sponsored me, and I want especially to thank organized labor for their loyal support, and the various other organizations who saw fit to endorse me in my candidacy. It was indeed a pleasure to know that one has so many friends. However, it is to be thoroughly understood that I am here representing San Francisco as a whole, and not any particular group.

I want at this time to wish every success to Mr. Andrew J. Gallagher and Mr. J. Emmet Hayden, and I thank you all kindly.

THE CHAIRMAN: Our new Supervisor, who incidentally has been one of my very close personal friends for a great many years—he has had considerable experience in public affairs. Most all of us will remember that he served with distinction as a member of the City Planning Commission and later as a member of the Board of Public Works of the City and County of San Francisco and subsequently by appointment of Governor Rolph as State Purchasing Agent at Sacramento. Therefore, we have high hopes and expectations which I hope will be realized from Supervisor Fred W. Meyer, who I now introduce to you.

SUPERVISOR MEYER: Mr. President, his Honor the Mayor, the Chief Administrative Officer, My Colleagues, and Ladies and Gentlemen: It is indeed a pleasure to be here today, and it is an honor to be elected as a member of the Board of Supervisors. I have been honored before—not many times, but a few times, but never as much as I have been today. I can promise to try and be a good Supervisor. If my past record means anything, I will try to follow it as I have done in the past. I will give close attention to my duties, and try to get along with the administration that I believe is the best in the United States. I want to thank my many friends for all these beautiful flowers—I have hardly enough nerve to tell you that, it reaches the heart, and my first official act will be to ask Mrs. Meyer, after this session, to send these beautiful flowers to the Children's Hospital.

THE CHAIRMAN: I have been requested at this time by a group of Mr. Meyer's numerous friends to ask for the privilege of the floor for a few minutes for Mr. Clarence Morris, representing that group of Mr. Meyer's friends.

SUPERVISOR SHANNON: I so move.

MR. MORRIS: Mr. President, his Honor the Mayor, Mr. Chief Administrator, City and County Officials, Members of the Board of Supervisors and My Fellow Citizens: It is my proud privilege today to present to Fred W. Meyer, on behalf of some of his dear and loving friends in this community, a five-pointed star indicating his position as Supervisor-elect of this City, each point of the star indicating something, some attribute of which they think he is fully possessed. The first one being Honesty; the second, Integrity; the third, Service; the fourth, Loyalty; and the fifth, and last, but by no means least, Friendship.

It has well been said that life is the nearer of goodness, and reflects just what you are and what you do; that if you give to this life the best that you have, the best will come back to you, and that, Supervisor Meyer, indicates the love and regard that your friends and your fellow citizens must have for you by electing you to the honored position as a member of this Board, and bespeaking for you the confidence of the people of this great City; and I know as the days roll by that your actions and your work on this Board will demonstrate to your friends and to the people of San Francisco that their confidence has not been misplaced, but to the contrary, that they have elected a man to serve them who will never be found wanting in the balance.

MR. MORRIS: If I may take the liberty of pinning this on your breast, with the hope that you will wear it with pleasure to yourself, with honor to your wife, your daughter and your son, and the people of San Francisco.

SUPERVISOR MEYER: Mr. President.

THE CHAIRMAN: Mr. Meyer.

SUPERVISOR MEYER: I just want to say one more word. I want to thank you, Clarence Morris, and my many friends who have made it possible, this demonstration.

THE CHAIRMAN: Adhering to my announced rule of calling upon our re-elected colleagues in alphabetical order, it gives me a great deal of pleasure at this time to ask Supervisor Arthur M. Brown, Jr., if he will not address us.

SUPERVISOR BROWN: Mr. Chairman, his Honor the Mayor, City Officials, My Colleagues, and New and Old Honorable Board of Supervisors, and Ladies and Gentlemen: When I first was elected to the Board of Supervisors about four years ago, I was a complete and thorough neophyte in political life. I may say that four years of work on the Board gives a rather complete education. I have not learned all there is to know about the job, but I have learned a great many things I didn't know when I first came.

During the course of the last election there were some unfortunate circumstances that took place. I was discussing those with Supervisor Shannon, and he told me a little story which I will take the liberty of telling you. He said there was a man who wrote to a question and answer column in a San Francisco paper, and asked the editor as follows: He said, "Mr. Question and Answer Editor, I would like to find out about my genealogy, my family tree. I am very much interested in it, and I am wondering if you can advise me where and how I can get some information on the subject." And the question and answer editor wrote back and said, "I advise you to run for Supervisor."

None the less, the last four years has had both its pleasures and its pain, and I am looking forward to another four years of serving the City and County of San Francisco to the best of my ability, and as Supervisor-elect Mead says, I like to feel I am doing my best to serve the entire City and County of San Francisco, the people of the entire City and County of San Francisco without being committed to any group or organization therein; and I pledge you that during the next four years my votes will be so cast to the best of my ability.

THE CHAIRMAN: Now, I have the pleasure of calling upon a Supervisor who has been repeatedly elected to this Board, recently re-elected by a very flattering vote, a gentleman who has an outstanding reputation in this community, and which the people have demonstrated by their repeated expressions of approval of his candidacy. Supervisor Jesse C. Colman.

SUPERVISOR COLMAN: Mr. President, Fellow San Franciscans: I am happy and grateful at being allowed tc serve you again. This is the beginning of my fifteenth consecutive year. We are going to miss Andrew Gallagher and Emmet Hayden. Certainly as was said, they are two very colorful personalities. I say to Andrew we will miss his gentle voice——

(Laughter.)

But I think both of these gentlemen, as I tried to say last Monday, carry away the assurance of having performed their duties well. After all, that is all you can take out of a job.

Now, Emmet, I will say—when he said that he hoped his wife, and family, and himself could be proud of his service—well, they can, there isn't any question about it. I think Emmet has done an outstanding service to San Francisco as the father of Municipal music, and it is just amazing the hold music has taken on our citizens, and

the real good it has done. In conclusion, again let me wish you both every success in whatever field your endeavors may take you.

THE CHAIRMAN: Next on the alphabetical list of our re-elected colleagues, the gentleman who was honored this time by, I think, one of the largest, if not perhaps the largest vote ever cast for Supervisor in the political history of San Francisco: Mr. Alfred Roncovieri, who has served this City for many, many years with high distinction.

SUPERVISOR RONCOVIERI: Mr. President, Mr. Mayor, Mr. Chief Administrative Officer, My Colleagues, and Ladies and Gentlemen: To be placed in a position of trust by the people is one of the highest honors that can be conferred upon any citizen. I therefore deem it a proud privilege to take my seat for a fourth term as a member of the Board of Supervisors of my native City on an occasion such as this.

I deem it my first duty, in a spirit of sincere humility, to tender to all of my friends and fellow citizens my most grateful thanks for the wonderful expression of their faith in giving to me at the election last November a most gratifying support. After all the trials and disappointments of life count as little so long as one retains the honor and love of his immediate friends and family, and the confidence of outstanding numbers of our citizens. This is my philosophy of life, and I am brought to realize it ever more and more strongly as each successive election brings me that most beautiful tribute of high regard, "well done, thou good and faithful servant."

Be assured, my fellow citizens, that I shall ever hold your confidence as a sacred trust, and as an inspiration to fulfill your highest expectations in the advancement of best interests of San Francisco.

To the incoming members of the Board, Supervisors Mead and Meyer, I extend the warmest greetings and the sincere hand of welcome. I wish for them a most successful administration.

To the retiring members of the Board, Supervisors Gallagher and Hayden, who have served the City of their birth for more than a generation, I wish godspeed, and success in all their future undertakings.

The complexity of modern municipal problems, and those of our State and National Government increase continually year by year, and only by continued and tremendous effort based on sound humanitarian principles of justice can we satisfactorily solve the questions affecting our social and economic life. I know that extremely difficult problems that would tax the God-given intelligence of the most ingenious of men are before us for solution. Nevertheless, I have a firm conviction that by intelligent unity of action we shall conquer all obstacles, and give renewed life to the ideals of the people. With sane judgment, wise discussion and forbearance for each other's views, we can render to the people of San Francisco the high public service they have a right to expect of us. I believe that the first duty of government is to humanity; that human life must be considered first in the drafting of our laws. Our objective should be to improve the common lot of mankind, and to establish better living conditions for the average man, woman and child. I, therefore, rededicate my services, to-wit, constructively, conscientiously and whole-heartedly for the proper solution of every problem affecting the welfare of the people to the end that San Francisco may grow and prosper as a City loved around the world. I thank you.

THE CHAIRMAN: Last on the alphabetical list of our recently re-elected Supervisors, but by no means least in the estimation of the people, as was evidenced by the very large vote which he received at the recent election, is Supervisor Warren Shannon.

(Applause.)

(The band plays "Where the River Shannon Flows.")

SUPERVISOR SHANNON: Ladies and Gentlemen, Mr. Mayor, Fellow Officials, and Ladies and Gentlemen: If this was a different kind

of setting, I might ask the orchestra to play that over again, and I might sing the song!—Emmet Hayden is trying to coach me to go on—he forgets he is not on the Board any more.

It has been my privilege to have been elected many successive times to this Board by the citizens of San Francisco, and I desire to take this opportunity to thank those of my fellow citizens who have returned me to office.

I am one of those who believe that the best thoughts and the most constructive thoughts that are considered here come from the hearts of our citizens. I want to pay a tribute to the Improvement Clubs of San Francisco, and the members of those Improvement Clubs who attend our meetings, in many instances regularly, and who bring to us the ideas that are brought to a conclusion in these chambers. As you know, the members of this Board are elected at large. We can't be informed on all the wants of the several districts of San Francisco; but the civic-minded people belonging to these Improvement Clubs bring us these ideas, they are developed here, and much of the improvement that is constantly being carried on in San Francisco is due to those civic-minded people, and I desire to pay them a tribute.

To the new members of the Board, Messrs. Mead and Meyer, I extend to them my hearty cooperation in every respect. My advice would be to hold your seats for a year, or a year and a half until you get your feet on the ground.

(Laughter.)

There is much to learn, and the desire to participate in debate may come at many times, but I think if you will debate the matters that come before you, before the committees to which you will be assigned by our President, Supervisor Havenner, and let the other matters be taken care of by others, it will be possible that you may be able to serve a longer life here!

To our retiring members, Messrs. Hayden and Gallagher, I know that the members of the Board regret your departure; but, of course, this is part of the political life. We have the new faces with us every couple of years. Emmet Hayden, as you have heard, has served since 1909, and I think it is to his credit, which will never be effaced, the fact that he has been the father of municipal music. He has done many other things while a member of the Board, but that is the outstanding thing we shall remember him for. That will always remain as his own property. A musician of no mean ability himself, he naturally took up this work, and brought it through to a very successful conclusion.

To say that we are going to miss Andrew Gallagher is unnecessary. A thoughtful, resourceful man, a capable man in debate, and a thinker, a man acting for the best interests of San Francisco, he is not only going to be missed by the members of the Board, but he will be missed by the citizens of San Francisco generally.

(Applause.)

There is no man on this Board, no matter how he may differ from Mr. Gallagher in debate, but what realizes that he was giving the best that was in him, and while many of us would try, if we were on the opposing side, to spoil his continuity of thought, you could never throw him off, he could carry three or four ideas in his mind, and develop them as they went along, and with the Irish that is in him he would always have a little comedy that would relieve the debate. I recall so well one incident. We were considering the leasing of 333 Kearny street, and Supervisor McSheehy was vehement in his opposition to the leasing of the property for many and divers reasons, and the property had been occupied on the top floor by the Women's Western Club, I think they had their dining room and their kitchen, and going through from the dining room to the kitchen the waitresses, in going through, carrying trays, would kick the corner of the door, and there was a round piece cut out of the corner of the door. It looked as though rats might have eaten that hole. So on one Mon-

day, and this matter had been continued for several months—on one Monday Supervisor McSheehy brought in a report from one of the inspectors of the Board of Health that there were rats in the building, and Andy looked up quickly—I neglected to say that this building was the property of Ralph McLaren, a former Supervisor—and Andy looked up quickly and says "Rats in a Scotchman's building? Never!"

(Applause and laughter.)

After all we are but the servants of the people, Supervisors of this Board—we may devise and improvise, but in the final analysis it is the people that develop these ideas, and I trust that this same spirit of cooperation will continue between the members of the Board and the Improvement Clubs of San Francisco; and we know that a City that grew in a few years after the fire, with that pioneer spirit that still maintains, and will continue to grow and prosper and pull us out of the depression that we hope now is seeing a slump, and will carry us on to greater and better things. I thank you very much.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

### In Re: Appropriation for Democratic Convention.

### Motion.

Supervisor Shannon, seconded by Supervisor McSheehy, moved that in the event that San Francisco is selected for the Democratic National Convention and the Mayor places $100,000 in the Publicity and Advertising Fund, to defray cost of said convention that the members of this Board will permit it to remain in the budget.

Mayor Rossi at this point indicated that he would not recommend $100,000 at this time.

Whereupon, Supervisor Shannon offered to withdraw the motion, saying that the suggestion was given him by Chief Administrator Alfred J. Cleary and that he was under the impression that it was in keeping with Mayor Rossi's idea in the matter.

Supervisor McSheehy, as seconder of the motion, refused to withdraw.

Whereupon, Supervisor Roncovieri moved that the Board of Supervisors agree not to take out of the budget any sum that the Mayor might see fit to allow for that item, but did not wish to mention a specific sum.

Supervisor Brown suggested that this Board pledge itself not to delete any sum in excess of $100,000.

Mayor Rossi declared that he would favor $50,000 as a proper figure.

Whereupon, there being no objection, Supervisor Roncovieri's motion *carried.*

### Motion.

Supervisor Havenner moved that an item be inserted in the Journal expressing to Supervisor McSheehy the appreciation of the members of the Board of Supervisors for his efficient and effective service during the last biennial.

*So ordered.*

## ADJOURNMENT.

Whereupon, the Board, at the hour of 2:50 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

## MONDAY, JANUARY 13, 1936, 2 P. M.

Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President Havenner presiding.

### APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of January 6, 1936, was considered read and approved.

### MOTION TO RECONSIDER.

The following bills were taken up:

January 6, 1936—Supervisor Ratto changed his vote from *No* to *Aye* and moved for reconsideration of the vote whereby the following bills (Nos. 727 and 776) were *finally passed*:

**Gasoline Supply Stations.**

**(Code No. 11.0821)**

On recommendation of Joint Committee on Public Welfare, and Fire, Safety and Police.

Bill No. 727, Ordinance No. 11.08211, as follows:

Regulating the establishment, construction, maintenance and operation of premises, buildings and structures to be used as gasoline supply stations; regulating and providing for the storage and use of gasoline in connection therewith; repealing Ordinances Nos. 2659 (New Series), and 11.051 *and providing a penalty for violations of this ordinance.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Definitions: The following terms shall have the following meanings whenever used in this ordinance:

(a) A gasoline supply station shall be held to mean any lot, wharf, pier or other premises, including all buildings and structures thereon, devoted to the purpose of selling or dispensing gasoline or volatile liquids as fuel to automobiles, motor vehicles, motorboats, launches or other motor propelled vessels.

(b) Gasoline or volatile liquids shall mean any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit. The Fire Marshal shall determine the flash point.

(c) Fire Marshal shall mean the Fire Marshal of the City and County of San Francisco.

(d) Approved shall mean approved by the Fire Marshal.

(e) *School: for the purposes of this ordinance, shall mean any building in which is housed any institution of learning conducted or operated under the jurisdiction of the Board of Education of the City and County of San Francisco, or any institution of learning wherein a general course of study is maintained or carried on by the State of California or by any agency thereof, or any institution of learning, attendance at which will satisfy the compulsory educational laws of the State of California, or any college or university whereat advanced courses in advanced education are maintained and which has an average daily attendance of, at least, twenty pupils.*

(f) Hospital: shall mean any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.

(g) *Church: for the purposes of this ordinance, is defined to be any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

(h) *Theatre: for the purposes of this ordinance, is any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

(i) Districts or Zones: shall mean districts or zones as established or re-zoned by the City Planning Commission.

*Section 2. Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the boundaries of which shall come within sixty (60) feet of the property line of any school, church, theatre or within 200 feet of the exterior boundary of any hospital building; said measurements to be taken in a straight line.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such gasoline supply station, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any gasoline supply station, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the gasoline supply station for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a gasoline supply station, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

Section 3. Construction: All buildings or structures erected, maintained or operated upon the premises of a gasoline supply station not exceeding one story in height, shall be of Class A, B or C construction as defined by the building laws of the City and County of San Francisco, or, if not more than eighteen (18) feet in height, they may be constructed of metal, supported upon steel frame. If more than one story in height, they shall be of Class A or B construction.

The roofs of all buildings or structures erected or maintained upon the premises of a gasoline supply station shall be of fireproof construction, as defined in the building laws of the City and County of San Francisco, and all floors shall be constructed of incombustible materials.

No basement shall be allowed in any building or structure erected or maintained as a gasoline supply station.

A gasoline supply station shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a gasoline supply station and for such services as are by this ordinance specifically permitted in conjunction therewith, unless said building is of Class A or B construction; provided, however, that no gasoline supply station shall be maintained in any building that is occupied in any part as a church, school, hospital, theatre, hotel, apartment house, tenement house or place of public assemblage. The portion occupied as a gasoline supply station shall have no entrance, exit or other opening of any kind whatsoever into other parts of the building not so occupied. All walls separating such portion occupied as a gasoline supply station from the remainder of the building shall be of masonry. The floors which constitute the ceiling of such gasoline supply station shall be of reinforced concrete slabs not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. All such slabs shall be reinforced so as to develop their full strength to resist upward pressures. No basement shall be permitted in any portion of a building or structure that is occupied or is so constructed as to be occupied as a gasoline supply station.

Where a gasoline supply station is erected or maintained in a building of Class A or B construction, any portion of which is used for other occupancies than those specifically permitted by the provisions of this ordinance, proper ventilation and a free circulation of air shall be provided, either by the installation of ventilating outlets in the outer walls of such buildings or by means of a mechanical exhaust ventilating system, as in the judgment of the Fire Department and/or the Department of Public Health may be required.

The size, number and location of ventilating outlets, when required, shall be determined by the Fire Department and/or the Department of Public Health, and the top of same shall be not more than eighteen (18) inches above the floor. Such outlets shall be protected with galvanized wire rods not less than three-eighths (⅜) inch in diameter so as to provide an opening of one-half (½) inch mesh. Protections of ornamental design may be used, provided they have the strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports.

Mechanical exhaust ventilating system, when required, shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of the space occupied as such gasoline supply station each hour. This mechanical exhaust shall be drawn from a point not more than eighteen (18) inches above the floor line and shall be evenly distributed over the entire area of such space. The fan discharge shall be taken to a point above the roof of the building or to outer air at a point not less than twenty (20) feet from any window or other opening in the building or any adjoining building, but in no event shall the fan discharge be taken to an inner court.

Section 4. Permit for gasoline and appliances used in connection with gasoline: The storing or keeping of gasoline or the installation, erection, alteration, replacement, repair or use of any gasoline pump, underground gasoline tank, pipe, appliances or devices used in connection with the storage or handling of gasoline at a gasoline supply station, shall not be undertaken until a permit has been granted by the Fire Marshal. The Fire Marshal may refuse to grant and may revoke such permit for noncompliance with the provisions of this ordinance.

Section 5. Quantity of gasoline that may be stored: Not more than two (2) approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept above ground in or for any one gasoline supply station.

Gasoline may also be stored or kept for a gasoline supply station in approved underground tanks. Not more than five thousand (5,000) gallons of gasoline in the aggregate shall be stored or kept underground and no tank shall have a capacity greater than one thousand (1,000) gallons.

Section 6. Installation Requirements: (a) All underground gasoline tanks shall be placed outside of buildings and under the sidewalk area in a location designated by the Fire Marshal. The top of such tanks shall be at least four (4) feet below the sidewalk or grade and the space between the top of tanks and the sidewalk or grade shall be filled with earth.

(b) Where two (2) or more underground tanks are installed there shall be an approved concrete dividing wall of not less than twelve (12) inches in thickness or three (3) feet of earth between each tank.

(c) All underground tanks shall set on a firm foundation and, where water is encountered, tanks shall be placed in an approved water-tight concrete enclosure.

(d) Each underground tank shall have a separate filling pipe extending up to the sidewalk or grade, equipped with a cover and a metal plate flush with the sidewalk or grade. The filling pipe shall be of a diameter not larger than three (3) inches.

(e) Each underground tank shall have a separate vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet above the opening of the filling pipe and capped with an approved fitting. The vent pipe shall be on the outside of the buildings and terminate as far away as possible from any window or other building opening. The inside diameter of vent pipes shall not be less than one and one-quarter (1¼) inches, nor more than two (2) inches.

(f) All pipes shall be at least twelve (12) inches underground, shall have a fall toward the tank, shall be free of traps, sags or pockets, and shall be standard, full weight, galvanized iron, or equivalent.

(g) Gasoline shall be taken from underground tanks by means of approved pumps only, which shall be installed in locations designated by the Fire Marshal. No gravity, siphon or pressure system shall be used to take gasoline from any underground tank.

(h) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission to do so has been granted by said officer. The Fire Marshal shall be notified when the installation is complete and ready for inspection.

Section 7. Miscellaneous Safety Provisions: (a) Underground tanks shall be filled only through a hose connected to a vehicle used for the transportation of gasoline, leading through continuous metal fittings and connections, properly grounded to and into the filling pipe of underground tanks, or by an approved bucket, or other method approved by the Fire Marshal.

(b) The fuel tank of an automobile shall be filled only through a hose connected to a pump of a portable filling tank or underground tank.

(c) Gasoline shall not be kept or conveyed in open receptacles in or about the premises of a gasoline supply station, shall not be used for cleaning purposes and shall be stored or kept only in portable filling tanks or underground tanks. The storage or sale of gasoline or any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred ten (110) degrees Fahrenheit in glass bottles or other breakable containers is prohibited.

(d) All combustible waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises. Gasoline, oils, grease or inflammable liquid of any kind shall not be allowed to flow or be placed into the drainage system. Oil and grease shall not be allowed to accumulate on the floor. Saw-

dust shall not be kept and sawdust or other combustible material shall not be used to absorb oil, grease or gasoline.

(e) Smoking is prohibited in or about the premises of a gasoline supply station and the motor of an automobile shall not be in motion while filling the fuel tank with gasoline. Notice to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All waste oil (crankcase drainings) shall be kept in an approved underground tank, installed as required by the Fire Marshal.

(g) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept in or about the premises of a gasoline supply station unless approved by the Fire Marshal.

(h) The Fire Marshal shall have and is hereby vested with authority to make reasonable and necessary rules and regulations not inconsistent with the provisions hereof, respecting the use, operation, maintenance and construction of any appliance, device, apparatus, or equipment used in connection with gasoline, to carry into effect the intents and purposes of this ordinance.

(i) All electric motors or devices capable of emitting an exposed spark shall be located at least four (4) feet above the floor and all electric wiring shall be installed as required by the Department of Electricity. All portable electric lights shall be equipped with keyless sockets and lamp guards.

(j) There shall be maintained at all times in and about the premises of a gasoline supply station such number of approved, fully charged portable fire extinguishers and approved buckets, full at all times of clean, dry sand, as may be required by the Fire Marshal, but in no case shall there be less than two fire extinguishers and two buckets of sand. These appliances shall be installed in places designated by the Fire Marshal.

(k) *When a gasoline supply station is discontinued for a period of more than six months, or is dismantled, the person, firm, association or corporation who was last conducting, maintaining or operating such gasoline supply station shall either remove all underground tanks that were used in connection with such station, or cause the same to be filled with water or other non-inflammable liquid in accordance with the directions of the Fire Marshal.*

Section 8. Services Permitted: The sale of lubricating oils, greases, tires, batteries and other accessories, the cleaning, oiling and greasing of automobiles and the minor servicing and adjusting of brakes and electrical equipment, and the servicing and repairing of tires and batteries, shall be permitted upon any premises used as a gasoline supply station, but no repairs or reconditioning of the chassis, motors, engines, bodies, radiators or fenders of automobiles, motor vehicles, motor boats, launches or other motor propelled vessels, shall be permitted thereon. The storage, keeping or parking of automobiles, motor vehicles, motor boats, launches, etc., upon these premises, excepting as required for the before stated services, shall be prohibited. *All equipment for the washing of automobiles shall be properly housed and said washing conducted in accordance with such rules and regulations as the Chief Engineer of the Fire Department may make regarding the same.*

Section 9. Duties of the Fire Marshal: It shall be the duty of the Fire Marshal to see that the provisions of this ordinance are complied with, and for that purpose he shall have access to any and all premises or buildings used as gasoline supply stations.

Section 10. Penalty: Any person, firm, company or corporation that violates, disobeys or refuses to comply with any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten ($10) dollars nor more than fifty ($50) dollars, or by imprisonment in the County Jail for not more than thirty (30) days, or by

both such fine and imprisonment, and such person, firm, company or corporation shall be deemed guilty of a separate offense for each and every day that such violation, disobedience or refusal continues and shall be subject to the penalty imposed by this ordinance for each and every separate offense.

Section 11. Ordinance No. 2659 (New Series), and Ordinance No. 11.051, together with any section of any other ordinance which is in conflict herewith is hereby repealed.

**Amendment to Garage Ordinance.**
(Code No. 11.0822)

Also, Bill No. 776, Ordinance No. 11.08222, as follows:

Amending Section 2, Subdivision (E) thereof, of Ordinance No. 8564 (New Series), entitled "Governing the construction, equipment, maintenance and operation of public, commercial and private garages; regulating and providing for the storage and use of gasoline in connection with public, commercial and private garages; duties of the Fire Marshal; penalties for violation; repealing Ordinance No. 746 (New Series), and all ordinances and parts of ordinances in so far as they conflict with this ordinance," *by prescribing the limits within which permits may be granted for the establishment of public or commercial garages with respect to any school, church, theatre, or hospital.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2 (Subdivision (e)), of Ordinance No. 8564 (New Series), the title of which is recited above, be and the same is hereby amended to read as follows:

## PRESENTATION OF PROPOSALS.

### Sale $3,000,000 of Tax Anticipation Notes.

Sealed bids for the purchase of Tax Anticipation Notes issued by the City and County of San Francisco, pursuant to Ordinance No. 9.0337, in the amount of Three Million Dollars ($3,000,000) were received by the Board of Supervisors up to the hour of 3 o'clock p. m. this day and opened by said Board at said time.

The Tax Anticipation Notes are described as follows, to-wit:

Notes in the amount of Three Million Dollars ($3,000,000) in denominations of ten thousand dollars ($10,000) each, to be dated as of the day of delivery thereof and to be payable to bearer on May 15, 1936, and issued under authority of Ordinance No. 9.0337 and payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1935-1936, without preference or priority of any one note over any other note. All of said notes shall constitute a first lien and charge against said taxes collected during the half of the fiscal year 1935-1936 in which said money represented by said notes, respectively, shall be borrowed and shall be repaid from the first moneys received from said taxes and before any part thereof is used for any other purpose. Any of said notes not paid at maturity shall nevertheless be paid out of moneys received from the taxes for said fiscal year 1935-1936, irrespective of the date the same shall be so received.

Said Notes will bear interest at the rate or rates not to exceed six (6) per cent per annum as shall be named by the bidder, said interest to be paid at maturity of said Notes.

The said Notes will be sold and awarded to the bidder or bidders offering to purchase the same at the lowest rate or rates of interest computed from the date fixed for the presentation of bids to May 15, 1936. If two or more bidders offer to purchase said Notes at the same lowest rate or rates of interest, the Board of Supervisors shall determine which bid shall be accepted. Interest shall be computed on the basis of three hundred sixty-five (365) days per year.

The right is reserved by the Board of Supervisors to reject any and all bids.

All proposals for the purchase of said Notes shall be accompanied by a deposit of five (5) per cent of the amount of the bid in lawful money of the United States, or by the deposit of a certified check for said five (5) per cent, payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco, provided that no deposit exceed the sum of ten thousand dollars ($10,000); which deposit of money or check shall be forfeited by the bidder in case he fails to accept and pay for the Notes bid for by him if his bid is accepted.

The approval of Messrs. Orrick, Palmer & Dahlquist, attorneys at law, San Francisco, California, as to the legality of the aforesaid notes, will be furnished to the successful bidder or bidders for said notes without cost.

**Bids.**

The following bids were received, opened, read and *referred to Finance Committee*:

1. The First Boston Corporation. In accordance with your published notice of sale dated January 9th, we will pay $3,000,000 plus a premium of $11.50 for all but not for any part of $3,000,000 par value Tax Anticipation Notes of the City and County of San Francisco, maturing May 15, 1936, to bear interest at the rate of thirteen one hundredths of one per cent (.13 of 1%) per annum.

2. Bankamerica Company, American Trust Company, The Anglo California National Bank; by Bankamerica Company, by M. S. Prosser. For the $3,000,000 par value Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed notice of sale, we hereby bid you par, and in addition thereto a premium of $29.

**Adopted.**

Subsequently the Finance Committee recommended the following resolution, which was *adopted*:

**Sale of $3,000,000 Tax Anticipation Notes.**

(Code No. 9.033)

Resolution No. 2346, as follows:

Whereas, after due notice given as provided by Ordinance No. 9.0337 that sealed proposals for the purchase of three million dollars ($3,000,000) Tax Anticipation Notes of the City and County of San Francisco would be received and considered up to the hour of 3 o'clock p. m., on Monday, January 13, 1936; and

Whereas, two bids were received and opened in accordance with the aforesaid notice of sale, and the same having been duly considered; therefore

Resolved, That the bid of The First Boston Corporation by R. L. Harter, assistant manager, San Francisco, January 13, 1936, is hereby accepted, as follows:

"In accordance with your published notice of sale dated January 9th, we will pay $3,000,000, plus a premium of $11.50 for all but not for any part of $3,000,000 par value Tax Anticipation Notes of the City and

County of San Francisco, maturing May 15, 1936, to bear interest at the rate of thirteen one hundredths of one per cent (.13 of 1%) per annum.

"We enclose our certified check in the amount of $10,000, which is evidence of good faith.

"Very truly yours,

"The First Boston Corporation,
"By L. R. Harter, Assistant Manager."

That all other bids for said Tax Anticipation Notes be rejected and the Clerk is hereby directed to return certified checks accompanying the same.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

## SPECIAL ORDER—3 P. M.

The following matter was taken up:

**Amending Section 54 of Ordinance No. 5132 (New Series), Concerning Public Passenger Vehicles and Entitled "Imposing License Taxes on Certain Businesses," etc., etc.**

(Code No. 3.041)

Bill No. 877, Ordinance No. 3.04157, as follows:

Amending section 54 of Ordinance No. 5132 (New Series), concerning public passenger vehicles and entitled "Imposing License Taxes on Certain Businesses, Callings, Trades or Employments Within the City and County of San Francisco," in effect July 1, 1920, and repealing Resolutions 33951, 34139 (New Series).

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 54 of Ordinance No. 5132 (New Series), the title of which is recited above, is amended to read as follows:

Section 54. Every person, firm or corporation owning *or directly or indirectly operating* any public passenger vehicle, except railroad cars, shall, *after first obtaining a permit from the Police Department, which permit must be represented by an operative vehicle for which a current City license must be obtained,* pay a license tax therefor, as follows:

For each such vehicle One ($1.00) Dollar per annum for each passenger seating capacity of said vehicle.

*In determining the seating capacity of any such vehicle the driver thereof shall be included.*

The metallic plate issued as part of the license must be of such design, color and material as the Tax Collector shall prescribe and each plate must clearly show the year for which it is issued. Provided, that it shall be in quality of material and workmanship equal to that of the license plate issued by the State Motor Vehicle Department; that in size, each plate shall be nine (9) inches by 2½ inches and, when used on motor-drawn vehicles it shall be perforated so as to make it attachable to the State Motor Vehicle License Plate or fastened at the front of each motor-drawn vehicle. When used on horse-drawn vehicles it shall be perforated so as to permit of attachment in a conspicuous place on the right-hand side of each horse-drawn vehicle. Provided, further, that all letters stamped or printed upon the face of the plate shall be at least ⅝ x ⅝ inches and all numbers 1 x ⅝ inches in size.

It shall be unlawful for any owner or operator of a vehicle subject to this license tax to *operate any such vehicle upon the public highways or streets of the City and County of San Francisco without first affixing such license plate to said motor vehicle by attaching it to the front state motor vehicle license plate or fastening it on the outside front of such vehicle, or, when used on horse-drawn vehicles, without first attaching it in a conspicuous place on the right-hand side of said*

*horse-drawn vehicle, or* to permit an expired vehicle license plate to remain on any vehicle after December 31st of each calendar year. No substitute for this license plate shall be permitted. It shall be unlawful to affix license plates in any other position on a vehicle than that authorized by this ordinance.

*On the 31st day of December of each year the Police Department shall notify the Controller and the Tax Collector of the number of public passenger vehicle permits in effect, and the seating capacity of the vehicles for which the permits were granted, and whenever additional permits are granted, or existing permits are transferred or revoked during the year, the Controller and the Tax Collector shall be notified of same immediately. These notifications shall be in writing and signed by the Chief of Police or his duly authorized representative.*

Every person engaged in the business or occupation of driver or motorman of any public passenger vehicle specified in this section shall pay One ($1.00) Dollar for a driver's badge to be issued by the Tax Collector, which badge shall be of such design and lettering as he shall determine. Upon the presentation of a driver's annual permit, granted by the Police Department, the Tax Collector shall issue annually, to the person named in such permit, a driver's annual identification card upon the payment of One ($1.00) Dollar, provided said person is the owner of a driver's badge and exhibit such badge at the time of making the application. *The obtaining or renewal of this driver's identification card and/or badge shall be subject to the penalty provisions of this ordinance.* All licenses issued under the provisions of this section shall date from the first day of January of each year and shall be issued for one year from the date aforesaid.

**Privilege of the Floor.**

Ignatius Richardson of Delinquent Revenue Department was heard at length on the pending question.

**Passed for Second Reading.**

Whereupon, the foregoing bill was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

## SPECIAL ORDER—3:30 P. M.

**Budget Appropriation Requested for Reclamation of Tidelands at South Basin.**

December 30, 1935, Supervisor Uhl requested that the matter of an appropriation in the next budget recommended by the Civic League for the filling in of certain blocks of land at South Basin be made a *Special Order of Business for 3:30 p. m. this day.*

*So ordered.*

Supervisor Uhl stated in connection with the foregoing that he was in favor of reclaiming some 1000 acres of tide lands, but that since budget making is a long way off, he had no objection to laying the matter over another week.

Geo. Gearhardt, representing the Civic League of Improvement Clubs, was heard in favor of the proposed reclamation project. The City, he said, owns four blocks of land which, together with the adjoining streets, should be reclaimed.

Supervisor Shannon, seconded by Supervisor Colman, moved that the matter be referred to the Mayor for inclusion in the Budget and if the Mayor doesn't include it the Board of Supervisors can then give it consideration.

There being no objection it was *so ordered.*

## UNFINISHED BUSINESS.

### Indefinitely Postponed.

The following bill was taken up and *indefinitely postponed*:

**Providing for the Establishment of a Store or Stores in the County Jails, and the Manner of Conducting Same, and Disposition of the Proceeds of Sales in Said Stores.**

(Code No. 7.06)

On recommendation of Finance Committee.

Bill No. 872, Ordinance No. 7.061, as follows:

Providing for the establishment by the Sheriff of a store, or stores, in the County Jail or jails of the City and County of San Francisco, and for the manner of conducting the same, and for the disposition of the proceeds of the sales in said stores.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to the authority of subdivision three of Section 4041.21 of the Political Code of California, the Sheriff of the City and County of San Francisco is hereby authorized to maintain and operate a store in each of the County Jails maintained by the City and County of San Francisco, and for said purpose to purchase food, confectionery, tobacco and tobacco users' supplies, postage, writing materials and toilet articles and supplies, and to sell such goods, articles and supplies to the prisoners confined in said jails.

Section 2. All of such sales shall be for cash, provided, however, that for the convenient handling of cash belonging to said prisoners, the said Sheriff is hereby authorized to issue scrip representing cash in such denominations as he shall determine and to sell the same to said prisoners, and said scrip shall be redeemable in merchandise at said stores for the face value thereof. It shall be unlawful for any prisoner to whom said scrip is issued, sold or delivered to give or transfer or assign the same to any other prisoner, or to permit the same to be used by any other prisoner, and the giving or transferring of any such scrip by any prisoner to another shall be sufficient reason for the cancellation and forfeiture of the same.

Section 3. All articles, goods and merchandise maintained and kept in said stores shall be sold to said prisoners at cost, plus a reasonable handling charge to be determined by the Sheriff, and the proceeds of all sales made in said stores shall be deposited in the Treasury of the City and County as provided by Charter.

Section 4. The purchase of all goods, wares and merchandise for said stores shall be made through the Purchaser of Supplies and in accordance with the purchasing procedure provided by Charter and by the Purchasing Procedure Ordinance.

Section 5. The Sheriff shall keep full and true books of account showing all transactions in said stores and between the first and tenth of each month shall render to the Controller a statement showing said transactions for the preceding month and the amount of unsold merchandise on hand at the end of the said month. The Controller shall examine said statements when the same are rendered and compare same with the books of the Sheriff. Said statements shall be in such form as the Controller shall provide.

Section 6. The Sheriff shall make and enforce all reasonable rules for the conduct and maintenance of said stores.

### Final Passage.

The following substitute bills were *finally passed* in lieu of the foregoing:

**Providing for the Establishment of Sheriff's Store or Stores in Jail, the Manner of Conducting Same, and Disposition of Proceeds and Declaring the Existence of an Emergency.**
(Code No. 7.06)

On recommendation of Finance Committee.

Bill No. 872, Ordinance No. 7.061, as follows:

Providing for the establishment by the Sheriff of a store or stores in the County Jail or Jails of the City and County of San Francisco, and for the manner of conducting the same, and for the disposition of the proceeds of the sales in said store or stores; establishing a Sheriff's Stores Revolving Fund for the purchase of supplies of said store or stores; making an appropriation for said fund and declaring that this ordinance is passed as an emergency measure.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to the authority of Section 4041.21 of the Political Code of California, the Sheriff of the City and County of San Francisco is hereby authorized to establish, maintain and operate a store in each of the County Jails maintained by the City and County of San Francisco, and for said purpose to purchase food, confectionery, tobacco and tobacco users' supplies, postage, writing materials and toilet articles and supplies out of such funds as may be set aside for such purposes; and to sell such goods, articles and supplies to the prisoners confined in the said jails.

Section 2. The purchase of all goods, wares and merchandise for said stores shall be made through the Purchaser of Supplies and in accordance with the purchasing procedure provided by Charter and by the Purchasing Procedure Ordinance.

Section 3. All articles, goods and merchandise maintained in said stores shall be sold to said prisoners at cost plus a reasonable handling charge and the proceeds of all sales made in said stores shall be deposited in the Treasury of the City and County of San Francisco. The Controller shall monthly adjust the money so deposited in the following manner:

a. That portion of the sales price which represents the cost of the commodity shall be credited to the Sheriff's Stores Revolving Fund.

b. That portion of the sales price which represents the handling charge shall be credited to the general fund.

Section 4. All of such sales shall be for cash, provided, however, that for the convenient handling of cash belonging to said prisoners, the said Sheriff is hereby authorized to issue scrip representing cash in such denominations as he shall determine and to sell the same to said prisoners at the face value thereof, and said scrip shall be redeemable in merchandise at said stores for the face value thereof. It shall be unlawful for any prisoner to whom said scrip is issued, sold or delivered to give or transfer or assign the same to any other prisoner, or to permit the same to be used by any other prisoner, and the giving or transferring of any such scrip by any prisoner to another shall be sufficient reason for the cancellation and forfeiture of the same; and provided further that all scrip in the legal possession of a prisoner upon his discharge shall be immediately presented for refund, otherwise said prisoner shall forfeit all rights of refund and recovery.

Section 5. The Controller shall prescribe the manner in which the Sheriff shall keep all accounts showing the transactions of said store or stores, as well as the procedure for, and the manner in which reports and accounts regarding said store or stores shall be rendered to said Controller.

Section 6. The Sheriff shall make and enforce reasonable rules for the conduct and maintenance of said stores.

Section 7. There is hereby established a revolving fund to be known as the Sheriff's Stores Revolving Fund; said fund shall be maintained

in the Treasury of the City and County of San Francisco. All amounts due for supplies for said Sheriff's store or stores shall be paid from said fund, in such manner as the Controller shall direct.

Section 8. The sum of Two Thousand ($2,000) Dollars is hereby appropriated and set aside from the Emergency Reserve Fund to said Sheriff's Stores Revolving Fund to be used for the purposes hereinbefore set forth.

Section 9. This ordinance is passed as an emergency measure, and the Board of Supervisors does, by the vote by which this ordinance is passed, declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being as follows:

That for the orderly conduct of the jails under the jurisdiction of the Sheriff and for the uninterrupted operation of the office of the Sheriff of the City and County of San Francisco the establishment of said Sheriff's stores is immediately necessary, and that no funds other than from the Emergency Reserve Fund are available to establish said stores.

Approved as to form: Jno. J. O'Toole, City Attorney.

Appropriation and establishment of revolving fund recommended: Angelo J. Rossi, Mayor.

Funds available: Leonard S. Leavy, Controller.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Establishing Revolving Fund to Be Known as Sheriff's Transportation Fund, and Declaring Existence of an Emergency.**

(Code No. 7.06)

Also, Bill No. 890, Ordinance No. 7.062, as follows:

Establishing a Revolving Fund to be known as "Sheriff's Transportation Fund" for the purpose of providing funds to defray the cost of the transportation by the Sheriff of the City and County of San Francisco of persons committed to State Institutions, and providing the method in which said fund shall be replenished, and making an appropriation from the Emergency Reserve Fund to said Sheriff's Transportation Fund, and declaring that this ordinance is passed as an emergency measure.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby established a revolving fund to be known as the "Sheriff's Transportation Fund" for the purpose of providing funds to defray the cost of the transportation by the Sheriff of the City and County of San Francisco of persons committed to State Institutions.

Section 2. The sum of Four Thousand ($4,000) Dollars is hereby appropriated from the Emergency Reserve Fund to said Sheriff's Transportation Fund to be used for the purpose for which said fund is created.

Section 3. Such fund shall be maintained either in the treasury of the City and County of San Francisco or in such bank or banks as may be designated by the Sheriff, or may be maintained partly in the treasury of the City and County of San Francisco and partly in such bank or banks as may be designated by the Sheriff, and the Sheriff is authorized at all times to maintain in his office a sufficient amount of cash from said fund to meet his immediate needs for defraying the cost of transportation of persons committed to State Institutions.

Section 4. Such portions of said funds as are maintained in the treasury shall be drawn therefrom in the manner provided by law, and such portions of said funds as are deposited by the Sheriff in any bank or banks shall be withdrawn from said bank or banks upon checks signed by the Sheriff or by such deputies or assistants as he shall designate.

Section 5. The Sheriff shall at least once each month prepare a claim against the State of California for the cost of transporting persons committed to State Institutions. Such claim or claims shall be subject to audit and approval by the Controller prior to being submitted to the State of California.

Section 6. All moneys received by the Sheriff in payment of the claims referred to in Section 5 hereof shall be deposited to the credit of the Sheriff's Transportation Fund.

Section 7. Whenever it shall be the duty of the Sheriff to transport persons committed to State institutions and the fees or costs for transporting said persons are a charge against the City and County of San Francisco, the cost of said transportation of said persons shall be paid out of the Sheriff's Transportation Fund and said fund shall be reimbursed in the manner provided by the Controller from the proper City and County Fund for all such amounts paid from said Sheriff's Transportation Fund.

Section 8. The Controller is hereby directed and it shall be his duty to prescribe procedure governing the auditing, accounting and reporting hereunder in accordance with the provisions of Sections 64 and 75 of the Charter.

Section 9. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare, by the vote by which this ordinance is passed, that an emergency exists, which necessitates this ordinance becoming effective forthwith. The nature of said emergency being as follows, to-wit:

That there is no fund provided to enable the Sheriff of the City and County of San Francisco to defray the cost of transporting persons committed to State institutions, and it being the duty of the Sheriff to transport said persons, it is necessary that this ordinance should become effective at once in order to make provision for the interrupted operation of the office of the Sheriff of the City and County of San Francisco, and there are no funds available from any other source save and except from the Emergency Reserve Fund from which said appropriation can be made.

Approved as to form: City Attorney.

Appropriation and establishment of Revolving Fund recommended: Mayor.

Funds available: Controller.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Passed for Second Reading.**

The following bills were *passed for second reading*:

**Authorizing Supplemental Appropriation of $300,000 from Surplus Existing in Water Revenue Fund to Credit of Water Department Stores Revolving Fund, Which is Hereby Created, for Purposes of Providing for Purchases, etc., Required for Use of San Francisco Water Department, and Providing Procedure Therefor.**

(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 886, Ordinance No. 9.051226 as follows:

Authorizing a supplemental appropriation of $300,000 out of the surplus existing in the Water Revenue Fund to the credit of the Water Department Stores Revolving Fund which is hereby created for the purpose of providing for the purchase, storage, and clearance of materials and supplies required for the use of the San Francisco Water Department and providing the procedure therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated and set aside out of the surplus existing in the Water Revenue Fund the sum of $300,000 to the credit of the Water Department Stores Revolving Fund which is hereby created for the purchase, storage, and clearance of materials and supplies required for the use of the San Francisco Water Department in connection with its performance.

Section 2. In determining the amount of cash to be contributed from the surplus existing in the Water Revenue Fund there shall first be deducted from the amount herein appropriated the value at cost of the stores on hand to the credit of the Water Revenue Fund, Water Depre-

ciation Fund, and Water Extension Reserve Fund as of the effective date of this ordinance. The value at cost of the said stores as of the effective date of this ordinance, together with the amount of cash to be contributed from the surplus existing in the Water Revenue Fund, as herein recited, shall constitute the resources of this fund as herein created.

Section 3. All purchases of materials and supplies required for the use of the San Francisco Water Department shall be purchased out of the Water Department Stores Revolving Fund. All withdrawals from stores shall be paid for out of the funds provided for current or specific purposes by each Annual Appropriation Ordinance or each supplemental Appropriation Ordinance. The funds provided by each such payment shall be deposited to the credit of the Water Department Stores Revolving Fund.

Section 4. Should the unencumbered balance of the Water Department Stores Revolving Fund be insufficient at any time to purchase materials or supplies which are required for the immediate use of the San Francisco Water Department, and funds have been appropriated for that purpose, the Controller may, upon the recommendation of the Department Head and the approval of the Manager of Utilities, transfer the required amount from the funds so appropriated and make them available in the Water Department Stores Revolving Fund for the purchase of the required materials and supplies.

Section 5. Pursuant to the provisions of Section 88 of the Charter, the Purchaser of Supplies is hereby directed and it shall be his duty to take charge of the storerooms and warehouses operated hereunder.

Section 6. The Controller is hereby directed and it shall be his duty to prescribe the procedure governing the purchase and issuance of stores and the accounting therefor in accordance with the provisions of Section 64 of the Charter.

Approved as to form: Jno. J. O'Toole, City Attorney.

**Authorizing Supplemental Appropriation of $200,000 from Municipal Railway Operating Fund to Credit of Municipal Railway Stores Revolving Fund, Which is Hereby Created, for Purchase, etc., for Municipal Railway, and Providing Procedure Therefor.**

(Code No. 9.051)

Also, Bill No. 887, Ordinance No. 9.051227, as follows:

Authorizing a supplemental appropriation of $200,000 out of the surplus existing in the Municipal Railway Operative Fund to the credit of the Municipal Railway Stores Revolving Fund which is hereby created for the purpose of providing for the purchase, storage, and clearance of materials and supplies required for the use of the Municipal Railway and providing the procedure therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated and set aside out of the surplus existing in the Municipal Railway Operative Fund the sum of $200,000 to the credit of the Municipal Railway Stores Revolving Fund which is hereby created for the purchase, storage and clearance of materials and supplies required for the use of the Municipal Railway in connection with its performance.

Section 2. In determining the amount of cash to be contributed from the surplus existing in the Municipal Railway Operative Fund there shall first be deducted from the amount herein appropriated the value at cost of the stores on hand to the credit of the Municipal Railway Operative Fund and Municipal Railway Depreciation Fund as of the effective date of this ordinance. The value at cost of the said stores as of the effective date of this ordinance, together with the amount of cash to be contributed from the surplus existing in the Municipal Railway Operative Fund, as herein recited, shall constitute the resources of this fund as herein created.

Section 3. All purchases of materials and supplies required for the use of the Municipal Railway shall be purchased out of the Municipal Railway Stores Revolving Fund. All withdrawals from stores shall be paid for out of the funds provided for current or specific purposes by each Annual Appropriation Ordinance or each supplemental Appropriation Ordinance. The funds provided by each such payment shall be deposited to the credit of the Municipal Railway Stores Revolving Fund.

Section 4. Should the unencumbered balance of the Municipal Railway Stores Revolving Fund be insufficient at any time to purchase materials or supplies which are required for the immediate use of the Municipal Railway, and funds have been appropriated for that purpose, the Controller may, upon the recommendation of the Department Head and the approval of the Manager of Utilities, transfer the required amount from the funds so appropriated and make them available in the Municipal Railway Stores Revolving Fund for the purchase of the required materials and supplies.

Section 5. Pursuant to the provisions of Section 88 of the Charter, the Purchaser of Supplies is hereby directed and it shall be his duty to take charge of the storerooms and warehouses operated hereunder.

Section 6. The Controller is hereby directed and it shall be his duty to prescribe the procedure governing the purchase and issuance of stores and the accounting therefor in accordance with the provisions of Section 64 of the Charter.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

### Report of Special Committee on Disposal of Hetch Hetchy Power. Motion.

Supervisor Shannon moved to take up report of the Special Committee on Disposal of Hetch Hetchy Power.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—9.

Noes—Supervisors Schmidt, Uhl—2.

Whereupon, the following report was presented and read by the Clerk:

San Francisco, California,

January 9, 1936.

To the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your Special Committee to Study and Report on Disposal of Hetch Hetchy Power, consisting of Supervisors McSheehy (Chairman), Colman, Havenner, Meyer, Shannon, at its meeting Thursday, January 9, 1936, took the following action with regard to the four plans of procedure as to the disposal of Hetch Hetchy power submitted by the Public Utilities Commission December 20, 1935:

Supervisor Shannon, seconded by Supervisor Havenner, moved that this Committee recommend that the Board of Supervisors approve Plan 4, and submit it to the Secretary of the Interior Ickes. The other three plans can be taken back by the Committee that will go to Washington, and if the Secretary disapproves of Plan 4 we can ask him if he approves of any of the other three plans.

Motion *carried* by the following vote:

Ayes—Supervisors Colman, Havenner, McSheehy, Meyer, Shannon —5. (Unanimous.)

Respectfully submitted,

SPECIAL COMMITTEE TO STUDY AND REPORT ON DISPOSAL OF HETCH HETCHY POWER,

JAS. B. McSHEEHY,
Chairman.

JESSE C. COLMAN,
Member.

FRANCK R. HAVENNER,
Member.

FRED W. MEYER,
Member.

WARREN SHANNON,
Member.

After discussion, the following resolution, on motion of Supervisor Shannon, seconded by Supervisor McSheehy, was *adopted* by the following vote:

**Submission of Plan 4 of the Public Utilities Commission for the Distribution of Hetch Hetchy Power to the Secretary of the Interior.**

(Code No. 15.032)

Resolution No. 2345, as follows:

Resolved, by the Board of Supervisors of the City and County of San Francisco, That the Board does hereby approve Plan No. 4 entitled "Scheme Four, subject: Distributing the Full Capacity of the Hetch Hetchy plants," as indicated in the report filed December 20, 1935, by the Public Utilities Commission; and be it

Further Resolved, That this matter be forwarded to the Secretary of the Interior of the United States in due time, and that other plans heretofore reported by the Public Utilities Commission accompany the same for the information and action of the Secretary, in the event he disapproves Plan No. 4.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Explanations of Vote.**

Supervisor Colman explained his vote by saying that, on the advice of the City Attorney, the adoption of the foregoing had no legal effect on any future action of this Board of Supervisors and that it did not bind members in any way, that he would vote in favor of it.

Supervisor Uhl read the following statement into the record, to-wit:

*From Secretary Ickes' Letter, August* 24, 1935.

"The question before me for decision is whether the action of the City and County of San Francisco in contracting with the Pacific Gas and Electric Company for the distribution of electric power generated by it in connection with the Hetch Hetchy Project constitutes a violation of the provisions of the Raker Act (38 Stat. 242). By that act the City and County of San Francisco was authorized to construct and operate the Hetch Hetchy Project within the Yosemite National Park, the Stanislaus National Forest and the public domain of the United States.

"In the autumn of 1934 I instructed the Solicitor of the Department of the Interior to advise me whether, in his opinion, the Raker Act was being violated. Shortly thereafter I directed the Director of the Division of Investigations to investigate and report to me on the facts in connection with the arrangement between the City and County of San Francisco and the Pacific Gas and Electric Company, whereby the latter named corporation was distributing this electric power. This report on the facts was submitted to me on February 4, last, with an accompanying memorandum by the Solicitor on the law involved. Thereafter, on May 6, last, I held an open hearing at the Interior Department in the City of Washington at which San Francisco and other interested parties were represented. At and since the time of that hearing several briefs pertinent to the inquiry have been filed with me and a considerable amount of argumentative correspondence has been received.

"After careful consideration of all the facts presented and of the arguments made on behalf of the City and County of San Francisco and other interested parties, I have come to the conclusion that the provisions of the Raker Act are being and for some time past have been violated.

"As the act expressly prohibits the sale of power for the purpose of resale, despite which San Francisco is actually selling Hetch Hetchy power for the purpose of resale. In such circumstances there is, in my opinion, no possible conclusion other than that San Francisco is not complying, either absolutely or 'reasonably', as specified in section 9 (u) of the act, with the requirements prescribed by Congress. The Raker Act is clearly being violated."

Now regarding Plan No. 4, despite Mr. Ickes' opinion above set forth, Mr. Cahill in Plan No. 4 states: "A more satisfactory arrangement from every standpoint is for the City to continue the present contract with the Pacific Gas and Electric Company by which it will deliver at Newark, the entire output of Hetch Hetchy at a 75 per cent load factor." It is inconceivable how Mr. Cahill can suggest such an arrangement in the face of Mr. Ickes' opinion.

This plan is certainly most favorable to San Francisco, and I hope that the Pacific Gas and Electric Company will approve same. I will vote in favor of asking the Pacific Gas and Electric Company if they will accept Plan No. 4 with the distinct understanding, however, that it is the plan of Mr. Cahill, manager of the Public Utilities Commission and not the plan of the Board of Supervisors.

I cannot conceive of the Pacific Gas and Electric Company putting San Francisco into the power business as their competitor, and having San Francisco take from the Pacific Gas and Electric 37 per cent of its power business, neither can I conceive of the Pacific Gas and Electric Company giving San Francisco the benefit of its 75 per cent load factor in face of San Francisco taking from the Pacific Gas and Electric Company 37 per cent of its business.

Therefore, my judgment is that we should ascertain from the Pacific Gas and Electric Company whether they will accept Plan No. 4 before we decide to send a delegation to Washington to wait on Mr. Ickes.

**Motion.**

Supervisor Uhl, seconded by Supervisor Colman, moved that Mr. Cahill, Manager of Utilities, be authorized to make appointment with Harold L. Ickes, Secretary of the Interior, for hearing delegation from San Francisco to present report.

There being no objection, it was *so ordered.*

Supervisor Shannon moved that the President be authorized to appoint the Mayor, the Manager of Utilities Cahill and himself and one other as members of the committee to go to Washington to present the Board's recommendation to the Secretary of the Interior.

There being no objection, it was *so ordered.*

**Adopted.**

The following recommendation of the Mayor was *adopted*:

**Leave of Absence—George Filmer.**

(Code No. 4.053)

Resolution No. 2347, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Honorable George Filmer, member of the Public Utilities Commission, is hereby granted a leave of absence for a period of thirty days commencing January 16, 1936, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Mayor Requested to Appoint Citizens' Committee to Promote Sixth Annual Charity Football Game Under Auspices of Knights of Columbus, Kezar Stadium, January 19, 1936.**

(Code No. 5.92)

Supervisor Shannon presented:

Resolution No. 2348, as follows:

Whereas, the Sixth Annual Charity Football Game held under the auspices of the San Francisco Chapter of the Knights of Columbus will be played at Kezar Stadium, January 19, 1936; and

Whereas, the proceeds of this game are used to maintain the Knights of Columbus Free Non-Sectarian Employment Bureau and to assist other charities of San Francisco; now, therefore, be it

Resolved, That his Honor the Mayor is hereby respectfully requested to appoint a Citizens' Committee to assist in the promotion of the Sixth Annual Knights of Columbus Charity Football Game.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Appointment of Standing Committees.**

The following was presented by President Havenner, read and made part of the record:

Bill No. 727, Ordinance No. 11.08211, as follows:

Regulating the establishment, construction, maintenance and operation of premises, buildings and structures to be used as gasoline supply stations; regulating and providing for the storage and use of gasoline in connection therewith; repealing Ordinances Nos. 2659 (New Series) and 11.051 *and providing a penalty for violations of this ordinance.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Definitions: The following terms shall have the following meanings whenever used in this ordinance:

(a) A gasoline supply station shall be held to mean any lot, wharf, pier or other premises, including all buildings and structures thereon, devoted to the purpose of selling or dispensing gasoline or volatile liquids as fuel to automobiles, motor vehicles, motorboats, launches or other motor propelled vessels.

(b) Gasoline or volatile liquids shall mean any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit. The Fire Marshal shall determine the flash point.

(c) Fire Marshal shall mean the Fire Marshal of the City and County of San Francisco.

(d) Approved shall mean approved by the Fire Marshal.

(e) *School: for the purposes of this ordinance, shall mean any building in which is housed any institution of learning conducted or operated under the jurisdiction of the Board of Education of the City and County of San Francisco, or any institution of learning wherein a general course of study is maintained or carried on by the State of California or by any agency thereof, or any institution of learning, attendance at which will satisfy the compulsory educational laws of the State of California, or any college or university whereat advanced courses in advanced education are maintained and which has an average daily attendance of, at least, twenty pupils.*

(f) Hospital: shall mean any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.

(g) *Church: for the purposes of this ordinance, is defined to be any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

(h) *Theatre: for the purposes of this ordinance, is any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

(i) Districts or Zones: shall mean districts or zones as established or re-zoned by the City Planning Commission.

*Section 2. Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the boundaries of which shall come within sixty (60) feet of the property line of any school, church, theatre or within 200 feet of the exterior boundary of any hospital building; said measurements to be taken in a straight line.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such gasoline supply station, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any gasoline supply station, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the gasoline supply station for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a gasoline supply station, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

Section 3. Construction: All buildings or structures erected, maintained or operated upon the premises of a gasoline supply station not exceeding one story in height, shall be of Class A, B, or C construction as defined by the building laws of the City and County of San

Francisco, or, if not more than eighteen (18) feet in height, they may be constructed of metal supported upon steel frame. If more than one story in height, they shall be of Class A or B construction.

The roofs of all buildings or structures erected or maintained upon the premises of a gasoline supply station shall be of fireproof construction, as defined in the building laws of the City and County of San Francisco, and all floors shall be constructed of incombustible materials.

No basement shall be allowed in any building or structure erected or maintained as a gasoline supply station.

A gasoline supply station shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a gasoline supply station and for such services as are by this ordinance specifically permitted in conjunction therewith, unless said building is of Class A or B construction; provided, however, that no gasoline supply station shall be maintained in any building that is occupied in any part as a church, school, hospital, theatre, hotel, apartment house, tenement house or place of public assemblage. The portion occupied as a gasoline supply station shall have no entrance, exit or other opening of any kind whatsover into other parts of the building not so occupied. All walls separating such portion occupied as a gasoline supply station from the remainder of the building shall be of masonry. The floors which constitute the ceiling of such gasoline supply station shall be of reinforced concrete slabs not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. All such slabs shall be reinforced so as to develop their full strength to resist upward pressures. No basement shall be permitted in any portion of a building or structure that is occupied or is so constructed as to be occupied as a gasoline supply station.

Where a gasoline supply station is erected or maintained in a building of Class A or B construction, any portion of which is used for other occupancies than those specifically permitted by the provisions of this ordinance, proper ventilation and a free circulation of air shall be provided, either by the installation of ventilating outlets in the outer walls of such buildings or by means of a mechanical exhaust ventilating system, as in the judgment of the Fire Department and/or the Department of Public Health may be required.

The size, number and location of ventilating outlets, when required, shall be determined by the Fire Department and/or the Department of Public Health, and the top of same shall be not more than eighteen (18) inches above the floor. Such outlets shall be protected with galvanized wire rods not less than three-eighths (⅜) inch in diameter so as to provide an opening of one-half (½) inch mesh. Protections of ornamental design may be used, provided they have the strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports.

Mechanical exhaust ventilating system, when required, shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of the space occupied as such gasoline supply station each hour. This mechanical exhaust shall be drawn from a point not more than eighteen (18) inches above the floor line and shall be evenly distributed over the entire area of such space. The fan discharge shall be taken to a point above the roof of the building or to outer air at a point not less than twenty (20) feet from any window or other opening in the building or any adjoining building, but in no event shall the fan discharge be taken to an inner court.

Section 4. Permit for gasoline and appliances used in connection with gasoline: The storing or keeping of gasoline or the installation, erection, alteration, replacement, repair or use of any gasoline pump, underground gasoline tank, pipe, appliances or devices used in connection with the storage or handling of gasoline at a gasoline supply

station, shall not be undertaken until a permit has been granted by the Fire Marshal. The Fire Marshal may refuse to grant and may revoke such permit for noncompliance with the provisions of this ordinance.

Section 5. Quantity of gasoline that may be stored: Not more than two (2) approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept above ground in or for any one gasoline supply station.

Gasoline may also be stored or kept for a gasoline supply station in approved underground tanks. Not more than five thousand (5,000) gallons of gasoline in the aggregate shall be stored or kept underground and no tank shall have a capacity greater than one thousand (1,000) gallons.

Section 6. Installation Requirements: (a) All underground gasoline tanks shall be placed outside of buildings and under the sidewalk area in a location designated by the Fire Marshal. The top of such tanks shall be at least four (4) feet below the sidewalk or grade and the space between the top of tanks and the sidewalk or grade shall be filled with earth.

(b) Where two (2) or more underground tanks are installed there shall be an approved concrete dividing wall of not less than twelve (12) inches in thickness or three (3) feet of earth between each tank.

(c) All underground tanks shall set on a firm foundation and, where water is encountered, tanks shall be placed in an approved water-tight concrete enclosure.

(d) Each underground tank shall have a separate filling pipe extending up to the sidewalk or grade, equipped with a cover and a metal plate flush with the sidewalk or grade. The filling pipe shall be of a diameter not larger than three (3) inches.

(e) Each underground tank shall have a separate vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet above the opening of the filling pipe and capped with an approved fitting. The vent pipe shall be on the outside of the buildings and terminate as far away as possible from any window or other building opening. The inside diameter of vent pipes shall not be less than one and one-quarter (1¼) inches, nor more than two (2) inches.

(f) All pipes shall be at least twelve (12) inches underground, shall have a fall toward the tank, shall be free of traps, sags or pockets, and shall be standard, full weight, galvanized iron, or equivalent.

(g) Gasoline shall be taken from underground tanks by means of approved pumps only, which shall be installed in locations designated by the Fire Marshal. No gravity, siphon or pressure system shall be used to take gasoline from any underground tank.

(h) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission to do so has been granted by said officer. The Fire Marshal shall be notified when the installation is complete and ready for inspection.

Section 7. Miscellaneous Safety Provisions: (a) Underground tanks shall be filled only through a hose connected to a vehicle used for the transportation of gasoline, leading through continuous metal fittings and connections, properly grounded to and into the filling pipe of underground tanks, or by an approved bucket, or other method approved by the Fire Marshal.

(b) The fuel tank of an automobile shall be filled only through a hose connected to a pump of a portable filling tank or underground tank.

(c) Gasoline shall not be kept or conveyed in open receptacles in or about the premises of a gasoline supply station, shall not be used for cleaning purposes and shall be stored or kept only in portable filling tanks or underground tanks. The storage or sale of gasoline or any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred ten (110) degrees Fahrenheit in glass bottles or other breakable containers is prohibited.

(d) All combustible waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises. Gasoline, oils, grease or inflammable liquid of any kind shall not be allowed to flow or be placed into the drainage system. Oil and grease shall not be allowed to accumulate on the floor. Sawdust shall not be kept and sawdust or other combustible material shall not be used to absorb oil, grease or gasoline.

(e) Smoking is prohibited in or about the premises of a gasoline supply station and the motor of an automobile shall not be in motion while filling the fuel tank with gasoline. Notice to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All waste oil (crankcase drainings) shall be kept in an approved underground tank, installed as required by the Fire Marshal.

(g) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept in or about the premises of a gasoline supply station unless approved by the Fire Marshal.

(h) The Fire Marshal shall have and is hereby vested with authority to make reasonable and necessary rules and regulations not inconsistent with the provisions hereof, respecting the use, operation, maintenance and construction of any appliance, device, apparatus, or equipment used in connection with gasoline, to carry into effect the intents and purposes of this ordinance.

(i) All electric motors or devices capable of emitting an exposed spark shall be located at least four (4) feet above the floor and all electric wiring shall be installed as required by the Department of Electricity. All portable electric lights shall be equipped with keyless sockets and lamp guards.

(j) There shall be maintained at all times in and about the premises of a gasoline supply station such number of approved, fully charged portable fire extinguishers and approved buckets, full at all times of clean, dry sand, as may be required by the Fire Marshal, but in no case shall there be less than two fire extinguishers and two buckets of sand. These appliances shall be installed in places designated by the Fire Marshal.

(k) *When a gasoline supply station is discontinued for a period of more than six months, or is dismantled, the person, firm, association or corporation who was last conducting, maintaining or operating such gasoline supply station shall either remove all underground tanks that were used in connection with such station, or cause the same to be filled with water or other non-inflammable liquid in accordance with the directions of the Fire Marshal.*

Section 8. Services Permitted: The sale of lubricating oils, greases, tires, batteries and other accessories, the cleaning, oiling and greasing of automobiles and the minor servicing and adjusting of brakes and electrical equipment, and the servicing and repairing of tires and batteries, shall be permitted upon any premises used as a gasoline supply station, but no repairs or reconditioning of the chassis, motors, engines, bodies, radiators or fenders of automobiles, motor vehicles, motor boats, launches or other motor propelled vessels, shall be permitted thereon. The storage, keeping or parking of automobiles, motor vehicles, motor boats, launches, etc., upon these premises, excepting as required for the before stated services, shall be prohibited. *All equipment for the washing of automobiles shall be properly housed and said washing conducted in accordance with such rules and regulations as the Chief Engineer of the Fire Department may make regarding the same.*

Section 9. Duties of the Fire Marshal: It shall be the duty of the Fire Marshal to see that the provisions of this ordinance are complied with, and for that purpose he shall have access to any and all premises or buildings used as gasoline supply stations.

Section 10. Penalty: Any person, firm, company or corporation that violates, disobeys or refuses to comply with any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten ($10) dollars nor more than fifty ($50) dollars, or by imprisonment in the County Jail for not more than thirty (30) days, or by both such fine and imprisonment, and such person, firm, company or corporation shall be deemed guilty of a separate offense for each and every day that such violation, disobedience or refusal continues and shall be subject to the penalty imposed by this ordinance for each and every separate offense.

Section 11. Ordinance No. 2659 (New Series), and Ordinance No. 11.051, together with any section of any other ordinance which is in conflict herewith is hereby repealed.

**Amendment to Garage Ordinance.**

(Code No. 11.0822)

Bill No. 776, Ordinance No. 11.08222, as follows:

Amending Section 2, Subdivison (E) thereof, of Ordinance No. 8564 (New Series), entitled "Governing the construction, equipment, maintenance and operation of public, commercial and private garages; regulating and providing for the storage and use of gasoline in connection with public, commercial and private garages; duties of the Fire Marshal; penalties for violation; repealing Ordinance No. 746 (New Series), and all ordinances and parts of ordinances in so far as they conflict with this ordinance," *by prescribing the limits within which permits may be granted for the establishment of public or commercial garages with respect to any school, church, theatre, or hospital.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2 (Subdivision (e) ), of Ordinance No. 8564 (New Series), the title of which is recited above, be and the same is hereby amended to read as follows:

(e) *Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a public or commercial garage within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a public or commercial garage upon any lot, wharf, pier, or other premises, the boundaries of which shall come within sixty (60) feet of the property line of any school, church, theatre, or within 200 feet of the exterior boundary of any hospital building; said measurements to be taken in a straight line.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such public or commercial garage, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any public or commercial garage, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the public or commercial garage for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a public or commercial garage, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

No additional permit shall be necessary to maintain and operate any public or commercial garage for which a permit has been heretofore issued in accordance with the provisions of any ordinance heretofore existing.

(f) *For the purposes of this ordinance, the following terms shall have the following definitions whenever the same are used in this ordinance:*

*School: Any building in which is housed any institution of learning conducted or operated under the jurisdiction of the Board of Education of the City and County of San Francisco, or any institution of learning wherein a general course of study is maintained or carried on by the State of California or by any agency thereof, or any institution of learning attendance at which will satisfy the compulsory educational laws of the State of California, or any college or university whereat advanced courses in advanced education are maintained and which has an average daily attendance of, at least, twenty pupils.*

*Hospital: Any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.*

*Church: Any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

*Theatre: Any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

**Motion.**

Supervisor Shannon moved to consider the question for one-half hour.

*So ordered.*

Supervisor McSheehy moved six persons be allowed to address the Board, three who favor the amendment submitted by Supervisor Ratto and three who oppose it, and that five minutes' time be given each speaker.

Motion *carried.*

**Privilege of the Floor.**

Whereupon, Mrs. Harry Thomas, Mrs. Thomas Best, and Robert Troy were heard in favor of Supervisor Ratto's amendment.

Mr. Lyon, representing Bay District Council Ornamental Iron Workers; Charles Brennan, Chief of Fire Department, and Andrew J. Gallagher representing Southern Promotion Association were heard in opposition to the amendment.

**Proposed Amendments.**

Supervisor Ratto moved to amend as follows:

Strike out the last four lines of Section 2 and insert instead thereof, the following: "or other premises, if any exterior boundary of said lot, wharf, pier or other premises shall come within sixty (60) feet of any exterior boundary of any real property on which any church or any theatre is constructed, or within two hundred (200) feet of any exterior boundary of any real property on which any school or any hospital is constructed, all of which said measurements are to be taken in a straight line."

Ayes—Supervisors Havenner, Ratto, Roncovieri, Schmidt, Uhl—5.

Noes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Shannon—6.

*Explanation of Vote.*

Supervisor Meyer explained his vote by saying that before the last session of the Board he was opposed to the rigid 200-foot limitations and that his opinion has not been changed in any way by the argument, that is why he votes *no.*

Supervisor Brown moved to amend by inserting the word "any" in the fourteenth line of Section 2 before the word "boundary."

No objection and it was *so ordered.*

The Clerk explained that such an amendment would necessitate republication of the ordinance.

Whereupon, Supervisor Brown requested to withdraw the amendment and Supervisor Colman moved to rescind the vote on it.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Shannon—7.

Noes—Supervisors Ratto, Roncovieri, Schmidt, Uhl—4.

**Final Passage.**

Whereupon, the foregoing bills in words and figures following were finally passed by the following vote:

**Gasoline Supply Stations.**

**(Code No. 11.0821)**

Bill No. 727, Ordinance No. 11.08211, as follows:

Regulating the establishment, construction, maintenance and operation of premises, buildings and structures to be used as gasoline supply stations; regulating and providing for the storage and use of gasoline in connection therewith; repealing Ordinances Nos. 2659 (New Series), and 11.051 *and providing a penalty for violations of this ordinance.*

**Be it ordained by the People of the City and County of San Francisco, as follows:**

Section 1. Definitions: The following terms shall have the following meanings whenever used in this ordinance:

(a) A gasoline supply station shall be held to mean any lot, wharf, pier or other premises, including all buildings and structures thereon, devoted to the purpose of selling or dispensing gasoline or volatile liquids as fuel to automobiles, motor vehicles, motorboats, launches or other motor propelled vessels.

(b) Gasoline or volatile liquids shall mean any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit. The Fire Marshal shall determine the flash point.

(c) Fire Marshal shall mean the Fire Marshal of the City and County of San Francisco.

(d) Approved shall mean approved by the Fire Marshal.

(e) *School: for the purposes of this ordinance, shall mean any building in which is housed any institution of learning conducted or operated under the jurisdiction of the Board of Education of the City and County of San Francisco, or any institution of learning wherein a general course of study is maintained or carried on by the State of California or by any agency thereof, or any institution of learning, attendance at which will satisfy the compulsory educational laws of the State of California, or any college or university whereat advanced courses in advanced education are maintained and which has an average daily attendance of, at least, twenty pupils.*

(f) Hospital: shall mean any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which

has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.

(g) *Church: for the purposes of this ordinance, is defined to be any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

(h) *Theatre: for the purposes of this ordinance, is any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

(i) Districts or Zones: shall mean districts or zones as established or re-zoned by the City Planning Commission.

*Section 2. Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the boundaries of which shall come within sixty (60) feet of the property line of any school, church, theatre or within 200 feet of the exterior boundary of any hospital building; said measurements to be taken in a straight line.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such gasoline supply station, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any gasoline supply station, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the gasoline supply station for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a gasoline supply station, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

Section 3. Construction: All buildings or structures erected, maintained or operated upon the premises of a gasoline supply station not exceeding one story in height, shall be of Class A, B or C construction as defined by the building laws of the City and County of San Francisco, or, if not more than eighteen (18) feet in height, they may be constructed of metal, supported upon steel frame. If more than one story in height, they shall be of Class A or B construction.

The roofs of all buildings or structures erected or maintained upon the premises of a gasoline supply station shall be of fireproof construction, as defined in the building laws of the City and County of San Francisco, and all floors shall be constructed of incombustible materials.

No basement shall be allowed in any building or structure erected or maintained as a gasoline supply station.

A gasoline supply station shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a gasoline supply station and for such services

as are by this ordinance specifically permitted in conjunction therewith, unless said building is of Class A or B construction; provided, however, that no gasoline supply station shall be maintained in any building that is occupied in any part as a church, school, hospital, theatre, hotel, apartment house, tenement house or place of public assemblage. The portion occupied as a gasoline supply station shall have no entrance, exit or other opening of any kind whatsoever into other parts of the building not so occupied. All walls separating such portion occupied as a gasoline supply station from the remainder of the building shall be of masonry. The floors which constitute the ceiling of such gasoline supply station shall be of reinforced concrete slabs not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. All such slabs shall be reinforced so as to develop their full strength to resist upward pressures. No basement shall be permitted in any portion of a building or structure that is occupied or is so constructed as to be occupied as a gasoline supply station.

Where a gasoline supply station is erected or maintained in a building of Class A or B construction, any portion of which is used for other occupancies than those specifically permitted by the provisions of this ordinance, proper ventilation and a free circulation of air shall be provided, either by the installation of ventilating outlets in the outer walls of such buildings or by means of a mechanical exhaust ventilating system, as in the judgment of the Fire Department and/or the Department of Public Health may be required.

The size, number and location of ventilating outlets, when required, shall oe determined by the Fire Department and/or the Department of Public Health, and the top of same shall be not more than eighteen (18) inches above the floor. Such outlets shall be protected with galvanized wire rods not less than three-eighths (⅜) inch in diameter so as to provide an opening of one-half (½) inch mesh. Protections of ornamental design may be used, provided they have the strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports.

Mechanical exhaust ventilating system, when required, shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of the space occupied as such gasoline supply station each hour. This mechanical exhaust shall be drawn from a point not more than eighteen (18) inches above the floor line and shall be evenly distributed over the entire area of such space. The fan discharge shall be taken to a point above the roof of the building or to outer air at a point not less than twenty (20) feet from any window or other opening in the building or any adjoining building, but in no event shall the fan discharge be taken to an inner court.

Section 4. Permit for gasoline and appliances used in connection with gasoline: The storing or keeping of gasoline or the installation, erection, alteration, replacement, repair or use of any gasoline pump, underground gasoline tank, pipe, appliances or devices used in connection with the storage or handling of gasoline at a gasoline supply station, shall not be undertaken until a permit has been granted by the Fire Marshal. The Fire Marshal may refuse to grant and may revoke such permit for noncompliance with the provisions of this ordinance.

Section 5. Quantity of gasoline that may be stored: Not more than two (2) approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept above ground in or for any one gasoline supply station.

Gasoline may also be stored or kept for a gasoline supply station in approved underground tanks. Not more than five thousand (5,000) gallons of gasoline in the aggregate shall be stored or kept under-

ground and no tank shall have a capacity greater than one thousand (1,000) gallons.

Section 6. Installation Requirements: (a) All underground gasoline tanks shall be placed outside of buildings and under the sidewalk area in a location designated by the Fire Marshal. The top of such tanks shall be at least four (4) feet below the sidewalk or grade and the space between the top of tanks and the sidewalk or grade shall be filled with earth.

(b) Where two (2) or more underground tanks are installed there shall be an approved concrete dividing wall of not less than twelve (12) inches in thickness or three (3) feet of earth between each tank.

(c) All underground tanks shall set on a firm foundation and, where water is encountered, tanks shall be placed in an approved water-tight concrete enclosure.

(d) Each underground tank shall have a separate filling pipe extending up to the sidewalk or grade, equipped with a cover and a metal plate flush with the sidewalk or grade. The filling pipe shall be of a diameter not larger than three (3) inches.

(e) Each underground tank shall have a separate vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet above the opening of the filling pipe and capped with an approved fitting. The vent pipe shall be on the outside of the buildings and terminate as far away as possible from any window or other building opening. The inside diameter of vent pipes shall not be less than one and one-quarter (1¼) inches, nor more than two (2) inches.

(f) All pipes shall be at least twelve (12) inches underground, shall have a fall toward the tank, shall be free of traps, sags or pockets, and shall be standard, full weight, galvanized iron, or equivalent.

(g) Gasoline shall be taken from underground tanks by means of approved pumps only, which shall be installed in locations designated by the Fire Marshal. No gravity, siphon or pressure system shall be used to take gasoline from any underground tank.

(h) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission to do so has been granted by said officer. The Fire Marshal shall be notified when the installation is complete and ready for inspection.

Section 7. Miscellaneous Safety Provisions: (a) Underground tanks shall be filled only through a hose connected to a vehicle used for the transportation of gasoline, leading through continuous metal fittings and connections, properly grounded to and into the filling pipe of underground tanks, or by an approved bucket, or other method approved by the Fire Marshal.

(b) The fuel tank of an automobile shall be filled only through a hose connected to a pump of a portable filling tank or underground tank.

(c) Gasoline shall not be kept or conveyed in open receptacles in or about the premises of a gasoline supply station, shall not be used for cleaning purposes and shall be stored or kept only in portable filling tanks or underground tanks. The storage or sale of gasoline or any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred ten (110) degrees Fahrenheit in glass bottles or other breakable containers is prohibited.

(d) All combustible waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises. Gasoline, oils, grease or inflammable liquid of any kind shall not be allowed to flow or be placed into the drainage system. Oil and grease shall not be allowed to accumulate on the floor. Sawdust shall not be kept and sawdust or other combustible material shall not be used to absorb oil, grease or gasoline.

(e) Smoking is prohibited in or about the premises of a gasoline supply station and the motor of an automobile shall not be in motion

while filling the fuel tank with gasoline. Notice to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All waste oil (crankcase drainings) shall be kept in an approved underground tank, installed as required by the Fire Marshal.

(g) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept in or about the premises of a gasoline supply station unless approved by the Fire Marshal.

(h) The Fire Marshal shall have and is hereby vested with authority to make reasonable and necessary rules and regulations not inconsistent with the provisions hereof, respecting the use, operation, maintenance and construction of any appliance, device, apparatus, or equipment used in connection with gasoline, to carry into effect the intents and purposes of this ordinance.

(i) All electric motors or devices capable of emitting an exposed spark shall be located at least four (4) feet above the floor and all electric wiring shall be installed as required by the Department of Electricity. All portable electric lights shall be equipped with keyless sockets and lamp guards.

(j) There shall be maintained at all times in and about the premises of a gasoline supply station such number of approved, fully charged portable fire extinguishers and approved buckets, full at all times of clean, dry sand, as may be required by the Fire Marshal, but in no case shall there be less than two fire extinguishers and two buckets of sand. These appliances shall be installed in places designated by the Fire Marshal.

(k) *When a gasoline supply station is discontinued for a period of more than six months, or is dismantled, the person, firm, association or corporation who was last conducting, maintaining or operating such gasoline supply station shall either remove all underground tanks that were used in connection with such station, or cause the same to be filled with water or other non-inflammable liquid in accordance with the directions of the Fire Marshal.*

Section 8. Services Permitted: The sale of lubricating oils, greases, tires, batteries and other accessories, the cleaning, oiling and greasing of automobiles and the minor servicing and adjusting of brakes and electrical equipment, and the servicing and repairing of tires and batteries, shall be permitted upon any premises used as a gasoline supply station, but no repairs or reconditioning of the chassis, motors, engines, bodies, radiators or fenders of automobiles, motor vehicles, motor boats, launches or other motor propelled vessels, shall be permitted thereon. The storage, keeping or parking of automobiles, motor vehicles, motor boats, launches, etc., upon these premises, excepting as required for the before stated services, shall be prohibited. *All equipment for the washing of automobiles shall be properly housed and said washing conducted in accordance with such rules and regulations as the Chief Engineer of the Fire Department may make regarding the same.*

Section 9. Duties of the Fire Marshal: It shall be the duty of the Fire Marshal to see that the provisions of this ordinance are complied with, and for that purpose he shall have access to any and all premises or buildings used as gasoline supply stations.

Section 10. Penalty: Any person, firm, company or corporation that violates, disobeys or refuses to comply with any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten ($10) dollars nor more than fifty ($50) dollars, or by imprisonment in the County Jail for not more than thirty (30) days, or by both such fine and imprisonment, and such person, firm, company or corporation shall be deemed guilty of a separate offense for each and every day that such violation, disobedience or refusal continues and

shall be subject to the penalty imposed by this ordinance for each and every separate offense.

Section 11. Ordinance No. 2659 (New Series), and Ordinance No. 11.051, together with any section of any other ordinance which is in conflict herewith is hereby repealed.

**Amendment to Garage Ordinance.**
(Code No. 11.0822)

Also, Bill No. 776, Ordinance No. 11.08222, as follows:

Amending Section 2, Subdivision (E) thereof, of Ordinance No. 8564 (New Series), entitled "Governing the construction, equipment, maintenance and operation of public, commercial and private garages; regulating and providing for the storage and use of gasoline in connection with public, commercial and private garages; duties of the Fire Marshal; penalties for violation; repealing Ordinance No. 746 (New Series), and all ordinances and parts of ordinances in so far as they conflict with this ordinance," *by prescribing the limits within which permits may be granted for the establishment of public or commercial garages with respect to any school, church, theatre, or hospital.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2 (Subdivision (e)), of Ordinance No. 8564 (New Series), the title of which is recited above, be and the same is hereby amended to read as follows:

(e) *Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a public or commercial garage within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a public or commercial garage upon any lot, wharf, pier, or other premises, the boundaries of which shall come within sixty (60) feet of the property line of any school, church, theatre, or within 200 feet of the exterior boundary of any hospital building; said measurements to be taken in a straight line.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such public or commercial garage, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any public or commercial garage, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the public or commercial garage for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a public or commercial garage, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

No additional permit shall be necessary to maintain and operate any public or commercial garage for which a permit has been heretofore issued in accordance with the provisions of any ordinance heretofore existing.

(f) *For the purposes of this ordinance, the following terms shall have the following definitions whenever the same are used in this ordinance:*

*School: Any building in which is housed any institution of learning conducted or operated under the jurisdiction of the Board of Education of the City and County of San Francisco, or any institution of learning wherein a general course of study is maintained or carried on by the State of California or by any agency thereof, or any institution of learning attendance at which will satisfy the compulsory educational laws of the State of California, or any college or university whereat advanced courses in advanced education are maintained and which has an average daily attendance of, at least, twenty pupils.*

*Hospital: Any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.*

*Church: Any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

*Theatre: Any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

**Regulating Sale of Salvaged Goods and Merchandise.**
(Code No. 17.19)

On recommendation of Public Health Committee.

Bill No. 871, Ordinance No. 17.193, as follows:

Regulating the business of dealing in salvaged goods and merchandise, defining certain terms used in this ordinance; providing for the issuance of permits to engage in said business or to deal in salvaged goods and merchandise, fixing the fee to be paid for said permit, and providing for the inspection of places where salvaged goods and merchandise are sold, kept or stored, and providing an inspection fee in connection with the business of dealing in salvaged goods and merchandise for the purpose of defraying the cost of inspection and regulation, giving to the Director of Public Health the right to make regulations to carry out the purposes of this ordinance and providing a penalty for its violation or for the violation of said regulations.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. For the purposes of this ordinance the term "salvaged goods and merchandise" is hereby defined as follows:

"Any article of food or any article which may be used for food by human beings or by animals, or any chemical or other substance which may be added to food or to foodstuffs, alcoholic beverages, or any drug or compounded drugs, medicines, toilet articles, cosmetics, lotions, liniments or similar articles, or any commodity, powder, liquid or solid compound or mixture used or to be used in and about any home, household, hotel, apartment house or dwelling for cleaning, disinfecting or deodorizing purposes, including insecticides and similar articles, or tobacco or tobacco products, when the packages, cans, cartons or other containers in which the individual containers of said articles are packed for shipment or sale are damaged, torn, broken, swollen, wet, burned or rusted, or where the individual containers of said articles are damaged, torn, broken, swollen, wet, burned or rusted, or where the labels on the individual containers of any such article are defaced so that the name of the manufacturer or packer originally appearing on said label cannot be ascertained."

Section 2. The term "person" as used in this ordinance shall mean any individual, association of individuals, copartnership or corporation.

Section 3. A "dealer" in salvaged goods and merchandise is hereby defined to be a person who, either exclusively or in connection with any other business, buys, sells, distributes or deals in salvaged goods and merchandise, and who is the holder of a permit from the Director of Public Health so to do; provided, however, that persons selling salvaged goods or merchandise to salvage "dealers" as well as those who purchase the same from salvage "dealers" and sell same directly to the retail trade, shall not be considered "dealers" in salvaged goods and merchandise.

Section 4. No person shall engage in the business of selling or distributing salvaged goods or merchandise, as defined in this ordinance,

in the City and County of San Francisco, nor shall any person sell or distribute, or offer for sale or distribution, any salvaged goods or merchandise in said City and County without first obtaining a permit to so do from the Director of Public Health. Applications for such permits shall be upon blanks provided by the Department of Public Health and shall state the name of the person applying for same, the general character of salvaged goods or merchandise which will be dealt in, sold or distributed, and the place where said business is to be carried on, and if said applicant is not regularly engaged in the business of dealing in salvaged goods and merchandise, then the place where the sale or distribution of said salvaged goods and merchandise shall take place, as well as the place where the said salvaged goods and merchandise are stored and the general character thereof. A fee of ten ($10.00) dollars shall accompany each application for any permit to engage in the business of selling or distributing salvaged goods or merchandise, said fee to be retained by the City irrespective as to whether said permit is granted or not; provided, however, that nothing contained in this ordinance shall prevent a person who is not a salvage "dealer" as defined in section 3 of this ordinance and who is the owner or custodian of any salvaged goods or merchandise from selling or distributing the same if said salvaged goods or merchandise are inspected by the Department of Public Health and a permit for the sale and distribution thereof is issued by said Department; the cost of said inspection to be paid by the person requesting said permit before the same is issued at the rate of $2.00 per hour.

The Director of Public Health, before issuing any permit to any person to engage in the business of selling or distributing salvaged goods or merchandise, shall make an investigation of the character of the applicant, his methods of storing, handling and receiving said salvaged goods and merchandise and shall exercise his sound discretion in granting or refusing to grant said permit, and if said permit is requested by a person not regularly engaged in the business of dealing in salvaged goods or merchandise, the said Director of Public Health shall investigate the condition of said salvaged goods or merchandise to be sold or distributed by said person and if he finds that said salvaged goods or merchandise are in such condition that the same may be used for the purposes for which they were manufactured or packed, he may issue a permit for the sale and distribution of the same.

Section 5. Any person not regularly engaged in the business of selling or disposing of salvaged goods or merchandise and who is the owner of, or has under his control any such goods or merchandise, may sell or dispose of the same to any person who is a "dealer" as defined in this ordinance, and any person who shall receive salvaged goods or merchandise from any "dealer," or from any person having a permit to sell the same, need not obtain any additional permit for the purpose of selling or distributing the same to the general public, provided that the said salvaged goods or merchandise have been inspected by the Department of Public Health.

Section 6. It shall be the duty of the Director of Public Health, through his duly authorized representatives, to inspect from time to time all places where salvaged goods and merchandise are sold, kept or distributed, and whenever it shall be found that said salvaged goods and merchandise, or any part thereof, are unfit for the purposes for which they were manufactured or packed, or for which they are being offered for sale, to cause the same to be destroyed as constituting a public nuisance, and the cost of such destruction shall be a charge against the person in whose possession said unfit salvaged goods or merchandise may be found and the amount of said cost shall be payable to the Director of Public Health for the City and County upon demand.

Section 7. All inspections made by the Director of Public Health pursuant to the provisions of this ordinance shall consist in such examination of any salvaged goods and merchandise as will determine their fitness for any of the purposes for which they are sold,

offered for sale, or to be sold, and when in the opinion of the Director of Public Health it is necessary to analyze any sample of any salvaged goods or merchandise, said Director of Public Health or his agents, may take such article or such portions thereof as may be necessary to determine said fitness, and said determination may be made by laboratory or such other tests as the Director of Public Health shall deem proper. Pending the determination of said tests, the Director of Public Health may prohibit the sale or distribution or removal of any part of said salvaged goods or merchandise which are subject to said examination. The cost of all inspections and examinations shall be paid by the owner or custodian of said salvaged goods or merchandise, and the failure to pay such sum upon demand shall be sufficient ground to revoke said owner's or custodian's permit to deal in such goods and merchandise, and if said owner or custodian be not a salvage "dealer", the Director of Public Health shall not issue a permit for the sale or distribution of said goods or merchandise until the fee covering such inspection, examination or analysis has been paid.

Salvaged goods and merchandise which have been inspected pursuant to the provisions of this ordinance, or purchased from a salvage "dealer" and which are resold by the purchaser thereof directly to the public shall not be subject to reinspection, nor shall the dealer in such articles be required to obtain a permit to resell the same except in so far as said goods may be subject to inspection or license to sell the same by any other law or ordinance.

Where economic poisons form a part of any salvaged goods or merchandise such economic poisons shall be disposed of only in accordance with the provisions of sections 1065 and 1066 of the Agricultural Code of the State of California.

Section 8. For the purpose of meeting the cost of regulation and inspection, dealers in salvaged goods and merchandise who are holders of valid permits issued as provided in Section 4 of this ordinance, shall pay to the Tax Collector a fee of twenty-five ($25.00) dollars per quarter commencing March 1, 1936. Upon the payment of said fee the Tax Collector shall issue to said person paying the same a receipt showing said payment, which said receipt shall be conspicuously displayed in the place of business of said dealer. Failure to pay said quarterly fee within the time provided by law shall ipso facto revoke any permit issued as provided in Section 4 hereof.

Dealers in salvaged goods and merchandise paying the quarterly fee provided for shall, in so far as their activities are confined to salvaged goods and merchandise as hereinabove defined, be exempt from the provisions of Ordinance No. 5132 (New Series) and also from the provisions of Section 29 of the Merchandise Brokers Ordinance and Section 3 of the Second Hand Dealers Ordinance, as well as from the provisions of Ordinance 3.0411 and 3.04121.

Section 9. The Director of Public Health shall make such rules and regulations regarding the sale, distribution, storing, handling and possession of any salvaged goods or merchandise as he shall deem proper to carry into effect and to accomplish the purposes of this ordinance and to prevent the contamination of said goods and merchandise, or to prevent the same being sold or distributed in such a manner as might be dangerous or injurious to the health or safety of any person, and when said rules are so made they shall be as effective as if the same were a part of this ordinance.

Section 10. Any permit granted pursuant to the provisions of this ordinance may be suspended by the Director of Public Health, and after notice to the holders thereof may be revoked by said Director, for any violation of this ordinance or for the violation of any rules or regulations of said Director made under authority of this ordinance, or for the violation of any law, rule or regulation of the State of California or of the City and County of San Francisco, relative to the sale, keeping or distribution of any article coming within the definition of salvaged goods or merchandise.

Section 11. Any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be subject to a fine not to exceed five hundred ($500.00) dollars or to imprisonment in the County Jail for a term not exceeding six months or to both said fine and imprisonment.

Section 12. If any section, subsection, sentence, phrase or part of this ordinance shall be declared unconstitutional, or if the same shall be declared contrary to the provisions of the charter of the City and County of San Francisco, or be declared illegal or beyond the powers of the Board of Supervisors to enact the same, said Board of Supervisors does hereby declare that it would have passed the remainder of said ordinance irrespective of said fact, and the said declaration shall have no effect upon the remainder of this ordinance.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Declaring That the Public Interest Requires the Submission to the Electors of the City and County of San Francisco of the Proposal to Adopt the Provisions of Section 26 of Article VI of the Constitution of the State of California Relative to the Method of Selecting Judges of the Superior Court of the City and County of San Francisco, and Providing for the Submission of Said Proposal to the Electors.**

(Code No. 7.01)

The following recommendations of Judiciary Committee were taken up:

Resolution No. 2359, as follows:

Whereas, the electors of the State of California at a general election held on November 6, 1934, adopted an amendment to Article VI of the

Constitution of the State of California providing for method of selection of justices of the Supreme Court and of the District Courts of Appeal and judges of the Superior Court, which amendment is designated as Section 26 of Article VI of the Constitution of the State of California; and

Whereas, the Legislature of the State of California adopted an act entitled "An act to provide means for making applicable to judges of the Superior Courts the provisions of Section 26 of Article VI of the Constitution of this State relating to the method of selecting judges," which said act was approved by the Governor on July 15, 1935, and constitutes Chapter 574 of Statutes of 1935 and which said act is in full force and effect.

Whereas, it is provided by said constitutional section that its provisions shall not apply to the judge or judges of the Superior Court of any county until a majority of the electors of such county voting on the question of the adoption of such provisions, in a manner to be provided for by the Legislature, shall vote in favor thereof; and

Whereas, the said act hereinabove entitled provides for the manner of submission of such proposal and for the certification of the action of the electors thereon; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

That the Board of Supervisors of the City and County of San Francisco hereby declares that the public interest requires the submission to the electors of the City and County of San Francisco of the proposal to adopt the provisions of Section 26 of Article VI of the Constitution of the State of California as applicable to the judges of the Superior Court of the City and County of San Francisco;

That the said proposal that the provisions of Section 26 of Article VI of the Constitution of the State of California be made applicable to the judges of the Superior Court of the City and County of San Francisco be and the same is hereby submitted to the electors of the City and County of San Francisco at the Presidential primary election to be held on Tuesday, the 5th day of May, 1936;

That the Registrar of Voters is hereby directed to take all necessary steps to submit the said proposal to the electors at the said election and to include the same on the official ballot for said election in the manner provided by said Section 26 of Article VI of the Constitution and by said act of the Legislature hereinabove entitled;

That if the said proposal is approved at said election by a majority of the votes cast thereon the Board of Supervisors shall cause a certificate signed by the President of said Board as chairman thereof and duly dated to be filed with the Secretary of State reciting that the said proposal to adopt the provisions of said Section 26 of Article VI of the Constitution as applicable to the judges of the Superior Court of the City and County of San Francisco was approved by a majority of the votes cast thereon at said election.

(Supervisor Mead dissents.)

**Submitting to the Electors of the City and County of San Francisco the Proposal That Section 26 of Article VI of the Constitution of the State of California Relative to the Method of Selecting Judges of the Superior Court Be Made Applicable to the Judges of the Superior Court of the City and County of San Francisco.**

(Code No. 7.01)

Resolution No. 2360, as follows:

Whereas, the Board of Supervisors of the City and County of San Francisco has this day adopted a resolution pursuant to Section 26 of Article VI of the Constitution of the State of California and Chapter 574 of the Statutes of 1935, wherein and whereby the said Board of Supervisors did declare that the public interest requires the submission to the electors of the City and County of San Francisco of the

proposal to adopt the provisions of Section 26 of Article VI of the Constitution of the State of California as applicable to the judges of the Superior Court of the City and County of San Francisco; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

That the proposal that the provisions of Section 26 of Article VI of the Constitution of the State of California be made applicable to the judges of the Superior Court of the City and County of San Francisco be and the same is hereby submitted to the electors of the City and County of San Francisco at the Presidential primary election to be held on Tuesday, the 5th day of May, 1936;

That the Registrar of Voters be and he is hereby directed to take all necessary steps to submit the said proposal to the electors at the said election and to include the same on the official ballot for said election in the manner provided by said Section 26 of Article VI of the Constitution of the State of California and by said Chapter 574 of the Statutes of 1935 in such manner that the electors may vote for or against the said proposal by voting "YES" or "NO" thereon.

(Supervisor Mead dissents.)

**Committee of the Whole.**

On motion of Supervisor Shannon, the Board of Supervisors resolved itself into a Committee of the Whole for the purpose of giving consideration to the foregoing recommendations of the Judiciary Committee.

All members heretofore noted being present. President Havenner in the chair.

**Protest.**

Communication from San Francisco Labor Council protesting proposed resolutions was presented and read by the Clerk.

Milton Marks and Harry Young, attorneys, were heard in favor of the resolutions as recommended.

George Gearhardt, representing the Civic League, stated that his organization took no stand for or against the proposition, but that if the matter was submitted to the people that it be submitted at the November election when a more complete expression of the people may be had.

John O'Connell, secretary of Labor Council; Edw. Vandeleur, president of Labor Council; and M. Schultz, representing United German Societies, were heard in opposition to the measure, but urging that if it be submitted that it be put on the November ballot instead of the May ballot.

**Amendment.**

Supervisor Mead, seconded by Supervisor Havenner, moved as an amendment that the resolution provide for submission of the question at the November election instead of the May election.

Motion *carried* by the following vote:

Ayes—Supervisors Havenner, Mead, Roncovieri, Schmidt, Shannon, Uhl—6.

Noes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto—5.

**Adopted.**

Whereupon, the foregoing resolution as amended was *adopted* by the following vote:

Ayes—Supervisors Havenner, Mead, Roncovieri, Schmidt, Shannon, Uhl—6.

Noes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto—5.

**Amendment.**

Supervisor Shannon moved that the resolution be amended in next to last paragraph by striking out the words "fifth day of May" and inserting in lieu thereof the words "third day of November"; also strike out the word "primary".

Amendment *carried* by the following vote:

Ayes—Supervisors Havenner, Mead, Roncovieri, Schmidt, Shannon, Uhl—6.

Noes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto—5.

**Resolution Adopted.**

Ayes—Supervisors Havenner, Mead, Roncovieri, Schmidt, Shannon, Uhl—6.

Noes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto—5.

**Committee of the Whole Arises.**

Whereupon, the Committee of the Whole arose and reported the following resolution for *adoption*:

**Declaring That the Public Interest Requires the Submission to the Electors of the City and County of San Francisco of the Proposal to Adopt the Provisions of Section 26 of Article VI of the Constitution of the State of California Relative to the Method of Selecting Judges of the Superior Court of the City and County of San Francisco, and Providing for the Submission of Said Proposal to the Electors.**

(Code No. 1.08)

Resolution No. 2359, as follows:

Whereas, the electors of the State of California at a general election held on November 6, 1934, adopted an amendment to Article VI of the Constitution of the State of California providing for method of selection of justices of the Supreme Court and of the District Courts of Appeal and judges of the Superior Court, which amendment is designated as Section 26 of Article VI of the Constitution of the State of California; and

Whereas, the Legislature of the State of California adopted an act entitled "An act to provide means for making applicable to judges of the Superior Courts the provisions of Section 26 of Article VI of the Constitution of this State relating to the method of selecting judges," which said act was approved by the Governor on July 15, 1935, and constitutes Chapter 574 of Statutes of 1935 and which said act is in full force and effect.

Whereas, it is provided by said constitutional section that its provisions shall not apply to the judge or judges of the Superior Court of any county until a majority of the electors of such county voting on the question of the adoption of such provisions, in a manner to be provided for by the Legislature, shall vote in favor thereof; and

Whereas, the said act hereinabove entitled provides for the manner of submission of such proposal and for the certification of the action of the electors thereon; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

That the Board of Supervisors of the City and County of San Francisco hereby declares that the public interest requires the submission to the electors of the City and County of San Francisco of the proposal to adopt the provisions of Section 26 of Article VI of the Constitution of the State of California as applicable to the judges of the Superior Court of the City and County of San Francisco;

of the Constitution of the State of California be made applicable to the judges of the Superior Court of the City and County of San Francisco be and the same is hereby submitted to the electors of the City and County of San Francisco at the Presidential election to be held on Tuesday, the 3rd day of November, 1936.

That the Registrar of Voters is hereby directed to take all necessary steps to submit the said proposal to the electors at the said election and to include the same on the official ballot for said election in the manner provided by said Section 26 of Article VI of the Constitution and by said act of the Legislature hereinabove entitled;

That if the said proposal is approved at said election by a majority of the votes cast thereon the Board of Supervisors shall cause a certificate signed by the President of said Board as chairman thereof and duly dated to be filed with the Secretary of State reciting that the said proposal to adopt the provisions of said Section 26 of Article VI of the Constitution as applicable to the judges of the Superior Court of the City and County of San Francisco was approved by a majority of the votes cast thereon at said election.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Submitting to the Electors of the City and County of San Francisco the Proposal That Section 26 of Article VI of the Constitution of the State of California Relative to the Method of Selecting Judges of the Superior Court Be Made Applicable to the Judges of the Superior Court of the City and County of San Francisco.**

(Code No. 1.08)

Resolution No. 2360, as follows:

Whereas, the Board of Supervisors of the City and County of San Francisco has this day adopted a resolution pursuant to Section 26 of Article VI of the Constitution of the State of California and Chapter 574 of the Statutes of 1935, wherein and whereby the said Board of Supervisors did declare that the public interest requires the submission to the electors of the City and County of San Francisco of the proposal to adopt the provisions of Section 26 of Article VI of the Constitution of the State of California as applicable to the judges of the Superior Court of the City and County of San Francisco; now, therefore be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

That the proposal that the provisions of Section 26 of Article VI of the Constitution of the State of California be made applicable to the judges of the Superior Court of the City and County of San Francisco be and the same is hereby submitted to the electors of the City and County of San Francisco at the Presidential election to be held on Tuesday, the third day of November, 1936.

That the Registrar of Voters be and he is hereby directed to take all necessary steps to submit the said proposal to the electors at the said election and to include the same on the official ballot for said election in the manner provided by said Section 26 of Article VI of the Constitution of the State of California and by said Chapter 574 of the Statutes of 1935 in such manner that the electors may vote for or against the said proposal by voting "YES" or "NO" thereon.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

*Explanation of Vote.*

Supervisor Havenner explained his vote:

"I was opposed to this originally and I voted against it and I am still opposed to and intend to vote against it.

"When the people, however, vote that the County shall exercise its legal right, that right of legal petition should be regarded by the responsible officials of the County. I am going to vote against it in May and in November.

"I am impressed by the argument that the largest number of voters should be allowed to express themselves. It is obvious that the larger numbers will not be able to express themselves in May and will in November.

"I will support the amendment from May to November."

**Passed for Second Reading.**

The following bill was *passed for second reading*:

**Amending Section 2 of Ordinance No. 2698 (New Series), Relating to Sale of Poultry.**

(Code No. 11.17)

On recommendation of Judiciary Committee.

Bill No. 891, Ordinance No. 11.171, as follows:

Amending Section 2 of Ordinance No. 2698 (New Series), entitled "Regulating the Sale of Bread, Meat, Coal, Milk, Cream, Butter, Ice, Hay, Straw, Grain, Mill Feed and Other Commodities and Merchandise, Requiring Inspection by the Sealer of Weights and Measures and Providing a Penalty for the Violation Thereof," *relating to the sale of poultry.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2 of Ordinance No. 2698 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 2. It shall be unlawful for any person, at any place of business in the City and County of San Francisco, to advertise, offer for sale or sell, or to cause or knowingly permit the advertising, offering for sale or selling of, any smoked, fresh or pickled meats, poultry, rabbits or fish, except shanks, offal, heads and plucks, other than by weight, determined on a scale by weight or a beam, properly sealed by the Department of Weights and Measures.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Action Deferred.**

The following resolution, heretofore this day adopted, was, on motion of Supervisor Shannon again taken up, the action rescinded and the resolution *laid over for one week*:

**Permit to Market Street Railway to Operate Buses in Crocker Amazon District.**

(Code No. 15.091)

Resolution No. 2349, as follows:

Resolved, That the Market Street Railway Company, a corporation, be and it is hereby granted permission revocable at will of the Board of Supervisors, to maintain and operate automobile buses over and on the hereinafter described route in the City and County of San Francisco, to-wit:

Commencing at the intersection of Geneva avenue and Mission street; thence on Mission street to Amazon street; thence on Amazon street to Moscow street; thence on Moscow street to Geneva avenue and South Hill boulevard; thence on South Hill boulevard to Baltimore way; thence on Baltimore way to Cordova street; thence on Cordova street to Naples street and Geneva avenue; and thence on Geneva avenue to Mission street and the point of commencement.

That the permit be and the same is hereby granted upon the terms

and conditions hereinafter set forth, and the acceptance or use of said permit by said Market Street Railway Company shall be deemed to be an assent to all of said terms and conditions, and for the holding of said permit subject thereto, which said terms and conditions are as follows:

(a) That nothing herein contained shall be considered to be a franchise granted to said Market Street Railway Company to operate said buses, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors, and upon the revocation of the same all rights and privileges herein granted shall cease and determine, and the said permit or any of the privileges thereby granted, or exercised thereunder, shall not, in any proceedings instituted by the City of San Francisco to acquire the system of said Market Street Railway Company, be deemed an asset or thing of value to said system.

(b) That said buses will at all times be operated by skilled operators, and in the operation of the same the said Market Street Railway Company will comply with all State and municipal rules, laws and regulations.

(c) That on said buses operated under this permit a fare of five (5) cents for each passenger shall be charged, which such fare, when paid on a bus, shall entitle the passenger to a transfer to the street railway lines of the Market Street Railway Company on Mission street, and the Market Street Railway Company shall issue to passengers on its Mission street line transfers which will be accepted in in lieu of fare on said buses traveling over the route herein described.

(d) That the permit herein granted shall not be assigned or transferred without consent of the Board of Supervisors, and before the same shall become effective the Market Street Railway Company shall file with the Board of Supervisors a written acceptance of said permit, in which it shall agree to accept said permit, subject to all the conditions herein contained.

(Supervisor McSheehy dissents.)

**Re-referred.**

The following resolution was *re-referred to the Public Utilities Committee*:

**Endorsing Application of Transcontinental & Western Air, Inc., to Establish Air Passenger and Express Service Between San Francisco and Albuquerque, New Mexico.**

(Code No. 5.2)

Resolution No. 2350, as follows:

Whereas, Transcontinental & Western Air, Inc., has applied to the Interstate Commerce Commission for a certificate of public convenience and necessity to establish an air passenger and express service between San Francisco and Albuquerque, New Mexico, via Las Vegas, Nevada, and Winslow, Arizona; and

Whereas, the granting of this certificate will afford better service to San Francisco by the saving of time and the covering of territory not heretofore served by any air route; now, therefore, be it

Resolved, That the Board of Supervisors does hereby endorse the application of Transcontinental & Western Air, Inc., for a certificate of public convenience and necessity to establish air passenger and express service between San Francisco and Albuquerque, New Mexico; and be it

Further Resolved, That the Clerk be directed to transmit a copy of this resolution to the Interstate Commerce Commission.

**Re-referred.**

The following resolution was *re-referred to Public Utilities Committee*:

**Re Bus Passenger Transportation Over Golden Gate Bridge.**
(Code No. 15.092)

Resolution No. 2352, as follows:

Whereas, the Street Traffic Advisory Board recommends to the Board of Supervisors that motor passenger buses crossing the Golden Gate Bridge be permitted to operate in San Francisco, with the special proviso that no local traffic within the City limits be handled thereon; said buses to be routed over streets agreeable to the properly constituted authorities and subject to all existing traffic rules and regulations; now, therefore, be it

Resolved, That the Board of Supervisors approves the action of the Street Traffic Advisory Board; and be it

Further Resolved, That the operators of the proposed passenger motor vehicle buses be required to file an application with the Board of Supervisors designating the streets over which the permit is requested to operate the passenger service and also designating the location of terminals. The Board of Supervisors, in the public interest, reserves the right to place legal conditions in the permit, requiring that no local traffic within the City be handled and also designating streets over which service shall be rendered and fixing the location of terminals.

**Adopted.**

The following resolution was *adopted*:

### Appointment of Investigators of Applicants for Old Age and Needy Pensions.

(Code No. ———)

Supervisor Uhl presented:

Resolution No. ———, as follows:

Whereas, it has been called to the attention of the Board of Supervisors that Assembly Bill No. 767, Chapter 633, passed at the last session of the State Legislature, vests in the powers of the Board of Supervisors the right to make investigations on applications for old age pensions; and

Whereas, the Board of Supervisors of this City and County are required by law directly or through some authorized investigator, upon receipt of applications for aid, promptly, and without any unnecessary delay, and with all due diligence, to make the necessary investigation; and

Whereas, the report of all investigations must be reported to the Clerk of the Board of Supervisors and then forwarded by him to the State Social Welfare Bureau at Sacramento; and

Whereas, in the past the Supervisors have permitted the Social Service Department of the City and County of San Francisco to do its work without any supervision or investigation on the part of the Board of Supervisors as to the rights of these applicants or as to discriminations that are being made against them; now, therefore, be it

Resolved, That the Board of Supervisors does hereby employ such investigators as are necessary to carry out the provisions of the Old Age Security Act as provided for by law of the State of California, and that such investigators shall represent the Board of Supervisors and shall report to them at their meetings on all cases that have been investigated by them or that have been brought to their attention for

the purpose of permitting this Board to ratify the reports of said investigators or rejecting same as provided by law.

### APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of January 20, 1936, was considered read and approved.

### UNFINISHED BUSINESS.

The following recommendation of Finance Committee was taken up:

**Amending Section 54 of Ordinance No. 5132 (New Series), Concerning Public Passenger Vehicles and Entitled "Imposing License Taxes on Certain Businesses," etc., etc.**

(Code No. 3.041)

Bill No. 877, Ordinance No. 3.04157, as follows:

Amending Section 54 of Ordinance No. 5132 (New Series), entitled "Imposing License Taxes on Certain Businesses, Callings, Trades or Employments Within the City and County of San Francisco," in effect July 1, 1920, and cancelling Resolution 33951 (New Series).

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 54 of Ordinance No. 5132 (New Series), the title of which is recited above, is amended to read as follows:

Section 54. Every person, firm or corporation owning *or directly or indirectly operating* any public passenger vehicle, except railroad cars, shall, *after first obtaining a permit from the Police Department, which permit must be represented by an operative vehicle for which a current City license must be obtained,* pay a license tax therefor, as follows:

For each such vehicle One ($1.00) Dollar per annum for each passenger seating capacity of said vehicle.

*In determining the seating capacity of any such vehicle the driver thereof shall be included.*

The metallic plate issued as part of the license must be of such design, color and material as the Tax Collector shall prescribe and each plate must clearly show the year for which it is issued. Provided, that it shall be in quality of material and workmanship equal to that of the license plate issued by the State Motor Vehicle Department; that in size, each plate shall be nine (9) inches by 2½ inches and, when used on motor-drawn vehicles it shall be perforated so as to make it attachable to the State Motor Vehicle License Plate or fastened at the front of each motor-drawn vehicle. When used on horse-drawn vehicles it shall be perforated so as to permit of attachment in a conspicuous place on the right-hand side of each horse-drawn vehicle. Provided, further, that all letters stamped or printed upon the face of the plate shall be at least ⅝ x ⅜ inches and all numbers 8/8 x ⅝ inches in size.

It shall be unlawful for any owner or operator of a vehicle subject to this license tax to *operate any such vehicle upon the public highways or streets of the City and County of San Francisco without first affixing such license plate to said motor vehicle by attaching it to the front state motor vehicle license plate or fastening it on the outside front of such vehicle, or, when used on horse-drawn vehicles, without first attaching it in a conspicuous place on the right-hand side of said horse-drawn vehicle, or* to permit an expired vehicle license plate to remain on any vehicle after December 31st of each calendar year. No substitute for this license plate shall be permitted. It shall be unlawful to affix license plates in any other position on a vehicle than that authorized by this ordinance.

*On the 30th day of December of each year the Police Department shall notify the Controller and the Tax Collector of the number of public passenger vehicle permits in effect, and the seating capacity of the vehicles for which the permits were granted, and whenever additional permits are granted, or existing permits are transferred or revoked during the year, the Controller and the Tax Collector shall be notified of same immediately. These notifications shall be in writing and signed by the Chief of Police or his duly authorized representative.*

Every person engaged in the business or occupation of driver or motorman of any public passenger vehicle specified in this section shall pay One ($1.00) Dollar for a driver's badge to be issued by the Tax Collector, which badge shall be of such design and lettering as he shall determine. Upon the presentation of a driver's annual permit, granted by the Police Department, the Tax Collector shall issue annually, to the person named in such permit, a driver's annual identification card upon the payment of One ($1.00) Dollar, provided said person is the owner of a driver's badge and exhibit such badge at the time of making the application. *The obtaining or renewal of this driver's identification card and/or badge shall be subject to the penalty provisions of this ordinance.* All licenses issued under the provisions of this section shall date from the first day of January of each year and shall be issued for one year from the date aforesaid.

Amendment.

Supervisor Uhl, seconded by Supervisor Schmidt, moved to amend Section 1, paragraph 6, by substituting the following language:

"It shall be unlawful for any owner or operator of a vehicle subject to this license tax to operate any such vehicle upon the public highways or streets in the City and County of San Francisco without first affixing such license plate to said motor vehicle by attaching it to the front State motor vehicle license plate or fastening it on the outside front of such vehicle or to permit an expired vehicle license plate to remain on any vehicle after December 31st of each calendar year, provided, however, that in the case of any vehicle which is not required to have a distinctive color scheme or design pursuant to the ordinances of the City and County of San Francisco, said license plate

may be affixed to the side of the seat of the driver of such vehicle or in a conspicuous place in the compartment reserved for said driver."

There being no objection, it was *so ordered.*

**Passed for Second Reading.**

Whereupon, on motion of Supervisor Uhl, seconded by Supervisor Schmidt, the foregoing bill as amended, and in words and figures following, was *passed for second reading*:

**Amending Section 54 of Ordinance No. 5132 (New Series) Concerning Public Passenger Vehicles and Entitled "Imposing License Taxes on Certain Businesses," etc., etc.**

## Final Passage.

The following matters heretofore passed for second reading were taken up and *finally passed* by the following vote:

**Authorizing Supplemental Appropriation of $300,000 from Surplus Existing in Water Revenue Fund to Credit of Water Department Stores Revolving Fund, Which is Hereby Created, for Purposes of Providing for Purchases, etc., Required for Use of San Francisco Water Department, and Providing Procedure Therefor.**

(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 886, Ordinance No. 9.051226 as follows:

Authorizing a supplemental appropriation of $300,000 out of the surplus existing in the Water Revenue Fund to the credit of the Water Department Stores Revolving Fund which is hereby created for the purpose of providing for the purchase, storage, and clearance of materials and supplies required for the use of the San Francisco Water Department and providing the procedure therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated and set aside out of the surplus existing in the Water Revenue Fund the sum of $300,000 to the credit of the Water Department Stores Revolving Fund which is hereby created for the purchase, storage, and clearance of materials and supplies required for the use of the San Francisco Water Department in connection with its performance.

Section 2. In determining the amount of cash to be contributed from the surplus existing in the Water Revenue Fund there shall first be deducted from the amount herein appropriated the value at cost of the stores on hand to the credit of the Water Revenue Fund, Water Depreciation Fund, and Water Extension Reserve Fund as of the effective date of this ordinance. The value at cost of the said stores as of the effective date of this ordinance, together with the amount of cash to be contributed from the surplus existing in the Water Revenue Fund, as herein recited, shall constitute the resources of this fund as herein created.

Section 3. All purchases of materials and supplies required for the use of the San Francisco Water Department shall be purchased out of

the Water Department Stores Revolving Fund. All withdrawals from stores shall be paid for out of the funds provided for current or specific purposes by each Annual Appropriation Ordinance or each supplemental Appropriation Ordinance. **Authorizing Supplemental Appropriation of $200,000 from Municipal Railway Operating Fund to Credit of Municipal Railway Stores Revolving Fund, Which is Hereby Created, for Purchase, etc., for Municipal Railway, and Providing Procedure Therefor.**

(Code No. 9.051)

Also, Bill No. 887, Ordinance No. 9.051227, as follows:

Authorizing a supplemental appropriation of $200,000 out of the surplus existing in the Municipal Railway Operative Fund to the credit of the Municipal Railway Stores Revolving Fund which is hereby created for the purpose of providing for the purchase, storage, and clearance of materials and supplies required for the use of the Municipal Railway and providing the procedure therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated and set aside out of the surplus existing in the Municipal Railway Operative Fund the sum of $200,000 to the credit of the Municipal Railway Stores Revolving Fund which is hereby created for the purchase, storage and clearance of materials and supplies required for the use of the Municipal Railway in connection with its performance.

Section 2. In determining the amount of cash to be contributed from the surplus existing in the Municipal Railway Operative Fund there shall first be deducted from the amount herein appropriated the value at cost of the stores on hand to the credit of the Municipal Railway Operative Fund and Municipal Railway Depreciation Fund as of the effective date of this ordinance. The value at cost of the said stores as of the effective date of this ordinance, together with the amount of cash to be contributed from the surplus existing in the Municipal Railway Operative Fund, as herein recited, shall constitute the resources of this fund as herein created.

Section 3. All purchases of materials and supplies required for the use of the Municipal Railway shall be purchased out of the Municipal Railway Stores Revolving Fund. All withdrawals from stores shall be paid for out of the funds provided for current or specific purposes by each Annual Appropriation Ordinance or each supplemental Appropriation Ordinance. The funds provided by each such payment shall be

deposited to the credit of the Municipal Railway Stores Revolving Fund.

Section 4. Should the unencumbered balance of the Municipal Railway Stores Revolving Fund be insufficient at any time to purchase materials or supplies which are required for the immediate use of the Municipal Railway, and funds have been appropriated for that purpose, the Controller may, upon the recommendation of the Department Head and the approval of the Manager of Utilities, transfer the required amount from the funds so appropriated and make them available in the Municipal Railway Stores Revolving Fund for the purchase of the required materials and supplies.

### MAYOR'S VETO.

Office of the Mayor,
San Francisco.

January 29, 1936.

To the Honorable The Board of Supervisors, City Hall, San Francisco.

Gentlemen: The gasoline supply station ordinance No. 11.08211 and amendment to garage ordinance No. 11.08222, are before me for either approval or disapproval. I regret to inform you that I must disapprove these ordinances and veto the same, which I hereby do and return them to you.

While all legislative matters that require my attention receive my most careful consideration, the extreme interest manifested by the proponents and the opponents to these amendments and the very close vote by your Board of 6 to 5, establishing their passage, prompted me to hold a public hearing on Monday, January 27, 1936. The meeting was held in the Assembly Room of the Utilities Commission and all persons concerned were given an opportunity to be heard. Representatives of the Parent-Teachers Association, civic and improvement clubs, San Francisco Hospital Conference and many other civic-minded citizens were in attendance, and free discussion of the issues before us ensued. To all participating, I am profoundly grateful.

While it is true that many issues are subjected to protests, I have never seen a more sincere and unselfish group of protestants as those appearing at this time.

In my letter of transmittal which accompanied my annual message, and which letter was dated January 6, 1936, under the title of "Traffic Fatalities", I stated the following:

"According to a report issued January 1, 1936, by the Commerce Department at Washington, San Francisco led all major cities in 1935, as we did also in 1934, in the lowness of the number of traffic fatalities per 100,000 of population. Our record, 9.5 in 1935, was lower, by far, than that of any of the major cities listed. While this is a good record, we must vigorously continue our campaign of education to reduce this toll of precious lives, many of which are lost through reckless driving, or carelessness upon the part of pedestrians."

Traffic regulations and the splendid enforcement of them by our efficient San Francisco Police Department, aided by the young men of the San Francisco School Traffic Patrol, made the fine record above referred to, possible.

I am in complete harmony with the National campaigners to reduce traffic fatalities. I am fearful, however, that the provisions contained in these ordinances will not permit such a condition to obtain.

The question of fire hazard was presented by the opponents to these amendments. Fire Chief Charles J. Brennan met this issue, and who is better qualified to discuss fire hazards than he? His opinion on such items I highly regard.

May I, at this point, comment upon the vigorous objection made to these measures, by persons representing the Parent-Teachers Association. It is commendable that these good ladies have devoted so much time and effort in making known their objections, and all in an unselfish effort merely to safeguard the lives of our children.

While it is true that we have established quiet zones about hospitals, there was a difference of opinion expressed by the persons appearing before me as to the interpretation to be placed on Section 2 of the supply station ordinance, which is similar in terminology to subdivision (e) of Section 1 of the garage ordinance. The language employed was construed by some to have intended to mean that no garage or service station would be erected at a point any place two hundred feet from the exterior boundary of any hospital, and by exterior boundary they felt was meant the walls enclosing the lot upon which the hospital was located.

Others expressed the view this language meant from the exterior boundary of the building proper, which would appear to me to be what was actually expressed.

It was also contended that in so far as schools, churches and theatres are concerned that the language used in the ordinances that none of the designated structures "shall come within 60 feet of the property line" was likewise ambiguous and that other language should be used.

I am in accord with the thoughts thus expressed and for the sake of clarity, any ordinance hereinafter adopted by your Honorable Board should specify therein that the distances are to be measured from the closest point of the property line to all institutions referred to to the

nearest point on the property line to any garage or gas supply station, and these measurements to be made on a straight line.

In conclusion, it appears to me that the limitation of 60 feet for garages or gasoline stations to be erected near schools, churches or theatres is an unsafe distance and that a 200-foot limitation for such structures to be erected from the exterior boundary of the hospital buildings does not insure the persons confined to hospitals a sufficient safeguard for quiet.

Yours respectfully,

ANGELO J. ROSSI, Mayor.

*January* 30, 1936—*Filed with Board of Supervisors at* 10:30 *a. m.*

Question: Shall the Ordinances stand notwithstanding the objections of his Honor the Mayor?

A vote *aye* sustains the Ordinance. A vote *no* sustains the *veto*.

## UNFINISHED BUSINESS.

### Final Passage.

The following matters heretofore passed for second reading were taken up and *finally passed* by the following vote:

**Endorsing Funston Avenue Approach to Golden Gate Bridge.**

(Code No. 12.111)

On recommendation of Streets Committee.

Resolution No. 2380, as follows:

Whereas, the Board of Supervisors of the City and County of San Francisco is informed that negotiations between the military authorities of the Presidio Reservation and the Board of Directors of the Golden Gate Bridge and Highway District have reached a practical agreement for rights of way for the Funston Avenue approach to the Golden Gate Bridge, with the exception of a gap of approximately 1000 feet; and

Whereas, there appears to be an insistence on the part of Army officials in granting the right of way for this 1000 feet that a low level road be built thereon which would necessitate a tunnel 2300 feet in length at an excess cost of nearly $1,500,000 over and above the cost of the road which was proposed by the Golden Gate Bridge Directorate, based on surveys and studies made by the engineers of the State Highway Commission of California; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco endorses and approves the efforts of the Board of Directors of the Golden Gate Bridge and Highway District to persuade the Hon. George H. Dern, Secretary of War, U. S. A., and other Army officials at Washington, D. C., and at the Presidio in San Francisco, to secure the granting of a complete right of way upon which the Funston Avenue approach may be constructed at costs which are not prohibitive and on grades and alignment most adaptable to serve the public in its use of the Golden Gate Bridge, and be it

Further Resolved, That a copy of this resolution be sent to the Directors of the Golden Gate Bridge and Highway District.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**Commending Major Edward Bowes.**

(Code No. 5.92)

Supervisor Mead presented:

Resolution No. 2386, as follows:

Whereas, Major Edward Bowes, through his inexorable efforts, unerring vision, devotion to his profession and love for his fellow man, has established himself as the leading radio maestro of the world, and

Whereas, The "Amateur Hour" conceived and conducted by Major Bowes, is a welcome adjunct to the welfare of this country in that

1. It reaches into obscurity to emerge with those possessed of talent; provides an otherwise impossible opportunity for them to demonstrate it to the nation; and sends them happily up the ladder of success;

2. It thrills the hearts of its listeners, providing entertainment and diversion for the largest radio audience in the world;

3. Through its revelation of the latent talent in America, it constitutes, in its more serious aspects, one of the greatest single-handed contributions ever made to the cause of Art;

4. It has resulted in supplying a sorely needed stimulus to the theatrical and allied industries, thereby creating employment for a large number of grateful workers;

5. It has inspired our talented youth with renewed confidence and implanted in their heretofore dubious minds, the firm conviction that if one possess real ability, the opportunity to utilize it shall be made available,

Now, therefore, be it Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby commend and congratulate Major Edward Bowes and expresses its approbation of the great work in which he is so successfully engaged, and be it

Further Resolved, That inasmuch as Major Bowes was born and raised in the City and County of San Francisco, and accordingly belongs to San Francisco, therefore the City and County of San Francisco should belong to Major Bowes, and his Honor the Mayor is hereby requested to forthwith send to Major Edward Bowes, temporarily sojourning in New York City, the "Key to the City and County of San Francisco", as a symbol of his right to possession thereof, and to bid him return home in time for the San Francisco Bay Exposition to be celebrated in 1938, upon completion of the two greatest suspension bridges in the world, and be it

Further Resolved, That a copy of this Resolution be forwarded, together with the "Key to the City and County of San Francisco", to Major Edward Bowes.

*Adopted* by the following vote:

### MAYOR'S VETO.

Office of the Mayor,
San Francisco.

January 29, 1936.

To the Honorable The Board of Supervisors, City Hall, San Francisco.

Gentlemen: The gasoline supply station ordinance No. 11.08211 and amendment to garage ordinance No. 11.08222, are before me for either approval or disapproval. I regret to inform you that I must disapprove these ordinances and veto the same, which I hereby do and return them to you.

While all legislative matters that require my attention receive my most careful consideration, the extreme interest manifested by the proponents and the opponents to these amendments and the very close vote by your Board of 6 to 5, establishing their passage, prompted me to hold a public hearing on Monday, January 27, 1936. The meeting was held in the Assembly Room of the Utilities Commission and all

persons concerned were given an opportunity to be heard. Representatives of the Parent-Teachers Association, civic and improvement clubs, San Francisco Hospital Conference and many other civic-minded citizens were in attendance, and free discussion of the issues before us ensued. To all participating, I am profoundly grateful.

While it is true that many issues are subjected to protests, I have never seen a more sincere and unselfish group of protestants as those appearing at this time.

In my letter of transmittal which accompanied my annual message, and which letter was dated January 6, 1936, under the title of "Traffic Fatalities", I stated the following:

"According to a report issued January 1, 1936, by the Commerce Department at Washington, San Francisco led all major cities in 1935, as we did also in 1934, in the lowness of the number of traffic fatalities per 100,000 of population. Our record, 9.5 in 1935, was lower, by far, than that of any of the major cities listed. While this is a good record, we must vigorously continue our campaign of education to reduce this toll of precious lives, many of which are lost through reckless driving, or carelessness upon the part of pedestrians."

Traffic regulations and the splendid enforcement of them by our efficient San Francisco Police Department, aided by the young men of the San Francisco School Traffic Patrol, made the fine record above referred to, possible.

I am in complete harmony with the National campaigners to reduce traffic fatalities. I am fearful, however, that the provisions contained in these ordinances will not permit such a condition to obtain.

The question of fire hazard was presented by the opponents to these amendments. Fire Chief Charles J. Brennan met this issue, and who is better qualified to discuss fire hazards than he? His opinion on such items I highly regard.

May I, at this point, comment upon the vigorous objection made to these measures, by persons representing the Parent-Teachers Association. It is commendable that these good ladies have devoted so much time and effort in making known their objections, and all in an unselfish effort merely to safeguard the lives of our children.

While it is true that we have established quiet zones about hospitals, there was a difference of opinion expressed by the persons appearing before me as to the interpretation to be placed on Section 2 of the supply station ordinance, which is similar in terminology to subdivision (e) of Section 1 of the garage ordinance. The language employed was construed by some to have intended to mean that no garage or service station would be erected at a point any place two hundred feet from the exterior boundary of any hospital, and by exterior boundary they felt was meant the walls enclosing the lot upon which the hospital was located.

Others expressed the view this language meant from the exterior boundary of the building proper, which would appear to me to be what was actually expressed.

It was also contended that in so far as schools, churches and theatres are concerned that the language used in the ordinances that none of the designated structures "shall come within 60 feet of the property line" was likewise ambiguous and that other language should be used.

I am in accord with the thoughts thus expressed and for the sake of clarity, any ordinance hereinafter adopted by your Honorable Board should specify therein that the distances are to be measured from the closest point of the property line to all institutions referred to to the nearest point on the property line to any garage or gas supply station, and these measurements to be made on a straight line.

In conclusion, it appears to me that the limitation of 60 feet for garages or gasoline stations to be erected near schools, churches or theatres is an unsafe distance and that a 200-foot limitation for such

structures to be erected from the exterior boundary of the hospital buildings does not insure the persons confined to hospitals a sufficient safeguard for quiet.

Yours respectfully,

ANGELO J. ROSSI, Mayor.

*January* 30, 1936—*Filed with Board of Supervisors at* 10:30 *a. m.*

Question: Shall the Ordinance stand notwithstanding the objections of His Honor the Mayor?

A vote *aye* sustains the Ordinance. A vote *no* sustains the *veto*.

## UNFINISHED BUSINESS.

### Final Passage.

The following matters heretofore passed for second reading were taken up and *finally passed* by the following vote:

**Amending Section 54 of Ordinance No. 5132 (New Series) Concerning Public Passenger Vehicles and Entitled "Imposing License Taxes on Certain Businesses," etc., etc.**

(Code No. 3.041)

On recommendation of Finance Committee.

Bill No. 877, Ordinance No. 3.04157, as follows:

Amending Section 54 of Ordinance No. 5132 (New Series), entitled "Imposing License Taxes on Certain Businesses, Callings, Trades or Employments within the City and County of San Francisco," in effect July 1, 1920, and canceling Resolution No. 33951 (New Series).

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 54 of Ordinance No. 5132 (New Series), the title of which is recited above, is amended to read as follows:

Section 54. Every person, firm or corporation owning or directly or indirectly operating any public passenger vehicle, except railroad cars, shall, after first obtaining a permit from the Police Department, which permit must be represented by an operative vehicle for which a current City license must be obtained, pay a license tax therefor, as follows:

For each such vehicle one ($1.00) dollar per annum for each passenger seating capacity of said vehicle.

In determining the seating capacity of any such vehicle, the driver thereof shall be included.

The metallic plate issued as part of the license must be of such design, color and material as the Tax Collector shall prescribe and each plate must clearly show the year for which it is issued. Provided, that it shall be in quality of material and workmanship equal to that of the license plate issued by the State Motor Vehicle Department; that in size, each plate shall be nine (9) inches by 2½ inches, and when used on motor drawn vehicles it shall be perforated so as to make it attachable to the State Motor Vehicle License Plate or fastened at the front of each motor drawn vehicle. When used on horse drawn vehicles it shall be perforated so as to permit of attachment in a conspicuous place on the right hand side of each horse drawn vehicle. Provided, further, that all letters stamped or printed upon the face of the plate shall be at least ⅝ x ⅜ inch and all numbers 8/8 x ⅝ inch in size.

It shall be unlawful for any owner or operator of a vehicle subject to this license tax to operate any such vehicle upon the public highways or streets in the City and County of San Francisco without first affixing such license plate to said motor vehicle by attaching it to the front State motor vehicle license plate or fastening it on the out-

side front of such vehicle or to permit an expired vehicle license plate to remain on any vehicle after December 31st of each calendar year, provided, however, that in the case of any vehicle which is not required to have a distinctive color scheme or design pursuant to the ordinances of the City and County of San Francisco, said license plate may be affixed to the side of the seat of the driver of such vehicle or in a conspicuous place in the compartment reserved for said driver.

On the 30th day of December of each year the Police Department shall notify the Controller and the Tax Collector of the number of public passenger vehicle permits in effect, and the seating capacity of the vehicles for which the permits were granted, and whenever additional permits are granted, or existing permits are transferred or revoked during the year, the Controller and the Tax Collector shall be notified of same immediately. These notifications shall be in writing and signed by the Chief of Police or his duly authorized representative.

Every person engaged in the business or occupation of driver or motorman of any public passenger vehicle specified in this section shall pay one ($1.00) dollar for a driver's badge to be issued by the Tax Collector, which badge shall be of such design and lettering as he shall determine. Upon the presentation of a driver's annual permit, granted by the Police Department, the Tax Collector shall issue annually to the person named in such permit, a driver's annual identification card upon the payment of one ($1.00) dollar, provided said person is the owner of a driver's badge and exhibits such badge at the time of making the application. The obtaining or renewal of this driver's identification card and/or badge shall be subject to the penalty provisions of this ordinance. All licenses issued under the provisions of this section shall date from the first day of each year and shall be issued for one year from the date aforesaid.

**Establishing Procedure for Refunding a Percentage of Fees Collected by Any Department of the City and County.**

(Code No. 3.041)

On recommendation of Finance Committee.

Bill No. 914, Ordinance No. 3.04158, as follows:

Establishing procedure for refunding a percentage of the fee collected by any Department of the City and County of San Francisco for a certificate of sanitation and/or inspection, permit or license when the application for same is withdrawn or denied, and repealing all ordinances or parts of ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whenever an application is made to any Department of the City and County of San Francisco for a certificate of sanitation and/or inspection permit or license, and a fee is paid for same as provided by ordinance, and said application is withdrawn, or after inspection and/or investigation by the department or departments required by ordinance to inspect and/or investigate same, the application is denied, and a request is made for a refund, the following procedure shall govern.

Section 2. The request for a refund must be made and signed by the original applicant within sixty (60) days after such withdrawal or denial and presented to the department to which the fee was paid. This department shall then transmit to the Controller the request accompanied by a statement setting forth the date the fee was collected, the amount, the receipt number, the ordinance number authorizing the collection, the reasons for such denial or withdrawal and a report of the time spent and expenses incurred by the department or departments making this investigation and/or inspection.

Section 3. The Controller shall audit such request for a refund and accompanying statement and determine the cost to the City and County of San Francisco of the investigation and/or inspection, and if he finds the same to be correct and proper in all particulars he shall approve the same and refund to the applicant that portion of the fee paid in excess of such cost.

Section 4. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

Approved by Jno. J. O'Toole, City Attorney.

**Permit to Market Street Railway Company to Operate Buses in Excelsior District.**

(Code No. 15.091)

On recommendation of Public Utilities Committee.

Resolution No. 2366, as follows:

Resolved, That the Market Street Railway Company, a corporation, be and it is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate automobile buses over and on the hereinafter described route in the City and County of San Francisco, to-wit:

Commencing at the intersection of Brazil avenue and Mission street; thence on Mission street to Excelsior avenue; thence on Excelsior avenue to Vienna street; thence on Vienna street to Brazil avenue; thence on Brazil avenue to Prague street; thence on Prague street to Russia avenue; thence on Russia avenue to Moscow street; thence on Moscow street to Italy avenue; thence on Italy avenue to Naples street; thence on Naples street to Brazil avenue; thence on Brazil avenue to Mission street and the point of commencement.

That the permit be and the same is hereby granted upon the terms and conditions hereinafter set forth, and the acceptance or use of said permit by said Market Street Railway Company shall be deemed to be an assent to all of said terms and conditions, and for the holding of said permit subject thereto, which said terms and conditions are as follows:

(a) That nothing herein contained shall be considered to be a franchise granted to said Market Street Railway Company to operate said buses, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors, and upon the revocation of the same, all rights and privileges herein granted shall cease and determine, and the said permit or any of the privileges thereby granted, or exercised thereunder, shall not, in any proceedings instituted by the City of San Francisco to acquire the system of said Market Street Railway Company, be deemed an asset or thing of value to said system.

(b) That said buses will at all times be operated by skilled operators, and in the operation of the same the said Market Street Railway Company will comply with all State and municipal rules, laws and regulations.

(c) That on said buses operated under this permit a fare of five (5) cents for each passenger shall be charged, which such fare, when paid on a bus, shall entitle the passenger to a transfer to the street railway lines of the Market Street Railway Company on Mission street, and the Market Street Railway Company shall issue to passengers on its Mission street line transfers which will be accepted in lieu of fare on said buses traveling over the route herein described.

(d) That the permit herein granted shall not be assigned or transferred without consent of the Board of Supervisors, and before the same shall become effective the Market Street Railway Company shall file with the Board of Supervisors a written acceptance of said permit, in which it shall agree to accept said permit, subject to all the conditions herein contained.

**Memorializing Congress to Provide for the Continuance of Federal Aid Highway Funds.**

(Code No. 5.2)

Supervisor Brown presented:

Resolution No. 2394, as follows:

Whereas, the State of California has been apportioned annually the sum of approximately $5,000,000 by the U. S. Government under the terms of the Hayden-Cartwright Act for Federal Aid highways; and

Whereas, this particular allotment of highway funds has not been included in the present Federal Government budget to continue this essential requirement of motorists throughout the entire United States; and

Whereas, the State of California is now contributing to the U. S. Government from the one cent Federal Gas Tax funds the sum of approximately $11,000,000 annually, and this State has been receiving, in turn, about one-half of this sum from Federal Aid highway allotments, with the possibility of no further allocations for the ensuing biennium; and

Whereas, the City and County of San Francisco has not as yet received any Federal Aid highway allotments for approach roads to the Golden Gate Bridge, which will be completed within 15 months, and for which the City and County of San Francisco has assumed a responsibility of 85 per cent of any deficits accruing from the lack of revenue, to which adequate highways are a contributing factor; and

Whereas, these Federal Aid highway allotments have been a vital factor in relieving unemployment in the construction, automotive, petroleum, cement, and kindred industries; and

Whereas, the terms of the Hayden-Cartwright Act have previously provided a most beneficial protection against gas tax diversion by the various States and political subdivisions on account of its mandatory provision of reducing by one-third the Federal highway allotments of States participating in the diversion of gas tax funds, and any discontinuance of these Federal Aid highway appropriations would react most unfavorably against all future highway construction programs dependent on gas tax contributions; now, therefore, be it

Resolved, That all members of Congress and the United States Senate from the State of California and all other Western States be, and they are hereby requested to exert every effort to insure the continuation of Federal Aid highway funds to provide some medium of return for the generous contributions of the motoring public to the U. S. Government.

**Re-location, Widening and Beautification of San Francisco-Oakland Bay Bridge Approaches.**

(Code No. 13.04)

Supervisor Roncovieri presented:

Resolution No. 2395, as follows:

Whereas, the Board of Supervisors has pledged the City and County of San Francisco to contribute $400,000 toward the cost of re-locating, widening and beautifying the vehicular approach to the San Francisco-Oakland Bay Bridge, as recommended by the Art Commission; and

Whereas, the State of California has matched this sum, in the interests of a more sightly approach; and

Whereas, the Board of Supervisors, mindful of the necessity of keeping the gateway of our city as sightly and as safe as possible; and

Whereas, billboards, signs or other advertising devices on the roofs of buildings facing the approach would not only destroy the beauty envisioned by the Art Commission and the Board of Supervisors, but would materially increase traffic hazards by tending to divert the attention of motorists from the road and the vehicles about them; now, therefore, be it

Resolved, That the fire, safety and police committee of the Board of Supervisors be instructed to interview officials of the Art Commission, the City Planning Commission, the Street Traffic Advisory Board, the Bureau of Building Inspection, the City Attorney and others interested, to the end that construction of billboards, advertising signs or other devices on buildings in the vicinity of the Bay Bridge approach be prohibited; and be it

Further Resolved, That the Fire, Safety and Police Committee develop such legislation as may be necessary to accomplish this end and submit it to the Board of Supervisors as quickly as possible.

Supervisor McSheehy moved that a committee of three be appointed to prepare proper engrossed resolution to the memory of Father Damien. Supervisors Schmidt, McSheehy and Shannon were appointed to said committee.

**Adopted.**

The following resolution was *adopted* unanimously by rising vote:

**Father Joseph Damien de Veuster, Martyr.**

(Code No. 5.91)

Resolution No. 2399, as follows:

Whereas, the blessed remains of Father Joseph Damien de Veuster rest in our City today, and all San Francisco, grateful for the opportunity, kneels at his bier in prayerful reverence and pious respect for the man whose voluntary exile among the afflicted and rejected has perpetuated his memory; and

Whereas, although the death of this martyr priest occurred in 1889, the fifteen years he labored in the service of God ministering to the souls and bodies of lepers at Molokai constitute an ever-living example of sacrifice and love for his fellow man not equalled during the period in which he lived; and

Whereas, the people of Louvain, through their King, Albert of Belgium, have arranged for the removal of his remains to a chapel shrine in the homeland of this saintly missionary, and it is on this stately journey of his body to the land of his birth that San Francisco, the only continental American city touched by the cortege, pauses to pay homage to Father Damien; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby officially express its profound reverence and deep respect for Father Joseph Damien de Veuster, who lived and died a hero among the lepers at Molokai, and of whom it was said "he shut with his own hand the door of his sepulchre."

**Adequate Pacific Coast Defense.**

Supervisor Brown referred to the fact that February 12 to 22 had been designated National Defense Week; that Mayor Rossi had appointed a citizens committee of which he, Supervisor Brown, was chairman, to arrange a celebration, and in that connection presented a letter from San Francisco Chamber of Commerce, relative to the necessity of adequate Pacific Coast defense. Clerk was directed to prepare suitable memorial to Congress along the lines of the letter.

### Report Requested on Underground Districts.

Supervisor McSheehy referred to a number of streets to be widened by sidewalk reduction and moved that the Clerk request from the Public Utilities Commission a report as to the status of contract with the Pacific Gas and Electric Co. with respect to the number of miles of conduit service that have been placed underground during the past two years; also, as to mileage, if any, due the city.

Motion *carried*.

### Report of Special Committee as to Disposal of Hetch Hetchy Power.

SUPERVISOR SHANNON: Mr. President, and members of the Board: As stated by the president of the Board, I desire to make a report of the committee that went to Washington with reference to the Hetch Hetchy power. All the members of the committee that were appointed by this Board, with the exception of the Mayor, attended the meeting in Washington with Mr. Ickes. We had three conferences with him, and Mr. O'Toole presented the legal matters, particularly stressing Section 9 which calls for a reasonable compliance with the Raker Act. Mr. Cahill went into great detail regarding the technical and electrical end of the matter. Mr. Ickes, a little different than most attorneys, was very quiet. Usually attorneys are quite garrulous, but we found Mr. Ickes very quiet, and he listened at all times. I can say he was most courteous to the entire committee; his attitude, I would interpret as being rather friendly. He complimented the officials of San Francisco in their evident desire to endeavor to comply with the law. Mr. Merrigold, Mr. Ickes' solicitor, a rather young man, an attorney, a graduate of Yale, raised some objections to the proposal that San Francisco presented, especially from the legal standpoint. Mr. Merrigold was for a strict adherence to the letter of the law as laid down in the Raker Act.

Mr. Hiram Johnson was particularly interested in the matter and gave the committee some splendid advice. Mr. Richard Welch attended the public hearing that was had with Mr. Ickes. At the final meeting it was determined that Mr. O'Toole would send some written memorandum to Mr. Merrigold, Mr. Ickes' solicitor, with reference to his interpretation of the reasonable compliance, and Mr. Ickes in the meantime has taken the matter under advisement.

SUPERVISOR McSHEEHY: Then at this time I am going to move a meeting of the special committee next Thursday at four o'clock. I am calling this meeting, which I have the authority to do, and I am doing so, Supervisors, especially addressing myself perhaps to Supervisors Shannon and Havenner who went east—I am doing so with just one thought in mind, and that is to keep this entire matter before the members of this Board and before the City of San Francisco as a whole.

Now, some of us have gone through this for a great many years; personally I have gone through it for over ten years, and I feel that I know the Raker Act as well as the average layman knows the Raker Act, and I know what has happened during the past ten years, and I know the prices that are charged to the average householder for electric consumption in their various homes. Now, something ought to be done. The very moment that this was agitated to a degree that it looked as if the City meant business, and the City did mean business, a reduction of ten per cent took place to all householders. Now, we are told by Mr. Cahill that another reduction of ten per cent would take place.

Now, people don't realize, but something like eleven millions of dollars is collected annually from the average householders here in San Francisco. It is a huge sum of money, and a ten per cent reduction means a great deal. They will quote to you every type of reduc-

tion under the country and they will tell you, "Yes, we are selling electricity at an average of two and a half to three cents a kilowatt", but when they make that analysis they do by placing in the Market Street Railway and our own Municipal Railways, and other large companies that use a large amount of electricity at a very low rate; but the average householder, you will find, pays around four and a half to five cents.

Now, Mr. Ickes—We understand conditions as they exist today, and some of us understand Mr. Ickes, and we understand his position. Now, I think this matter should be kept, and I know that I individually, as a member of this Board, and as chairman of this committee, am going to do everything I can to keep this matter before the public so that the public and the people of our city will receive a reduction in their electric rates. Now, if they can continue to stall they can continue to get this rate they are getting here today, which is a huge sum of money, huge profits they are continually making. We can meet again next Thursday and we can have this matter under advisement and we can listen to all who went there at the committee meeting in Washington and we can try and arrange, if we can, some mode of procedure so that we can some day deliver to the householders of San Francisco their own electricity from Mocassin Power House. Some day—it is not going to be done in a week. We have accomplished a great deal in the last few months, when we got that ten per cent reduction, and we will accomplish a great deal more by keeping together and not attempting to allow the matter to automatically die to some degree.

Remember, it is ten years ago that we entered into that contract in selling the output of the Moccasin Creek Power House for a little less than one-half cent a kilowatt, and they in turn selling it to us on an average of around four and a half cents a kilowatt in San Francisco. I know there are people sitting in this audience, I know there are people sitting in the press box that do not agree with me, and they never have agreed with me and I don't expect they ever will agree with me, but nevertheless I am going to state the facts as I find them. So, I hope, members of this committee, that you will adhere to the meeting that I am calling next Thursday at four o'clock—since Mr. Dunnigan said something about what room was being taken.—

THE CLERK: In here.

SUPERVISOR McSHEEHY: Why meet in here?

THE CLERK: Because the finance committee, or the street and police committee will be in room 228.

SUPERVISOR McSHEEHY: Then I have no objection, of course, to meeting here at that time, so, therefore, I would like to call that meeting at four o'clock, at that particular time, to go all over this, and have you, Mr. Clerk, notify all of the city officials that attended the conference in Washington, and those that are directly interested in this matter, and any other citizens that are directly interested.

SUPERVISOR SHANNON: May I say a word, Mr. McSheehy?

SUPERVISOR McSHEEHY: Yes.

SUPERVISOR SHANNON: We all appreciate your interest in this matter of the disposition of the power from Hetch Hetchy; all members of this Board are equally interested. Mr. Cahill will not be in San Francisco next Thursday, and asked particularly that all matters to be considered by this Board be withheld until his return, which will be, I think, about two weeks, and therefore I would suggest that in accordance with his special request to the members that returned to San Francisco before his return that we delay any meeting until his return, unless there is some special matter to be considered.

THE CHAIRMAN: May I make this statement to Mr. McSheehy, and Mr. Shannon, in particular: I think that it might be advisable, Mr. Shannon, to hold a meeting for the particular discussion of the proposed test suit before the Supreme Court concerning our authority

to issue revenue bonds. I think that need not wait until Mr. Cahill's return because that does not bear on the proposition which he has submitted to this Board and which the Board has submitted to the Secretary of the Interior; but I do think it might be advisable to hold this committee meeting and to endeavor to agree upon some course of procedure with respect to this proposed test before the Supreme Court, if that is agreeable with you. I agree with Mr. Shannon that I hardly think there is anything the committee, or board, could do immediately concerning the matter now pending before the Secretary, but I think it would be very desirable to try to decide upon a program with respect to the revenue bond test matter.

SUPERVISOR McSHEEHY: Then, as I take it, Mr. President, that you favor holding this meeting with reference to the test revenue bond matter. I have been told—one of the clerks was telling me that Mr. O'Toole was sick.

THE CLERK: He will be back in his office today.

SUPERVISOR McSHEEHY: Is he back today?

THE CLERK: He is coming in for a little while, and he will be back on the job tomorrow.

SUPERVISOR McSHEEHY: If you, Supervisor Shannon, have any desire to put the whole matter off a week, I am not set or I am not arbitrary; the only thing I am arbitrary about is to keep the matter before this board because I know what the outcome will be if we consistently keep it out. We have accomplished something and we will accomplish a great deal more. If Supervisor Shannon wishes to hold this matter, as suggested by Supervisor Havenner on next Thursday, I am perfectly willing. If the Supervisor doesn't, I am willing to put the matter over another week.

THE CHAIRMAN: I personally would be glad to have the committee meet for the purpose of discussion of the procedure I have outlined; I think it would be desirable to arrive at an agreement at the earliest possible moment.

SUPERVISOR McSHEEHY: Then if there is no objection, I will call the meeting.

SUPERVISOR SHANNON: I have no objection, as long as there is something specific to come before the committee.

SUPERVISOR McSHEEHY: Then the clerk will please have notices prepared, and notices will be sent out to everybody as to this meeting at four o'clock.

## ADJOURNMENT.

There being no further business, the Board, at the hour of 3:50 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

Resolution No. 2415, as follows:

Whereas, the long and pious career of the Right Reverend Monsignor William G. O'Mahony, pastor of St. Anne's Church, has been ended by death; and

Whereas, Monsignor O'Mahony labored diligently in the service of God and his many contributions to the spiritual life of San Francisco were made by dint of prodigious effort which finally cost his life years before he need have gone, and while thousands mourn his death, that sorrow is alleviated by the fact that he was allowed to see the fruitions and realizations of the ambitions he cherished, foremost among them being the building of the magnificent Basilica of St. Anne; now, therefore, be it

Resolved, That the Board of Supervisors does hereby publicly express its profound sorrow at the death of the Right Reverend Monsignor O'Mahony, whose wage was the satisfaction of heart that he had met every duty to his God and his fellow man and performed it well, and as a further mark of respect, the Board this day adjourns out of respect to his memory.

**In re Agreements Between California Toll Bridge Authority and Interurban Carriers**

San Francisco, February 14, 1936.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: The final drafts between the Toll Bridge Authority and Interurban and Key System for the handling of interurban passengers between San Francisco and Oakland over the Bay Bridge have been received and examined by me.

The first important matter, concerning the contracts, to be determined by your Board was whether automobile or rail transportation should be employed to transport interurban passengers. On March 4, 1935, the Board went on record as favoring rail transportation, which method has been provided for in the contracts and which we urged before the Railroad Commission be incorporated in the documents.

Your action taken August 26, 1935, approved so-called Plan X, with the proviso that the property on the south side of Mission street between First and Fremont streets should be purchased by the Toll Bridge Authority and a suitable terminal building erected thereon. The contracts set forth that the streets designated shall constitute the terminal, and drawings of the proposed building to be erected thereon have been submitted to the Mayor and your Board. The Toll Bridge Authority intends to erect a suitable building similar to that depicted in the drawings submitted.

Another point that the City Attorneys representing cities interested in these contracts urged inclusion within their terms was that the interurban railroads would never attach any value arising out of the contracts to be included in their rate base for the fixing of fares for the future. It was also urged that present fares be maintained for a period of eighteen months and both these provisions have been incorporated.

The value of the right to operate over the bridge is also excluded in the event eminent domain proceedings are instituted to acquire the properties of the operating companies and particularly no severance damage is to be claimed in the event any public agency would condemn and purchase the contemplated interurban lines.

The contracts grant to the railroads an exclusive right to operate interurban service up to January 1, 1942, and thereafter the contracts may be terminated by giving notice at any time within sixty days after January 1, 1942, that the contracts will be terminated within the succeeding two years.

In the event the terms of the contracts are extended for any 5-year period after 1942 the right to terminate exists by giving similar notice.

An important feature of the contracts is that the operating companies have agreed to abandon the use of ferry boats.

Much of the contracts is devoted to the conditions under which the Toll Bridge Authority will change the equipment of the operating companies so as to make it feasible to use the same over the bridge, liability in operating the system, the right of the Authority from time to time to permit any railway companies to use the bridge in common with the interurban railroads for purposes other than the interurban traffic, the Authority's right to operate the railway in the event the interurban railroads should default in the provisions of the contracts, and many provisions relative to the safety devices and the observation of all rules of safety.

Technically speaking, the City has no legal right to dictate the terms to be incorporated in these agreements, but the Authority has willingly entertained suggestions made by me as well as suggestions made by other city attorneys and the contracts express virtually all of the matters that you have instructed me to have incorporated in them.

Unless otherwise advised by you, I am prepared to and will approve these contracts and make known the approval to the Railroad Commission.

Yours very truly,
JOHN J. O'TOOLE, City Attorney.

### Privilege of the Floor.

Earl Carroll, representing Owners and Lessees Apartment House Association; Florence McAuliffe, attorney for California State Toll Bridge Authority; John J. O'Toole, City Attorney, and Dion Holm, Assistant City Attorney, and Geo. Gearhardt, secretary Civic League of Improvement Clubs, were heard at length on the foregoing matter.

### Motions.

Supervisor Shannon moved that the Board notify the City Attorney that it offers no objection to his approval of the contract.

Motion *carried* by the following vote:

Ayes—Supervisors Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—6.
Noes—Supervisors Brown, Colman, McSheehy, Schmidt—4.
Absent—Supervisor Uhl—1.

### Motion to Reconsider.

Before the result of the foregoing vote was announced Supervisor McSheehy changed his vote from *no* to *aye* and moved for reconsideration, and Supervisor Colman changed his vote from *no* to *aye* and moved suspension of the rules for immediate reconsideration.

The roll being called on suspension of the rules, the same *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—8.
Noes—Supervisors McSheehy, Schmidt—2.
Absent—Supervisor Uhl—1.

### Reconsideration Denied.

Thereupon, the roll was called on reconsideration of the vote whereby Supervisor Shannon's motion carried and the same was *defeated* by the following vote:

Ayes—Supervisors McSheehy, Schmidt—2.
Noes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—8.
Absent—Supervisor Uhl—1.

Whereupon, the chair announced that the motion to reconsider the vote on Supervisor Shannon's motion was *denied* and declared said motion *carried*.

### Underground District.

Supervisor McSheehy presented resolution authorizing consideration of creation of underground districts in connection with sidewalk narrowing.

*Referred to Joint Streets and Public Utilities Committee. Meeting of Joint Committee, February* 18, 1936, 4 *p. m.*

### Enforcement of Liquor Laws.

Supervisor McSheehy presented letter from County Supervisors' Association, announcing meeting at Hotel Biltmore, Los Angeles, February 19-30, to consider proposal of placing enforcement of liquor laws in hands of local authorities, and requesting representation from Board of Supervisors at meeting. Also, communications from State legislators Melvyn Cronin and Ralph E. Swing, announcing meeting in State Building, Los Angeles, dealing with same matter, were read by Clerk.

Chair appointed Supervisors McSheehy, Roncovieri and Shannon to attend.

**Report of Special Committee to Study and Report on Disposal of Hetch Hetchy Power.**

February 13, 1936.

The following was read by the Clerk:

To the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: On motion of Supervisor Havenner, seconded by Supervisor Meyer, at meeting of the Special Committee to Study and Report on Disposal of Hetch Hetchy Power today, the following action was taken by the Committee:

Recommended that the City Attorney and the President of the Board be authorized to confer with Mr. S. B. Robinson, attorney for the Water and Power Bureau of the City of Los Angeles, and ascertain whether it will be possible for him to assist the City of San Francisco in an advisory legal capacity in the preparation of revenue bond legislation.

Respectfully yours,

SPECIAL COMMITTEE TO STUDY AND REPORT ON DISPOSAL OF HETCH HETCHY POWER,
JAS. B. McSHEEHY, Chairman.
FRANCK R. HAVENNER, Member.
FRED W. MEYER, Member.
WARREN SHANNON, Member.

THE PRESIDENT: The chair would entertain a motion for the approval.

SUPERVISOR McSHEEHY: I so move.

SUPERVISOR COLMAN: Let me hear that again. What did it provide?

(Report again read by the Clerk.)

SUPERVISOR McSHEEHY: Supervisor Colman, may I explain that: We had a meeting, you were absent, and it was explained to us by the City Attorney, that this attorney, Mr. Robinson, in Los Angeles, is the man that has really promoted, and entirely worked out, the $22,000,000 revenue bond issue down there, and Mr. O'Toole states he is almost a wizard in the matter of revenue bonds, and all the ramifications of them, and he felt he would be of great assistance to him, if he were employed, to work out a revenue bond issue for this matter, and we three men felt that way, and signed the aforesaid resolution, and Supervisor Shannon did likewise.

SUPERVISOR COLMAN: Do I understand the City Attorney has requested the services of an outside attorney to draft—What about revenue bonds—what is it you want to find out?

THE PRESIDENT: I made the motion, Supervisor Colman, because of the fact that on our way east, Mr. O'Toole and myself had a conference with the attorney for the Los Angeles Water and Power Bureau, Mr. Robinson is the attorney, he represented the City of Los Angeles in its recent sale of revenue bonds, some twenty-two million dollars of revenue bonds to a Wall street syndicate; and he impressed us—Mr. O'Toole so expressed himself, and I know he impressed me, as having a greater familiarity with the subject of revenue bonds, and legislation for public utility purposes than anyone with whom it had been our privilege to confer; and Mr. O'Toole expressed a willingness, and I thought it would be desirable, in order that whatever procedure we adopt should be carefully prepared, for Mr. O'Toole to have his assistance. This does not commit the City at this moment to his employment, even if he should agree to be employed, but merely authorizes the City Attorney and the President of the Board to confer with him, and see whether it would be possible to get his services in an advisory capacity.

SUPERVISOR COLMAN: Well, has the City Attorney asked—I understand from what Supervisor McSheehy said that he has requested the aid of another attorney. It is new to me.

THE PRESIDENT: He said that he thought it would be very, very helpful.

SUPERVISOR COLMAN: I think the City Attorney is very capable of carrying out whatever program is agreed upon.

THE PRESIDENT: He is, but he is extremely busy, and he recommended this gentleman, who had had a greater experience in this legislation than anybody else in California at this time, and he expressed his entire willingness to have the assistance of this gentleman if it should be available.

SUPERVISOR COLMAN: Well, my experience in these matters has not been exactly—the result, as I look back over the years, the results of doing this sort of this sort of thing have not been satisfactory—have not accrued to the advantage of the City. I have found, when we have gone and done these things, the results have been confusing, and have been of such a character that I do not think it is necessary, frankly; and the expense is a consideration. If Mr. O'Toole comes in and makes a statement that it is—states that it is absolutely necessary, I might reconsider, but under the conditions I don't think there has been any necessity demonstrated to me for the engaging of outside counsel to do this particular job, I really don't, and accordingly I am going to vote "No". I am willing to change that any time if the City Attorney—and he can do that readily enough—will take the trouble to tell us, at least take the time to convince me that it is necessary to go to this expense of engaging another attorney in addition to the attorneys we already have. Under those circumstances, the request of any head of a department, and the reasons for it appearing, will receive my consideration, but hearing this offhand I don't see the necessity of going to that expense for this at this time.

SUPERVISOR RATTO: Is there any expense attached to this? I thought it was simply a request.

THE PRESIDENT: We don't know whether he will be able to assist us, we are going to ask this gentleman whether he could assist us in the preparation of that legislation. I think his services would be of great value to the City, and I know Mr. O'Toole agrees with me.

SUPERVISOR RATTO: Before his services are asked for, naturally we will know whether there is an expense attached to it or not?

THE PRESIDENT: Yes.

SUPERVISOR COLMAN: You may be literally correct, but if you approve asking if a man will come here, that is a kind of obligation that you are going to ask him to come, or that is the view I take of it. In other words, I don't want to be led part of the way, and then come back. I would rather make my attitude clear in the first place. I don't approve of the matter, in the way it comes before the Board, I don't know whether it is according to the Charter or not, I would like advice as to that.

THE PRESIDENT: What is that?

SUPERVISOR COLMAN: I don't think it is properly presented, I think the matter should come before us at the request of the City Attorney, with the statement that he desires the Board to engage the services of an attorney for certain purposes.

THE PRESIDENT: Well, he did advise the committee that he would be very happy, indeed, to have the assistance of this gentleman, and all we are asking is authority to find out whether his services would be available. I have no doubt that the City Attorney will recommend it.

SUPERVISOR COLMAN: Well, I will wait until he does so, and when he does so I will consider it at that time.

## MAYOR'S VETO.

The following matter was heretofore read on February 3, 1936, by the Clerk, and action *deferred until February* 24, 1936.

Office of the Mayor,
San Francisco.

January 29, 1936.

To the Honorable The Board of Supervisors, City Hall, San Francisco.

Gentlemen: The gasoline supply station ordinance No. 11.08211 and

amendment to garage ordinance No. 11.08222, are before me for either approval or disapproval. I regret to inform you that I must disapprove these ordinances and veto the same, which I hereby do and return them to you.

While all legislative matters that require my attention receive my most careful consideration, the extreme interest manifested by the proponents and the opponents to these amendments and the very close vote by your Board of 6 to 5, establishing their passage, prompted me to hold a public hearing on Monday, January 27, 1936. The meeting was held in the Assembly Room of the Utilities Commission and all persons concerned were given an opportunity to be heard. Representatives of the Parent-Teachers Association, civic and improvement clubs, San Francisco Hospital Conference and many other civic-minded citizens were in attendance, and free discussion of the issues before us ensued. To all participating, I am profoundly grateful.

While it is true that many issues are subjected to protests, I have never seen a more sincere and unselfish group of protestants as those appearing at this time.

In my letter of transmittal which accompanied my annual message, and which letter was dated January 6, 1936, under the title of "Traffic Fatalities", I stated the following:

"According to a report issued January 1, 1936, by the Commerce Department at Washington, San Francisco led all major cities in 1935, as we did also in 1934, in the lowness of the number of traffic fatalities per 100,000 of population. Our record, 9.5 in 1935, was lower, by far, than that of any of the major cities listed. While this is a good record, we must vigorously continue our campaign of education to reduce this toll of precious lives, many of which are lost through reckless driving, or carelessness upon the part of pedestrians."

Traffic regulations and the splendid enforcement of them by our efficient San Francisco Police Department, aided by the young men of the San Francisco School Traffic Patrol, made the fine record above referred to, possible.

I am in complete harmony with the National campaigners to reduce traffic fatalities. I am fearful, however, that the provisions contained in these ordinances will not permit such a condition to obtain.

The question of fire hazard was presented by the opponents to these amendments. Fire Chief Charles J. Brennan met this issue, and who is better qualified to discuss fire hazards than he? His opinion on such items I highly regard.

May I, at this point, comment upon the vigorous objection made to these measures, by persons representing the Parent-Teachers Association. It is commendable that these good ladies have devoted so much time and effort in making known their objections, and all in an unselfish effort merely to safeguard the lives of our children.

While it is true that we have established quiet zones about hospitals, there was a difference of opinion expressed by the persons appearing before me as to the interpretation to be placed on Section 2 of the supply station ordinance, which is similar in terminology to subdivision (e) of Section 1 of the garage ordinance. The language employed was construed by some to have intended to mean that no garage or service station would be erected at a point any place two hundred feet from the exterior boundary of any hospital, and by exterior boundary they felt was meant the walls enclosing the lot upon which the hospital was located.

Others expressed the view this language meant from the exterior boundary of the building proper, which would appear to me to be what was actually expressed.

It was also contended that in so far as schools, churches and theatres are concerned that the language used in the ordinances that none of the designated structures "shall come within 60 feet of the property line" was likewise ambiguous and that other language should be used.

I am in accord with the thoughts thus expressed and for the sake of clarity, any ordinance hereinafter adopted by your Honorable Board should specify therein that the distances are to be measured from the closest point of the property line to all institutions referred to to the nearest point on the property line to any garage or gas supply station, and these measurements to be made on a straight line.

In conclusion, it appears to me that the limitation of 60 feet for garages or gasoline stations to be erected near schools, churches or theatres is an unsafe distance and that a 200-foot limitation for such structures to be erected from the exterior boundary of the hospital buildings does not insure the persons confined to hospitals a sufficient safeguard for quiet.

Yours respectfully,

ANGELO J. ROSSI, Mayor.

*January* 30, 1936—*Filed with Board of Supervisors at* 10:30 *a. m.*

Question: Shall the Ordinance stand notwithstanding the objections of His Honor the Mayor?

A vote *aye* sustains the Ordinance. A vote *no* sustains the *veto*.

**Veto Sustained.**

Supervisor Uhl moved that the Mayor's Veto be sustained.

Motion *carried* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Shannon—5.
Noes—Supervisors Havenner, Ratto, Roncovieri, Schmidt, Uhl—5.
Absent—Supervisor Brown—1.

## UNFINISHED BUSINESS.

**Final Passage.**

The following bill, heretofore passed for second reading, was taken up and *finally passed* by the following vote:

**Establishing Procedure for Refunding a Percentage of Fees Collected by Any Department of the City and County.**

(Code No. 3.041)

On recommendation of Finance Committee.

Bill No. 914, Ordinance No. 3.04158, as follows:

Establishing procedure for refunding a percentage of the fee collected by any Department of the City and County of San Francisco for a certificate of sanitation and/or inspection, permit or license when the application for same is withdrawn or denied, and repealing all ordinances or parts of ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whenever an application is made to any Department of the City and County of San Francisco for a certificate of sanitation and/or inspection permit or license, and a fee is paid for same as provided by ordinance, and said application is withdrawn, or after inspection and/or investigation by the department or departments required by ordinance to inspect and/or investigate same, the application is denied, and a request is made for a refund, the following procedure shall govern.

Section 2. The request for a refund must be made and signed by the original applicant within sixty (60) days after such withdrawal or denial and presented to the department to which the fee was paid. This department shall then transmit to the Controller the request accompanied by a statement setting forth the date the fee was collected, the amount, the receipt number, the ordinance number authorizing the collection, the reasons for such denial or withdrawal

and a report of the time spent and expenses incurred by the department or departments making this investigation and/or inspection.

Section 3. The Controller shall audit such request for a refund and accompanying statement and determine the cost to the City and County of San Francisco of the investigation and/or inspection, and if he finds the same to be correct and proper in all particulars he shall approve the same and refund to the applicant that portion of the fee paid in excess of such cost.

Section 4. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

Ayes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

### Minority Report—Underground Districts.

Supervisor McSheehy at this point presented and read a minority report of the Joint Committee on Streets and Public Utilities on the subject of providing for underground system for electric service wires and telephone wires on various streets, the sidewalks of which are being reduced through fund provided by the Federal Government in its P. W. A. Projects, as follows:

San Francisco, California, February 24, 1936.

Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: On Monday, February 17, 1936, at a regular meeting of the Board of Supervisors of the City and County of San Francisco, California, a number of ordinances regulating the changing of the width of the sidewalks or streets throughout the city were on the calendar and recommended by the Streets Committee for passage for second reading. I moved that the following resolution be referred to the Public Utilities Committee:

"Whereas, there is now in progress or immediate contemplation a program of sidewalk narrowing in the City and County of San

Francisco which will provide for the reduction of between twenty-five and thirty miles of sidewalks, and

"Whereas, such work is being or will be accomplished with funds from the Works Progressive Administration of the Public Works, as part of the National Recovery Program, the appropriation for which will be lost to San Francisco unless this work is immediately prosecuted, and

"Whereas, in the opinion of the engineers, the sidewalk narrowing proposed in this program will not unduly inconvenience pedestrian traffic and, on the other hand, are of vital necessity to the City and County of San Francisco as a whole in the improvement of the vehicular traveled surfaces, particularly in the view of the immediate contemplation of the two great bridges, and

"Whereas, in many instances where sidewalk narrowing is under way or proposed, an extended hardship results or will be resulted to property owners and residents through the setting back of power poles to a proximity so close to the adjoining property as to constitute a fire hazard and a safety menace.

"Now, therefore, be it resolved:

"That this Board of Supervisors do hereby authorize and request the Public Utilities Committee to take cognizance of this problem to the end that a satisfactory solution thereof may be worked out,

"And be it further resolved, that because time is the essence in this problem, said committee be requested to commence at 2 p. m., February 21, 1936, and to report their findings and solution, if any, to this Board soon thereafter.

"Be it further resolved, that the following persons, and organizations, be requested to attend or be represented at said hearing: The Streets and Traffic Advisory Board, The City Attorney, the Controller, the City Engineer, the Manager of Public Utilities, the Chief Engineer of the Fire Department, Mr. Clyde Healy, the Market Street Railway Company, the Pacific Gas and Electric Company, the Pacific Telegraph & Telephone Company, the California Automobile Association, the Central Council of Improvement Clubs, the Chamber of Commerce, the Council of Civil League, or improvements clubs, the Downtown Association, and the Union Labor."

This resolution was amended by Supervisor Shannon that it be referred to a joint committee of the Street and Public Utilities, and that a meeting be held on Tuesday at 4 o'clock. I agreed to this amendment, and it was carried unanimously by the Board.

On Tuesday, February 21, 1936, the joint committee of the Streets and Public Utilities met. Those present were Supervisors Ratto, Mead, Meyer, Colman, and McSheehy, Assistant City Attorney Dion Holm, Mr. William C. Worden, Mr. John J. Casey, Mr. Clyde Healy, Captain Charles Goff, Charles Dolan and others representing the Public Utilities Commission; Mr. Eustace Cullinan and others representing the Pacific Gas and Electric Company; Mr. Ralph R. Wiley, chief of the Department of Electricity; Mr. George Stalley, Mr. John T. O'Connor, representing the Labor Council; Doctor Griffin, representing the Central Council, and representatives of the Chamber of Commerce and a large number of citizens.

My resolution was read, and then some little discussion ensued as to the proper manner in which to proceed. The Supervisors interrogated the engineers with respect to certain proposed sidewalk narrowing, as well as some already under construction and developed information as to whether or not the public utilities corporations services were overhead or underground on those particular streets. To bring the matter before the committee, I moved that the committee recommend to the Board next Monday, February 24th, that the public service corporations using these streets be required to place their wires underground. I then called upon Mr. Clyde E. Healy for an explanation of the work being done under the Works Progressive Administration, and for an estimate of how much work was proposed to be done. Mr. Healy responded in effect as follows:

"A program of streets, upon which it is proposed to narrow the walk widths has been set up and embraces some twenty-four to thirty miles of work, and in this program it is estimated a minimum of twenty miles will be done."

I then called upon Mr. Dion Holm, Assistant City Attorney, to explain the legal aspect of the matter and with particular reference as to whether or not the Board could legally order the Pacific Gas and Electric Company, as well as other utilities, to embark upon such an expensive program of underground work at one time. Mr. Holm stated it as his opinion, subject to further deliberation of the matter, that if this work was not done as a result of any whim, fancy, or desire to unduly burden the utility corporations, but because it was felt that it was a real necessity for the protection and safety of the public, it could then be considered as a valid exercising of a police power and could be sustained, citing a number of cases.

I have here, and I wish to read to the committee the following excerpt from the Pacific Coast edition of the Wall Street Journal——

Now, members of the Board, I will read this from the Journal just as I read it to the committee, so all present can understand the financial standing of the Pacific Gas and Electric Company today. This is the Pacific Coast edition of the Wall Street Journal:

"Friday, February 14, 1936."——

here is a lost list of corporations, and I will just take the one we are directly interested in, the Pacific Gas and Electric. Their per share earnings is $2—for the year 1933 was $2.10, and for the year 1934 was $1.52, a gain of 58 cents. The balance of the common stock in the company in 1935 was 12,880,000 and in 1934 was 9,555,476, a net—the income for 1935 was $21,000,000 and for 1934 was $17,692,223, a positive gained profit in one year of $3,307,777.

And in Sacramento two weeks ago Mr. James B. Black, president of the Pacific Gas and Electric Company, made the statement that the company contemplated making sixteen millions of dollars of extensions in this state this year. Mr. Eustace Cullinan, attorney for the Pacific Gas and Electric Company, made the statement that it would cost between two millions and three millions of dollars to make these improvements that I am calling for in my resolution, and that the company had lived up to its requirements under ordinance number 214 in the past ten years and they had placed some thirty odd miles of wire underground.

Now, gentlemen of the Board, I want you to particularly listen to the statement—and I am more than pleased that the gentleman is present, Mr. Worden, Director of Public Works, who made at the meeting this statement:

"It would seem impracticable, particularly because of the time element, to adopt the suggestion of Supervisor McSheehy ordering all of this work underground at this time but, on the other hand, unless some provision is made to increase the mileage which the utility corporations are required to install underground each year, it will take forty years to put their one hundred miles of overhead wires underground and we have between six hundred and seven hundred miles of streets in San Francisco. In addition to this factor, we, in the Department of Public Works, are granting pole permits at the rate of twenty-five per week, which would seem to indicate that the overhead mileage is increasing rather than diminishing. I would suggest that the present underground ordinance be amended to provide that the utilities corporations be required to put their services underground at the rate of say ten miles per year, rather than two and a half miles as at present; and in that manner we will make considerable inroad on the work."

Supervisor Colman then stated that he thought Mr. Worden's suggestion a good one, that because of the time element we could not possibly hope to accomplish the work in conjunction with the work of the WPA, and, accordingly, moved as an amendment to my motion

that it be taken under advisement for further study and investigation. To this I objected. The roll was called and Supervisor Colman's motion was adopted by the votes of Supervisors Ratto, Mead, Meyer and Colman—Supervisor Shannon being absent—Supervisor Colman then moved that this ordinance referred to the committee in conjunction with my resolution be sent back to the Board with the recommendation that they be passed for second reading on next Monday. The roll was called and the motion was adopted by the votes of Supervisors Ratto, Mead, Meyer and Colman—Supervisor Shannon being absent—I voted "No". Supervisor Colman then moved an adjournment, to meet at the call of the chair, which I objected to. It was carried by the same vote and with the two previous motions. I gave notice that I would file a minority report on all three of these motions.

A commitment has been made by four members of this Board with reference to my resolution, and a statement has been made by the attorney of the Pacific Gas and Electric Company that two or three millions of dollars will have to be spent in doing this work and great fear was expressed that delay in preparing plans and having material brought out from the east might cause this work to be stopped and the men now employed under the WPA laid off. This statement was all hearsay and was not borne out by any facts that were presented to the committee. But there was one fact that every city official and Supervisors agreed on, and that was that the wires should be placed underground. Therefore, I will offer the following minority report:

1. That this entire subject be postponed one week and that we meet as a committee of the whole one week from today at 3 p. m., March 2, 1936, to investigate whether we cannot devise ways and means of placing wires underground instead of having some six hundred miles of poles scattered all over our city.

2. And that the Department of Electricity forward to this Board an itemized statement of costs for placing wires underground on each and every street. I am making this particular request because Mr. Wiley, Chief of the Department of Electricity, made a statement that it would not—that there would not be a saving of over twenty per cent in the cost of doing the work now and doing it after it had all been finished and completed.

3. And that the following persons and organizations be requested to attend or be represented at that meeting: The Street Traffic or Advisory Board, the City Attorney, The Controller, the City Engineer, the Manager of Public Utilities, the Chief Engineer of the Fire Department, Mr. Clyde Healy, the Market Street Railway Company, the Pacific Gas and Electric Company, the Pacific Telephone and Telegraph Company, the California Automobile Association, the Central Council of Improvement Clubs, the Chamber of Commerce, the Civic League of Improvement Clubs, the Downtown Association, and Mr. Frank V. McLaughlin of the WPA, and the clerk of this Board be directed to forward a list of the streets as compiled by the Engineer's office, headed "Sidewalk reduction progress of February 1, 1936," to all daily and weekly newspapers for publication, if they so desire, which will be for the purpose of informing the property owners of the contemplated narrowing of their sidewalks on streets affected and the removal of the wires, underground.

Respectfully,

JAMES B. McSHEEHY, Supervisor.

After a lengthy discussion the roll was called on the minority report and the same was *defeated* by the following vote:

**Report of Committee on Liquor Control.**

The following was read by Supervisor McSheehy and copies *ordered sent to members*:

San Francisco, California,
February 24, 1936.

To the Honorable,
The Board of Supervisors,
City and County of San Francisco.

Gentlemen:

On February 14, 1936, I received a letter from Mr. Stanley Abel, Secretary of the County Supervisors' Association of the State of California, calling my attention, as a Supervisor, to there would be a meeting of the Legislative, Executive and Special Tax Committee in the Hotel Biltmore, Los Angeles, California, on February 19 and 20, 1936, to consider the proposition of placing the enforcement of the liquor laws in the hands of the local authorities. The Clerk of the Board, Mr. Dunnigan, also received letters from Senator Swing, Chairman of the Joint Committee on Legislation and Intoxicating Liquor; and Assemblyman Cronin sent a similar letter to Mr. Dunnigan. All three of these letters were read by the Clerk on Monday, February 17, 1936, said committee consisting of Supervisors Roncovieri, Shannon and myself, being appointed by our President to represent San Francisco at these conferences.

The first conference was held in the Biltmore Hotel, and there were present twenty Supervisors, representing a cross section of the State, present, as well as were Messrs. Hollis Thompson, President of the League of California Municipalities, and City Attorney Archie Bowden. This conference was held on Wednesday, the 19th, and lasted from 10 o'clock in the morning until 9 o'clock in the evening (taking time out for lunch and dinner).

The following tentative constitutional amendment on liquor control was unanimously agreed upon:

1. *Appointment*—State liquor authority of ——— members to be appointed by Governor with approval of Senate.

2. *Terms*—Members of Board to have long staggered terms.

3. *Issuance of Licenses by State Liquor Authority*—State liquor authority to issue both state licenses for manufacturers, brewers, rectifiers, etc., and local licenses for package houses on-sale of beer and wine, and on-sale of hard liquor.

4. *Issuance of Licenses—Provision For*—No licenses to be issued until a reasonable time after chief of police and city clerk in cities, and sheriff and county clerk in counties, have been given reasonable notice of application. Premises to be posted to give an opportunity for neighborhood protests. Any license issued without compliance with these provisions as to notices to be void.

5. *Revocation*—Local authorities to be given ample opportunity to ask for revocation by state authority and sufficient notice to present evidence if deemed advisable.

6. *Suspension*—Local authorities to have right to summarily suspend licenses pending hearing by State Board.

7. *Revenue*—State to retain revenue from manufacturers, brewers, distillers and rectifiers' licenses; cities and counties to receive revenue from local licenses, less limited amount for administration.

8. *Zoning*—Local authorities to have the right to include on-sales of hard liquor from commercial areas located in residence districts.

9. *Exclusion of Saloons*—People of a given area by initiative elections to be held not oftener than five years apart to prohibit hard liquor saloons in their respective communities.

On February 20 this report was presented to the Joint Committee of Legislation and Intoxicating Liquor, Mr. Ralph E. Swing, Chairman, in the State Building, Los Angeles. Read and debated for two days, at the outcome of which it was agreed that the hearing would be continued until 10 a. m., March 12, 1936, in the State Building, San Francisco. This committee was holding hearings in every part of the state and gathering information from everyone interested in the liquor problem, with the thought in mind, that they, in conjunction with all Boards of Supervisors and city officials throughout the entire state, would agree on a Constitutional Amendment and present same to the people of the state, asking for its ratification on November 3, 1936. To do this some 186,000 bona fide registered voters would have to sign a petition calling for this amendment, and the same must be certified to by the Secretary of State about August 1, 1936.

Conditions are such in reference to the present law governing the sale of intoxicating liquor throughout the state, that a change must be made or we will find that petitions will be circulated asking for the adoption of a drastic prohibition constitutional amendment. The committee would suggest that this report be taken under advisement and that the commitee as it is now constituted be continued, and that the members thereof attend the meeting called for 10 a. m., March 12, 1936, in the State Building, San Francisco.

Respectfully submitted,

COMMITTEE ON LIQUOR CONTROL.
By JAS. McSHEEHY,
Chairman.
WARREN SHANNON,
Member.
ALFRED RONCOVIERI,
Member.

**I certify above is correct relative to meetings of February 20th and 21st.**

LOCAL LIQUOR CONTROL

*Revised Tentative Draft by Legislative Counsel at Sacramento—*
*Proposed Constitutional Amendment*

*Section* 22 of *Article* XX of the Constitution is hereby amended to read as follows:

Section 22. Except as herein otherwise provided, the *exclusive right and power to license and impose fees* upon the sale of intoxicating liquor is hereby vested in the several counties, cities and counties, and cities in this State.

The Legislature shall provide for the licensing of the manufacture and transportation of intoxicating liquor.

Nothing in this section shall be construed as restricting or limiting the power of the State to regulate and control the manufacture, sale, purchase, possession and transportation of intoxicating liquor in this State, except insofar as such power is hereby exclusively vested in the several counties, cities and counties, and cities in this State, but the duty of enforcing laws enacted for such purposes shall be imposed upon the peace officers of the counties, cities and counties, and cities, and all fines and penalties thereunder shall be deposited in the treasury and inure to the benefit of the county, city and county, or city where such fine is payable.

Nothing in this section shall be construed as restricting or limiting the power of the State to impose and collect taxes solely for revenue purposes upon the manufacture, sale, transportation, storage, use, or consumption of intoxicating liquor.

The legislative body, subject to referendum, or the electors acting under the initiative power, of any incorporated city or town, city and county, or county outside the corporate limits of any municipality, may by ordinance further restrict, limit, or prohibit the sale of intoxicating liquor for beverage purposes in such incorporated city or town, city and county, or county outside the corporate limits of any municipality.

Bulletin No. 6.

URGENT!!

ADDITIONAL INFORMATION ABOUT PROPOSED LIQUOR LEGISLATION

The Board of Directors of the League of California Municipalities met in San Francisco, February 15 and 16, and in connection with the new developments in the field of liquor regulation and control took the following action:

1. Instructed a committee of the Board to meet with a committee representing the State Supervisors Association in Los Angeles, February 19, the day before the joint legislative interim committee hearing. An effort will be made to develop a program for liquor regulation and control on which both groups can agree.

2. The League committee was instructed to appear before the joint legislative committee on behalf of the League of California Municipalities and to present the following fundamental points which the Board of Directors has tentatively agreed to, and has instructed this office to submit to the city councils for consideration:

(1) The present system of liquor control is definitely unsatisfactory and any proposed changes *must provide for a larger measure of local control.*

(2) We must return to the principle that revenue from retail liquor licenses should be used for local regulation and law enforcement and should not be considered as a source of state revenue.

(3) In any new system of liquor control the following tentative points are believed to be sound:

*a.* Liquor control should be taken away from the State Board of

Equalization and placed in the hands of a state liquor control commission appointed for long staggered terms.

*b.* To avoid making liquor control a local political issue, the state liquor commission should issue all liquor licenses.

*c.* No retail license shall be issued until notice and adequate time for protest have been given local authorities and property owners, with provision for local hearing on protests.

*d.* Local authorities must have power summarily to suspend a retail license pending a local hearing by the state liquor commission on the question of revocation.

*e.* Local authorities to be given ample opportunity to apply for revocation of retail licenses by the state commission and sufficient notice to present evidence at the local revocation hearings.

*f.* Cities and counties to receive all revenue from local retail licenses less a limited amount for administration. Return to the principle of licensing for purposes of regulation and law enforcement. State to retain revenue from licensing of manufacturers, brewers, distillers, and rectifiers.

IMPORTANT

The League bulletin of February 8 pointed out that the Joint Senate and Assembly Interim Committees on Liquor Control were meeting in Los Angeles, February 20, and that city councils and boards of supervisors had been asked to send representatives. As above stated, the League will be represented there, and it is therefore not absolutely necessary for your city to send representatives, particularly if you are in accord with the above tentative plans. It is respectfully suggested in the case of those cities who are planning to send representatives that the *mayor instruct the delegate or delegates to meet with the representatives of the League at the Biltmore Hotel in Los Angeles at 8:00 p. m. Wednesday, February 19.* Contact can be established through the League secretary.

It should be emphasized that the above plan is only tentative and does not finally bind the League. It is advanced for the consideration of city councils, boards of supervisors and other interested groups. The Board of Directors is anxious to have the cities united on some program at the joint legislative committee hearing, instead of having every city and every county come in with a different plan.

This whole matter will be discussed at the next meeting of your regional division, and it is hoped that your city will be represented there by officials competent to present the views of your city concerning not only this particular plan, but also the attitude of your city toward the whole problem of liquor regulation and control.

Sincerely yours,

RICHARD GRAVES,
Executive Secretary.

order to meet and pay the appropriations heretofore made for the current fiscal year, as authorized by the Charter of the City and County, which appropriations will become due and payable prior to June 30, 1936, and which may be paid in advance of receipt of the income for said fiscal year; and

Whereas, in order to meet the said immediate requirements of said City and County it is necessary to forthwith issue and offer for sale tax anticipation notes as authorized by said ordinance above mentioned to the amount of one million five hundred thousand dollars ($1,500,000); now, therefore, be it

Resolved, That the president of the Board of Supervisors of the City and County of San Francisco, the Controller of said City and County, and the Treasurer thereof, be and they are hereby authorized and directed to execute and issue for and on behalf of the City and County of San Francisco, the aforesaid tax anticipation notes, to the amount of one million five hundred thousand ($1,500,000) dollars; and that said notes be offered for sale by this Board of Supervisors; and be it

Further resolved, That the Clerk of this Board be and he is hereby directed to advertise in the official newspaper of the City and County of San Francisco a notice of the sale of said tax anticipation notes to the amount of one million five hundred thousand ($1,500,000) dollars, and that sealed bids or offers for all or any part of said notes will be received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, the 16th day of March, 1936, and that said tax anticipation notes will be sold to the bidder offering to accept and pay for said note or notes so sold at the lowest net interest cost to the City and County of San Francisco computed from the date fixed for the presentation of bids to May 15, 1936.

Further resolved, That Orrick, Palmer and Dahlquist, attorneys at law, are employed to furnish legal opinion on validity of tax anticipation notes authorized by Ordinance No. 9.0337, the fee therefor to be $500.

**Gasoline Supply Stations.**

(Code No. 11.0821)

The following recommendations of Joint Committee on Public Welfare, and Fire, Safety and Police were taken up:

Bill No. ——, Ordinance No. 11.08211, as follows:

Regulating the establishment, construction, maintenance and operation of premises, buildings and structures to be used as gasoline supply stations; regulating and providing for the storage and use of gasoline in connection therewith; repealing Ordinances Nos. 2659 (New Series), and 11.051 *and providing a penalty for violations of this ordinance.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Definitions: The following terms shall have the following meanings whenever used in this ordinance:

(a) A gasoline supply station shall be held to mean any lot, wharf, pier or other premises, including all buildings and structures thereon, devoted to the purpose of selling or dispensing gasoline or volatile liquids as fuel to automobiles, motor vehicles, motorboats, launches or other motor propelled vessels.

(b) Gasoline or volatile liquids shall mean any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit. The Fire Marshal shall determine the flash point.

(c) Fire Marshal shall mean the Fire Marshal of the City and County of San Francisco.

(d) Approved shall mean approved by the Fire Marshal.

(e) *School: for the purposes of this ordinance, shall mean any building in which is housed any institution of learning conducted or operated under the jurisdiction of the Board of Education of the City and County of San Francisco, or any institution of learning wherein a general course of study is maintained or carried on by the State of California or by any agency thereof, or any institution of learning, attendance at which will satisfy the compulsory educational laws of the State of California, or any college or university whereat advanced courses in advanced education are maintained and which has an average daily attendance of, at least, twenty pupils.*

(f) Hospital: shall mean any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.

(g) *Church: for the purposes of this ordinance, is defined to be any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

(h) *Theatre: for the purposes of this ordinance, is any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

(i) Districts or Zones: shall mean districts or zones as established or re-zoned by the City Planning Commission.

*Section 2. Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the nearest point of the property line of which shall come within 200 feet of any point of the property line of any school or hospital, or within 60 feet of the nearest point on the property line of any church or theatre and the measurements of the limitations herein expressed are to be made by taking the distance between the nearest points on said property lines in a straight line measurement.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such gasoline supply station, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any gasoline supply station, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the gasoline supply station for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a gasoline supply station, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

Section 3. Construction: All buildings or structures erected, maintained or operated upon the premises of a gasoline supply station not exceeding one story in height, shall be of Class A, B or C construction as defined by the building laws of the City and County of San Francisco, or, if not more than eighteen (18) feet in height, they may be constructed of metal, supported upon steel frame. If more than one story in height, they shall be of Class A or B construction.

The roofs of all buildings or structures erected or maintained upon the premises of a gasoline supply station shall be of fireproof construction, as defined in the building laws of the City and County of San Francisco, and all floors shall be constructed of incombustible materials.

No basement shall be allowed in any building or structure erected or maintained as a gasoline supply station.

A gasoline supply station shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a gasoline supply station and for such services as are by this ordinance specifically permitted in conjunction therewith, unless said building is of Class A or B construction; provided, however, that no gasoline supply station shall be maintained in any building that is occupied in any part as a church, school, hospital, theatre, hotel, apartment house, tenement house or place of public assemblage. The portion occupied as a gasoline supply station shall have no entrance, exit or other opening of any kind whatsoever into other parts of the building not so occupied. All walls separating such portion occupied as a gasoline supply station from the remainder of the building shall be of masonry. The floors which constitute the ceiling of such gasoline supply station shall be of reinforced concrete slabs not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. All such slabs shall be reinforced

so as to develop their full strength to resist upward pressures. No basement shall be permitted in any portion of a building or structure that is occupied or is so constructed as to be occupied as a gasoline supply station.

Where a gasoline supply station is erected or maintained in a building of Class A or B construction, any portion of which is used for other occupancies than those specifically permitted by the provisions of this ordinance, proper ventilation and a free circulation of air shall be provided, either by the installation of ventilating outlets in the outer walls of such buildings or by means of a mechanical exhaust ventilating system, as in the judgment of the Fire Department and/or the Department of Public Health may be required.

The size, number and location of ventilating outlets, when required, shall be determined by the Fire Department and/or the Department of Public Health, and the top of same shall be not more than eighteen (18) inches above the floor. Such outlets shall be protected with galvanized wire rods not less than three-eighths (⅜) inch in diameter so as to provide an opening of one-half (½) inch mesh. Protections of ornamental design may be used, provided they have the strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports.

Mechanical exhaust ventilating system, when required, shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of the space occupied as such gasoline supply station each hour. This mechanical exhaust shall be drawn from a point not more than eighteen (18) inches above the floor line and shall be evenly distributed over the entire area of such space. The fan discharge shall be taken to a point above the roof of the building or to outer air at a point not less than twenty (20) feet from any window or other opening in the building or any adjoining building, but in no event shall the fan discharge be taken to an inner court.

Section 4. Permit for gasoline and appliances used in connection with gasoline: The storing or keeping of gasoline or the installation, erection, alteration, replacement, repair or use of any gasoline pump, underground gasoline tank, pipe, appliances or devices used in connection with the storage or handling of gasoline at a gasoline supply station, shall not be undertaken until a permit has been granted by the Fire Marshal. The Fire Marshal may refuse to grant and may revoke such permit for noncompliance with the provisions of this ordinance.

Section 5. Quantity of gasoline that may be stored: Not more than two (2) approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept above ground in or for any one gasoline supply station.

Gasoline may also be stored or kept for a gasoline supply station in approved underground tanks. Not more than five thousand (5,000) gallons of gasoline in the aggregate shall be stored or kept underground and no tank shall have a capacity greater than one thousand (1,000) gallons.

Section 6. Installation Requirements: (a) All underground gasoline tanks shall be placed outside of buildings and under the sidewalk area in a location designated by the Fire Marshal. The top of such tanks shall be at least four (4) feet below the sidewalk or grade and the space between the top of tanks and the sidewalk or grade shall be filled with earth.

(b) Where two (2) or more underground tanks are installed there shall be an approved concrete dividing wall of not less than twelve (12) inches in thickness or three (3) feet of earth between each tank.

(c) All underground tanks shall set on a firm foundation and,

where water is encountered, tanks shall be placed in an approved water-tight concrete enclosure.

(d) Each underground tank shall have a separate filling pipe extending up to the sidewalk or grade, equipped with a cover and a metal plate flush with the sidewalk or grade. The filling pipe shall be of a diameter not larger than three (3) inches.

(e) Each underground tank shall have a separate vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet above the opening of the filling pipe and capped with an approved fitting. The vent pipe shall be on the outside of the buildings and terminate as far away as possible from any window or other building opening. The inside diameter of vent pipes shall not be less than one and one-quarter (1¼) inches, nor more than two (2) inches.

(f) All pipes shall be at least twelve (12) inches underground, shall have a fall toward the tank, shall be free of traps, sags or pockets, and shall be standard, full weight, galvanized iron, or equivalent.

(g) Gasoline shall be taken from underground tanks by means of approved pumps only, which shall be installed in locations designated by the Fire Marshal. No gravity, siphon or pressure system shall be used to take gasoline from any underground tank.

(h) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission to do so has been granted by said officer. The Fire Marshal shall be notified when the installation is complete and ready for inspection.

Section 7. Miscellaneous Safety Provisions: (a) Underground tanks shall be filled only through a hose connected to a vehicle used for the transportation of gasoline, leading through continuous metal fittings and connections, properly grounded to and into the filling pipe of underground tanks, or by an approved bucket, or other method approved by the Fire Marshal.

(b) The fuel tank of an automobile shall be filled only through a hose connected to a pump of a portable filling tank or underground tank.

(c) Gasoline shall not be kept or conveyed in open receptacles in or about the premises of a gasoline supply station, shall not be used for cleaning purposes and shall be stored or kept only in portable filling tanks or underground tanks. The storage or sale of gasoline or any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred ten (110) degrees Fahrenheit in glass bottles or other breakable containers is prohibited.

(d) All combustible waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises. Gasoline, oils, grease or inflammable liquid of any kind shall not be allowed to flow or be placed into the drainage system. Oil and grease shall not be allowed to accumulate on the floor. Sawdust shall not be kept and sawdust or other combustible material shall not be used to absorb oil, grease or gasoline.

(e) Smoking is prohibited in or about the premises of a gasoline supply station and the motor of an automobile shall not be in motion while filling the fuel tank with gasoline. Notice to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All waste oil (crankcase drainings) shall be kept in an approved underground tank, installed as required by the Fire Marshal.

(g) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept in or about the premises of a gasoline supply station unless approved by the Fire Marshal.

(h) The Fire Marshal shall have and is hereby vested with authority to make reasonable and necessary rules and regulations not inconsistent with the provisions hereof, respecting the use, operation, maintenance and construction of any appliance, device, apparatus, or

equipment used in connection with gasoline, to carry into effect the intents and purposes of this ordinance.

(i) All electric motors or devices capable of emitting an exposed spark shall be located at least four (4) feet above the floor and all electric wiring shall be installed as required by the Department of Electricity. All portable electric lights shall be equipped with keyless sockets and lamp guards.

(j) There shall be maintained at all times in and about the premises of a gasoline supply station such number of approved, fully charged portable fire extinguishers and approved buckets, full at all times of clean, dry sand, as may be required by the Fire Marshal, but in no case shall there be less than two fire extinguishers and two buckets of sand. These appliances shall be installed in places designated by the Fire Marshal.

(k) *When a gasoline supply station is discontinued for a period of more than six months, or is dismantled, the person, firm, association or corporation who was last conducting, maintaining or operating such gasoline supply station shall either remove all underground tanks that were used in connection with such station, or cause the same to be filled with water or other non-inflammable liquid in accordance with the directions of the Fire Marshal.*

Section 8. Services Permitted: The sale of lubricating oils, greases, tires, batteries and other accessories, the cleaning, oiling and greasing of automobiles and the minor servicing and adjusting of brakes and electrical equipment, and the servicing and repairing of tires and batteries, shall be permitted upon any premises used as a gasoline supply station, but no repairs or reconditioning of the chassis, motors, engines, bodies, radiators or fenders of automobiles, motor vehicles, motor boats, launches or other motor propelled vessels, shall be permitted thereon. The storage, keeping or parking of automobiles, motor vehicles, motor boats, launches, etc., upon these premises, excepting as required for the before stated services, shall be prohibited.

*All equipment for the washing of automobiles shall be properly housed and said washing conducted in accordance with such rules and regulations as the Chief Engineer of the Fire Department may make regarding the same.*

Section 9. Duties of the Fire Marshal: It shall be the duty of the Fire Marshal to see that the provisions of this ordinance are complied with, and for that purpose he shall have access to any and all premises or buildings used as gasoline supply stations.

Section 10. Penalty: Any person, firm, company or corporation that violates, disobeys or refuses to comply with any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten ($10) dollars nor more than fifty ($50) dollars, or by imprisonment in the County Jail for not more than thirty (30) days, or by both such fine and imprisonment, and such person, firm, company or corporation shall be deemed guilty of a separate offense for each and every day that such violation, disobedience or refusal continues and shall be subject to the penalty imposed by this ordinance for each and every separate offense.

Section 11. Ordinance No. 2659 (New Series), and Ordinance No. 11.051, together with any section of any other ordinance which is in conflict herewith is hereby repealed.

**Amendment to Garage Ordinance.**
**(Code No. 11.0822)**

Also, Bill No. ——, Ordinance No. 11.08222, as follows:

Amending Section 2, Subdivision (E) thereof, of Ordinance No. 8564 (New Series), entitled "Governing the construction, equipment, maintenance and operation of public, commercial and private garages; regulating and providing for the storage and use of gasoline in connection with public, commercial and private garages; duties of the

Fire Marshal; penalties for violation; repealing Ordinance No. 746 (New Series), and all ordinances and parts of ordinances in so far as they conflict with this ordinance," *by prescribing the limits within which permits may be granted for the establishment of public or commercial garages with respect to any school, church, theatre, or hospital.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2 (Subdivision (e)), of Ordinance No. 8564 (New Series), the title of which is recited above, be and the same is hereby amended to read as follows:

(e) *Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a public or commercial garage within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a public or commercial garage upon any lot, wharf, pier, or other premises, the nearest point of the property line of which shall come within 200 feet of any point of the property line of any school or hospital, or within 60 feet of the nearest point on the property line of any church or theatre and the measurements of the limitations herein expressed are to be made by taking the distance between the nearest points on said property lines in a straight line measurement.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such public or commercial garage, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

### Closing and Abandoning Certain Streets Within the Boundaries of the Sunset Reservoir.

(Code No. 12.0622)

Also, Resolution No. 2423, as follows:

Whereas, on the 20th day of January, 1936, the Supervisors of the City and County of San Francisco duly and regularly passed Resolu-

tion No. 2354, Code No. 12.0621, which resolution was presented to his Honor the Mayor for his approval and was duly and regularly approved by the Mayor of the City and County of San Francisco on the 24th day of January, 1936, said resolution being in words and figures as follows:

(Code No. 12.0621)

Resolution No. 2354, as follows:

Resolved, That the public interest requires that the certain following described portions of Twenty-Fifth, Twenty-Sixth and Twenty-Seventh avenues and Pacheco street be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all those portions of Twenty-Fifth, Twenty-Sixth and Twenty-Seventh avenues and Pacheco street more particularly described as follows, to-wit:

Twenty-Fifth Avenue from the south line of Ortega street to the north line of Quintara street.

Twenty-Sixth avenue from the south line of Ortega street to the north line of Quintara street.

Twenty-Seventh avenue from the south line of Ortega street to the north line of Quintara street.

Pacheco street from the west line of Twenty-Fourth avenue to the east line of Twenty-Eighth avenue.

Said closing and abandonment of said portions of Twenty-Fifth, Twenty-Sixth and Twenty-Seventh avenues and Pacheco street shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the damage, cost, and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of Twenty-Fifth, Twenty-Sixth and Twenty-Seventh avenues and Pacheco street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

Adopted—Board of Supervisors, San Francisco, Jan. 20, 1936.

Ayes: Supervisors Brown, Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl.

Absent: Supervisors McSheehy, Shannon.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

J. S. DUNNIGAN, Clerk.

Approved San Francisco, Jan. 24, 1936.

ANGELO J. ROSSI, Mayor.

And whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and the said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco and

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 2354, Code No. 12.0621; and

Whereas, the Supervisors have acquired jurisdiction to order that the portions of Twenty-Fifth, Twenty-Sixth and Twenty-Seventh av-

enues and Pacheco street described in Resolution No. 2354, Code No. 12.0621 be closed and abandoned; now therefore, be it

Resolved, That it be ordered and it is hereby ordered, that the portions of Twenty-Fifth, Twenty-Sixth and Twenty-Seventh avenues and Pacheco street as specifically described and proposed in said resolution No. 2354, Code No. 12.0621, be closed and abandoned, and be it

Further Resolved, That the entire damages, costs and expenses of closing said portions of said streets described in Resolution No. 2354, Code No. 12.0621, shall be paid out of the revenues of the City and County of San Francisco as proposed and provided in Resolution No. 2354, Code No. 12.0621, and be it

Further Resolved, That the said closing and abandonment of said portions of said streets described in Resolution No. 2354, Code No. 12.0621, shall be done in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that the Department of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

**Urging Federal Appropriation for Survey and Construction of Shoreline Highway.**

(Code No. 5.2)

Supervisor Ratto presented:

Resolution No. 2441, as follows:

Whereas, representative Clarence F. Lea is proposing the survey and construction of the Shoreline Highway with Federal appropriations, and

Whereas, the survey and construction of the Shoreline Highway, as a military road, is necessary for adequate coast and national defense, and

Whereas, the Shoreline Highway is a necessary adjunct to the Golden Gate Bridge, and

Whereas, the early commencement of this project would accord with the policy of providing work for the unemployed, now, therefore, be it

Resolved, That the Clerk of this Board be directed to transmit a copy of this resolution to Senator Hiram W. Johnson, Representative Florence P. Kahn and Representative Richard J. Welch to urge their support for Representative Lea in his endeavor to procure Federal appropriations for the survey and construction of the Shoreline Highway.

*Adopted* under suspension of the rules by the following vote:

**Sidewalk Entrance to Supply Stations.**

(Code No. 11.02)

Supervisor Ratto presented:

Bill No. 935, Ordinance No. 11.0214, as follows:

Regulating the use of sidewalks in front of or surrounding gasoline supply stations, and providing the maximum amount of said sidewalk space which may be used for entrances to and exits from said gasoline supply stations, and providing that automobiles may park in front of said gasoline supply stations, and further providing a penalty for the violation of this ordinance.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. No person, firm, corporation, co-partnership or association owning, operating or maintaining a gasoline supply station in the City and County of San Francisco shall use, or permit to be used, more than forty feet of the sidewalk space in front of, or surrounding said gasoline supply station for entrances to and exits from said gasoline supply station. Said forty feet of space may be used for entrance or exit purposes as a whole, or the same may be divided into such smaller

spaces as the owner of said supply station shall desire, provided that the total amount of sidewalk space used for entrances and exits shall not exceed forty feet.

Section 2. It shall be the duty of every owner of a gasoline supply station to designate by a suitable mark or sign inside the property line of said supply station the place of each entrance to or exit from said supply station.

Section 3. Automobile parking shall be permitted in front of gasoline supply stations under such regulations as the Police Department may provide.

Section 4. Any person violating this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not more than five hundred dollars, or shall be imprisoned in the County Jail for not more than six months.

Section 5. The violation of this ordinance shall be deemed sufficient grounds for the revocation of any permit issued for the conduct of a gasoline supply station.

### Calvary Cemetery Removal.

(Code No. 17.19)

Supervisor Uhl presented:

Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the own-

ers or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area ten per centum of the existing

area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said board by resolution thereof.

**Laurel Hill Cemetery Removal.**

(Code No. 17.19)

Supervisor Uhl presented:

Bill No. 937, Ordinance No. 17.194, as follows:

Declaring that the further maintenance of Laurel Hill Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name and is situate within the following boundaries, to-wit:

Laurel Hill Cemetery, bounded by Presidio avenue, California street, Parker avenue and a line drawn northwesterly from a point formed by the intersection of the north line of Post street, extended, with the west line of Presidio avenue, to a point on the east line of Parker avenue, distant thereon 100 feet southerly from the intersection of the south line of Euclid avenue, produced easterly, and the easterly line of Parker avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery cor-

poration, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling such cemetery a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporations, or associations, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area ten per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said board by resolution thereof.

### Death of Assistant City Attorney Leo C. Lennon.

Supervisor Shannon, seconded by Supervisor Havenner, moved the adoption of the following resolution and also that the Clerk be instructed to have it engrossed and sent to the family of the late Leo C. Lennon, to-wit:

(Code No. 5.91)

Resolution No. 2442, as follows:

Whereas, the Board of Supervisors learns with profound sorrow of the death of Leo C. Lennon, Assistant City Attorney; and

Whereas, the passing of Mr. Lennon has meant a distinct loss that is not to be met easily nor casually, and the place he had come to occupy in the hearts of his associates and friends will be void for years to come; and

Whereas, seldom is it privileged to those in public service to associate with a man endowed with the qualities possessed by Mr. Lennon,—a courteous, genial, affable gentleman who stamped the recollection of his lovable personality upon all those with whom he came in contact; now, therefore, be it

Resolved, That the Board of Supervisors deeply regrets the passing of Leo C. Lennon, Assistant City Attorney, and joins his host of friends in mourning his untimely death; and be it

Further Resolved, That the Clerk transmit a copy of this resolution to the family of the deceased; and be it

Further Resolved, That this Board adjourns, when it does adjourn, out of the respect to the memory of the late Leo C. Lennon.

Motion *carried unanimously by rising vote.*

### Chief Administrative Officer to Make Survey of Sidewalk Conditions.

Supervisor Uhl moved that the Chief Administrative Officer be requested to have a survey made of the condition of sidewalks that need repairing, and that the proper notices be given to owners, that proper repairs be made, so that no damages will be incurred by the City. Also, that the Chief Administrative Officer submit to Board list of such sidewalks.

Motion *carried.*

### Condition of Market Street Railway Tracks.

Supervisor Havenner reported on discussion regarding condition of pavement between Market Street Railway tracks and on each side thereof. "I, as President of the Board," he said, "asked the City Attorney to give me a report as to the obligation of the Market Street Railway under its franchise to keep up the paving of the roadway between its tracks and on each side thereof; also as to the authority of the City to enforce this obligation."

### Acceptance of Permits to Operate Busses.

The Clerk announced that there had been filed in his office on February 19, 1936, the Market Street Railway's acceptance of Resolution No. 2366, permitting operation of busses in the Excelsior District, and of Resolution No. 2349, permitting operation of busses in the Crocker-Amazon District.

### Citizens' Committee "Old Fort Point" Museum.

Supervisor Uhl moved that the Mayor be requested to appoint a citizens' committee for the conversion of the Old Fort Point into a war museum.

Motion *carried.*

### ADJOURNMENT.

There being no further business, the Board at 4 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors March 9, 1936.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

**Adopted.**

The following resolutions were *adopted*:

**Confirming Sale of Portion of Lot 3, Block 6777, to C. R. Haley.**

(Code No. 12.1729)

On recommendation of Finance Committee.

**Resolution No. 2444, as follows:**

Whereas, pursuant to Ordinance No. 12.17293, Bill No. 873, the Director of Property advertised in the official newspaper of the City and County of San Francisco that bids or offers would be received by him on February 18, 1936, for the sale of certain city owned land situated in the City and County of San Francisco, State of California, more particularly described as follows:

Beginning at a point on the southeasterly boundary line of the Southern Pacific Railroad Company's right of way, as said right of way, 80 feet wide, is described in McEnerney decree, dated March 8, 1912, and recorded March 8, 1912, in Book 598 of Deeds at page 329, in the office of the Recorder of the City and County of San Francisco, distant thereon 65.162 feet southwesterly from the northwesterly line of San Jose avenue, as said avenue existed prior to the acquisition by said City and County of a 16-foot strip of land by deted dated December 6, 1926, recorded December 11, 1926, in Book 1390, Official Records, at page 205, in the same above mentioned Recorder's Office, and running southwesterly along said southeasterly right of way line 46.564 feet; thence deflecting 95 degrees 03 minutes 15 seconds to the left and running southeasterly 28.599 feet to the northwesterly boundary line of the said 16-foot strip, as said strip is described in the aforesaid deed; thence deflecting 107 degrees 43 minutes to the left and running northeasterly along said northwesterly line, parallel with and distant 16 feet, at right angles northwesterly from the above

described northwesterly line of San Jose avenue 47.767 feet to a point 10 feet, at right angles southeasterly from the above described southeasterly line of railroad right of way; thence deflecting 67 degrees 13 minutes 45 seconds to the left and running northwesterly 10 feet to the point of beginning.

Being a portion of lot 1 of Belle Roche city block 1.

Whereas, in response to said advertisement, the Director of Property received an offer from C. R. Haley to purchase said land for the sum of $500.00, no higher bids having been made or received; and

Whereas, C. R. Haley has deposited the sum of $50.00 with the Director of Property; and

Whereas, said sum of $500.00 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $500.00; and

Whereas, the Department of Public Works has recommended the sale of said parcel for the said sum of $500.00; now, therefore, be it

Resolved, that said offer be and is hereby accepted. Be it

Further Resolved, that the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed in behalf of the City and County of San Francisco conveying said land to C. R. Haley. The buyer must pay the balance of the purchase price within 30 days after approval of this resolution. The Director of Property shall deliver said deed to the purchaser upon receipt of the total purchase price.

**Action Deferred.**

The following resolution was *laid over one week*:

**Confirming Sale of Lot 6, Assessor's Block 2341, to August Hallgren et ux.**

(Code No. 12.1722)

Resolution No. 2446, as follows:

Whereas, pursuant to Ordinance No. 12.17225, Bill No. 903, the Director of Property advertised in the official newspaper of the City and County of San Francisco that bids or offers would be received by him on March 2, 1936, for the sale of certain city owned land situated in the City and County of San Francisco, State of California, and more particularly described as follows:

Beginning at a point on the east line of Funston avenue, distant northerly thereon 225 feet from the north line of Taraval street; running thence northerly along the east line of Funston avenue, 150 feet; thence at a right angle easterly 240 feet to the west line of Twelfth avenue; thence southerly along last named line, 150 feet to a point distant northerly thereon, 225 feet from the north line of Taraval street; thence westerly 240 feet to the east line of Funston avenue and the point of beginning.

Whereas, in response to said advertisement, the Director of Property received an offer from August Hallgren and May Hallgren, his wife, to purchase said land for the sum of $12,000.00 cash, no higher bids having been made or received; and

Whereas, said parties have deposited the sum of $1,200.00 with the Director of Property; and

Whereas, said sum of $12,000.00 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $12,000.00; and

Whereas, the Board of Education has recommended the sale of said parcel of land for the said sum of $12,000.00. Now, therefore, be it

Resolved, that said offer be and is hereby accepted. Be it

Further Resolved, that the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed in behalf of the City and County of San Francisco, a municipal corporation, conveying said land to August Hallgren and May Hallgren, his wife. The buyer must pay the balance of the purchase price within 30 days after approval of this resolution. The Director of Property shall deliver said deed upon receipt of the total purchase price.

**Transfer of West Portal Park Lots to Library Department.**

(Code No. 12.175)

Also, Resolution No. 2448, as follows:

Whereas, pursuant to Ordinance No. 12.1751, Bill No. 589, the Library Department has requested the Mayor to arrange for transferring lots 31 and 32, block 2919, West Portal Park, San Francisco, from the Board of Education to the Library Department, for use as a public library site; and

Whereas, the Director of Property has reported to the Mayor that the present value of the property is $8,000.00, that there are no improvements on the lots, and that in his opinion the land can be advantageously used by the Library Department for public library purposes; and

Whereas, on February 11, 1936, the Board of Education passed a resolution consenting to the proposed transfer, subject to the condi-

tion that control of the property shall revert to the Board of Education in the event it is ever abandoned for library use; and

Whereas, the Mayor has recommended that said transfer be made. Now, therefore, be it

Resolved, that the control of said lots be and is hereby transferred from the Board of Education to the Library Department for use as a public library site, subject to the foregoing reversionary condition.

**Mayor Requested to Appoint Special Events Committee.**

(Code No. 5.93)

Supervisor Shannon presented:

Resolution No. 2454, as follows:

Whereas, the natural advantages that may be offered by San Francisco to induce tourists and visitors to our city should receive the particular attention of a civic group of citzens organized to promote special events; and

Whereas, the climatic, scenic and other natural beauties, coupled with the recreational and transportation facilities offered by San Francisco make it the logical city for the conduct of celebrations that permit of participation by other cities and states; now, therefore, be it

Resolved, That the Mayor is hereby respectfully requested to appoint a Special Events Committee composed of citizens interested in the welfare of the City and the promotion of events attractive to the tourists.

*Referred to Public Welfare Committee.*

**Proposed Subway from Bridge Approach at Fifth and Harrison to Union Square.**

(Code No. 12.112)

Resolution No. 2453, as follows:

Whereas, latest reports indicate that the San Francisco-Oakland Bay

Bridge will be open for motor vehicular traffic in November of this year, and

Whereas, it is of vital necessity that plans be made in the immediate future looking to quick and easy distribution of the traffic from the bridge approach, and

Whereas, special attention should be given to the problem of providing access, for vehicular traffic, to the downtown business shopping, theater and hotel district, now, therefore, be it

Resolved, That the Chief Administrative Officer be and is hereby requested to furnish the latest information and the results of any cost studies available on this subject, together with his own and the Engineer's recommendations in connection with the problem, and be it further

Resolved, That the Chief Administrative Officer be and is hereby requested to furnish this Board of Supervisors with a report and recommendation as to the practicability, advisability and estimate of cost for the construction of a subway from Fifth street near Market street, to Union Square, and be it further

Resolved, That because time is of the essence in connection with this problem, the Chief Administrative Officer is respectfully urged to expedite as much as possible the studies necessary to supply the information herein requested.

The Board of Supervisors met in regular session.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, McSheehy—2.

Supervisor Brown appeared and was noted present at 2:20 p. m.

Supervisor McSheehy excused on account of illness.

Quorum present.

President Havenner presided.

### APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of March 9, 1936, was considered read and approved.

### Sale of $1,500,000 of Tax Anticipation Notes.

Sealed bids for the purchase of Tax Anticipation Notes issued by the City and County of San Francisco, pursuant to Ordinance No. 9.0337, in the amount of one million five hundred thousand dollars ($1,500,000) in denominations of ten thousand dollars ($10,000) each, of 3 o'clock P. M. on Monday, March 16, 1936, and to be opened by said Board at said time.

The Tax Anticipation Notes are described as follows, to-wit:

Notes in the amount of one million five hundred thousand dollars ($1,500,000) in denominations of ten thousand dollars $10,000) each, to be dated as of the day of delivery thereof and to be payable to bearer on May 15, 1936, and issued under authority of Ordinance No. 9.0337 and payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1935-1936, without preference or priority of any one note over any other note. All of said notes shall constitute a first lien and charge against said taxes collected during the half of the fiscal year 1935-1936 in which said money represented by said notes, respectively, shall be borrowed and shall be repaid from the first moneys received from said taxes and before any part thereof is used for any other purpose. Any of said notes not paid at maturity shall nevertheless be paid out of moneys received from the taxes for said fiscal year 1935-1936, irrespective of the date the same shall be so received.

Said notes will bear interest at the rate or rates not to exceed six (6) per cent per annum as shall be named by the bidder, said interest to be paid at maturity of said notes.

The said notes will be sold and awarded to the bidder or bidders offering to purchase the same at the lowest rate or rates of interest computed from the date fixed for the presentation of bids to May 15, 1936. If two or more bidders offer to purchase said notes at the same

lowest rate or rates of interest, the Board of Supervisors shall determine which bid shall be accepted. Interest shall be computed on the basis of three hundred sixty-five (365) days per year.

The right is reserved by the Board of Supervisors to reject any and all bids.

All proposals for the purchase of said notes shall be accompanied by a deposit of five (5) per cent of the amount of the bid in lawful money of the United States, or by the deposit of a certified check for said five (5) per cent, payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco, provided that no deposit exceed the sum of ten thousand dollars ($10,000), which deposit of money or check shall be forfeited by the bidder in case he fails to accept and pay for the notes bid for by him if his bid is accepted.

The approval of Messrs. Orrick, Palmer & Dahlquist, attorneys at law, San Francisco, California, as to the legality of the aforesaid notes, will be furnished to the successful bidder or bidders for said notes without cost.

**Communication.**

The following was presented and read by the Clerk:

March 16, 1936.

Mr. John S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco, California.

*Re City and County of San Francisco Tax Anticipation Notes—Year* 1935-1936.

Dear Sir: We have advised Mr. John J. O'Toole, City Attorney, that in view of the decision of the Supreme Court of California in the case of *Berkeley High School District* v. *Coit*, S. F. No. 15560, we will be unable to render our usual approving opinion upon the Tax Anticipation Notes of the City and County of San Francisco to be offered for public sale today. We have cooperated with the City Attorney in an endeavor to secure a modification of the opinion of the State Supreme Court.

Pending a decision upon the petition for rehearing which has been filed in the above case, we suggest that all bids received upon today's sale be rejected by the Board of Supervisors and that the Board postpone the sale of the Tax Anticipation Notes until the Supreme Court has passed upon the petition for rehearing.

Very truly yours,
ORRICK, PALMER & DAHLQUIST.

**Motion.**

Whereupon, on motion of Supervisor Shannon, the foregoing matter was *dropped from the calendar*.

## SPECIAL ORDER—2:30 P. M.

**Golden Gate Bridge Approach.**

*March* 9, 1936—Supervisor Uhl moved that the Chief Administrative Officer furnish a report on the San Francisco approach of the Golden Gate Bridge.

**Discussion.**

Chief Administrative Officer Alfred J. Cleary was heard at length as to his efforts to get a proper and adequate approach to the Golden Gate Bridge and of his negotiations with WPA officials looking to an appropriation of 80 per cent of the cost.

Mr. Cleary reviewed the history of the Lyon-Lombard diagonal and said he believed that portion of the approach within the Presidio wall was "as much a part of the bridge structure as the pavement on the bridge," hence a financial responsibility of the district.

Joseph B. Strauss, chief engineer, and James Reed, general man-

ager of the district, declared that the Lyon-Lombard Street approach was not included or provided for in the $35,000,000 bond issue for the Golden Gate Bridge. Communication from Department of Works in this connection was read into the record by the clerk.

Jefferson Peyser, attorney and representative of the Twenty-seventh Assembly District and Marina merchants, called attention to inevitable traffic congestion, and urged the necessity of a diagonal approach from Lombard Street.

Mr. Conlon, home owner on the Marina, was also heard on the question.

**Motion.**

Supervisor Havenner moved that the chief administrative officer be authorized to hold suggested conferences with the officials of the Golden Gate Bridge and Highway District, and to continue his negotiations with officials of the WPA and to report back to the Board of Supervisors at the earliest possible moment the results of those conferences.

Motion *carried.*

**Final Passage.**

The following emergency ordinances were taken up in lieu of others of the same purport, passed for second reading at last meeting, which emergency ordinances were *finally passed* by the following vote:

The following resolutions were *adopted*:

**Confirming Sale of Lot 6, Assessor's Block 2341, to August Hallgren et ux.**

(Code No. 12.1722)

On recommendation of Finance Committee.

Resolution No. 2446, as follows:

Whereas, pursuant to Ordinance No. 12.17225, Bill No. 903, the Director of Property advertised in the official newspaper of the City and County of San Francisco that bids or offers would be received by him on March 2, 1936, for the sale of certain city-owned land situated in the City and County of San Francisco, State of California, and more particularly described as follows:

Beginning at a point on the east line of Funston avenue, distant northerly thereon 225 feet from the north line of Taraval street; running thence northerly along the east line of Funston avenue, 150 feet; thence at a right angle easterly 240 feet to the west line of Twelfth avenue; thence southerly along last named line, 150 feet to a point distant northerly thereon, 225 feet from the north line of Taraval street; thence westerly 240 feet to the east line of Funston avenue and the point of beginning.

Whereas, in response to said advertisement, the Director of Property received an offer from August Hallgren and May Hallgren, his wife, to purchase said land for the sum of $12,000 cash, no higher bids having been made or received; and

Whereas, said parties have deposited the sum of $1,200 with the Director of Property; and

Whereas, said sum of $1,200 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $12,000; and

Whereas, the Board of Education has recommended the sale of said parcel of land for the said sum of $12,000. Now, therefore, be it

Resolved, That said offer be and is hereby accepted; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed in behalf of the City and County of San Francisco, a municipal corporation, conveying said land to August Hallgren and May Hallgren, his wife. The buyer must pay the balance of the purchase price within 30 days after approval of this resolution. The Director of Property shall deliver said deed upon receipt of the total purchase price.

Approved by the Director of Property.

**Shoreline Highway.**

(Code No. 5.31)

On recommendation of Streets Committee.

Resolution No. 2455, as follows:

Whereas, the public interest requires the survey and construction

of the Shoreline Highway from intersection with Route No. 1, Redwood Highway in Marin County, more or less along the coast of Marin, Sonoma, Mendocino and Humboldt counties, to Fernbridge in Humboldt County, and

Whereas, improvement and construction of the said Shoreline Highway will benefit the public in the following particulars, among others:

(a) will provide less expensive and safer transportation of produce, merchandise and supplies between San Francisco and agricultural and industrial areas served by the Shoreline Highway;

(b) will provide safer access to recreational areas served by the Shoreline Highway;

(c) will create additional traffic across, and therefore new revenue for, the Golden Gate Bridge, by virtue of additional loop trips in the Northbay Redwood Empire counties;

(d) will make available an adequate highway for movement of mobile artillery, necessary to adequate coast and national defense;

(e) will open to traffic the last remaining unimproved link in the all-coast highway between Canada and Mexico; now, therefore, be it

Resolved, That the Board of Supervisors in and for the City and County of San Francisco hereby endorses, approves and agrees to actively support the recommendations formulated by our official Shoreline Directorate (our San Francisco director being Supervisor John Ratto, Chairman of the Streets and Highways Committee) and approved by our Redwood Empire Association, as follows:

1. Request the Director of Public Works and California Highway Commission to immediately undertake reconnaissance surveys, followed by permanent location surveys; also request inclusion of appropriations in the 1937-39 State Highway Biennium Budget, for construction of the Marin County sector of the Shoreline Highway near the Golden Gate Bridge and other highway sectors of the Shoreline Highway in Sonoma and Mendocino counties.

2. Request the Director of Public Works and California Highway Commission to reconstruct the State Highway sector at the north end of the Shoreline Highway, between Fernando and Fernbridge in Humboldt County.

Be It Further Resolved, That certified copies of this resolution be forwarded to the State Director of Public Works, chairman and members of the California Highway Commission; State Highway Engineer; District Engineer John H. Skeggs; U. S. Senator Hiram W. Johnson; U. S. Senator Wm. G. McAdoo; Representative Florence P. Kahn; Representative Richard J. Welch; Representative Clarence F. Lea; the Nine-Counties Highways Committee and Supervisors Unit of our Redwood Empire Association and the Shoreline Directorate..

**Proposed Subway from Bridge Approach at Fifth and Harrison to Union Square.**

(Code No. 12.112)

On motion of Supervisor Shannon:

Resolution No. 2453, as follows:

Whereas, latest reports indicate that the San Francisco-Oakland Bay Bridge will be open for motor vehicular traffic in November of this year, and

Whereas, it is of vital necessity that plans be made in the immediate future looking to quick and easy distribution of the traffic from the bridge approach, and

Whereas, special attention should be given to the problem of providing access, for vehicular traffic, to the downtown business shopping, theater and hotel district, now, therefore, be it

Resolved, That the Chief Administrative Officer be and is hereby requested to furnish the latest information and the results of any cost studies available on this subject, together with his own and the Engineer's recommendations in connection with the problem, and be it further

Resolved, That the Chief Administrative Officer be and is hereby requested to furnish this Board of Supervisors with a report and recommendation as to the practicability, advisabily and probable estimate of cost for the construction of a subway from the vicinity of the bridge terminal by the most convenient route to Union Square, giving due consideration to the proposed Market Street subway, and be it further

Resolved, That because time is of the essence in connection with this problem, the Chief Administrative Officer is respectfully urged to expedite as much as possible the studies necessary to supply the information herein requested.

**Referred.**

The following recommendation of Public Welfare Committee was *re-referred to the Welfare Committee*:

**Mayor Requested to Appoint Special Events Committee.**

(Code No. 5.93)

Resolution No. 2454, as follows:

Whereas, the natural advantages that may be offered by San Francisco to induce tourists and visitors to our City should receive the particular attention of a civic group of citizens organized to promote special events; and

Whereas, the climatic, scenic and other natural beauties, coupled with the recreational and transportation facilities offered by San

Francisco make it the logical city for the conduct of celebrations that permit of participation by other cities and states; now, therefore, be it

Resolved, That the Mayor is hereby respectfully requested to appoint a Special Events Committee composed of citizens interested in the welfare of the City and the promotion of events attractive to the tourist.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**Adopted.**

The following resolutions were adopted:

### Mayor to Appoint Citizens Committee to Celebrate Opening of San Francisco-Oakland Bay Bridge.

(Code No. 12.112)

Supervisor Havenner presented:

Resolution No. 2470, as follows:

Whereas, it is authoritatively estimated that the San Francisco-Oakland Bay Bridge will be opened for automobile traffic within the next few months; and

Whereas, the completion of this great highway across San Francisco Bay will be an event of outstanding importance in the history of this City and County and will undoubtedly mark the beginning of a new era in the development and growth of San Francisco and the bay area; and

Whereas, it is important that adequate arrangements be made for a fitting celebration of this great event by the people of San Francisco; now, therefore, be it

Resolved, That His Honor the Mayor be and is hereby requested and authorized to appoint a Citizens' Committee to arrange a proper public celebration of the opening of the San Francisco-Oakland Bay Bridge; and be it

Further Resolved, That His Honor the Mayor is hereby authorized to extend such invitations as he may deem appropriate to citizens of transbay and other counties in California to serve on this committee.

**In Memoriam, Michael J. Ryan.**

Supervisor Havenner presented the following:

Resolution No. 2472, as follows:

The Board of Supervisors learns with regret of the death of Michael J. Ryan, for 37 years a loyal, faithful and efficient employee of the City of San Francisco. During the years that Mr. Ryan performed his duties about the City Hall he earned and retained the friendship and respect of all with whom he came in contact. He was a good man and performed his duties willingly.

The Board this day adjourns as a mark of respect to the memory of the late Michael J. Ryan.

*Adopted by unanimous rising vote.*

**In Memoriam, Leo A. Murasky.**

Supervisor Colman presented the following:

Resolution No. 2473, as follows:

The Board of Supervisors has heard with profound sorrow of the death of Honorable Leo A. Murasky, Judge of the Municipal Court of this City and County. Judge Murasky enjoyed the respect and confidence of both bench and bar, and his devotion to duty was recognized and rewarded by the citizens of San Francisco. In his death San Francisco has met with an irreparable loss, and the judiciary of this city has lost a valuable and faithful jurist.

The Board of Supervisors this day adjourns as a mark of respect to the memory of the late Judge Leo A. Murasky.

*Adopted by unanimous rising vote.*

**Requesting Market Street Railway to Remove Its Tracks on Taylor Street From Market to Post.**

(Code No. ———)

Supervisor Shannon presented:

Resolution No. ———, as follows:

Whereas, traffic on Taylor street from Market street north makes it desirable that all obstructions to its continuous flow be removed; and

# JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

## MONDAY, MARCH 23, 1936, 2 P. M.

In Board of Supervisors, San Francisco, Monday, March 23, 1936, at 2 p. m.

The Board of Supervisors met in regular session.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, McSheehy—2.

Supervisor McSheehy excused on account of illness.

Quorum present.

President Havenner presided.

### APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of March 16, 1936, was considered read and approved.

### SPECIAL ORDER—2 P. M.

**Rezoning Van Ness Avenue Between Washington Street and Pacific Avenue, 2 p. m.**

Consideration of Resolution No. 1377 passed by the City Planning Commission on February 6, 1936, changing westerly side of Van Ness avenue between Washington street and Pacific avenue from Light Industrial to Second Residential District.

**Privilege of the Floor.**

*Mark Jorgensen*, Secretary City Planning Commission, was heard at length in explanation of the proposed rezoning.

*F. H. Dorne*, owner of apartment house on northwest corner Pacific avenue and Van Ness avenue, presented petition of the tenants in his building requesting that the rezoning proposed by the City Planning Commission be approved. If gas station, he said, is permitted on opposite corner 50 per cent of his tenants will move out or their rent must be reduced materially. A gas station there, he said, would kill the property. He read a resolution adopted by the Board of Directors of the Owners' and Lessees' Apartment House Assn., Inc., in favor of the action of the City Planning Commission.

*E. H. Brownstone*, property owner in vicinity, also addressed the Board favoring the action of the City Planning Commission.

*Henry Trevor*, realtor, representing the Pope Estate, was heard in opposition to the rezoning.

### Explanation of Vote.

Supervisor Uhl, in explanation of his vote, said:

"There are fourteen gasoline stations where you can buy gasoline within three blocks. I think that a good reason to vote to sustain the Commission. Apartments have been built on Pacific avenue west of Van Ness within the last five years—a number of them—the Spreckels building was built there. I vote to sustain the Commission."

### City Planning Commission Overruled.

Whereupon the roll was called and the City Planning Commission overruled by the following vote:

### Rezoning Westerly Side of Van Ness Avenue Between Washington Street and Pacific Avenue.

(Code No. 13.02)

Resolution No. 2486, as follows:

Resolved, That the decision of the City Planning Commission, by its Resolution No. 1377, in rezoning the westerly side of Van Ness avenue between Washington street and Pacific avenue, from Light Industrial to Second Residential District, is hereby approved.

Ayes—Supervisors Ratto, Roncovieri, Schmidt, Uhl—4.
Noes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Shannon—6.
Absent—Supervisor McSheehy—1.

### Referred.

The following matter was *re-referred to the committee.*

### Regulating Parking of Automobiles and Other Motor-Driven Vehicles in Streets, Ways and Alleys 25 Feet, or Over, in Width.

*March* 16, 1936—Supervisor Uhl called out of Streets Committee his proposed ordinance regulating parking of automobiles in streets, ways, and alleys twenty-five feet in width, to-wit:

(Code No. 11.02)

Bill No. 958, Ordinance No. 11.0215, as follows:

Regulating parking of automobiles and other motor-driven vehicles in streets, ways and alleys twenty-five feet, or over, in width.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Automobiles and other motor-driven vehicles may be parked in any street, way or alley in the City and County of San Francisco, the roadway of which said street, way or alley, from property line to property line, is not less than twenty-five (25) feet.

Section 2. In the interest of safety and to facilitate the regulation and passage of traffic through any such street, way or alley mentioned in Section 1 hereof, the Chief of Police of the San Francisco Police Department shall have full power and authority to limit the length of time during which any automobile or other motor-driven vehicle may be parked in such street, way or alley, and also when public safety or the regulation of traffic requires it, said Chief of Police may provide that parking of said automobiles or other motor-driven vehicles shall be allowed only on one side of such streets; the said Chief of Police to designate and determine the particular side of such streets, ways or alleys on which said automobiles or other motor-driven vehicle may be parked.

Section 3. In any case where parking of automobiles and other motor-driven vehicles on the street, way or alley mentioned in Section 1 of this Ordinance is limited in time or permitted only on one side of such street, way or alley as herein provided, the Chief of

Police shall have appropriate signs, conspicuously posted, setting forth the time limit for parking and the particular side of the street, way or alley on which the same is prohibited.

Section 4. All ordinances which are in conflict with this ordinance are hereby repealed insofar as such conflict exists.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

### Inclusion of Divisional Highway in Secondary State Highway System.

(Code No. 5.31)

Supervisor Ratto presented:

Resolution No. 2497, as follows:

Whereas, that certain north and south central route known as the "Divisional Highway," within the City and County of San Francisco (per attached description), is carrying a constantly increasing volume of traffic originating not only within San Francisco, but from outside points as well; and

Whereas, the divisional highway will carry an even greater volume of traffic commencing when the Golden Gate bridge is completed in May, 1937, particularly traffic originating from other parts of the Pacific Coast and the nation, by virtue of the fact that the divisional highway will be a direct connection between the Golden Gate Bridge and peninsular highways; and

Whereas, the divisional highway will therefore become an important sector in the Pacific Coast system of highways between Canada and Mexico; and

Whereas, this increment of traffic from out of city and out of state points qualifies the divisional highway for inclusion in the State highway system; now, therefore, be it

Resolved, That the Board of Supervisors in and for the City and County of San Francisco do hereby respectfully request the State Director of Public Works and the California Highway Commission to recommend to the 1937 Legislature that the divisional highway be inducted into the secondary State highway system; and be it

Further Resolved, That legislative representatives from the City and County of San Francisco be requested to introduce and sponsor necessary legislation calling for said induction; and be it

Further Resolved, That the Streets Committee of the San Francisco Board of Supervisors be and the same is hereby authorized and requested to appear before the California Highway Commission and Director of Public Works in support of the above recommendation; and be it

Further Resolved, That certified copies of this resolution be transmitted to the following: the State Director of Public Works and Engineers; the Chairman and members of the Highway Commission; State Senators and State Assemblymen representing San Francisco in the Legislature; to all civic organizations in San Francisco; to others whom the Streets Committee may desire to send copies.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Narrowing Sidewalks in Alleys in Excess of Twenty-four Feet.**
(Code No. 12.0731)

Supervisor Uhl presented:

Resolution No. 2499, as follows:

Whereas, additional parking space is a crying necessity; and

Whereas, additional parking space can be made available by narrowing many of the alley sidewalks to three feet in alleys having in excess of 24 feet between the property lines of said alleys; and

Whereas, funds might be made available from WPA for such a project; now, therefore, be it

Resolved, That said alley sidewalks above set forth be narrowed to three feet provided WPA funds can be secured to pay for said work; and be it

Further Resolved, That the Mayor and the Chief Administrative Officer be respectfully requested to take the necessary steps to secure WPA funds for the foregoing project.

## SPECIAL ORDER—3:30 P. M.

Consideration of communication from Chief Administrative Officer Cleary and City Engineer Casey relative to proposed subways to connect Fifth street ramp approach of San Francisco-Oakland Bay Bridge with Union Square, made *Special Order of Business for* 3:30 *P. M. this day* on motion of Supervisor Shannon.

### Communications.

The following were presented and read by the Clerk:

Communication from Alfred J. Cleary, Chief Administrative Officer, transmitting report of City Engineer as to cost of certain proposed thoroughfares to connect the Fifth Street Ramp Approach of the Trans-Bay Bridge with Union Square, affording access to the Triangle District.

Also, Supervisor Colman presented communication from San Francisco Chamber of Commerce, transmitting approved report of the Board of Directors of its bridge and highway committee relating to the Plan "X" Terminal and the retail district, stating that they are of the opinion that unless further means are developed for the handling of automotive, street car and pedestrian traffic there will result upon the opening of the bridge serious congestion effecting great loss to the merchants and property owners in the retail district; and requesting that the Mayor appoint a citizens' transit commission empowered to employ competent assistance and sufficient funds to make a thorough survey of conditions.

Communication from Down Town Association transmitting copy of its resolution urging the appointment of a committee or commission for study of problems which will arise from the completion of the two bridges.

Communication from the City Planning Commission stating that as a result of its study and investigation of the anticipated traffic upon the completion of the San Francisco-Oakland Bay Bridge, both vehicular and foot, that it is the opinion of the commission that more careful attention and thought should be given to the matter of handling the foot passenger, and his rights.

### Privilege of the Floor.

His Honor Angelo J. Rossi, Mayor; Chief Administrative Officer Alfred J. Cleary, Don V. Nicholson, Secretary of the Triangle District; Andrew J. Gallagher, representing the Southern Promotion Association; M. Harrison, representing the South of Market District; James McCabe, representing Northern Hotel Association, of which he is president, and all other hotels north of Market; Marshall Hale, representing Hale Brothers; William Worden, Director of Public Works; City Engineer John J. Casey, and Paul Ost, Chief Electrical Engineer, were heard at length on the foregoing matters.

Whereupon Supervisor Shannon presented the following resolution, which was read by the Clerk:

### Streets, Public Utilities and Finance Committees Instrucuted to Devise Ways and Means to Meet Traffic Emergency Problem With the Opening of the Bay Bridge.

(Code No. 11.02)

Resolution 2504, as follows:

Whereas, the opening of the San Francisco-Oakland Bay Bridge with-

in a period of seven months will overnight concentrate vehicular traffic from the East Bay into the district South of Market street, particularly at the Fifth and Harrison street terminal; and

Whereas, the major portion of this great stream of traffic now flows into the district North of Market street via The Embarcadero underpass, across Market street from the Southern Pacific automobile ferries at the foot of Mission street and from the terminal of the Golden Gate automobile ferry at the foot of Hyde street; and

Whereas, it is conservatively estimated that the bridge will increase the present number of vehicles crossing San Francisco Bay by twenty-five per cent although records of increased traffic produced as the result of construction of comparable structures have never fallen below 33 1/3 per cent; and

Whereas, completion of the Bay Shore high-speed highway within a few weeks into San Jose will further increase serious existing traffic congestion on north and south streets, particularly streets dead ending at Market street; and

Whereas, no adequate provision has been made to meet this emergency situation by the construction of a new street or the widening and extension of an existing street across Market street from the Fifth and Harrison street bridge terminal; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, that the Streets, Public Utilities and Finance Committees be instructed to jointly and immediately take cognizance of the existing traffic emergency, vitally affecting the business life of the City, and devise ways and means to meet the problem with the opening of the Bay bridge.

Action Deferred.

Whereupon, the foregoing resolution was *referred to the Joint Committee on Streets, Public Utilities, and Finance; meeting Wednesday, April* 8, 1936, *at* 2:30 *P. M., and ordered placed on the calendar as a special order of business for Monday, April* 13, 1936, *at* 3:30 *P. M.*

## SPECIAL ORDER—3:30 P. M.

### Relief for Expected Concentration of Traffic at Fifth and Harrison Streets Terminal

(Code No. 11.02)

(Introduced by Supervisor Warren Shannon.)

Resolution No. 2504, as follows:

Whereas, the opening of the San Francisco-Oakland Bay Bridge within a period of seven months will overnight concentrate vehicular

traffic from the East Bay into the district south of Market street, particularly at the Fifth and Harrison streets terminal; and

Whereas, the major portion of this great stream of traffic now flows into the district north of Market street via The Embarcadero underpass, across Market street from the Southern Pacific automobile ferries at the foot of Mission street and from the terminal of the Golden Gate automobile ferry at the foot of Hyde street; and

Whereas, it is conservatively estimated that the bridge will increase the present number of vehicles crossing San Francisco Bay by 25 per cent, although records of increased traffic produced as the result of construction of comparable structures have never fallen below 33 1/3 per cent; and

Whereas, completion of the Bay Shore high-speed highway within a few weeks into San Jose will further increase serious existing traffic congestion on north and south streets, particularly streets dead-ending at Market street; and

Whereas, no adequate provision has been made to meet this emergency situation by the construction of a new street or the widening and extension of an existing street across Market street from the Fifth and Harrison streets bridge terminal; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, that the Streets, Public Utilities and Finance Committees be instructed to jointly and immediately take cognizance of the existing traffic emergency, vitally affecting the business life of the City, and devise ways and means to meet the problem with the opening of the bay bridge.

**Report of Joint Committee.**

The following was read by the Clerk:

The Joint Committee on Streets, Finance and Public Utilities met in Room 228, City Hall, Wednesday, April 8, 1936, to consider Supervisor Shannon's resolution relative to traffic problem in connection with the San Francisco Bay Bridge.

Present—Supervisors Ratto, Shannon, Mead, Meyer, McSheehy, Roncovieri.

At the close of the discussion, Supervisor Mead moved that the committee recommend an appropriation of $10,000 for a traffic survey and study in the district from Third to Sixth streets. Supervisor McSheehy moved as an amendment that the committee report to the Board that it is the committee's recommendation that when funds are available, the sum of $10,000 will be set aside and appropriated to the credit of the Director of Public Works for the purpose of conducting a traffic survey and study to show the effect which the completion of the San Francisco Bay Bridge will have, particularly upon the so-called triangle district and that the information gained from such survey and study shall be furnished to the Board in three progressive reports, as follows:

1. Upon completion of a survey of the district from Third to Sixth street, south of Market street.

2. Upon completion of a survey of the district from Third street to the Embarcadero, south of Market street.

3. A complete report, from the Embarcadero to Eleventh street.

Supervisor Mead accepted the foregoing amendment and the motion was unanimously adopted.

JOHN M. RATTO,
Chairman, Joint Committee.

**Referred.**

Supervisor Shannon moved that the report be received as progressive and that the resolution be referred to the Finance Committee for conference with the Controller looking to an appropriation for making a study of the problem.

*So ordered.*

## UNFINISHED BUSINESS.

### Final Passage.

The following bills heretofore passed for second reading were taken up and *finally passed* by the following vote:

| Fremont street (the same being the present official grade) | 60.00 |

On Harrison street between Main and Fremont streets be changed and established to conform to true gradients between the grade elevations above given therefor.

### Motion.

Supervisor Uhl, seconded by Supervisor McSheehy, moved to lay over two weeks and have blueprints submitted showing effect of proposed change.

### Privilege of the Floor.

Col. Jno. H. Skeggs, Chief Engineer, State Department of Public Works, was heard at length. He said in part "that it is absolutely imperative to go to contract on this work as soon as possible. Plans," he said, "have already been checked in my office and approved and only await approval of this Board of Supervisors."

City Engineer Jno. J. Casey and Director of Public Works Wm. H. Worden were also heard opposing any delay.

### Motion Lost.

Whereupon, the roll was called on Supervisor Uhl's motion to postpone and the same was *defeated* by the following vote:

Ayes—Supervisors McSheehy, Mead, Schmidt, Shannon, Uhl—5.
Noes—Supervisors Brown, Havenner, Meyer, Ratto, Roncovieri—5.
Absent—Supervisor Colman—1.

### Final Passage.

Thereupon, the roll was called and the foregoing bill was *finally passed* by the following vote:

Ayes—Supervisors Brown, Havenner, Meyer, Ratto, Roncovieri, Shannon—6.
Noes—Supervisors McSheehy, Mead, Schmidt, Uhl—4.
Absent—Supervisor Colman—1.

### Motion for Reconsideration.

Supervisor Uhl, before the result of the foregoing ballot was announced, changed his vote from No to Aye and moved for reconsideration at the next meeting.

Supervisor Brown moved suspension of the rules for immediate reconsideration.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Havenner, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.
Noes—Supervisor McSheehy—1.
Absent—Supervisor Colman—1.

Whereupon, the question was put, "Shall the vote be reconsidered whereby the foregoing ordinance was finally passed, and the same was *refused* by following vote:

Ayes—Supervisor McSheehy—1.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**San Francisco to Apply for Franchise for Bus Operation Over Golden Gate Bridge.**

(Code No. 12.111)

Resolution No. 2513, as follows:

Whereas, San Francisco voters approved an 85 per cent financial obligation for the Golden Gate Bridge and voted the necessary bonds for construction of said bridge; and

Whereas the financial success of said Golden Gate Bridge is dependent upon the toll paid by passengers and vehicular traffic; and

Whereas, the number of passengers crossing on said bridge is dependent upon the service furnished by busses; and

Whereas, not alone will there be competition by said busses, but there will be competition between the bridge and the Southern Pacific, automobile traffic; and

Whereas, in event that a franchise for bus service over the Golden Gate Bridge should eventually be under the control, directly or indirectly, of the Southern Pacific Railroad Company, it is reasonable to presume bus service over said bridge will be on the basis of minimum service; and

Whereas, it is for the best interest of San Francisco, with its 85 per cent financial obligation in said bridge, that a maximum bus service be established; and

Whereas, a franchise will be granted for bus operation over the Golden Gate Bridge; now, therefore, be it

Resolved, That the franchise for bus operation over the Golden Gate Bridge should be acquired by the City and County of San Francisco; and be it

Further Resolved, That the Mayor, City Attorney and the Public Utilities Commission take the necessary steps to secure said bus franchise.

**Secretary of the Navy Requested to Detail U. S. Fleet to San Francisco Bay During Celebration Attendant Upon Opening of Bay Bridge.**

(Code No. 5.93)

Supervisor Havenner presented:

Resolution No. 2511, as follows:

Whereas, the San Francisco-Oakland Bay Bridge will be completed in November, 1936, which is an event of national importance and

world-wide interest. The opening of the Bay Bridge is to be fittingly celebrated; now, therefore, be it

Resolved, That the Board of Supervisors hereby respectfully requests the Secretary of the Navy to detail the American Fleet to San Francisco Bay to participate in the celebration attendant upon the opening of the Bay Bridge in November of 1936.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

(*Clerk was requested to forward copies of the foregoing to U. S. Senator and congressional representatives from San Francisco.*)

**Memorializing Congress to Appropriate Federal Aid Funds.**
(Code No. 5.2)

Supervisor Shannon presented:

Resolution No. 2512, as follows:

Whereas, the State of California has been apportioned annually an allotment of federal funds under the provisions of the Hayden-Cartwright Act for the construction of highways in the Federal Aid System; and

Whereas, the House Roads Committee, under the provisions of H. R. Bill 11687 (Cartwright) and the Senate Post Office and Post Roads Committee under the terms of Senate Bill No. 4213 (Hayden), have already approved a total allocation of $200,000,000 for the Federal Aid Highway System and $36,500,000 for national parks and forest roads, etc.; and

Whereas, the City and County of San Francisco has not as yet received any Federal Aid allotments for approach roads to the Golden Gate Bridge, some of which roads are now part of the Federal Aid Highway System; and

Whereas, the City and County of San Francisco has been informed that the Golden Gate Bridge will be open for traffic on March 1, 1937, for which bridge the City and County of San Francisco has assumed a responsibility for any deficits up to 85 per cent; and

Whereas, the City and County of San Francisco must provide immediately, adequate approaches and feeder roads to both the Golden Gate and the San Francisco-Oakland bridges to provide for the proper distribution of an anticipated increase in traffic; and

Whereas, Federal Aid Highway allotments have been a vital factor in relieving unemployment in the automotive, cement, construction, petroleum and kindred industries, now, therefore, be it

Resolved, That the members of the United States Senate and House of Representatives from the State of California and all western states be and they are hereby urged to exert every effort to insure the continuation of Federal Aid Highway funds to provide some medium of return for the generous contributions of the motoring public; and be it

Further Resolved, That Senators Johnson and McAdoo, together with Representatives Kahn, Welch and Lea, be informed immediately by telegram of the urgency of the aforementioned legislation which will be considered by the House of Representatives on Wednesday, April 15, 1936.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

**S. F. Hospital Fees.**

The following matter was taken up:

(Code No. 17.12)

Resolution No. 2518, as follows:

Establishing, determining and fixing the basic rates to be charged at the San Francisco Hospital, including the Isolation Division thereof and the Hassler Health Home, of persons financially able themselves or through relatives legally obligated to pay for the same at such institutions.

Whereas, this Board of Supervisors did heretofore provide for and establish the method and procedure for determining and fixing the basic rates to be charged for institutional care and treatment at the San Francisco Hospital, including the Isolation Division thereof, and the Hassler Health Home, and the billing of persons financially able themselves or through relatives legally obligated to pay for the same at such institutions; and

Whereas, it is provided by said ordinance that the Director of Public Health shall compute the per diem cost of maintaining and caring for each class of persons admitted to the San Francisco Hospital, including the Isolation Division thereof, and the Hassler Health Home, and shall report his findings thereon to the Chief Administrative Officer; and

Whereas, the Director of Public Health has so computed the said per diem cost of maintaining and caring for each class of persons at said institutions and has reported his findings thereon to the Chief Administrative Officer, who has examined and duly approved said findings and has transmitted the same with his approval to the Board of Supervisors; now, therefore, be it

Resolved, That after due consideration of said findings and report and in conformity therewith, this Board of Supervisors does, with the approval of the Controller, hereby establish, fix and determine the following amounts to be the correct, proper and reasonable basic rates to be charged for institutional care and treatment at the San Francisco Hospital, including the Isolation Division thereof, and the Hassler Health Home, of persons financially able themselves or through relatives legally obligated to pay for the same at such institutions, to-wit:

(a) For general care in the General Departments of said Hospital .....$4.00
(b) For care in the Tubercular Division ..... 2.60
(c) For care in the Isolation Division..... 5.60

Be It Further Resolved, That the basic rates to be charged for the care and treatment of said persons in said institutions, as hereinabove established, determined and fixed, shall remain in full force and effect until new basic rates are established, determined and fixed as provided in said Ordinance No. .....

Approved as to form by Jno. J. O'Toole, City Attorney.

Approved by Leonard S. Leavy, Controller.

**Privilege of the Floor.**

Mr. Middlebrook, representing the Controller's office, explained how he arrived at the basic rates arrived at in the resolution.

Ignatius Richardson, representing Delinquent Tax Bureau, also explained his procedure in collecting fees due City for hospital service and the necessity for the resolution.

**Action Deferred.**

Whereupon, on motion of Supervisor Schmidt, seconded by Supervisor Shannon, the foregoing was *laid over one week, made a Special Order of Business for* 2:30 *p. m., and to be given consideration in Committee of the Whole.*

On motion of Supervisor McSheehy copies of the hospital ordinance and resolution were ordered sent to each member of the Board and members of the Hospital Conference to be notified to attend next meeting.

**Re-referred.**

The following recommendations of Joint Committee on Public Welfare, and Fire, Safety and Police were, on motion of Supervisor Shannon, *re-referred to the Committee*:

**Gasoline Supply Stations.**
(Code No. 11.0821)

Bill No. 974, Ordinance No. 11.08212, as follows:

Regulating the establishment, construction, maintenance and operation of premises, buildings and structures to be used as gasoline supply stations; regulating and providing for the storage and use of gasoline in connection therewith; repealing Ordinances Nos. 2659 (New Series), and 11.051 *and providing a penalty for violations of this ordinance.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Definitions: The following terms shall have the following meanings whenever used in this ordinance:

(a) A gasoline supply station shall be held to mean any lot, wharf, pier or other premises, including all buildings and structures thereon, devoted to the purpose of selling or dispensing gasoline or volatile liquids as fuel to automobiles, motor vehicles, motorboats, launches or other motor propelled vessels.

(b) Gasoline or volatile liquids shall mean any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit. The Fire Marshal shall determine the flash point.

(c) Fire Marshal shall mean the Fire Marshal of the City and County of San Francisco.

(d) Approved shall mean approved by the Fire Marshal.

(e) Hospital: shall mean any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.

(f) *Church: for the purposes of this ordinance, is defined to be any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

(g) *Theatre: for the purposes of this ordinance, is any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

(h) Districts or Zones: shall mean districts or zones as established or re-zoned by the City Planning Commission.

*Section 2. Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the nearest point of the property line of which shall come within 200 feet of any point of the property line of any hospital,*

*or within 60 feet of the nearest point on the property line of any church or theatre and the measurements of the limitations herein expressed are to be made by taking the distance between the nearest points on said property lines in a straight line measurement.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such gasoline supply station, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any gasoline supply station, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the gasoline supply station for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a gasoline supply station, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

Section 3. Construction: All buildings or structures erected, maintained or operated upon the premises of a gasoline supply station not exceeding one story in height, shall be of Class A, B or C construction as defined by the building laws of the City and County of San Francisco, or, if not more than eighteen (18) feet in height, they may be constructed of metal, supported upon steel frame. If more than one story in height, they shall be of Class A or B construction.

The roofs of all buildings or structures erected or maintained upon the premises of a gasoline supply station shall be of fireproof construction, as defined in the building laws of the City and County of San Francisco, and all floors shall be constructed of incombustible materials.

No basement shall be allowed in any building or structure erected or maintained as a gasoline supply station.

A gasoline supply station shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a gasoline supply station and for such services as are by this ordinance specifically permitted in conjunction therewith, unless said building is of Class A or B construction; provided, however, that no gasoline supply station shall be maintained in any building that is occupied in any part as a church, school, hospital, theatre, hotel, apartment house, tenement house or place of public assemblage. The portion occupied as a gasoline supply station shall have no entrance, exit or other opening of any kind whatsoever into other parts of the building not so occupied. All walls separating such portion occupied as a gasoline supply station from the remainder of the building shall be of masonry. The floors which constitute the ceiling of such gasoline supply station shall be of reinforced concrete slabs not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. All such slabs shall be reinforced so as to develop their full strength to resist upward pressures. No basement shall be permitted in any portion of a building or structure that is occupied or is so constructed as to be occupied as a gasoline supply station.

Where a gasoline supply station is erected or maintained in a building of Class A or B construction, any portion of which is used for other occupancies than those specifically permitted by the provisions of this ordinance, proper ventilation and a free circulation of air shall be provided, either by the installation of ventilating outlets in the outer walls of such buildings or by means of a mechanical exhaust ventilating system, as in the judgment of the Fire Department and/or the Department of Public Health may be required.

The size, number and location of ventilating outlets, when required, shall be determined by the Fire Department and/or the Department of Public Health, and the top of same shall be not more than eighteen

(18) inches above the floor. Such outlets shall be protected with galvanized wire rods not less than three-eighths (⅜) inch in diameter so as to provide an opening of one-half (½) inch mesh. Protections of ornamental design may be used, provided they have the strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports.

Mechanical exhaust ventilating system, when required, shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of the space occupied as such gasoline supply station each hour. This mechanical exhaust shall be drawn from a point not more than eighteen (18) inches above the floor line and shall be evenly distributed over the entire area of such space. The fan discharge shall be taken to a point above the roof of the building or to outer air at a point not less than twenty (20) feet from any window or other opening in the building or any adjoining building, but in no event shall the fan discharge be taken to an inner court.

Section 4. Permit for gasoline and appliances used in connection with gasoline: The storing or keeping of gasoline or the installation, erection, alteration, replacement, repair or use of any gasoline pump, underground gasoline tank, pipe, appliances or devices used in connection with the storage or handling of gasoline at a gasoline supply station, shall not be undertaken until a permit has been granted by the Fire Marshal. The Fire Marshal may refuse to grant and may revoke such permit for noncompliance with the provisions of this ordinance.

Section 5. Quantity of gasoline that may be stored: Not more than two (2) approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept above ground in or for any one gasoline supply station.

Gasoline may also be stored or kept for a gasoline supply station in approved underground tanks. Not more than five thousand (5,000) gallons of gasoline in the aggregate shall be stored or kept underground and no tank shall have a capacity greater than one thousand (1,000) gallons.

Section 6. Installation Requirements: (a) All underground gasoline tanks shall be placed outside of buildings and under the sidewalk area in a location designated by the Fire Marshal. The top of such tanks shall be at least four (4) feet below the sidewalk or grade and the space between the top of tanks and the sidewalk or grade shall be filled with earth.

(b) Where two (2) or more underground tanks are installed there shall be an approved concrete dividing wall of not less than twelve (12) inches in thickness or three (3) feet of earth between each tank.

(c) All underground tanks shall set on a firm foundation and, where water is encountered, tanks shall be placed in an approved water-tight concrete enclosure.

(d) Each underground tank shall have a separate filling pipe extending up to the sidewalk or grade, equipped with a cover and a metal plate flush with the sidewalk or grade. The filling pipe shall be of a diameter not larger than three (3) inches.

(e) Each underground tank shall have a separate vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet above the opening of the filling pipe and capped with an approved fitting. The vent pipe shall be on the outside of the buildings and terminate as far away as possible from any window or other building opening. The inside diameter of vent pipes shall not be less than one and one-quarter (1¼) inches, nor more than two (2) inches.

(f) All pipes shall be at least twelve (12) inches underground, shall have a fall toward the tank, shall be free of traps, sags or pockets, and shall be standard, full weight, galvanized iron, or equivalent.

(g) Gasoline shall be taken from underground tanks by means of approved pumps only, which shall be installed in locations designated

by the Fire Marshal. No gravity, siphon or pressure system shall be used to take gasoline from any underground tank.

(h) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission to do so has been granted by said officer. The Fire Marshal shall be notified when the installation is complete and ready for inspection.

Section 7. Miscellaneous Safety Provisions: (a) Underground tanks shall be filled only through a hose connected to a vehicle used for the transportation of gasoline, leading through continuous metal fittings and connections, properly grounded to and into the filling pipe of underground tanks, or by an approved bucket, or other method approved by the Fire Marshal.

(b) The fuel tank of an automobile shall be filled only through a hose connected to a pump of a portable filling tank or underground tank.

(c) Gasoline shall not be kept or conveyed in open receptacles in or about the premises of a gasoline supply station, shall not be used for cleaning purposes and shall be stored or kept only in portable filling tanks or underground tanks. The storage or sale of gasoline or any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred ten (110) degrees Fahrenheit in glass bottles or other breakable containers is prohibited.

(d) All combustible waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises. Gasoline, oils, grease or inflammable liquid of any kind shall not be allowed to flow or be placed into the drainage system. Oil and grease shall not be allowed to accumulate on the floor. Sawdust shall not be kept and sawdust or other combustible material shall not be used to absorb oil, grease or gasoline.

(e) Smoking is prohibited in or about the premises of a gasoline supply station and the motor of an automobile shall not be in motion while filling the fuel tank with gasoline. Notice to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All waste oil (crankcase drainings) shall be kept in an approved underground tank, installed as required by the Fire Marshal.

(g) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept in or about the premises of a gasoline supply station unless approved by the Fire Marshal.

(h) The Fire Marshal shall have and is hereby vested with authority to make reasonable and necessary rules and regulations not inconsistent with the provisions hereof, respecting the use, operation, maintenance and construction of any appliance, device, apparatus, or equipment used in connection with gasoline, to carry into effect the intents and purposes of this ordinance.

(i) All electric motors or devices capable of emitting an exposed spark shall be located at least four (4) feet above the floor and all electric wiring shall be installed as required by the Department of Electricity. All portable electric lights shall be equipped with keyless sockets and lamp guards.

(j) There shall be maintained at all times in and about the premises of a gasoline supply station such number of approved, fully charged portable fire extinguishers and approved buckets, full at all times of clean, dry sand, as may be required by the Fire Marshal, but in no case shall there be less than two fire extinguishers and two buckets of sand. These appliances shall be installed in places designated by the Fire Marshal.

(k) *When a gasoline supply station is discontinued for a period of more than six months, or is dismantled, the person, firm, association or corporation who was last conducting, maintaining or operating such gasoline supply station shall either remove all underground tanks that were used in connection with such station, or cause the same to be*

*filled with water or other non-inflammable liquid in accordance with the directions of the Fire Marshal.*

Section 8. Services Permitted: The sale of lubricating oils, greases, tires, batteries and other accessories, the cleaning, oiling and greasing of automobiles and the minor servicing and adjusting of brakes and electrical equipment, and the servicing and repairing of tires and batteries, shall be permitted upon any premises used as a gasoline supply station, but no repairs or reconditioning of the chassis, motors, engines, bodies, radiators or fenders of automobiles, motor vehicles, motor boats, launches or other motor propelled vessels, shall be permitted thereon. The storage, keeping or parking of automobiles, motor vehicles, motor boats, launches, etc., upon these premises, excepting as required for the before stated services, shall be prohibited.

*All equipment for the washing of automobiles shall be properly housed and said washing conducted in accordance with such rules and regulations as the Chief Engineer of the Fire Department may make regarding the same.*

Section 9. Duties of the Fire Marshal: It shall be the duty of the Fire Marshal to see that the provisions of this ordinance are complied with, and for that purpose he shall have access to any and all premises or buildings used as gasoline supply stations.

Section 10. Penalty: Any person, firm, company or corporation that violates, disobeys or refuses to comply with any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten ($10) dollars nor more than fifty ($50) dollars, or by imprisonment in the County Jail for not more than thirty (30) days, or by both such fine and imprisonment, and such person, firm, company or corporation shall be deemed guilty of a separate offense for each and every day that such violation, disobedience or refusal continues and shall be subject to the penalty imposed by this ordinance for each and every separate offense.

Section 11. Parts of Ordinance No. 2659 (New Series), and Ordinance No. 11.051, together with any section of any other ordinance which is in conflict herewith is hereby repealed.

**Adopted.**

Whereupon, the foregoing resolution as amended and in words and figures following, was *adopted* by the following vote:

**San Francisco Hospital Fees.**
(Code No. 17.12)

Resolution No. 2518, as follows:

Establishing, determining and fixing the basic rates to be charged at the San Francisco Hospital, including the Isolation Division thereof and the Hassler Health Home, of persons financially able themselves or through relatives legally obligated to pay for the same at such institutions.

Whereas, this Board of Supervisors did heretofore provide for and establish the method and procedure for determining and fixing the basic rates to be charged for institutional care and treatment at the San Francisco Hospital, including the Isolation Division thereof, and the Hassler Health Home, and the billing of persons financially able themselves or through relatives legally obligated to pay for the same at such institutions; and

Whereas, it is provided by said ordinance that the Director of Public Health shall compute the per diem cost of maintaining and caring for each class of persons admitted to the San Francisco Hospital, including the Isolation Division thereof and the Hassler Health Home, and shall report his findings thereon to the Chief Administrative Officer; and

Whereas, the Director of Public Health has so computed the said per diem cost of maintaining and caring for each class of persons at said institutions and has reported his findings thereon to the Chief Administrative Officer, who has examined and duly approved said findings and has transmitted the same with his approval to the Board of Supervisors; now, therefore, be it

Resolved, That after due consideration of said findings and report and in conformity therewith, this Board of Supervisors does, with the approval of the Controller, hereby establish, fix and determine the following amounts to be the correct, proper and reasonable basic rates to be charged for institutional care and treatment at the San Francisco Hospital, including the Isolation Division thereof and the Hassler Health Home, of persons financially able themselves or through relatives legally obligated to pay for the same at such institutions, to-wit:

(b) For care in the Tubercular Division..... 2.60 a day
(c) For care in the Isolation Division ..... 5.60 a day

Be it further resolved, That the basic rates to be charged for the care and treatment of said persons in said institutions, as hereinabove established, determined and fixed, shall remain in full force and effect until new basic rates are fixed by the Board of Supervisors.

Ayes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

No—Supervisor McSheehy—1.

Absent—Supervisor Brown—1.

Explanation of Vote.

Supervisor McSheehy explained his vote by saying: "I am simply voting *no* because this resolution is going to collect from the great middle class of our city—the plain people—a hospital fee that is prohibitive. For that reason I am voting *no*, and because it penalizes the poor and indigent.

## HEARING OF APPEAL—2 P. M.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**Application for Federal Grant of $52,700,000 for Rapid Transit.**

(Code No. ....)

The following was presented by Supervisors Meyer and Colman:

Resolution No. ...., as follows:

Whereas, the City and County of San Francisco is desirous of improving its Municipal Railway system by installing a rapid transit system which will afford rapid transportation for the people of San Francisco from the business district of said city to outlying districts both within and without the City and County of San Francisco, the plans for which system contemplate the construction of subways to remove the present congested condition of surface traffic and to allow more rapid transit to the outlying districts of the city; and

Whereas, the Public Utilities Commission of the City and County of San Francisco has requested the Mayor and the Board of Supervisors to authorize the proper officials of said city and county to apply to the Federal Emergency Administration of Public Works of the United States for a grant equal to 45 per cent of $52,700,000, which is the estimated cost of said rapid transit system, including subways; now, therefore, be it

Resolved, That the Mayor, the Clerk of the Board of Supervisors and the Controller are hereby authorized to make application to the Federal Emergency Administration of Public Works of the United States for a grant equal to 45 per cent of $52,700,000 for the purpose of aiding in the financing of the construction of said rapid transit system.

Amendment.

Supervisor Shannon moved as an amendment that the words, "or

elevated structures", be inserted in each paragraph after the word "subways".

No objection, *so ordered.*

### Power Distribution.

Supervisor Havenner thereupon raised the question of power distribution and said in view of Secretary Ickes' communication rejecting the City's plans No. 4 and No. 4a, that power distribution is of paramount importance and that unless an application for a PWA grant was made for that purpose also, he would not be inclined to go along with the resolution for rapid transit, which he considered less urgent.

### Adopted.

Thereupon, after discussion, the following resolutions were presented and *adopted:*

### Federal Grant, 45 Per Cent of $52,700,000, Rapid Transit System.

(Code No. 15.091)

Supervisor Meyer presented:

Resolution No. 2540, as follows:

Whereas, the Public Utilities Commission of the City and County of San Francisco has requested the Mayor and the Board of Supervisors to authorize the proper officials of said City and County to apply to the Federal Emergency Administration of Public Works of the United States for a grant equal to 45 per cent of $52,700,000, which is the estimated cost of a rapid transit system, including subways and/or elevated structures; now, therefore, be it

Resolved, That the Mayor, the Clerk of the Board of Supervisors and the Controller are hereby authorized to make application to the Federal Emergency Administration of Public Works of the United States for a grant equal to 45 per cent of the $52,700,000 for the purpose of aiding in the financing of the construction of a rapid transit system.

Absent—Supervisor Brown—1.

### Application, Federal Grant, 45 Per Cent of Cost of Electric Distribution System.

(Code No. 15.032)

Supervisor Havenner presented:

Resolution No. 2541, as follows:

Resolved, that the Mayor, the Clerk of the Board of Supervisors and the Controller are hereby authorized to make application to the Federal Emergency Administration of Public Works of the United States for a grant equal to 45 per cent of the cost of such new construction as may be necessary for the purpose of aiding in the financing of an electric distribution system, the amount of the cost of said new construction to be determined by the Public Utilities Commission of the City and County of San Francisco.

Ayes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

### Memorializing Congress to Utilize PWA Facilities and Provide Allocations to $700,000,000.

(Code No. 5.2)

Supervisor Shannon presented:

Resolution No. 2542, as follows:

Whereas, experience has proven that activities of the Federal Emergency Administration of Public Works (PWA) have been a

highly beneficial factor in accomplishing projects of great value to various political subdivisions; and

Whereas, under the competitive contract method, it has been possible to provide a distribution of labor, both direct and indirect, in excess of 80 per cent in the construction of various non-federal projects which were financed on a basis of 55 per cent contribution by the grantee, or political subdivision, and 45 per cent contribution by the grantor, or government (PWA), which grants of 45 per cent contributed by the government (PWA) represented a donation of approximately 82 cents for every $1 (55 per cent) contributed by the political subdivision (grantee), making possible the accomplishment of a complete project in a total amount of approximately $1.82 for each and every $1 contributed by the grantee; and

Whereas, it is vitally necessary that major undertakings requiring an abundance of skilled labor (buildings, highways, subways, and other engineering projects) be accomplished for the City and County of San Francisco under a fixed price, with a guarantee of completion; and

Whereas, it has become vitally essential that additional funds be provided to construct adequate cross-town routes and other feeders for the proper distribution of automobile and pedestrian traffic to and from the Golden Gate Bridge and the San Francisco-Oakland Bay Bridge, both of which will be ready for operation in the immediate future; and

Whereas, the completion of both bridges makes necessary a rapid transit system within the confines of the City and County of San Francisco in order to protect present property values by insuring against a possible exodus of population to other localities where rapid transit facilities have already been acquired; and

Whereas, the Secretary of the Interior, Harold L. Ickes, has recently presented ultimatum to the City and County of San Francisco requiring the municipal distribution of Hetch Hetchy power, and no municipal funds are now available for this purpose; and

Whereas, previous bond issues were approved by the people on the basis of Federal Emergency Administration of Public Works (PWA) supervision, and additional bond issues would no doubt be given preference and supported by the voters under the Federal Emergency Administration of Public Works (PWA) methods of procedure; now, therefore, be it

Resolved, That the Congress of these United States be, and it is hereby urged to provide funds for the Federal Emergency Administration of Public Works (PWA) in an amount of Seven Hundred Million ($700,000,000) Dollars to represent 45 per cent grants to various non-Federal projects, with the remaining 55 per cent being contributed directly by the various political subdivisions, making possible a total combined expenditure of approximately one and one-half billion ($1,500,000,000) dollars, all of which would be expended under guaranteed costs with remunerative prevailing wages and hours of employment for all artisans and labor thus employed.

## Boating on Lake Merced.

(Code No. 15.01)

Supervisor Uhl presented:

Resolution No. 2543, as follows:

Whereas, one of San Francisco's most beautiful settings is Lake Merced; and

Whereas, Lake Merced could be made most attractive for aquatic sports, swimming, and picnic grounds along the shore; and

Whereas, evidence of the fact that Lake Merced lends itself admirably for aquatic sports was evidenced in the regatta which was held on the lake last Saturday by the University of California and

the University of California of Los Angeles, witnessed by two thousand persons; and

Whereas, the then City Engineer, M. M. O'Shaughnessy, stated Lake Merced could be released for aquatic sport when Hetch Hetchy water is available to San Francisco; now, therefore, be it

Resolved, That the Public Utilities Commission be requested to report to the Board of Supervisors at the earliest possible date what objections if any the Public Utilities Commission might have in permitting boating of all kinds on Lake Merced, building the necessary racks for canoes, a club house, a bath house, and facilities for picnic parties along the shore of the lake.

*Adopted* by the following vote:

Ayes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

**In re the Proposed Plans Submitted by San Francisco for the Distribution of Electric Energy Generated at the Hetch Hetchy Project.**

Supervisor Havenner presented the following, copies of which were ordered sent to each member of the Board:

UNITED STATES DEPARTMENT OF THE INTERIOR

Office of the Secretary, Washington

April 22, 1936.

On January 28 I conducted a hearing to consider certain plans submitted by the City and County of San Francisco for the distribution of electric energy generated at the Hetch Hetchy project. These plans were submitted in view of my opinion of August 24, 1935, holding that the existing arrangement between San Francisco and the Pacific Gas and Electric Company constituted a sale of electric energy for the purpose of resale in violation of the prohibition contained in section 6 of the Raker Act.

At the hearing five alternative plans were presented, but reliance was placed only on those which are designated as "No. 4" and "No. 4a". As I understand the situation my opinion is not required as to the other three. On the day following the formal hearing the representatives of San Francisco informally presented to me still another plan with the request that it be considered only in the event that plans No. 4 and No. 4a be determined to be not acceptable. Subsequently a memorandum brief in support of plans No. 4 and No. 4a was submitted by City Attorney O'Toole acting on behalf of San Francisco and a considerable amount of argumentative correspondence was received.

After careful consideration of all of the materials and arguments I have reluctantly come to the conclusion that plans No. 4 and No. 4a do not satisfy the requirements of the Raker Act. I have, however, concluded that the plan submitted subsequent to the formal hearing is acceptable.

Plans No. 4 and 4a are substantially similar. Under both plans San Francisco itself would distribute all of the energy required by a section of the city whose peak demand would necessitate the use of the entire presently available capacity of the Hetch Hetchy generating units. Likewise under both plans the city would acquire the distribution facilities necessary to serve the designated area, but would utilize the facilities of the Pacific Gas and Electric Company for furnishing standby service and also for furnishing transmission of the city's energy to San Francisco from the present terminus of the Hetch Hetchy transmission line at Newark.

The plans differ only slightly. Under plan No. 4 the city proposes to sell the entire output of the Hetch Hetchy generating units to the Pacific Gas and Electric Company at Newark and to repurchase in San Francisco the energy needed by the city, leaving to the com-

pany for disposition by it all energy not required by the city's distribution system during periods of off-peak demand. Under plan No. 4a the city proposes, rather than a sale and repurchase, an arrangement whereby the company will transmit the city's energy and furnish the necessary standby service in exchange for a conveyance by the city to the company of that Hetch Hetchy energy not needed by the city during off-peak periods. Under the latter as well as under the former plan the energy not actually used by the city during off-peak periods would be available to the company for sale to its own customer-consumers.

The question for my consideration in connection with each plan is, of course, whether the adoption of the plan would create a violation of that prohibition contained in section 6 of the Raker Act which reads:

"That the grantee is prohibited from ever selling or letting to any corporation or individual, except a municipality or a municipal water district or irrigation district, the right to sell or sublet the water or the electric energy sold or given to it or him by the said grantee."

This prohibition is, in terms, applicable to all or to any part of the energy generated on the Hetch Hetchy project. Consequently, in analyzing plans No. 4 and 4a, it is both necessary and helpful to consider separately the two methods of disposal of energy which are contained in each plan: (1) disposal by the city of part of the energy directly to consumers, and (2) disposal by the city of the rest of the energy to the Pacific Gas and Electric Company for distribution by it to consumers.

Considering first only the disposal of that energy which the city itself would distribute to consumers, I am of the opinion that neither plan embodies a transaction forbidden by the Raker Act. As to plan No. 4a there is really no question inasmuch as the city merely proposes to hire the use of the company's facilities for the transmission and transformation of the energy to be distributed by the city, and no sale or disposal of that energy to the company is involved. But under plan No. 4 a sale to the company and a resale by the company to the city is contemplated. In form that proposed arrangement is in violation of the terms of section 6 of the Raker Act, which, as held in my opinion of August 24, 1935, operates to prohibit a sale of water or electric energy for the purpose of resale. The rigor of that statutory prohibition, however, is somewhat modified by a proviso contained in subsection (u) of section 9, which reads as follows:

"*Provided, however*, That the grantee shall at all times comply with and observe on its part all the conditions specified in this Act, and in the event that the same are not reasonably complied with and carried out by the grantee, upon written request of the Secretary of the Interior, it is made the duty of the Attorney-General in the name of the United States to commence all necessary suits or proceedings in the proper court having jurisdiction thereof, for the purpose of enforcing and carrying out the provisions of this Act."

Although the ordinary function of a proviso is to limit or modify only that which immediately precedes it, it may have broader applicability if its language so indicates. From a reading of the above-quoted proviso of section 9 it is clear that it has applicability, not only to that which immediately precedes it, but also to all other conditions expressed in the statute. That the prohibition contained in section 6 is one of those conditions cannot seriously be questioned when the entire statute and its obvious intent are considered.

As to the substance of the proviso, however, greater clarity might be desired. The grantee, San Francisco, is to comply with the provisions of the statute, but enforcement of those provisions is to be sought by appropriate legal proceedings only in the event that there is not *reasonable* compliance. The right of the United States to have compliance by its grantee must, of course, be measured by the remedy which is available to enforce that right. Any other view would em-

body a sacrifice of reality to impractical theory. Consequently, all things considered, it is my opinion that reasonable rather than absolute, literal compliance with the provisions of section 6 is all that is required by the Raker Act. Expressed differently, substantial compliance is sufficient.

Accepting this view of the statute, it seems clear that no violence would be done to the provisions of section 6 by arranging for a sale of electric energy to the Pacific Gas and Electric Company at Newark and a repurchase of a similar amount of energy by the city within the territorial limits of San Francisco for distribution to consumers. In practical effect there would be only an arrangement for the transmission of that energy which is actually distributed to consumers by the city itself in accordance with the intent of the statute. Substantial and reasonable compliance with the requirements of the Raker Act would result. Nor does it matter that the city might not receive in San Francisco the identical energy which it had delivered to the company in Newark. Electric energy cannot be identified or segregated when it becomes mixed with other electric energy, as that energy produced by the city at Hetch Hetchy must become mixed with that produced elsewhere by the company and carried through its Newark transmission lines. The city can no more expect to receive identified energy than can the purchaser of a warehouse receipt for grain expect to receive identified grain. Yet where a fungible commodity such as grain is involved, the situation is in contemplation of law as though the identified thing had been delivered. Certainly no distinction can reasonably be taken because the commodity is electric energy rather than grain. Both are fungible.

Very different considerations are raised, however, concerning the disposition to the Pacific Gas and Electric Company of that portion of the electric energy which would not be required to satisfy the load of the city's distribution system during off-peak periods, a portion which would be approximately 45 per cent of the entire amount of Hetch Hetchy energy available at Newark. That energy would not be redelivered to the city but would be sold by the company to its own customer-consumers. Moreover, the delivery of the energy to the company at Newark would be for the express purpose of allowing that sale by the company to its customer-consumers. It is obvious that if the energy were sold outright to the company at Newark, as is proposed in plan No. 4, there would be a violation of the prohibition contained in section 6 of the act which, as heretofore shown, is applicable to all or any of the energy generated on the Hetch Hetchy project. My opinion of August 24, 1935, is directly applicable to such a situation.

If, on the other hand, the excess energy were to be delivered to the company in exchange for services to be performed by the company, as is proposed in plan No. 4a, the violation of the statutory prohibition is not so obvious. It is nevertheless my opinion that a violation would exist. The prohibition in section 6 expressly operates as to any water or electric energy "sold or given" to the company. From a reading of the statute, the conclusion cannot be avoided that the phrase "sold or given" was intended to and does cover every type of situation in which water or electric energy is or can be delivered to the Pacific Gas and Electric Company. If, then, plan No. 4a contemplates a "selling or letting" of the right to sell the excess energy, it proposes a violation of the prohibition contained in section 6.

In my opinion the phrase "selling or letting" was intended to be and is inclusive of all types of means by which the Pacific Gas and Electric Company is allowed to exercise a right of sale. Even if the word "selling" is given such a narrow construction as to include only a transfer in exchange for a money consideration and to exclude a transfer in exchange for services, the word "letting" remains sufficiently broad to embrace any means by which a sale of the energy

to its customer-consumers by the Pacific Gas and Electric Company is allowed.

It is true that the word "let" has a technical meaning under which its use is coextensive with that of the word "rent", but it also has a broader meaning under which its use is substantially coextensive with that of the word "allow". That the latter meaning of the word "let" and its derivatives is the one intended in section 6 is evident from the use of the word "sublet" in the definition of the thing the selling or letting of which is prohibited. That which is prohibited is the selling or letting of the "right to sell or sublet the water or the electric energy sold or given to it or him by the said grantee." Obviously, the phrase "sell or sublet" is intended to be as inclusive of means of disposal as is the phrase "sold or given". And, as has been heretofore pointed out, the phrase "sold or given" is descriptive of all means by which water or electric energy can be delivered to the company.

In those circumstances the conclusion is inescapable that any delivery of water or electric energy to the Pacific Gas and Electric Company which permits of the sale of that water or electric energy by the company to its customer-consumers is prohibited by section 6. It follows, of necessity, that the proposed method of disposition under plan No. 4a of electric energy not needed by the city to satisfy the load of its distribution system during off-peak periods is in derogation of the provisions of section 6.

It has been strenuously urged that, when plans No. 4 and 4a are viewed as entities, they embody arrangements which are in reasonable and substantial compliance with the mandates of section 6 of the act. In support of that contention it is pointed out that San Francisco will itself be distributing all of the energy generated at the Hetch Hetchy project during periods of peak demand and that the excess energy generated during periods of off-peak demand, or the water power which might be used to generate that excess energy, must be wasted if it cannot be sold or delivered to the Pacific Gas and Electric Company. It has also been pointed out that the disposition to the company of that energy which would otherwise be wasted will be of great financial benefit to the city and will make more feasible the acquisition and operation of the proposed municipal distribution system.

These considerations are weighty ones even though, by a proper adaptation of the generating plant to the water supply, the element of economic waste might be eliminated. I desire to do all within my power to secure to the people of San Francisco the greatest possible benefit from the Hetch Hetchy project. But my powers are limited by the provisions of the Raker Act. I cannot conscientiously hold that that act would be complied with reasonably if a plan should be agreed upon whereby approximately 45 per cent of the entire amount of Hetch Hetchy energy delivered at Newark would be conveyed to the Pacific Gas and Electric Company for sale by it to its customer-consumers in direct violation of the provisions of section 6.

I regret the necessity for arriving at this conclusion, but I cannot do otherwise. Surely, however, the people of San Francisco, with their fine and efficient civic leadership, can evolve a plan under which their obligations under the Raker Act will be fully performed, and performed at great advantage to San Francisco itself. Apparently such a plan already has been devised.

As I understand the plan informally submitted by representatives of San Francisco on the day following the formal hearing, it is proposed that the city acquire all facilities necessary to transmit Hetch Hetchy energy from Newark to San Francisco, to transform that energy and to distribute it to consumers. This plan does not contemplate the delivery of any Hetch Hetchy energy to the Pacific Gas and Electric Company or to anyone else for the purpose of redelivery

to consumers. It is clear that such a plan does not come into conflict with any of the prohibitions contained in the Raker Act.

Secretary of the Interior.

### Circus License Fee.

Supervisor Uhl stated that the Al G. Barnes Circus had been granted permit for Wild Animal Show instead of for a Circus, at a correspondingly lower license fee, and moved that the City Attorney give the Board a written opinion, for next Monday's meeting, whether or not the Al G. Barnes Circus paid the proper amount under the ordinance.

Motion *carried.*

### Sidewalk Condition—Golden Gate Avenue and Octavia.

Supervisor Uhl moved that the attention of the Department of Public Works be called to the condition of sidewalk at the southwest corner of Golden Gate avenue and Octavia street.

Motion *carried.*

### Home Foreclosures.

Supervisor Uhl moved that the Clerk secure a list of homes where foreclosures have taken place, and to ask the Citizens' Relief Committee what rent they have been paying and where they are paying rent now.

Motion *carried.*

Also, Supervisor Uhl asked, "If they (HOLC) sell land, is equity secured by mortgage returned to owner or does the government take the whole amount of the sale?" He moved, also, that the matter be turned over to the City Attorney to see what he can do.

### Protest "One-Man Car" on Polk Street.

Supervisor Shannon presented communication from Polk and Larkin Street Merchants' Association protesting operation of "one-man car" on Polk street.

*Referred* to Public Utilities Committee.

*Clerk was directed to send letter to Polk Street Merchants' Association, saying matter is in the hands of the City Attorney. Sign Supervisor Shannon's name.*

### Final Passage.

The following emergency bill was presented by the Finance Committee and *finally passed*:

### Appropriating $3,200 From Emergency Reserve, Salaries Meat Inspectors.

(Code No. 9.051)

Bill No. 981, Ordinance No. 9.051258, as follows:

Appropriating $3,200 from the Emergency Reserve Appropriation No. 502.900.00 for the salary and expenses of meat inspectors in the Department of Public Health, during the period of two months ending June 30, 1936, and declaring an emergency.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The sum of $3,200 be and is hereby set aside and appropriated from Emergency Reserve Appropriation No. 502.900.00 to the Department of Public Health for the payment of one veterinarian at $200 a month salary and seven market inspectors at $175 a month salary each and transportation allowance for said seven market in-

spectors at $25 a month each, for a period of two months ending June 30, 1936. The amount of said appropriation to be returned to said Emergency Reserve Fund from moneys deposited in the general fund from fees collected under the existing ordinances, as well as under any additional ordinances regulating the inspection of meat and meat products hereafter enacted.

Section 2. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby, by the vote by which this ordinance is passed, declare that an actual emergency exists which necessitates this ordinance becoming effective at once, the nature of said emergency being that the State Department of Agriculture has ordered that the above mentioned additional inspectors be provided prior to May 1st, 1936, on penalty of withdrawal of approval of meat inspection now conducted by the Department of Public Health, if said additional inspectors are not provided. Therefore, said appropriation is necessary to provide for the uninterrupted operation of said Public Health Department.

### CONSIDERATION OF BUDGET FOR FISCAL YEAR 1936-1937.

The following was presented and read by the Clerk:

# MAYOR'S MESSAGE

MAYOR'S OFFICE,
San Francisco, April 30, 1936.

To the Honorable the Board of Supervisors,
City and County of San Francisco, San Francisco.

Gentlemen:

In consonance with the provisions of Section 72 of the Charter, I am herewith transmitting to your honorable Board the consolidated budget estimate and the proposed budget for all departments and offices of the City and County for the fiscal year 1936-1937, including a detailed estimate of all revenues of each department and an estimate of the amount required to meet bond interest, redemption, and other fixed charges of the City and County, and the revenues applicable thereto.

There is also transmitted in accordance with the provisions of Section 72 of the Charter, a draft of the Annual Appropriation Ordinance for the ensuing fiscal year, which has been prepared by the Controller. It is based on the proposed budget and forms the basis for fiscal and accounting control of each revenue and expenditure item included therein.

In the consideration of the revenue schedule I direct your attention to an excerpt from a letter of March 14, 1936, to me from the Controller:

> "The statement of anticipated revenues and receipts is necessarily subject to revision prior to the transmittal of your consolidated budget to the Board of Supervisors and unquestionably will again have to be revised prior to the final passage of the budget and also prior to the fixing of the tax rate in September.
>
> "The following are some of the reasons contributing to this circumstance:
>
> "It is impossible at this time to estimate, with any degree of accuracy, the several fund surpluses as at June 30, 1936.
>
> "The revenue from sources derived under Section 24 of the Charter is tentative and based upon existing ordinances, a number of which are now under revision."

In the consideration and compilation of the budget estimate, a major objective was to provide adequately for relief, welfare, health activities, and other humanitarian necessities. The amounts as suggested may not be found to be fully adequate to meet the requirements for the ensuing year, and I have, therefore, increased the recommendation for the Emergency Reserve Fund to partially compensate for any delinquency in this respect. I will discuss the items more intimately in this transmittal.

Departments of the City Government were invited to confer with the Mayor and the Controller during the preparation of the budget, and conferences were held with the heads of all municipal departments. Special meetings were held with groups and individuals interested in civic affairs, the reflexes from which aided me materially in reaching my conclusions.

## UNEMPLOYMENT RELIEF

Included in the estimate under jurisdiction of the Chief Administrative Officer is a total of $1,300,000 for unemployment relief and continuation of sponsor's contribution to WPA projects. The whole subject matter of relief is one that confronts not only our City and County, but state and federal governments as well. The United States Conference of Mayors requested of the President and the Congress that sufficient moneys be provided by the federal government to continue the work program that now obtains. We hope that the $1,500,000,000 required for the WPA projects will continue effective July 1, next, and that San Francisco will receive its due proportion so that the "employable unemployed" may be kept at work.

Of the $1,300,000 recommended, $900,000 is for the county's contribution for the relief of the "unemployable unemployed."

This is practically an amount equivalent to the [illegible] Works Progress Administration approved items. This amount may not 000 is for sponsor's contribution for continuation of the Works Progress Administration approved items. This amount may not be sufficient to carry on a complete program of street improvement as heretofore approved by your Board, and it is expected that out of the unallocated balances in either the Motor Vehicle Gas Tax Fund or the Quarter Cent Special Gas Tax Street Improvement Fund moneys may be found to add to the requirement that will be made by the federal government for sponsor's contribution.

WELFARE

There is an increase of $762,980 in the County Welfare Department for widows' pensions, maintenance of the aged, and blind pensions, under existing statutes, and this amount will unquestionably have to be modified should the state and the federal government conclude an agreement under the Federal Social Security Act. Preliminary estimates by the Controller and the Welfare Department indicate that the grant under the Federal Social Security Act would approximately offset the increased cost of the several types of aid. The effect of the Federal Social Security Act on the amount required for the maintenance of minors under the Juvenile Court is rather a complex problem and is now being reviewed by the Controller.

RETIREMENT

The current requirements of the Retirement System have increased $121,353.

STREET LIGHTING

I have recommended $65,000 for the installation of a new underground lighting system on Van Ness Avenue from Market Street to North Point Street, to coordinate with the widening of Van Ness Avenue, and $89,000 for placing service underground on certain bridge approach streets.

BOND INTEREST AND REDEMPTION

Bond interest and redemption reflects an increase of $189,236.

EMERGENCY RESERVE FUND

I have recommended an increase in the Emergency Reserve Fund of $200,000 primarily to care for such contingencies as may arise, in unemployment relief and welfare, and hospitalization.

The Health Department requested funds for the opening of new wards at the San Francisco Hospital and the Laguna Honda Home, which were not recommended.

My thought in this connection is that when and if conditions require the opening of new wards at the San Francisco Hospital and at the Laguna Honda Home, I will recommend to your Honorable Board that sufficient funds be appropriated to establish this service.

The Health Officer, Director of Public Works, Chief of the Department of Electricity and Agricultural Commissioner requested added employments for various inspection services, which were not recommended pending the time when your Honorable Board will have passed ordinances in conformity with Section 24 of the Charter.

The County Welfare Department requested an increase in its permanent organization which was not recommended. At the present time the County Welfare Department is engaged in picking up an abnormal case load created by the 1935 amendments to the state statutes. When the business of this department returns to normal, a survey will be made to determine its permanent requirements, and an appropriation will be recommended.

Respectfully,

ANGELO J. ROSSI,
Mayor

# ANNUAL APPROPRIATION ORDINANCE 1936-1937

(Code No. 9.051)

Bill No. 982, Ordinance No. 9.051259, as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES OF THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1937.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

Section 2. The several amounts of proposed expenditure for the fiscal year ending June 30, 1937, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance, subject to the limitations of the Charter and as provided herein.

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department, in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further; that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

Items of proposed expenditure that are designated herein as appropriated for the use of a department only to the extent that fees or other revenues are collectible therefor shall be subject to limitation by the Controller to the amount of actual receipts or collections.

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by this Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for said department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be

available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Sections 79 and 80 of the Charter, or by transfer as provided by Sections 77 and 90 of the Charter.

Section 5. Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Section 6. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of, and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position established in the Annual Salary Ordinance and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation and shall investigate and report upon the necessity of the position to the Mayor, and the Mayor shall approve.

Appointing officers shall not make appointments to seasonable or temporary positions until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonable or temporary position shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds and Reserves and the receipts in and expenditures from, each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

The expenditures necessary from said fund or said account created as herein provided, in order to carry out the purpose for which said moneys have been received or for which said account is being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys have been received by the City and County of San Francisco, and in accordance with the conditions under which said fund is maintained.

Section 8. The Controller is hereby authorized and directed to set up appropriations for refunding revenues collected in excess of amounts due.

Section 9. The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 77 of the Charter.

Section 10. The term "department" as used in this ordinance shall mean department, bureau, office, utility, board, or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 11. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

### Motion.

Supervisor Shannon moved that Monday, May 11, 1936, at 3 p. m. be fixed as the time for hearing the public on the budget.

*So ordered.*

### Communication from Controller.

OFFICE OF CONTROLLER.

May 2, 1936.

The Honorable the Board of Supervisors, City and County of San Francisco.

Attention: Finance Committee

Subject: Budget, 1936-37.

Gentlemen: As you know, I am leaving tonight for Washington, D. C., to attend a meeting of the Tax Revision Council. However, I want to assure you that in my absence the members of my staff will render you the same assistance and cooperation in your consideration of the budget as would obtain were I personally present.

Yours very truly,

LEONARD S. LEAVY,
Controller.

## SPECIAL ORDER—2 P. M.

Hearing of protests of all persons interested in the assessment, diagram or warrant for payment of cost of improvement of Blanche street between Elizabeth street and Twenty-third street, by paving and other work as described in Order of Intention No. 2500 of the Board of Public Works, fixed for the hour of 2 P. M. this day.

The Clerk announced the hearing and asked if there were any persons who wanted to be heard. No response.

Whereupon, the Clerk was directed to notify the Department of Public Works.

## UNFINISHED BUSINESS.

### Final Passage.

The following matters heretofore passed for second reading were taken up and *finally passed* by the following vote:

### Supplemental Appropriation of $50,000 Out of Municipal Railway Stores Revolving Fund.

(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 971, Ordinance No. 9.051254, as follows:

Authorizing a supplemental appropriation of $50,000 out of the surplus existing in the Municipal Railway operative fund to the credit of the Municipal Railway stores revolving fund.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated and set aside out of the surplus existing in the Municipal Railway operative fund the sum of $50,000 to the credit of the Municipal Railway stores revolving fund, which last-mentioned fund was created by Ordinance No. 9.051227. The said supplemental appropriation hereby made is to be deposited in said fund and to be used for the uses and purposes and under the conditions set forth in said Ordinance No. 9.051227.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Appropriation of $69,907 for Care of Indigent Sick and Dependent Poor, May, 1936.**

(Code No. 9.051)

Also, Bill No. 972, Ordinance No. 9.051255, as follows:

Making an appropriation of $69,907 to the Citizens' Relief Committee for meeting the expenses of caring for the indigent sick and dependent poor of the City and County of San Francisco for the month of May, 1936, and authorizing a portion of said sum to pay the necessary compensations for the administration and distribution of said relief.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $69,907 is hereby appropriated out of such funds as may be available for the purpose of caring for and maintaining the indigent sick and dependent poor of the City and County of San Francisco during the month of May, 1936.

Section 2. Said appropriation is made for the purpose of caring for the indigent sick and dependent poor of said City and County and for the purpose of paying compensations of the positions necessary for the administration and distribution of such relief, which positions and compensations as fixed by the Citizens' Relief Committee and approved by the Civil Service Commission are hereby authorized and established and/or continued subject to the provisions of Resolution No. 1942, heretofore adopted by the Board of Supervisors.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Amending Section 18 of Ordinance No. 5132 (New Series), "License Ordinance," Relating to License Fee Imposed on Used Car Dealers.**

(Code No. 3.041)

Also, Bill No. 973, Ordinance No. 3.04160, as follows:

Amending Section 18 of Ordinance No. 5132 (New Series), entitled "Imposing License Taxes on Certain Businesses, Callings, Trades or Employments Within the City and County of San Francisco," in effect July 1, 1920, *relating to license fee imposed on used car dealers.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 18 of Ordinance No. 5132 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 18. *Used Car Dealers.* Every person, firm or corporation engaged in the business of selling or offering to sell, exchanging or offering to exchange, buying or offering to buy second-hand or used automobiles or other motor vehicles, shall pay a license fee of twenty dollars ($20) per quarter for each such place where such automobiles or motor vehicles are offered for sale, bought, exchanged or sold.

No such person, firm or corporation shall be permitted to transfer such license to any other person, firm or corporation for any part of the time for which such license is issued.

Provided, however, that no such person, firm or corporation shall be issued a license under this section without first obtaining a permit from the Board of Police Commissioners of the City and County of San Francisco.

Provided, further, that no license shall be issued to any person, firm or corporation not having a fixed place of business.

The following resolutions were *adopted*:

**Authorizing Transfer of Certain Land for Realigning Bay Street.**
(Code No. 12.175)

On recommendation of Finance Committee.

Resolution No. 2544, as follows:

Whereas, pursuant to Ordinance No. 12.1751, Bill No. 589, the Department of Public Works has requested the Mayor to arrange for transferring certain San Francisco Water Department land to the Department of Public Works, for the realignment of Bay street, which land is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Beginning at the point of intersection of the westerly line of Hyde street with the southerly line of Bay street; running thence westerly along the southerly line of Bay street 412.5 feet to the easterly line of Larkin street; thence southerly along the easterly line of Larkin street 7.5 feet; thence northeasterly in a straight line to the point of beginning.

Whereas, the Director of Property has reported to the Mayor that the land can be advantageously used by the Department of Public Works for street purposes; and

Whereas, on March 30, 1936, the Public Utilities Commission adopted Resolution No. 1275 consenting to the use of said land for street purposes; and

Whereas, Bay street is to be improved without any expense to the Public Utilities Commission, and such improvement will benefit and increase the value of the remaining property of the San Francisco Water Department, which benefit will equal or exceed the value of the above described land; and

Whereas, the Mayor has recommended that said transfer be made; now, therefore, be it

Resolved, That the control of said land be and is hereby transferred from the Public Utilities Commission to the Department of Public Works.

Approved by Director of Property.

Approved by the Mayor.

**Memorializing Congress to Utilize PWA Facilities and Provide Allocations to $700,000,000.**

(Code No. 5.2)

Also, Resolution No. 2542, as follows:

Whereas, experience has proven that activities of the Federal Emergency Administration of Public Works have been a highly beneficial factor in accomplishing projects of great value to the City and County of San Francisco and other municipalities; and

Whereas, under the competitive contract method, it has been possible to provide a distribution of labor, in excess of 80 per cent in the construction of various non-federal projects which were financed on a basis of 55 per cent contribution by the grantee, and 45 per cent contribution by the Federal Government; and

Whereas, it is vitally necessary that major undertakings requiring an abundance of skilled labor in buildings, highways, subways, and other useful projects, be accomplished for the City and County of San Francisco under a fixed price, with a guarantee of completion; and

Whereas, it has become vitally essential that additional funds be provided to construct adequate cross-town routes and other feeders for the proper distribution of traffic to and from the Golden Gate Bridge and the San Francisco-Oakland Bay Bridge; now, therefore, be it

Resolved, That the Congress of these United States be, and it is hereby urged to provide funds for the Federal Emergency Administration of Public Works (PWA) in an amount of Seven Hundred Million ($700,000,000) Dollars to represent 45 per cent grants to various non-Federal projects, with the remaining 55 per cent being contributed directly by the various political subdivisions, making possible a total combined expenditure of approximately one and one-half billion ($1,500,000,000) dollars, all of which would be expended under guaranteed costs with remunerative prevailing wages and hours of employment for all artisans and labor thus employed.

Clerk to send copies to Senators Johnson and McAdoo and Representatives Kahn and Welch.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

(*In connection with the foregoing resolution, the Clerk was directed on motion of Supervisor Shannon, seconded by Supervisor Brown, to send copy of resolution and correspondence with PWA with respect to discussion on this program.*)

**Fixing Rate for Publishing and Distribution of Delinquent Tax List.**

(Code No. 3.03)

Also, Resolution No. 2548, as follows:

Resolved, That the official rate for printing, publishing and distributing the Delinquent Tax List of the City and County of San Francisco for the fiscal year ending June 30, 1936, is hereby set at $0.03 per twelve-em line of six point size type, per issue, for the delinquent tax list and $0.025 per line for the sales list. These rates to include the entire charge for three publications, together with all charges appertaining to the publication of the above-mentioned delinquent tax list, including all specially bound books and all other conditions that are necessary for the legal publication of this list as specified and outlined by the Tax Collector.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Final Passage.**

The following emergency ordinance was presented and *finally passed*:

**Appropriating $1,380 for Salaries and Expense of Three Temporary Building Inspectors and One Stenographer, Building Inspection Department.**
(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 985, Ordinance No. 9.051262, as follows:

Authorizing an appropriation of $1,245 to the credit of Appropriation No. 539.102.00 and $135 to the credit of Appropriation No. 533.203.39, out of the Emergency Reserve Fund, Appropriation No. 502.900.00, to provide salaries and expenses for three temporary Building Inspectors and salary for one temporary General Clerk Stenographer in the Bureau of Building Inspection, Department of Public Works, for the period of one and one-half months ending June 30, 1936, and declaring an emergency.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $1,380 is hereby appropriated and set aside out of the Emergency Reserve Fund, Appropriation No. 502.900.00, to the credit of the following appropriations in the amounts indicated and for the purposes recited:

539.102.00, Temporary Salaries:
Three Building Inspectors at $225 per month for one and one-half months; one General Clerk Stenographer at $155 per month for one and one-half months, $1,245.

533.203.39, Auto Hire:
Three automobiles for three Building Inspectors for one and one-half months at $30 per month, $135.

Section 2. The amount of $1,380 appropriated herein is in anticipation of the collection of additional fees under the provisions of the Building Inspection Permit Ordinance, due to increased building activities, and said sum of $1,380 is to be returned to the said Emergency Reserve Fund from the additional revenues thus received.

Section 3. The ordinance is passed as an emergency measure, and the Board of Supervisors does hereby, by the vote by which this ordinance is passed, declare that an actual emergency exists which necessitates

this ordinance becoming effective at once to provide funds for the uninterrupted operation of this department due to increased building activity.

Approved as to form by John J. O'Toole, City Attorney.
Approved by W. H. Worden, Director of Public Works.
Approved by Alfred J. Cleary, Chief Administrative Officer.
Approved by Angelo J. Rossi, Mayor.

A right of way easement to lay, relay, construct, reconstruct, maintain, operate, patrol, repair, renew, replace, remove, increase and/or change the number and size of, pipes, pipe lines, conduits and/or connections, appurtenances and appliances, for the conveyance, distribution, supply and/or sale of water, along and across the following described parcels of land:

Parcel 12.—Commencing at the most southerly corner of Lot No. 35, Block 9, as shown on "Map of Subdivision No. 2 of Burlingame Park, California" filed October 16, 1905, in the Office of the County Recorder of San Mateo county, State of California, in Liber "B" of Maps at page 17; running thence from said point of commencement along the northwesterly line of Barriolhet avenue north 61 degrees 39 minutes 30 seconds east 20.33 feet; thence north 39 degrees 15 minutes 00 seconds west 50.47 feet to the westerly boundary line of said Lot 35; thence along said westerly boundary line south 16 degrees 01 minutes 30 seconds east 50.67 feet to the point of commencement.

Parcel 13.—Commencing at the most easterly corner of Lot No. 36, Block 9, as shown on "Map of Subdivision No. 2 of Burlingame Park, California" hereinbefore mentioned; running thence from said point of commencement along the easterly line of said Lot No. 36 north 16 degrees 01 minutes 30 seconds west 101.33 feet to the corner common to Lots 33, 34, 35 and 36 of said Block 9; thence along the

common boundary line between Lots 33 and 36 south 57 degrees 07 minutes 15 seconds west 128.92 feet to the easterly line of Pepper avenue; thence along said easterly line south 34 degrees 03 minutes 30 seconds east 20 feet; thence along a line parallel to and distant 20 feet measured at right angles southeasterly from the common boundary line between Lots 33 and 36 north 57 degrees 07 minutes 15 seconds east 90.51 feet; thence south 39 degrees 15 minutes 00 seconds east 77.46 feet to the point of commencement.

X. A right of way easement to lay, relay, construct, reconstruct, maintain, operate, patrol, repair, renew, replace and/or remove a pipe line, conduit and/or connections, appurtenances and appliances, for the conveyance, distribution, supply and/or sale of water, along and across the following described parcel of land:

Parcel 14.—A strip of land 10 feet wide being 5 feet measured at right angles northwesterly and easterly and 5 feet measured at right angles southeasterly and westerly from the following described line and the easterly and northwesterly extensions thereof.

Commencing at a point on the easterly line of Pepper avenue; said point being distant along said easterly line south 34 degrees 03 minutes 30 seconds east 10 feet from the corner common to Lots 33 and 36 of Block 9 hereinbefore mentioned in description of Parcel 13; running thence from said point of commencement south 57 degrees 07 minutes 15 seconds west 25.39 feet; thence north 34 degrees 01 minutes 45 seconds west 460.01 feet; thence north 49 degrees 48 minutes 30 seconds west 440.73 feet; thence north 38 degrees 20 minutes 00 seconds west 98.05 feet more or less to a point on the common boundary line between the City of Burlingame and the Town of Hillsborough; thence continuing north 38 degrees 20 minutes 00 seconds west 123.79 feet; thence north 31 degrees 24 minutes 00 seconds west 82.26 feet; thence north 23 degrees 13 minutes 00 seconds west 197.77 feet; thence north 18 degrees 50 minutes 00 seconds west 321.23 feet; thence north 4 degrees 56 minutes 15 seconds east 53.07 feet; thence north 45 degrees 06 minutes 15 seconds east 154.33 feet; thence north 36 degrees 21 minutes 15 seconds east 87.86 feet; thence north 25 degrees 54 minutes 45 seconds east 92.33 feet; thence north 16 degrees 16 minutes 45 seconds east 401.88 feet; thence north 10 degrees 34 minutes 30 seconds east 94 feet more or less; thence north 60 degrees 55 minutes 30 seconds west 18 feet more or less to a point on the northwesterly line of Bellevue avenue; said point being distant southerly 77 feet more or less measured along said northwesterly line from its intersection with the southwesterly edge of pavement of El Camino Real.

The easterly boundary line of said strip of land being the easterly line of Pepper avenue and the northwesterly line of said strip of land being the northwesterly line of Bellevue avenue.

XI. A fee simple title to the following described parcel of land:

Parcel 15.—A strip of land adjoining the southwesterly boundary line of Lot No. 275 as shown on "Map of Subdivision No. 3 San Mateo Park, San Mateo County, California" filed November 20, 1905, in the Office of the County Recorder of San Mateo county, State of California, in Book "A" of original maps at page 68; said strip of land being 60 feet in width measured at right angles northeasterly from said southwesterly boundary line of Lot No. 275 and extending from the southeasterly boundary line of said Lot No. 275 northwesterly to the southeasterly line of Poplar avenue.

The taking of a right of way easement to said property and of a fee title to said Parcel 15 is necessary for the construction, maintenance and operation by the City and County of San Francisco of a pipe line or lines and appurtenances thereto for the purpose of conveying water to the City and County of San Francisco for the use of said City and County and its inhabitants for municipal and domestic purposes.

The City Attorney is hereby ordered and directed to commence

proceedings in eminent domain against the owners of said parcels of land and of any and all interests therein or claims thereto, for the condemnation thereof for the public use of the City and County of San Francisco, as aforesaid.

**District Engineer of United States Engineers to Consider Dredging and Maintenance of Seaplane Channel at San Francisco Airport.**

(Code No. 15.05)

Also, Resolution No. 2551, as follows:

Whereas, pursuant to resolutions of the Committee on Commerce of the Senate, and the Committee on Rivers and Harbors of the House of Representatives, adopted March 24 and 26, 1936, respectively, the San Francisco District Engineer of the United States Engineer's Office of the War Department has been directed to review certain reports pertaining to dredging and other construction programs of the War Department in San Francisco Bay; and

Whereas, the aforesaid review of these reports by the District Engineer is for the purpose of determining whether said dredging and construction program should be modified to include the dredging and maintenance of a seaplane channel and harbor at San Francisco Airport; and

Whereas, a public hearing will be held on the above matter at the Office of the District Engineer of the United States Army Engineer's Office in the Custom House, San Francisco, on Tuesday, May 5th, at 2 p. m., at which time all interested parties are invited to be present; and

Whereas, the Mayor and the Board of Supervisors of the City and County of San Francisco are vitally interested in the development of air commerce on the Pacific Coast, and to aid in said development have authorized the purchase of land and the expenditure of large sums of money by the City and County of San Francisco for the development of a modern combined land and seaplane base thereon, and further are now constructing facilities on said combined land and seaplane base that are of vital necessity to the operation of commercial seaplane service to the Orient from San Francisco Bay and to the armed forces of the United States government in time of national emergency; now, therefore, be it

Resolved, That inasmuch as the City and County of San Francisco has already obligated itself to all expenditures justified by possible reasonable return through commerce to the City of San Francisco directly, which expenditures will redound to the great benefit of the Pacific Coast and the United States as a whole by providing modern facilities through which international air commerce may be enjoyed between the United States and the Orient; the Mayor and the Board of Supervisors of the City and County of San Francisco hereby respectfully petition that the District Engineer of the United States Engineers take into consideration the above facts and recommend that the dredging and maintenance of a seaplane channel at San Francisco Airport is a proper function of the War Department in its development and maintenance of harbor facilities for the convenience and safety of commerce; and, be it further

Resolved, That the Clerk of the Board of Supervisors is hereby directed to file a copy of this resolution with the District Engineer of the United States Army Engineers, Custom House, San Francisco; the Committee on Commerce of the Senate, Senate Office Building, Washington, D. C.; and the Committee on Rivers and Harbors of the House of Representatives, House Office Building, Washington, D. C.

**Gasoline Supply Stations.**

(Code No. 11.0821)

The following recommendation of Joint Committee on Public Welfare, and Fire, Safety and Police was presented and read by the Clerk:

Bill No. 974, Ordinance No. 11.08212, as follows:

Regulating the establishment, construction, maintenance and operation of premises, buildings and structures to be used as gasoline supply stations; regulating and providing for the storage and use of gasoline in connection therewith; repealing Ordinances Nos. 2659 (New Series), and 11.051 *and providing a penalty for violations of this ordinance.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Definitions: The following terms shall have the following meanings whenever used in this ordinance:

(a) A gasoline supply station shall be held to mean any lot, wharf, pier or other premises, including all buildings and structures thereon, devoted to the purpose of selling or dispensing gasoline or volatile liquids as fuel to automobiles, motor vehicles, motorboats, launches or other motor propelled vessels.

(b) Gasoline or volatile liquids shall mean any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit. The Fire Marshal shall determine the flash point.

(c) Fire Marshal shall mean the Fire Marshal of the City and County of San Francisco.

(d) Approved shall mean approved by the Fire Marshal.

(e) Hospital: shall mean any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.

(f) *Church: for the purposes of this ordinance, is defined to be any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

(g) *Theatre: for the purposes of this ordinance, is any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

(h) Districts or Zones: shall mean districts or zones as established or re-zoned by the City Planning Commission.

*Section 2. Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire*

*Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the nearest point of the property line of which shall come within 200 feet of any point of the property line of any hospital, or within 60 feet of the nearest point on the property line of any church or theatre and the measurements of the limitations herein expressed are to be made by taking the distance between the nearest points on said property lines in a straight line measurement.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such gasoline supply station, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any gasoline supply station, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the gasoline supply station for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a gasoline supply station, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

Section 3. Construction: All buildings or structures erected, maintained or operated upon the premises of a gasoline supply station not exceeding one story in height, shall be of Class A, B or C construction as defined by the building laws of the City and County of San Francisco, or, if not more than eighteen (18) feet in height, they may be constructed of metal, supported upon steel frame. If more than one story in height, they shall be of Class A or B construction.

The roofs of all buildings or structures erected or maintained upon the premises of a gasoline supply station shall be of fireproof construction, as defined in the building laws of the City and County of San Francisco, and all floors shall be constructed of incombustible materials.

No basement shall be allowed in any building or structure erected or maintained as a gasoline supply station.

A gasoline supply station shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a gasoline supply station and for such services as are by this ordinance specifically permitted in conjunction therewith, unless said building is of Class A or B construction; provided, however, that no gasoline supply station shall be maintained in any building that is occupied in any part as a church, school, hospital, theatre, hotel, apartment house, tenement house or place of public assemblage. The portion occupied as a gasoline supply station shall have no entrance, exit or other opening of any kind whatsoever into other parts of the building not so occupied. All walls separating such portion occupied as a gasoline supply station from the remainder of the building shall be of masonry. The floors which constitute the ceiling of such gasoline supply station shall be of reinforced concrete slabs not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. All such slabs shall be reinforced so as to develop their full strength to resist upward pressures. No basement shall be permitted in any portion of a building or structure that is occupied or is so constructed as to be occupied as a gasoline supply station.

Where a gasoline supply station is erected or maintained in a building of Class A or B construction, any portion of which is used for other occupancies than those specifically permitted by the provisions of this ordinance, proper ventilation and a free circulation of air shall be provided, either by the installation of ventilating outlets in the outer walls of such buildings or by means of a mechanical exhaust

ventilating system, as in the judgment of the Fire Department and/or the Department of Public Health may be required.

The size, number and location of ventilating outlets, when required, shall be determined by the Fire Department and/or the Department of Public Health, and the top of same shall be not more than eighteen (18) inches above the floor. Such outlets shall be protected with galvanized wire rods not less than three-eighths (⅜) inch in diameter so as to provide an opening of one-half (½) inch mesh. Protections of ornamental design may be used, provided they have the strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports.

Mechanical exhaust ventilating system, when required, shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of the space occupied as such gasoline supply station each hour. This mechanical exhaust shall be drawn from a point not more than eighteen (18) inches above the floor line and shall be evenly distributed over the entire area of such space. The fan discharge shall be taken to a point above the roof of the building or to outer air at a point not less than twenty (20) feet from any window or other opening in the building or any adjoining building, but in no event shall the fan discharge be taken to an inner court.

Section 4. Permit for gasoline and appliances used in connection with gasoline: The storing or keeping of gasoline or the installation, erection, alteration, replacement, repair or use of any gasoline pump, underground gasoline tank, pipe, appliances or devices used in connection with the storage or handling of gasoline at a gasoline supply station, shall not be undertaken until a permit has been granted by the Fire Marshal. The Fire Marshal may refuse to grant and may revoke such permit for noncompliance with the provisions of this ordinance.

Section 5. Quantity of gasoline that may be stored: Not more than two (2) approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept above ground in or for any one gasoline supply station.

Gasoline may also be stored or kept for a gasoline supply station in approved underground tanks. Not more than five thousand (5,000) gallons of gasoline in the aggregate shall be stored or kept underground and no tank shall have a capacity greater than one thousand (1,000) gallons.

Section 6. Installation Requirements: (a) All underground gasoline tanks shall be placed outside of buildings and under the sidewalk area in a location designated by the Fire Marshal. The top of such tanks shall be at least four (4) feet below the sidewalk or grade and the space between the top of tanks and the sidewalk or grade shall be filled with earth.

(b) Where two (2) or more underground tanks are installed there shall be an approved concrete dividing wall of not less than twelve (12) inches in thickness or three (3) feet of earth between each tank.

(c) All underground tanks shall set on a firm foundation and, where water is encountered, tanks shall be placed in an approved water-tight concrete enclosure.

(d) Each underground tank shall have a separate filling pipe extending up to the sidewalk or grade, equipped with a cover and a metal plate flush with the sidewalk or grade. The filling pipe shall be of a diameter not larger than three (3) inches.

(e) Each underground tank shall have a separate vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet above the opening of the filling pipe and capped with an approved fitting. The vent pipe shall be on the outside of the buildings and terminate as far away as possible from any window or other building opening. The inside diameter of vent pipes shall not be less than one and one-quarter (1¼) inches, nor more than two (2) inches.

(f) All pipes shall be at least twelve (12) inches underground, shall have a fall toward the tank, shall be free of traps, sags or pockets, and shall be standard, full weight, galvanized iron, or equivalent.

(g) Gasoline shall be taken from underground tanks by means of approved pumps only, which shall be installed in locations designated by the Fire Marshal. No gravity, siphon or pressure system shall be used to take gasoline from any underground tank.

(h) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission to do so has been granted by said officer. The Fire Marshal shall be notified when the installation is complete and ready for inspection.

Section 7. Miscellaneous Safety Provisions: (a) Underground tanks shall be filled only through a hose connected to a vehicle used for the transportation of gasoline, leading through continuous metal fittings and connections, properly grounded to and into the filling pipe of underground tanks, or by an approved bucket, or other method approved by the Fire Marshal.

(b) The fuel tank of an automobile shall be filled only through a hose connected to a pump of a portable filling tank or underground tank.

(c) Gasoline shall not be kept or conveyed in open receptacles in or about the premises of a gasoline supply station, shall not be used for cleaning purposes and shall be stored or kept only in portable filling tanks or underground tanks. The storage or sale of gasoline or any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred ten (110) degrees Fahrenheit in glass bottles or other breakable containers is prohibited.

(d) All combustible waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises. Gasoline, oils, grease or inflammable liquid of any kind shall not be allowed to flow or be placed into the drainage system. Oil and grease shall not be allowed to accumulate on the floor. Sawdust shall not be kept and sawdust or other combustible material shall not be used to absorb oil, grease or gasoline.

(e) Smoking is prohibited in or about the premises of a gasoline supply station and the motor of an automobile shall not be in motion while filling the fuel tank with gasoline. Notice to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All waste oil (crankcase drainings) shall be kept in an approved underground tank, installed as required by the Fire Marshal.

(g) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept in or about the premises of a gasoline supply station unless approved by the Fire Marshal.

(h) The Fire Marshal shall have and is hereby vested with authority to make reasonable and necessary rules and regulations not inconsistent with the provisions hereof, respecting the use, operation, maintenance and construction of any appliance, device, apparatus, or equipment used in connection with gasoline, to carry into effect the intents and purposes of this ordinance.

(i) All electric motors or devices capable of emitting an exposed spark shall be located at least four (4) feet above the floor and all electric wiring shall be installed as required by the Department of Electricity. All portable electric lights shall be equipped with keyless sockets and lamp guards.

(j) There shall be maintained at all times in and about the premises of a gasoline supply station such number of approved, fully charged portable fire extinguishers and approved buckets, full at all times of clean, dry sand, as may be required by the Fire Marshal, but in no case shall there be less than two fire extinguishers and two

buckets of sand. These appliances shall be installed in places designated by the Fire Marshal.

(k) *When a gasoline supply station is discontinued for a period of more than six months, or is dismantled, the person, firm, association or corporation who was last conducting, maintaining or operating such gasoline supply station shall either remove all underground tanks that were used in connection with such station, or cause the same to be filled with water or other non-inflammable liquid in accordance with the directions of the Fire Marshal.*

Section 8. Services Permitted: The sale of lubricating oils, greases, tires, batteries and other accessories, the cleaning, oiling and greasing of automobiles and the minor servicing and adjusting of brakes and electrical equipment, and the servicing and repairing of tires and batteries, shall be permitted upon any premises used as a gasoline supply station, but no repairs or reconditioning of the chassis, motors, engines, bodies, radiators or fenders of automobiles, motor vehicles, motor boats, launches or other motor propelled vessels, shall be permitted thereon. The storage, keeping or parking of automobiles, motor vehicles, motor boats, launches, etc., upon these premises, excepting as required for the before stated services, shall be prohibited.

*All equipment for the washing of automobiles shall be properly housed and said washing conducted in accordance with such rules and regulations as the Chief Engineer of the Fire Department may make regarding the same.*

Section 9. Duties of the Fire Marshal: It shall be the duty of the Fire Marshal to see that the provisions of this ordinance are complied with, and for that purpose he shall have access to any and all premises or buildings used as gasoline supply stations.

Section 10. Penalty: Any person, firm, company or corporation that violates, disobeys or refuses to comply with any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten ($10) dollars nor more than fifty ($50) dollars, or by imprisonment in the County Jail for not more than thirty (30) days, or by both such fine and imprisonment, and such person, firm, company or corporation shall be deemed guilty of a separate offense for each and every day that such violation, disobedience or refusal continues and shall be subject to the penalty imposed by this ordinance for each and every separate offense.

Section 11. Parts of Ordinance No. 2659 (New Series), and Ordinance No. 11.051, together with any section of any other ordinance which is in conflict herewith is hereby repealed.

*Provided that all provisions contained in said Ordinance No. 2659 (New Series) and said Ordinance No.* 11.051 *as to the distances from any school within which an automobile supply station may be erected or maintained, as well as the manner in which said distance shall be measured, shall remain in full force and effect.*

Minority Report.

Supervisor Ratto presented:

San Francisco, California, May 2, 1936.

To the Honorable, the Board of Supervisors.

Gentlemen: The undersigned, a minority of your Committee on Public Welfare, and Fire, Safety and Police, begs leave to offer the following bills regulating establishment and maintenance of gasoline supply stations and garages as substitutes for those bills recommended by the Joint Committee and on today's calendar.

Respectfully yours,

JOHN M. RATTO,
Member of Joint Committee.

**Gasoline Supply Stations.**

(Code No. 11.0821)

Bill No. 974, Ordinance No. 11.08212, as follows:

Regulating the establishment, construction, maintenance and operation of premises, buildings and structures to be used as gasoline supply stations; regulating and providing for the storage and use of gasoline in connection therewith; repealing Ordinances Nos. 2659 (New Series), and 11.051 *and providing a penalty for violations of this ordinance.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Definitions: The following terms shall have the following meanings whenever used in this ordinance:

(a) A gasoline supply station shall be held to mean any lot, wharf, pier or other premises, including all buildings and structures thereon, devoted to the purpose of selling or dispensing gasoline or volatile liquids as fuel to automobiles, motor vehicles, motorboats, launches or other motor propelled vessels.

(b) Gasoline or volatile liquids shall mean any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit. The Fire Marshal shall determine the flash point.

(c) Fire Marshal shall mean the Fire Marshal of the City and County of San Francisco.

(d) Approved shall mean approved by the Fire Marshal.

(e) Hospital: shall mean any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Frnacisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.

(f) *Church: for the purposes of this ordinance, is defined to be any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

(g) *Theatre: for the purposes of this ordinance, is any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

(h) Districts or Zones: shall mean districts or zones as established or re-zoned by the City Planning Commission.

*Section 2. Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the nearest point of the property line of which shall come within 200 feet of any point of the property line of any hospital, or within 60 feet of the nearest point on the property line of any church or theatre and "or within 200 feet of any front entrance of any school, said measurements to be taken in a straight line between the nearest property lines of the hospital, church or theatre and the nearest property line of the gasoline supply station and between the nearest*

*front entrance to any school and the nearest property line of the gasoline supply station, provided, however, that in no event shall the nearest property line of any gasoline supply station be within 60 feet of the nearest line of any school building."*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such gasoline supply station, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any gasoline supply station, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the gasoline supply stations for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a gasoline supply station, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

Section 3. Construction: All buildings or structures erected, maintained or operated upon the premises of a gasoline supply station not exceeding one story in height, shall be of Class A, B or C construction as defined by the building laws of the City and County of San Francisco, or if not more than eighteen (18) feet in height, they may be constructed of metal, supported upon steel frame. If more than one story in height, they shall be of Class A or B construction.

The roofs of all buildings or structures erected or maintained upon the premises of a gasoline supply station shall be of fireproof construction, as defined in the building laws of the City and County of San Francisco, and all floors shall be constructed of incombustible materials.

No basement shall be allowed in any building or structure erected or maintained as a gasoline supply station.

A gasoline supply station shall not be maintained in any building that is occupied in any part for any other purpose than that necsesary for the operation of a gasoline supply station and for such services as are by this ordinance specifically permitted in conjunction therewith, unless said building is of Class A or B construction; provided, however, that no gasoline supply station shall be maintained in any building that is occupied in any part as a church, school, hospital, theatre, hotel, apartment house, tenement house or place of public assemblage. The portion occupied as a gasoline supply station shall have no entrance, exit or other opening of any kind whatsoever into other parts of the building not so occupied. All walls separating such portion occupied as a gasoline supply station from the remainder of the building shall be of masonry. The floors which constitute the ceiling of such gasoline supply station shall be of reinforced concrete slabs not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. All such slabs shall be reinforced so as to develop their full strength to resist upward pressures. No basement shall be permitted in any portion of a building or structure that is occupied or is so constructed as to be occupied as a gasoline supply station.

Where a gasoline supply station is erected or maintained in a building of Class A or B construction, any portion of which is used for other occupancies than those specifically permitted by the provisions of this ordinance, proper ventilation and a free circulation of air shall be provided either by the installation of ventilating outlets in the outer walls of such buildings or by means of a mechanical exhaust ventilating system, as in the judgment of the Fire Department and/or the Department of Public Health may be required.

The size, number and location of ventilating outlets, when required, shall be determined by the Fire Department and/or the Department of Public Health, and the top of same shall be not more than eighteen

(18) inches above the floor. Such outlets shall be protected with galvanized wire rods not less than three-eighths (⅜) inch in diameter so as to provide an opening of one-half (½) inch mesh. Protections of ornamental design may be used, provided they have the strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports.

Mechanical exhaust ventilating system, when required, shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of the space occupied as such gasoline supply station each hour. This mechanical exhaust shall be drawn from a point not more than eighteen (18) inches above the floor line and shall be evenly distributed over the entire area of such space. The fan discharge shall be taken to a point above the roof of the building or to outer air at a point not less than twenty (20) feet from any window or other opening in the building or any adjoining building, but in no event shall the fan discharge be taken to an inner court.

Section 4. Permit for gasoline and appliances used in connection with gasoline: The storing or keeping of gasoline or the installation, erection, alteration, replacement, repair or use of any gasoline pump, underground gasoline tank, pipe, appliances or devices used in connection with the storage or handling of gasoline at a gasoline supply station, shall not be undertaken until a permit has been granted by the Fire Marshal. The Fire Marshal may refuse to grant and may revoke such permit for noncompliance with the provisions of this ordinance.

Section 5. Quantity of gasoline that may be stored: Not more than two (2) approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept above ground in or for any one gasoline supply station.

Gasoline may also be stored or kept for a gasoline supply station in approved underground tanks. Not more than five thousand (5,000) gallons of gasoline in the aggregate shall be stored or kept underground and no tank shall have a capacity greater than one thousand (1,000) gallons.

Section 6. Installation Requirements: (a) All underground gasoline tanks shall be placed outside of buildings and under the sidewalk area in a location designated by the Fire Marshal. The top of such tanks shall be at least four (4) feet below the sidewalk or grade and the space between the top of tanks and the sidewalk or grade shall be filled with earth.

(b) Where two (2) or more underground tanks are installed there shall be an approved concrete dividing wall of not less than twelve (12) inches in thickness or three (3) feet of earth between each tank.

(c) All underground tanks shall set on a firm foundation and, where water is encountered, tanks shall be placed in an approved watertight concrete enclosure.

(d) Each underground tank shall have a separate filling pipe extending up to the sidewalk or grade, equipped with a cover and a metal plate flush with the sidewalk or grade. The filling pipe shall be of a diameter not larger than three (3) inches.

(e) Each underground tank shall have a separate vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet above the opening of the filling pipe and capped with an approved fitting. The vent pipe shall be on the outside of the buildings and terminate as far away as possible from any window or other building opening. The inside diameter of vent pipes shall not be less than one and one-quarter (1¼) inches, nor more than two (2) inches.

(f) All pipes shall be at least twelve (12) inches underground, shall have a fall toward the tank, shall be free of traps, sags or pockets, and shall be standard, full weight, galvanized iron, or equivalent.

(g) Gasoline shall be taken from underground tanks by means of approved pumps only, which shall be installed in locations designated

by the Fire Marshal. No gravity, siphon or pressure system shall be used to take gasoline from any underground tank.

(h) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission to do so has been granted by said officer. The Fire Marshal shall be notified when the installation is complete and ready for inspection.

Section 7. Miscellaneous Safety Provisions: (a) Underground tanks shall be filled only through a hose connected to a vehicle used for the transportation of gasoline, leading through continuous metal fittings and connections, properly grounded to and into the filling pipe of underground tanks, or by an approved bucket, or other method approved by the Fire Marshal.

(b) The fuel tank of an automobile shall be filled only through a hose connected to a pump of a portable filling tank or underground tank.

(c) Gasoline shall not be kept or conveyed in open receptacles in or about the premises of a gasoline supply station, shall not be used for cleaning purposes and shall be stored or kept only in portable filling tanks or underground tanks. The storage or sale of gasoline or any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred ten (110) degrees Fahrenheit in glass bottles or other breakable containers is prohibited.

(d) All combustible waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises. Gasoline, oils, grease or inflammable liquid of any kind shall not be allowed to flow or be placed into the drainage system. Oil and grease shall not be allowed to accumulate on the floor. Sawdust shall not be kept and sawdust or other combustible material shall not be used to absorb oil, grease or gasoline.

(e) Smoking is prohibited in or about the premises of a gasoline supply station and the motor of an automobile shall not be in motion while filling the fuel tank with gasoline. Notice to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All waste oil (crankcase drainings) shall be kept in an approved underground tank, installed as required by the Fire Marshal.

(g) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept in or about the premises of a gasoline supply station unless approved by the Fire Marshal.

(h) The Fire Marshal shall have and is hereby vested with authority to make reasonable and necessary rules and regulations not inconsistent with the provisions hereof, respecting the use, operation, maintenance and construction of any appliance, device, apparatus, or equipment used in connection with gasoline, to carry into effect the intents and purposes of this ordinance.

(i) All electric motors or devices capable of emitting an exposed spark shall be located at least four (4) feet above the floor and all electric wiring shall be installed as required by the Department of Electricity. All portable electric lights shall be equipped with keyless sockets and lamp guards.

(j) There shall be maintained at all times in and about the premises of a gasoline supply station such number of approved, fully charged portable fire extinguishers and approved buckets, full at all times of clean, dry sand, as may be required by the Fire Marshal, but in no case shall there be less than two fire extinguishers and two buckets of sand. These appliances shall be installed in places designated by the Fire Marshal.

(k) *When a gasoline supply station is discontinued for a period of more than six months, or is dismantled, the person, firm, association or corporation who was last conducting, maintaining or operating such gasoline supply station shall either remove all underground tanks that were used in connection with such station, or cause the same to be*

*filled with water or other non-inflammable liquid in accordance with the directions of the Fire Marshal.*

Section 8. Services Permitted: The sale of lubricating oils, greases, tires, batteries and other accessories, the cleaning, oiling and greasing of automobiles and the minor servicing and adjusting of brakes and electrical equipment, and the servicing and repairing of tires and batteries, shall be permitted upon any premises used as a gasoline supply station, but no repairs or reconditioning of the chassis, motors, engines, bodies, radiators or fenders of automobiles, motor vehicles, motor boats, launches or other motor propelled vessels, shall be permitted thereon. The storage, keeping or parking of automobiles, motor vehicles, motor boats, launches, etc., upon these premises, excepting as required for the before stated services, shall be prohibited.

*All equipment for the washing of automobiles shall be properly housed and said washing conducted in accordance with such rules and regulations as the Chief Engineer of the Fire Department may make regarding the same.*

Section 9. Duties of the Fire Marshal: It shall be the duty of the Fire Marshal to see that the provisions of this ordinance are complied with, and for that purpose he shall have access to any and all premises or buildings used as gasoline supply stations.

Section 10. Penalty: Any person, firm, company or corporation that violates, disobeys or refuses to comply with any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten ($10) dollars nor more than fifty ($50) dollars, or by imprisonment in the County Jail for not more than thirty (30) days, or by both such fine and imprisonment, and such person, firm, company or corporation shall be deemed guilty of a separate offense for each and every day that such violation, disobedience or refusal continues and shall be subject to the penalty imposed by this ordinance for each and every separate offense.

Section 11. Parts of Ordinance No. 2659 (New Series), and Ordinance No. 11.051, together with any section of any other ordinance which is in conflict herewith is hereby repealed.

*Provided that all provisions contained in said Ordinance No.* 2659 *(New Series) and said Ordinance No.* 11.051 *as to the distances from any school within which an automobile supply station may be erected or maintained, as well as the manner in which said distance shall be measured, shall remain in full force and effect.*

## Amendment to Garage Ordinance.

(Code No. 11.0822)

Also, Bill No. 975, Ordinance No. 11.08222, as follows:

Amending Section 2, Subdivision (E) thereof, of Ordinance No. 8564 (New Series), entitled "Governing the construction, equipment, maintenance and operation of public, commercial and private garages; regulating and providing for the storage and use of gasoline in connection with public, commercial and private garages; duties of the Fire Marshal; penalties for violation; repealing Ordinance No. 746 (New Series), and all ordinances and parts of ordinances in so far as they conflict with this ordinance," *by prescribing the limits within which permits may be granted for the establishment of public or commercial garages with respect to any church, theatre, or hospital.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2 (Subdivision (e)), of Ordinance No. 8564 (New Series), the title of which is recited above, be and the same is hereby amended to read as follows:

(e) *Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a public or commercial garage within the limits of the City and County of San Fran-*

*cisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a public or commercial garage upon any lot, wharf, pier, or other premises, the nearest point of the property line of which shall come within 200 feet of any point of the property line of any hospital, or within 60 feet of the nearest point on the property line of any church or theatre and the measurements of the limitations herein expressed are to be made by taking the distance between the nearest points on said property lines in a straight line measurement.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such public or commercial garage, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any public or commercial garage, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the public or commercial garage for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a public or commercial garage, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

(f) *For the purposes of this ordinance, the following terms shall have the following definitions whenever the same are used in this ordinance:*

*Hospital: Any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.*

*Church: Any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

*Theatre: Any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

Explanation.

Amendment to the Garage Ordinance should be amended by the omission of the last clause of Section 1, Subdivision (e), reading as follows:

"No additional permit shall be necessary to maintain and operate any public or commercial garage for which a permit has been heretofore issued in accordance with the provisions of any ordinance heretofore existing."

for the reason that this paragraph is in direct conflict with the previous paragraph and meaningless and is not included in the gasoline supply station ordinance.

**Re-referred.**

On motion of Supervisor Shannon, seconded by Supervisor Roncovieri, the foregoing bill was ordered re-referred to the Joint Committee with instructions to send copies of the majority and minority recommendations to all interested.

Supervisor Colman also requested that his 100-foot limitation be given consideration.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**Correction of Budget—Playground Directors Inadvertently Omitted.**

The following was presented and read by the Clerk:

Communication from his Honor, the Mayor, transmitting letter from Josephine Randall, Director of Recreation, respecting three positions of Playground Directors inadvertently eliminated from the proposed budget of municipal expenditures for the fiscal year, 1936-37, and approving her request for reinstallation of these items.

*Referred to Finance Committee.*

**Amendment to Traffic Ordinance, Parking Meters.**

The following was presented and read by the Clerk:

Communication from Alfred J. Cleary, Chief Administrative Officer, requesting modification of traffic ordinance to permit experimental installation of 50 parking meters in the downtown triangle district.

*Referred to Streets Committee.*

**Protest—Roofing Ordinance.**

The following was presented by Supervisor Havenner and read by the Clerk:

Communication from the Real Estate Association of San Francisco, advising that it has adopted the resolution opposing the provision of the proposed Roofing Code requiring a new roof on a building every ten years; also, that it is opposed to the specification of 165 pounds required for roofing since they are advised that 85 pounds is sufficient, and asserting that it amounts to confiscation of property without due process of law.

*Referred to Public Buildings and Lands Committee.*

**Protest—Boiler Inspection Ordinance.**

The following was presented by Supervisor Havenner and read by the Clerk:

Communication from the Real Estate Association of San Francisco, protesting as unjust and an unnecessary additional burden to property owners the proposed "Boiler Inspection Ordinance" and protesting its adoption at this time.

*Referred to Public Buildings and Lands Committee.*

**Exploitation of Climatic Advantages of San Francisco.**

The following was presented and read by the Clerk:

Communication from James H. McCabe, President of the California Northern Hotel Association, complaining of the failure of local authorities to analyze and merchandise the advantages of San Francisco's climate, and transmitting a resolution of the San Francisco section of the California Northern Hotel Association, urging all civic bodies in San Francisco, including the Chamber of Commerce, Californians, Inc., and the press generally, to recognize that the hotels of San Francisco, rep-

resenting investments of more than $150,000,000, and that the welfare of these institutions directly depend upon proper climatic information be given out with respect to San Francisco in that respect.

*Referred to the Finance Committee for budget consideration.*

### Underground Districts—Lombard Street, Van Ness Avenue to Lyon Street.

The following was presented and read by the Clerk:

Communication from E. G. Cahill, Manager of Utilities, advising that the Commission makes up its lighting budget in January of each year, effective for the following year, and that there is included sufficient to take care of two and one-half miles of underground. If Lombard street is to be constructed during the next fiscal year, it will be all right to declare it an underground district; also, suggesting that the Board of Supervisors furnish a complete statement of total underground mileage expected each year so that increased request for funds may be made in budget.

*Referred to Finance Committee for budget consideration.*

### Reimbursement of Counties—Old-Age Security Act.

The following was presented and read by the Clerk:

Communication from Chief Administrative Officer Alfred J. Cleary, transmitting copy of resolution adopted by the State Board of Social Welfare on April 30, 1936, at Sacramento, providing for the reimbursement of counties for one-half of the money advanced as State and county aid under the Old-Age Security Act on all cases where legal requirements have been met, and providing that if, for any reason, it does not appear that the applicant is eligible, a future time be set for the discontinuance of such aid, giving the county time to correct the situation.

*Referred to Finance Committee.*

### Home Foreclosures.

The following was presented and read by the Clerk:

Communication from F. M. McAuliffe, Chairman of the Emergency Relief Administration of San Francisco, in reply to inquiry of Supervisor Uhl, that no recent foreclosures of homes occupied by persons receiving aid from the San Francisco ERA, have occurred.

Also, communication from Platt Kent, Division Counsel, Northern California Division, Home Owners Loan Corporation, referring to inquiry of Supervisor Uhl relative to number of home foreclosures under HOLC, that his instructions preclude giving information of the character desired, and that request should be forwarded to the main office in Washington.

On motion of Supervisor Uhl, the Clerk was directed to address a communication renewing the inquiry to the Washington headquarters of the HOLC.

### Application for Federal Grants.

The following was presented and read by the Clerk:

Communication from Leonard S. Leavy, Controller, transmitting resolutions authorizing applications for change in loan and grant agreement with the Federal Government for construction of proposed improvements of water works system and for change in agreement for replacements and extensions of sanitary sewer systems and sewage treatment plan; also, enclosing schedule of bond issue, loan and grant under Docket 1510, also, schedule of bond issue, loan and grant under Docket 1534.

*Ordered filed.*

### Bids for Printing Delinquent Tax Lists.

The following was presented and read by the Clerk:

Communication from Purchaser of Supplies, transmitting list of bids received for printing and distributing the delinquent tax lists and printing the sales list for the fiscal year, 1935-36, and requesting that the Board of Supervisors by resolution fix the rates to be paid by the public for such publication.

*Ordered filed.*

### Report on Wages of Institutional Help.

(Code No. ....)

Supervisor Shannon presented:

Resolution No. 2561, as follows:

Whereas, it has been reliably reported to the Board of Supervisors that wages paid to the so-called institutional help are intolerably inadequate for any common standard of decent living and are not in keeping with wages paid for comparable services in private institutions; and

Whereas, this Board of Supervisors is about to begin its annual consideration of the 1936-1937 budget; now, therefore, be it

Resolved, That the Board of Supervisors petition his Honor the Mayor to report to this Board the results of a recent survey by the Civil Service Commission on the question of how these wages compare with those prevailing in other similar institutions.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

### Electrification of Southern Pacific Lines.

(Code No. ....)

Supervisor Uhl presented:

Resolution No. 2563, as follows:

Whereas, during the past decade the trend of San Franciscans seeking suburban homes has been down the peninsula; and

Whereas, it is conceded improved transportation facilities to the East Bay will, upon completion of the San Francisco-Oakland Bay Bridge, tend to induce San Franciscans seeking suburban homes, to move to the East Bay; and

Whereas, it is for the best interests of San Francisco and her citizens that San Franciscans should not move to the East Bay, where they will practically be alienated from San Francisco; and

Whereas, to overcome San Franciscans moving to the East Bay because of superior interurban service, it is necessary that the Southern Pacific Company improve its service, not alone down the peninsula as far down as Palo Alto, but also to Marin County; and

Whereas, a decided advantage will be enjoyed by the interurban trains to East Oakland due to the fact that the interurban depot will be within walking distance of suburbanites, and with a view of meeting this situation;

Be it Resolved, That the Clerk of the Board of Supervisors address a letter to the Southern Pacific Company, asking the Southern Pacific Company: "Will the Southern Pacific Company, at this time, consider favorably electrifying their lines to Palo Alto and extending said lines to Howard and Second streets in San Francisco?"

*Referred to Public Utilities Committee.*

Adopted.

The following resolutions were *adopted*:

**Authorizing Application for Change in Loan and Grant Agreement with Federal Government for Construction of Proposed Improvements to Its Present Waterworks System.**

(Code No. 15.02)

On motion of Supervisor Shannon.

Resolution No. 2557, as follows:

Whereas, a Loan and Grant Agreement for construction of proposed improvements to its present Waterworks System was entered into under date of May 19, 1934, by and between the City and County of San Francisco and the Federal Government through the Federal Administrator of Public Works, wherein the Government agreed to purchase bonds of the City of San Francisco in an amount not to exceed $8,526,000 and to make a further grant of not to exceed 30 per centum of a total cost of $12,095,000 and not to exceed the sum of $2,245,000; and

Whereas, the City and County of San Francisco is selling its bonds in the public market and has no further requirements for a loan; and

Whereas, it would be to the best advantage of the City and County of San Francisco to change the said Loan and Grant Agreement to a Grant Agreement; now, therefore, be it

Resolved, that Angelo J. Rossi, Mayor of the City and County of San Francisco, be and he is hereby authorized to make application to the Government of the United States, through its proper agency, to cancel the aforesaid Loan and Grant Agreement and in lieu thereof that the City and County of San Francisco enter into a Grant Agreement with the United States of America, whereby the United States of America will make a grant to the City and County of San Francisco of a sum not to exceed $2,245,000, to enable said City and County to construct proposed improvements to its present Waterworks System; and be it

Further Resolved, that said Angelo J. Rossi, as such Mayor, and J. S. Dunnigan, as Clerk of the Board of Supervisors of said City and County, be and they are hereby authorized to sign, execute and deliver for and on behalf of the City and County of San Francisco the necessary agreements when said agreements are approved by this Board of Supervisors to carry this resolution into effect.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Authorizing Application for Change in Loan and Grant Agreement with Federal Government for Replacements and Extensions to Its Sanitary Sewer System and the Construction of a Sewage Treatment Plant.**

(Code No. 12.101)

Also, Resolution No. 2558, as follows:

Whereas, a Loan and Grant Agreement for replacements and extensions to its Sanitary Sewer System and the construction of a Sewage Treatment Plant was entered into under date of May 19, 1934, by and between the City and County of San Francisco and the Federal Government through the Federal Administration of Public Works, wherein the Government agreed to purchase bonds of the City of San Francisco in an amount not to exceed $2,171,000 and to make a further grant of not to exceed 30 per centum of a total cost of $2,625,000 and not to exceed the sum of $454,000; and

Whereas, the City and County of San Francisco is selling its bonds in the public market and has no further requirements for a loan; and

Whereas, it would be to the best advantage of the City and County of San Francisco to change the said Loan and Grant Agreement to a Grant Agreement; now, therefore, be it

Resolved, that Angelo J. Rossi, Mayor of the City and County of San Francisco, be and he is hereby authorized to make application to the Government of the United States, through its proper agency, to cancel the aforesaid Loan and Grant Agreement and in lieu thereof that the City and County of San Francisco enter into a Grant Agreement with the United States of America, whereby the United States of America will make a grant to the City and County of San Francisco of a sum not to exceed $454,000, to enable said City and County to make said replacements and extensions to its Sanitary Sewer System and construction of said Sewage Treatment Plant; and be it

Further Resolved, that said Angelo J. Rossi, as such Mayor, and J. S. Dunnigan, as Clerk of the Board of Supervisors of said City and County, be and they are hereby authorized to sign, execute and deliver for and on behalf of the City and County of San Francisco the necessary agreements when said agreements are approved by this Board of Supervisors to carry this resolution into effect.

Final Passage.

The following emergency ordinance was *finally passed*:

**Authorizing a Supplementing Appropriation of $2,500 Out of the Surplus Existing in Appropriation 548.964.00 (County Road Fund) to the Credit of Appropriation 548.978.00 (County Road Fund) for Construction of Sidewalks in Fulton Street Between Hyde and Leavenworth Streets, and in Leavenworth Street Between Fulton and McAllister Streets, Fronting the New Federal Administration Building—An Emergency Ordinance.**

(Code No. 9.051)

On motion of Supervisor Shannon:

Bill No. 988, Ordinance No. 9.051263, as follows:

Authorizing a supplementing appropriation of $2,500 out of the surplus existing in Appropriation 548.964.00 (County Road Fund) to the credit of Appropriation 548.978.00 (County Road Fund) for construction of sidewalks in Fulton street between Hyde and Leavenworth streets, and in Leavenworth street between Fulton and McAllister streets, fronting the new Federal Administration Building. An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $2,500 is hereby appropriated and set aside out of the surplus existing in Appropriation 548.964.00 (County Road Fund) to the credit of Appropriation 548.978.00 (County Road Fund) for the construction of sidewalks in Fulton street between Hyde and Leavenworth streets, and Leavenworth street between Fulton and McAllister streets, fronting the new Federal Administration Building.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, as immediate steps must be taken to construct the sidewalks fronting the Federal Administration Building before said building can be opened for occupancy.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Action Deferred.

Supervisor McSheehy presented:

Resolution No. 2560, as follows:

Resolved, that the Board of Supervisors learns with regret of the passing of Felton Taylor, Secretary of the Public Utilities Commission of the City and County of San Francisco. Mr. Taylor has been a faithful and conscientious official of this city as well as a citizen of repute and prominence in civic affairs of every character. His passing is a distinct loss to this municipality.

Wherefore, when this Board adjourns today it does so out of respect to his memory.

The Clerk is hereby directed to send a letter of condolence to the family of the deceased expressing commiseration of the death of one who was revered and respected by every official with whom he has been associated.

*Adopted unanimously by rising vote.*

### Uniform Building Code.

Supervisor Roncovieri requested that the Clerk obtain information as follows: What has been done with our $7,000 appropriated for preparation of uniform building code? What is San Francisco going to get for the money it has expended or appropriated?

### Report on Old Age Pensions.

Supervisor Uhl moved that the Board requests the Chief Administrative Officer to submit at next Monday's meeting the applications on

file approved by the County Welfare Department on which the State has not yet made returns, in order that we can follow out the law, and, before the end of May, approve these applications approved by the County Welfare Department.

*Motion carried.*

### Weekly Report on Plumbing Inspection.

Supervisor Uhl moved that the Chief Administrative Officer furnish the Board with a weekly report covering the plumbing inspections made on buildings having 10 or more rooms, and the time consumed by inspectors on said buildings.

On motion of Supervisor Colman, the above was *referred to the Finance Committee.*

**Re-Issuing of San Francisco Bonds, Spring Valley Issue, Nos. 21701 and 21703.**
(Code No. 9.07)

Also, Resolution No. 2571, as follows:

Whereas, proof having been made to the Board of Supervisors that The Home Insurance Company, an insurance corporation, was on or about the first day of March, 1933, the owner of, and ever since that date has been the owner of two (2) one thousand dollar bonds of the City and County of San Francisco, Spring Valley Issue, numbered 21701 and 21703; and

Whereas, on the 9th day of February, 1933, said bonds were stolen in the Post Office robbery at Sacramento, California, from the Bank of American National Trust & Savings Association, and said The Home Insurance Company became the owner thereof as aforesaid by reason of having been the Insurer of the said bank and having paid the said bank for said loss; and

Whereas, since said day said bonds or either of them have never been heard of or presented for payment, and said bonds are hereby declared to have been lost within the meaning of the act of the Legislature of the State of California entitled: "An act to provide for the issuance of duplicates of bonds, warrants and other evidences of indebtedness of counties and municipal and other corporations." Approved June 10, 1933, and said The Home Insurance Company having made application to this Board of Supervisors that new and duplicate bonds be issued similar to said bonds lost as aforesaid to replace the same; now, therefore, be it

Resolved, That the City and County of San Francisco, reissue said two (2) one thousand dollar bonds of the City and County of San Francisco, Spring Valley Issue, numbered 21701 and 21703, dated July 1, 1910, each for $1,000, said bonds to be numbered 21701 and 21703, and to be in the words and figures of said original bonds as set forth in Ordinance No. 995 (New Series), enacted by the Board of Supervisors of the City and County of San Francisco on the 13th day of December, 1909; be it

Further Resolved, That the signatures of James Rolph Jr., as Mayor, and John H. Thieler, as Treasurer, and Thomas F. Boyle, as Auditor, shall be typewritten upon said bonds, and said bonds be countersigned by J. S. Dunnigan, as Clerk of the Board of Supervisors; be it

Further Resolved, That there be endorsed on each of said bonds the fact that said bond is issued as a duplicate of the original thereof and that only the said duplicate or the said original shall be paid. And be it

Further Resolved, That before said bonds are delivered to said The Home Insurance Company, that said The Home Insurance Company cause to be executed and delivered a surety bond in the sum of Three Thousand Dollars ($3,000) indemnifying the City and County of San Francisco against any loss or damage by reason of the issuance of said duplicate bonds or the payment thereof.

**Regulating Admission to San Francisco Hospital and Allied Institutions and Establishing Procedure for Fixing and Collecting Fees.**

(Code No. 18.01)

On recommendation of Public Health Committee.

Bill No. 1000, Ordinance No. 18.012, as follows:

Providing for and establishing the procedure for the admission of patients to the San Francisco Hospital, including the Isolation Division and the Hassler Health Home; and establishing the method for determining, fixing, and collecting reasonable charges for the care and treatment of certain persons.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There shall be admitted to the San Francisco Hospital, including the Isolation Division and the Hassler Health Home, the following:

a. An indigent sick person of the City and County of San Francisco

who possesses the required residence qualifications, upon application and after investigation and approval by the Director of Health;

b. A psychopath, narcotic addict or habitual inebriate temporarily in custody;

c. A physically defective and physically handicapped person under the age of eighteen years when the parents or guardian of such person are not financially able to secure proper care or treatment and when such person's admission and treatment has been duly authorized in the manner provided by law;

d. A prisoner confined to the City or County Jail who requires medical or surgical treatment necessitating hospitalization where such treatment cannot be furnished or supplied at such jail when any Court of the City and County shall have ordered the removal of such prisoner to the City and County hospital (and said prisoner elects not to furnish such treatment at his own expense);

e. A dependent, or partially dependent, poor sick person, who possesses the required residential qualifications;

f. A person in need of immediate hospitalization on account of accident or sudden sickness or injury or by reason of sickness or injury caused by or arising in a sudden public emergency or calamity or disaster;

g. A person in the active stages of tuberculosis, in wards established for the treatment of such persons;

h. A person to be quarantined or isolated in the City and County hospital with a contagious, communicable or infectious disease;

i. An expectant mother who is unable to pay for her care and the cost of her maintenance; (and care shall be paid by and be a proper charge against the County of her residence);

j. An indigent sick or dependent poor person from another county which lacks the proper facilities for the caring of such patients; (and care shall be paid by and be a proper charge against the county of which said person is a resident);

k. A City and County employee injured in the course of his employment by the City and County when hospitalization is reasonably required to cure and relieve the effects of such injury;

l. A person sent by the Immigration authorities of the United States Government (under such conditions as may be contracted for between the Director of Health and the United States Government);

m. Provided, nothing in this section shall be construed as restraining the Director of Health from obeying or carrying out or giving effect to any law that may exist or be hereafter passed, relating to the hospitalization of patients in County hospitals which may affect the San Francisco Hospital, including the Isolation Division and the Hassler Health Home.

Section 2. All persons admitted or committed to the San Francisco Hospital, including the Iolation Division and the Hassler Health Home, under the provisions of subdivisions (c), (e), (f), (g), and (h) of Section 1 hereof, shall be investigated by the Director of Health, who shall determine the financial ability of such persons to pay, in whole or in part, either directly or through relatives legally obligated to pay in whole or in part for the institutional service rendered.

Section 3. The Director of Public Health shall bill every person legally obligated for institutional service rendered in the San Francisco Hospital, including the Isolation Division and the Hassler Health Home, on the basis of the rates to be established as hereinafter provided, and to the extent of their ability to pay, in whole or in part, either directly or through relatives legally obligated to pay in whole or in part, as determined under Section 2 hereof.

Section 4. The care of all persons admitted to the several institutions enumerated herein under the provisions of subdivisions (i) and (j) of Section 1 hereof, shall be billed to the county of their residence for such services by the Director of Health on the basis of the rates to be established as hereinafter provided.

Section. 5. The care of all persons admitted to the several institutions enumerated herein under the provisions of subdivision (k) of Section 1 hereof, shall be billed to the Workmen's Compensation Division of the San Francisco Employees' Retirement System.

Section 6. The Director of Health on or before the 15th day of July in each year shall compute the per diem cost of maintaining and caring for each class of persons at the San Francisco Hospital, including the Isolation Division and the Hassler Health Home.

The said computation of per diem costs with respect to each class of persons care for in each institution shall be based on the following formula: "Total Expenes Divided by the Total Number of Patient Days." Total expenses shall include all elements of cost and expenses exclusive of taxes which are enumerated in the uniform classification of accounts contained in the "Hospital Accounting and Statistics," published by the American Hospital Association in May, 1935.

Section 7. The Director of Health shall report his said findings to the Chief Administrative Officer who shall examine the same and transmit the same with his approval, together with such suggestions and amendments as he may see fit, to the Board of Supervisors not later than the 20th day of July.

Section 8. The Board of Supervisors shall, not later than the last Monday in August, with the recommendation of the Controller, determine and fix by resolution the proper and reasonable amounts to be charged to said persons when said persons by themselves or through relatives are legally obligated and able to pay in whole or in part for said institutional care.

Rates and charges so fixed by resolution shall remain effective until new rates and charges are fixed as in this ordinance provided.

The resolution determining and fixing said rates or charges shall contute prima facie evidence of the reasonableness of said rates or charges.

Section 9. Pursuant to Section 64 of the Charter, the Controller shall prescribe the forms, methods and procedure to be followed in billing said persons or their relatives under this ordinance.

Section 10. Every person who knowingly, fraudulently and designedly conceals or withholds any information concerning his financial condition or means or ability to pay, or who knowingly makes or causes to be made, either directly or indirectly or through any agency whatsoever, any false statement in writing, with intent that it shall be relied upon, respecting the financial condition or means or ability to pay, of himself or any other person in whom he is interested, or for whom he is acting, for the purpose of gaining admission to and receiving care and treatment in the San Francisco Hospital, including the Isolation Division and the Hassler Health Home, shall be guilty of a misdemeanor, punishable by a fine of not more than five hundred dollars, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment.

Said person, in addition to the penalties hereinabove set forth, shall be billed by the institution rendering said services for the full amount of the cost of such institutional care and treatment, thus fraudulently obtained, in accordance with the basic rates, legally established and determined therefor.

Section 11. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 12. Bill No. 703, Ordinance 18.011 is hereby repealed.

The following recommendations of Joint Committee on Public Welfare, and Fire, Safety and Police were, on motion of Supervisor Uhl, *laid over two weeks* (*May* 25):

**Gasoline Supply Stations.**

**(Code No. 11.0821)**

Bill No. 974, Ordinance No. 11.08212, as follows:

Regulating the establishment, construction, maintenance and operation of premises, buildings and structures to be used as gasoline supply stations; regulating and providing for the storage and use of gasoline in connection therewith; repealing Ordinances Nos. 2659 (New Series), and 11.051 *and providing a penalty for violations of this ordinance.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Definitions: The following terms shall have the following meanings whenever used in this ordinance:

(a) A gasoline supply station shall be held to mean any lot, wharf, pier or other premises, including all buildings and structures thereon, devoted to the purpose of selling or dispensing gasoline or volatile liquids as fuel to automobiles, motor vehicles, motorboats, launches or other motor propelled vessels.

(b) Gasoline or volatile liquids shall mean any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit. The Fire Marshal shall determine the flash point.

(c) Fire Marshal shall mean the Fire Marshal of the City and County of San Francisco.

(d) Approved shall mean approved by the Fire Marshal.

(e) *School: for the purposes of this ordinance, shall mean any building in which is housed any institution of learning conducted or operated under the jurisdiction of the Board of Education of the City and County of San Francisco, or any institution of learning wherein a general course of study is maintained or carried on by the State of California or by any agency thereof, or any institution of learning, attendance at which will satisfy the compulsory educational laws of the State of California, or any college or university whereat advanced courses in advanced education are maintained, and which has an average daily attendance of, at least, twenty pupils.*

(f) Hospital: shall mean any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.

(g) *Church: for the purposes of this ordinance, is defined to be any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

(h) *Theatre: for the purposes of this ordinance, is any building in which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

(i) Districts or Zones: shall mean districts or zones as established or re-zoned by the City Planning Commission.

*Section 2. Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San*

*Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the nearest point of the property line of which shall come within one hundred and fifty* (150) *feet of any point of the property line of any school, or within* 200 *feet of any point of the property line of any hospital, or within* 60 *feet of the nearest point on the property line of any church or theatre and the measurements of the limitations herein expressed are to be made by taking the distance between the nearest points on said property lines in a straight line measurement.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such gasoline supply station, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any gasoline supply station, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the gasoline supply station for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a gasoline supply station, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

Section 3. Construction: All buildings or structures erected, maintained or operated upon the premises of a gasoline supply station not exceeding one story in height, shall be of Class A, B or C construction as defined by the building laws of the City and County of San Francisco, or, if not more than eighteen (18) feet in height, they may be constructed of metal, supported upon steel frame. If more than one story in height, they shall be of Class A or B construction.

The roofs of all buildings or structures erected or maintained upon the premises of a gasoline supply station shall be of fireproof construction, as defined in the building laws of the City and County of San Francisco, and all floors shall be constructed of incombustible materials.

No basement shall be allowed in any building or structure erected or maintained as a gasoline supply station.

A gasoline supply station shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a gasoline supply station and for such services as are by this ordinance specifically permitted in conjunction therewith, unless said building is of Class A or B construction; provided, however, that no gasoline supply station shall be maintained in any building that is occupied in any part as a church, school, hospital, theatre, hotel, apartment house, tenement house or place of public assemblage. The portion occupied as a gasoline supply station shall have no entrance, exit or other opening of any kind whatsoever into other parts of the building not so occupied. All walls separating such portion occupied as a gasoline supply station from the remainder of the building shall be of masonry. The floors which constitute the ceiling of such gasoline supply station shall be of reinforced concrete slabs not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. All such slabs shall be reinforced so as to develop their full strength to resist upward pressures. No basement shall be permitted in any portion of a building or structure that is occupied or is so constructed as to be occupied as a gasoline supply station.

Where a gasoline supply station is erected or maintained in a building of Class A or B construction, any portion of which is used for other occupancies than those specifically permitted by the provisions of this ordinance, proper ventilation and a free circulation of air shall be provided, either by the installation of ventilating outlets in the outer walls of such buildings or by means of a mechanical exhaust ventilating system, as in the judgment of the Fire Department and/or the Department of Public Health may be required.

The size, number and location of ventilating outlets, when required, shall be determined by the Fire Department and/or the Department of Public Health, and the top of same shall be not more than eighteen (18) inches above the floor. Such outlets shall be protected with galvanized wire rods not less than three-eighths (⅜) inch in diameter so as to provide an opening of one-half (½) inch mesh. Protections of ornamental design may be used, provided they have the strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports.

Mechanical exhaust ventilating system, when required, shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of the space occupied as such gasoline supply station each hour. This mechanical exhaust shall be drawn from a point not more than eighteen (18) inches above the floor line and shall be evenly distributed over the entire area of such space. The fan discharge shall be taken to a point above the roof of the building or to outer air at a point not less than twenty (20) feet from any window or other opening in the building or any adjoining building, but in no event shall the fan discharge be taken to an inner court.

Section 4. Permit for gasoline and appliances used in connection with gasoline: The storing or keeping of gasoline or the installation, erection, alteration, replacement, repair or use of any gasoline pump, underground gasoline tank, pipe, appliances or devices used in connection with the storage or handling of gasoline at a gasoline supply station, shall not be undertaken until a permit has been granted by the Fire Marshal. The Fire Marshal may refuse to grant and may revoke such permit for noncompliance with the provisions of this ordinance.

Section 5. Quantity of gasoline that may be stored: Not more than two (2) approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept above ground in or for any one gasoline supply station.

Gasoline may also be stored or kept for a gasoline supply station in approved underground tanks. Not more than five thousand (5,000) gallons of gasoline in the aggregate shall be stored or kept underground and no tank shall have a capacity greater than one thousand (1,000) gallons.

Section 6. Installation Requirements: (a) All underground gasoline tanks shall be placed outside of buildings and under the sidewalk area in a location designated by the Fire Marshal. The top of such tanks shall be at least four (4) feet below the sidewalk or grade and the space between the top of tanks and the sidewalk or grade shall be filled with earth.

(b) Where two (2) or more underground tanks are installed there shall be an approved concrete dividing wall of not less than twelve (12) inches in thickness or three (3) feet of earth between each tank.

(c) All underground tanks shall set on a firm foundation and, where water is encountered, tanks shall be placed in an approved water-tight concrete enclosure.

(d) Each underground tank shall have a separate filling pipe extending up to the sidewalk or grade, equipped with a cover and a metal plate flush with the sidewalk or grade. The filling pipe shall be of a diameter not larger than three (3) inches.

(e) Each underground tank shall have a separate vent pipe ex-

tending out of the top of the tank to a height of not less than twelve (12) feet above the opening of the filling pipe and capped with an approved fitting. The vent pipe shall be on the outside of the buildings and terminate as far away as possible from any window or other building opening. The inside diameter of vent pipes shall not be less than one and one-quarter (1¼) inches, nor more than two (2) inches.

(f) All pipes shall be at least twelve (12) inches underground, shall have a fall toward the tank, shall be free of traps, sags or pockets, and shall be standard, full weight, galvanized iron, or equivalent.

(g) Gasoline shall be taken from underground tanks by means of approved pumps only, which shall be installed in locations designated by the Fire Marshal. No gravity, siphon or pressure system shall be used to take gasoline from any underground tank.

(h) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission to do so has been granted by said officer. The Fire Marshal shall be notified when the installation is complete and ready for inspection.

Section 7. Miscellaneous Safety Provisions: (a) Underground tanks shall be filled only through a hose connected to a vehicle used for the transportation of gasoline, leading through continuous metal fittings and connections, properly grounded to and into the filling pipe of underground tanks, or by an approved bucket, or other method approved by the Fire Marshal.

(b) The fuel tank of an automobile shall be filled only through a hose connected to a pump of a portable filling tank or underground tank.

(c) Gasoline shall not be kept or conveyed in open receptacles in or about the premises of a gasoline supply station, shall not be used for cleaning purposes and shall be stored or kept only in portable filling tanks or underground tanks. The storage or sale of gasoline or any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred ten (110) degrees Fahrenheit in glass bottles or other breakable containers is prohibited.

(d) All combustible waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises. Gasoline, oils, grease or inflammable liquid of any kind shall not be allowed to flow or be placed into the drainage system. Oil and grease shall not be allowed to accumulate on the floor. Sawdust shall not be kept and sawdust or other combustible material shall not be used to absorb oil, grease or gasoline.

(e) Smoking is prohibited in or about the premises of a gasoline supply station and the motor of an automobile shall not be in motion while filling the fuel tank with gasoline. Notice to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All waste oil (crankcase drainings) shall be kept in an approved underground tank, installed as required by the Fire Marshal.

(g) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept in or about the premises of a gasoline supply station unless approved by the Fire Marshal.

(h) The Fire Marshal shall have and is hereby vested with authority to make reasonable and necessary rules and regulations not inconsistent with the provisions hereof, respecting the use, operation, maintenance and construction of any appliance, device, apparatus, or equipment used in connection with gasoline, to carry into effect the intents and purposes of this ordinance.

(i) All electric motors or devices capable of emitting an exposed spark shall be located at least four (4) feet above the floor and all electric wiring shall be installed as required by the Department of Electricity. All portable electric lights shall be equipped with keyless sockets and lamp guards.

(j) There shall be maintained at all times in and about the prem-

ises of a gasoline supply station such number of approved, fully charged portable fire extinguishers and approved buckets, full at all times of clean, dry sand, as may be required by the Fire Marshal, but in no case shall there be less than two fire extinguishers and two buckets of sand. These appliances shall be installed in places designated by the Fire Marshal.

(k) *When a gasoline supply station is discontinued for a period of more than six months, or is dismantled, the person, firm, association or corporation who was last conducting, maintaining or operating such gasoline supply station shall either remove all underground tanks that were used in connection with such station, or cause the same to be filled with water or other non-inflammable liquid in accordance with the directions of the Fire Marshal.*

Section 8. Services Permitted: The sale of lubricating oils, greases, tires, batteries and other accessories, the cleaning, oiling and greasing of automobiles and the minor servicing and adjusting of brakes and electrical equipment, and the servicing and repairing of tires and batteries, shall be permitted upon any premises used as a gasoline supply station, but no repairs or reconditioning of the chassis, motors, engines, bodies, radiators or fenders of automobiles, motor vehicles, motor boats, launches or other motor propelled vessels, shall be permitted thereon. The storage, keeping or parking of automobiles, motor vehicles, motor boats, launches, etc., upon these premises, excepting as required for the before stated services, shall be prohibited.

*All equipment for the washing of automobiles shall be properly housed and said washing conducted in accordance with such rules and regulations as the Chief Engineer of the Fire Department may make regarding the same.*

Section 9. Duties of the Fire Marshal: It shall be the duty of the Fire Marshal to see that the provisions of this ordinance are complied with, and for that purpose he shall have access to any and all premises or buildings used as gasoline supply stations.

Section 10. Penalty: Any person, firm, company or corporation that violates, disobeys or refuses to comply with any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten ($10) dollars nor more than fifty ($50) dollars, or by imprisonment in the County Jail for not more than thirty (30) days, or by both such fine and imprisonment, and such person, firm, company or corporation shall be deemed guilty of a separate offense for each and every day that such violation, disobedience or refusal continues and shall be subject to the penalty imposed by this ordinance for each and every separate offense.

Section 11. Parts of Ordinance No. 2659 (New Series), and Ordinance No. 11.051, together with any section of any other ordinance which is in conflict herewith is hereby repealed.

### Amendment to Garage Ordinance.

(Code No. 11.0822)

Also, Bill No. 975, Ordinance No. 11.08222, as follows:

Amending Section 2, Subdivision (E) thereof, of Ordinance No. 8564 (New Series), entitled "Governing the construction, equipment, maintenance and operation of public, commercial and private garages; regulating and providing for the storage and use of gasoline in connection with public, commercial and private garages; duties of the Fire Marshal; penalties for violation; repealing Ordinance No. 746 (New Series), and all ordinances and parts of ordinances in so far as they conflict with this ordinance," *by prescribing the limits within which permits may be granted for the establishment of public or commercial garages with respect to any church, theatre, or hospital.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2 (Subdivision (e)), of Ordinance No. 8564 (New

Series), the title of which is recited above, be and the same is hereby amended to read as follows:

(e) *Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a public or commercial garage within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a public or commercial garage upon any lot, wharf, pier, or other premises, the nearest point of the property line of which shall come within one hundred and fifty* (150) *feet of any point of the property line of any school, or within* 200 *feet of any point of the property line of any hospital, or within* 60 *feet of the nearest point on the property line of any church or theatre and the measurements of the limitations herein expressed are to be made by taking the distance between the nearest points on said property lines in a straight line measurement.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such public or commercial garage, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any public or commercial garage, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the public or commercial garage for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a public or commercial garage, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

(f) *For the purposes of this ordinance, the following terms shall have the following definitions whenever the same are used in this ordinance:*

*School: Any building in which is housed any institution of learning conducted or operated under the jurisdiction of the Board of Education of the City and County of San Francisco, or any institution of learning wherein a general course of study is maintained or carried on by the State of California or by any agency thereof, or any institution of learning attendance at which will satisfy the compulsory educational laws of the State of California, or any college or university whereat advanced courses in advanced education are maintained and which has an average daily attendance of, at least, twenty pupils.*

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**Approving Amendatory Loan Agreement Between the City and County of San Francisco and the United States of America and Authorizing Execution of the Same. (Water Works System.)**

(Code No. 15.02)

On recommendation of Finance Committee.

Resolution No. 2573, as follows:

Whereas, a certain loan agreement was heretofore, to-wit, on the 19th day of May, 1934, entered into between the City and County of San Francisco and the United States of America, in and by which said agreement the said United States of America agreed to aid the said City and County of San Francisco by loan and grant in financing the construction of a certain project described in said agreement, to-wit: Certain improvements to the water works system owned and operated by the City and County of San Francisco, which said project is known and designated as Public Works Administration Docket No. 1510; and

Whereas, the said City and County of San Francisco has sold to the United States of America only a portion of its bonds which were issued for the purpose of financing the construction of the above mentioned project and said City and County is not desirous of selling any more of its bonds to the said United States of America pursuant to the terms of said agreement but is desirous of amending said agreement so that said agreement will provide for the making of a grant to said City and County of San Francisco instead of both loan and grant as provided in said original agreement; and

Whereas, there has been prepared by the Public Works Administration of the United States of America a certain amendatory loan agreement by and between the said City and County of San Francisco and the United States of America, which said agreement modifies, and changes, and amends said original agreement of May 19, 1934, and deals with the making of a grant to the City and County of San Francisco the proceeds thereof to be used in aiding in the construction of improvements to the water system of said City and County and the manner in which, and the conditions under which, said grant will be made as well as the general conditions which will govern the doing of said proposed work by the said City and County of San Francisco, and which said agreement is endorsed "Amendatory Loan Agreement Between the City and County of San Francisco and the United States of America", and covers the project or projects mentioned in the application of the said City and County, which said application is designated Public Works Administration Docket No. 1510; and

Whereas, a copy of aforesaid agreement has been filed in the office

of the Clerk of the Board of Supervisors of said City and County; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, State of California, that said amendatory loan agreement between the City and County of San Francisco and the United States of America, hereinabove designated and described, and filed in the office of the Clerk of the Board of Supervisors as aforesaid, be entered into by the City and County of San Francisco and that Angelo J. Rossi, Mayor of said City and County, and John S. Dunnigan, Clerk of the Board of Supervisors thereof, be and they are hereby authorized to execute in triplicate the said agreement for and on behalf of said City and County and to cause to be affixed thereto the corporate seal of the City and County of San Francisco, and when said agreement is so executed and said corporate seal affixed thereto the same shall constitute and shall be recognized as a valid existing agreement between the City and County of San Francisco, State of California, and the United States of America.

**Approving Amendatory Loan Agreement Between the City and County of San Francisco and the United States of America and Authorizing Execution of the Same. (Sewage Treatment Plant.)**

(Code No. 12.101)

On recommendation of Finance Committee:

Resolution No. 2574, as follows:

Whereas, a certain loan agreement was heretofore, to-wit, on the 19th day of May, 1934, entered into between the City and County of San Francisco and the United States of America, in and by which said agreement the said United States of America agreed to aid the said City and County of San Francisco by loan and grant in financing the construction of a certain project described in said agreement, to-wit: Certain replacements and extensions of the sanitary sewer system owned and operated by the City and County of San Francisco and the construction of a sewage treatment plant, which said project is known and designated as Public Works Administration Docket No. 1534; and

Whereas, the said City and County of San Francisco has sold to the United States of America only a portion of its bonds which were issued for the purpose of financing the construction of the above-mentioned project and said City and County is not desirous of selling any more of its bonds to the said United States of America pursuant to the terms of said agreement but is desirous of amending said agreement so that said agreement will provide for the making of a grant to said City and County of San Francisco instead of both loan and grant as provided in said original agreement; and

Whereas, there has been prepared by the Public Works Administration of the United States of America a certain amendatory loan agreement by and between the said City and County of San Francisco and the United States of America, which said agreement modifies, and changes, and amends said original agreement of May 19, 1934, and deals with the making of a grant to the City and County of San Francisco the proceeds thereof to be used in aiding in the construction of replacements and extensions to the sanitary sewer system of the City and County of San Francisco and the construction of a sewage treatment plant for the said City and County and the manner in which, and the conditions under which, said grant will be made as well as the general conditions which will govern the doing of said proposed work by the said City and County of San Francisco, and which said agreement is endorsed "Amendatory Loan Agreement Between the City and County of San Francisco and the United States of America,"

and covers the project or projects mentioned in the application of the said City and County, which said application is designated Public Works Administration Docket No. 1534; and

Whereas, a copy of aforesaid agreement has been filed in the office of the Clerk of the Board of Supervisors of said City and County; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, State of California, That said amendatory loan agreement between the City and County of San Francisco and the United States of America, hereinabove designated and described, and filed in the office of the Clerk of the Board of Supervisors as aforesaid, be entered into by the City and County of San Francisco and that Angelo J. Rossi, Mayor of said City and County, and John S. Dunnigan, Clerk of the Board of Supervisors thereof, be, and they are hereby authorized to execute in triplicate the said agreement for and on behalf of said City and County and to cause to be affixed thereto the corporate seal of the City and County of San Francisco, and when said agreement is so executed and said corporate seal affixed thereto the same shall constitute and shall be recognized as a valid existing agreement between the City and County of San Francisco, State of California, and the United States of America.

### Amendment to Circus License Ordinance.

(Code No. 3.041)

Supervisor Uhl presented:

Bill No. 1003, Ordinance No. 3.04161, as follows:

Amending Section 34 of Ordinance No. 5132 (New Series), entitled, "Imposing License Taxes on Certain Businesses, Callings, Trades or Employments within the City and County of San Francisco," in effect July 1, 1920, *by amending license fee to be charged the owner of a circus, company or troupe giving open air exhibitions.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 34 of Ordinance No. 5132 (New Series), the title of which is quoted above, is hereby amended to read as follows:

Section 34. For the purpose of meeting the cost of the regulation and inspection herein provided, every owner or lessee of a circus shall pay a license as follows, to-wit:

If said circus has a seating capacity for not more than 2000 persons the sum of $100 a day for the first day upon which a performance of said circus is held, and $70 for each subsequent day on which a performance of said circus is held.

If said circus has a seating capacity for not less than 2000 persons nor more than 2700 persons, $300 for the first day upon which a performance of said circus is held, and $150 for each subsequent day on which a performance of said circus is held.

If said circus has a seating capacity for more than 2700 persons, $500 for the first day on which a performance of said circus is held,

and $300 for each subsequent day on which a performance of said circus is held.

The term "circus" as herein used shall be held to include any public exhibition or show for which an admission fee is charged, held in any tent, space, area, tent or building when feats of horsemanship, and/or acrobatic sports, are held or exhibited, and the fact that any person, firm or corporation shall advertise by poster, sign card or newspaper publication any performance as a circus, shall be prima facie evidence that said performance comes within the definition of the term "circus" as used in this ordinance. Pictorial representation and theatrical performances shall not be included in the term "circus."

Every owner, lessee, proprietor or manager of any troupe, company or aggregation of performers giving any open air exhibitions of wild animals, feats of hosemanship or similar feats by other animals, which performance does not come within the term of "circus" as herein defined, shall pay a license upon the same rates as are herein provided for a "circus."

It shall be the duty of the Police Department to provide a sufficient number of police to regulate traffic to and from and about any performance in this ordinance referred to, and to guard against the violation of any state or municipal rule, law or regulation.

It shall also be the duty of the Director of Public Health to make the necessary inspections to ascertain that all the rules, regulations and orders of the Department of Public Health are complied with.

It shall also be the duty of the Director of Public Works to ascertain that all seats, structures and paraphernalia used in and about any performance herein referred to are of proper construction so that the same may be used for the purposes permitted without danger to the persons using the same.

It shall also be the duty of the Fire Prevention Bureau and of the Fire Marshal to ascertain that all rules and regulations relative to fire prevention are complied with.

The licenses and fees herein provided for shall be payable to the Tax Collector, who shall issue the necessary licenses herein provided for. No license shall be issued, however, unless a permit is issued by the Police Department to conduct said circus or other performance.

### Re-classification of Positions and Salary Increases of Board of Supervisors.

(Code No. 4.03)

Resolution No. 2578, as follows:

Whereas, there have been no increases in salary, changes of classification, nor promotions in the office of the Clerk of the Board of Supervisors for many years past; and

Whereas, by reason of deaths and retirements the present personnel of the Clerk's office has been required to take over and perform the duties of retired and deceased employees, which duties require initiative, long experience and a widespread knowledge of municipal laws and affairs; and

Whereas, there is not now any Civil Service classification which denotes the peculiar and diversified type of work performed by the hereinafter mentioned employees; now, therefore, be it

Resolved, That the Clerk of this Board be and is hereby directed to communicate with his Honor the Mayor and the Civil Service Commission and to recommend a supplement to the Budget of this Board to provide that the positions of three Senior Clerk Stenographers (Ralph L. Spoor, Samuel H. Holton and John R. McGrath), and one Bond and Ordinance Clerk (Fred J. Moran) be classified as Assistant Clerks, Board of Supervisors at a salary of $250 per month, and that an appropriation for these positions be set up in the Appropriation Ordinance for 1936-1937, pending promotional examinations.

## SPECIAL ORDER, 3 P. M.

### Public Hearing on Budget.

At the hour of 3 p. m. the Board of Supervisors proceeded to hear the public on items of the proposed budget of municipal expenditures for the fiscal year 1936-1937.

John Mahoney, representing the Central Council of Civic Clubs, urged that the Board of Supervisors retain in the budget the item of $215,000 set up for playgrounds; also that the item of $54,000 in the Department of Public Works set up out of Good Roads Fund for the Divisional Highway.

George H. Allen, representing the Visitacion Valley Improvement Association, requested that an item be included as a capital expenditure for the purchase of lands adjoining the McLaren Park which formerly were included in the original set-up of said park. The Salvation Army, he said, secured an option on this land for Japanese Orphan Home, but yielded to the protests of the neighbors and withdrew their application to build same.

W. P. Varley, representing the Southern Council of Civic Clubs, also urged the inclusion of an item as a capital expenditure for additional land for McLaren Park. He also urged adequate appropriation for the widening of Geneva avenue. Director Worden of the Department of Public Works declared that Geneva avenue was listed as one of those streets eligible under the second ¼-cent tax and is included in that set-up in this year's budget. Harry Ross, representing the Controller, confirmed this statement, and said that the item was in as a PWA project.

Mrs. Harry Thomas, representing Central District Congress of Parents and Teachers, urged adequate appropriation for recreation ground and asked especially for additional play area for the Redding School.

Mrs. George Simpers, representing Redding School Association, also spoke at length for additional land for playground for the Redding School.

Helen Anderson, representing the Haight Ashbury Improvement Association, urged adequate appropriation to provide playground area for the Grattan School.

M. Walker, representing the Longfellow Mt. Vernon Association, requested that the needs of the Redding School for playground facilities be given serious consideration.

Mrs. J. S. Griffiths, representing John Kelly, who is sick and unable to attend, asked increase for three trackmen of Municipal Railway recommended by Civil Service Commission in 1933.

Henry Clausen representing the Metropolitan Rapid Transit Association, requested appropriation be placed in budget sufficient for a study of rapid transit in San Francisco, particularly the elevated method of rapid transit. He read the following resolution to the Board:

*Resolution of Metropolitan Rapid Transit Association for Elevated Study.*

Whereas, the Metropolitan Rapid Transit Association was organized by public-spirited citizens of San Francisco and its environs to assist in solving the present and future rapid transit problems, and

Whereas, since the year 1913, San Francisco has appropriated and expended various and large sums of money for studies and reports from technical men, touching upon these problems, and

Whereas, all of said studies and reports have been almost exclusively confined to considerations of subways, or a combination of subways and the old type of elevated facilities, and

Whereas, certain members of this organization were instrumental in recently causing an appropriation of $25,000 to be made by San Francisco for a rapid transit study, and pursuant to which, two subway experts furnished another study and report considering subway facilities, and recommending the construction of seven and three-quarters (7¾) miles of subways in the downtown area of San Francisco and at a proposed cost of over fifty-three millions (53,000,000) of dollars, and

Whereas, this organization was under the impression when the mentioned sum of $25,000 was so obtained, that at least a portion of that sum would be expended for a study and report by impartial and qualified technical men of the possibility of using new and recently developed elevated structures or above-the-surface facilities, and

Whereas, this Association has been informed that said $25,000 sum is now exhausted, and no study or report by impartial and qualified technical men, considering such new or recently developed elevated or above-the-surface structures or facilities has been obtained or furnished, and it is the opinion of this organization that such a report and study is necessary and should be obtained for a proper consideration of the problem; now therefore, be it

Resolved, That Henry C. Clausen be and he hereby is authorized as attorney for this organization, to take such steps as may be expedient in the premises, and to furnish the Mayor or the Board of Supervisors with a copy of this resolution, to the end that an adequate appropriation, not to exceed $25,000 be made and expended by San Francisco in such manner that three impartial, skilled and qualified technical men, to consist of an engineer to be chosen by this association and two additional engineers to be selected, be employed to make a complete and comprehensive study and consideration of the use of elevated facilities, and particularly of any new and recently developed or proposed elevated structures and above-the-surface facilities, for the purpose of meeting the transportation needs of San Francisco and its environs.

Dated March 26, 1936.

Mr. William D. Coughlin, representing the Associated General Contractors, was also heard at length regarding set-up of the County Road Fund.

### Communications.

Communications were read from the following:

Communication from Northern Federation of Civic Clubs regarding appropriation for payment of $30 a month old age pension.

Also, appropriation for public library.

Communication from Van Ness Avenue Lighting Association, favoring $65,000 appropriation for street lighting purposes.

Communication from Building Trades Council regarding hospitals and relief.

Whereupon, there being no others who wished to be heard on the proposed budget, the hearing was declared closed.

## RECESS.

Whereupon, at the hour of 5:05 p. m., on motion of Supervisor Shannon, the Board of Supervisors took a recess until 10 a. m., Thursday, May 14, 1936, for consideration of the budget for the fiscal year 1936-1937.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors, May 18, 1936.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

# JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

THURSDAY, MAY 14, 1936, 10 A. M.

The Board of Supervisors met pursuant to adjournment of Monday, May 11, 1936, for the purpose of considering the proposed budget of municipal expenditures for the fiscal year 1936-37.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Havenner, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Colman, McSheehy—2.

Quorum present.

Supervisor Colman was noted present at 10:35 a. m.

Supervisor McSheehy was noted present at 11:20 a. m.

Passed for Second Reading.

The following bill, laid over from last meeting, was taken up and *passed for second reading* by the following vote:

Full Acceptance of Stanyan Street (formerly Henderson Avenue) Between Geary Boulevard and Saint Rose's Avenue.

(Code No. 12.0811)

Bill No. 999, Ordinance No. 12.081122, as follows:

Providing for Acceptance of the Roadway of Stanyan Street (formerly Henderson Avenue) between Geary Boulevard and Saint Rose's Avenue.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The roadways of the following named streets, having been paved in accordance with the specifications of the Department of Public Works, and having received the written certificate of the City Engineer, are hereby *accepted* by the City and County of San Francisco (except those portions required by law to be kept in order by the railroad company having tracks thereon), said roadways having been paved with asphaltic concrete, and are in good condition throughout, and have sewers, gas and water pipes laid therein, to-wit:

Stanyan street (formerly Henderson avenue) between Geary boulevard and Saint Rose's avenue.

Ayes—Supervisors Brown, Havenner, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Colman, McSheehy—2.

Shamrock Club Fire.

Supervisor Ratto requested that the Chief of the Fire Prevention Bureau, Chief Brennan, and the City Attorney be sent for with reference to investigating conditions prevailing in night clubs, especially the Shamrock Club, where lives were lost and many injured during the week.

Supervisor Ratto stated that he wanted all these places checked up from a police and fire-prevention standpoint.

Point of order raised by Supervisor Shannon, that this matter was not properly before the Board at this time, it might be heard when the department was under consideration.

### Consideration of Budget.

Supervisor Shannon proceeded and read the report of the Finance Committee of the Board of Supervisors on the proposed budget of municipal expenditures for the fiscal year 1936-37.

### Report of Finance Committee.

Supervisor Shannon read the following:

May 14, 1936.

Your Finance Committee has reviewed and made a very careful analysis of the Budget estimate for 1936-37 submitted by His Honor the Mayor, and is prepared to give an explanation, to the best of its ability, of the several items contained therein.

The Personal Service explanations are premised upon information furnished by the Controller, the Civil Service Commission and the several departments concerned. The Controller and the Civil Service Commission are represented here and are prepared to give such additional information as the Board may require.

Your Finance Committee will make certain recommendations as the review of the several departmental requests progresses, which, if adopted, will decrease the amount required from taxes and reflect an estimated savings in the corresponding tax rate of not less than two cents, based upon the 1935-36 assessment roll.

The Finance Committee suggests that departments be taken up in numerical order as they appear in the official budget estimate.

Whereupon, the Board proceeded to consider the Budget by departments seriatim.

### Board of Supervisors (Index No. 1).

Supervisor Shannon moved that this department be passed temporarily. *So ordered.*

### Motion.

Supervisor Uhl, seconded by Supervisor Schmidt, moved that there be no salary increases passed by the Board beyond $250 per month.

Motion *lost* by the following vote:

Ayes—Supervisors Schmidt, Uhl—2.

Noes—Supervisors Brown, Havenner, Mead, Meyer, Roncovieri, Shannon—6.

Absent—Supervisors Colman, McSheehy, Ratto—3.

### Explanation of Vote.

Supervisor Brown explained his vote by saying: "I believe the Finance Committee went very carefully into the subject of the Budget, likewise into the salary increases recommended, and I think some of them are justified."

### Board of Supervisors (Index No. 1).

Mayor's recommendations:

| | | |
|---|---|---|
| Net increase | | $1,510 |
| Personal Service (Permanent Salaries) | Increase | $1,510 |
| Contractual Service (Gross) | Increase | 3,000 |
| Contractual Service (Transferred to Purchaser) | Decrease | 3,000 |

(Supervisor Shannon explained that sheet 2, line 8, General Clerk-Stenographer, was a new position transferred from the Tax Collector's office, March 30, 1936.)

### Mayor (Index No. 2).

The following department was taken up:

| | | |
|---|---|---|
| Net increase | | $199,950 |
| Personal Service (Permanent) | Increase | $ 180 |
| Contractual Services | Decrease | 180 |
| Contractual Services (Transferred to Purchaser) | Decrease | 50 |
| Emergency Reserve | Increase | 200,000 |

Supervisor Shannon explained that the only increases in this department in personal service was an item of $10 a month for the messenger, salary increase, and an item of $50 a month salary increase for the telephone operator.

There being no objection, both items were *approved.*

### Emergency Reserve Fund.

Supervisor Shannon explained that the Emergency Reserve Fund item in the amount of $300,000 was an increase of $200,000 over the previous year, and called attention to an excerpt from the Mayor's letter to the Board of Supervisors as follows: "I have recommended an increase in the Emergency Reserve Fund of $200,000 primarily to take care of such contingencies as may arise in unemployment relief and welfare and hospitalization."

Whereupon the item and department were *passed temporarily.*

(See subsequent proceedings, page —, for final action of the Board.)

### Assessor (Index No. 3).

The following was taken up:

| | | |
|---|---|---|
| Net Decrease | | $6,225 |
| Personal Service (Permanent Salaries) | Increase | $1,560 |
| Personal Service (Temporary Salaries) | Decrease | 9,725 |
| Contractual Service | Increase | 2,670 |
| Material and Supplies | Increase | 50 |
| Equipment (Miscellaneous) | Decrease | 1,750 |
| Less Transfers to Purchaser: | | |
| Contractual Services | Increase | 2,670 |
| Material and Supplies | Increase | 50 |
| Equipment | Decrease | 1,750 |

Supervisor Shannon explained that the increase in contractual service, sheet 1, line 4, was due entirely to an item for the rental of tabulating equipment, and a postal meter, made necessary by the installation of the new mechanical system in the Assessor's office, which will materially reduce the temporary salary requirement of this office, but that included in this item is one of $360 covering the hire of a horse and buggy for one of the Senior Clerks, which the Finance Committee recommends be eliminated.

Thereupon, Supervisor Shannon moved that the item of $360 for horse and buggy hire be eliminated.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Meyer, Roncovieri, Schmidt, Shannon, Uhl—6.

Noes—Supervisors Colman, Havenner, Mead, Ratto—4.

Absent—Supervisor McSheehy—1.

(See subsequent proceedings, page —, for reversal of action upon this item.)

Supervisor Shannon explained increase in personal service, perma-

nent, on sheet 2, of salary of Chief Teller from $250 to $300 per month, and moved its approval.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisor McSheehy—1.

Supervisor Shannon explained sheet 2, line 11, Index 3, Senior Clerk, an increase from $190 to $250, and moved approval.

There being no objection, *so ordered.*

### Assessor's Department Approved.

Whereupon, the Assessor's Department, Index 3, as amended, was *approved without objection.*

### City Attorney (Index No. 4).

The following department, as recommended by the Mayor, was taken up:

| | | |
|---|---|---|
| Net increase ..... | | $2,400 |
| Personal Services (Permanent Salaries) ..... | Increase | $2,400 |
| Contractual Service ..... | Decrease | 200 |
| Equipment ..... | Increase | 500 |
| Less Transfer to Purchaser: | | |
| Contractual Service ..... | Decrease | 200 |
| Equipment ..... | Increase | 500 |

Supervisor Shannon explained that the only increase in the Non-Personal Service Item was in Equipment in the amount of $500 for the purchase of filing equipment, bookcases and shades.

Supervisor Shannon explained Index 4, sheet 2, line 11, Principal Attorney—Civil, was an increase from $600 to $800 per month, which is not reflected in the tax rate as it is paid out of public utilities.

### Motion.

Supervisor Uhl moved that the item be not allowed.

### Amendment.

Supervisor Colman, seconded by Supervisor Brown, moved as an amendment that an increase of $100 per month be allowed.

(Subsequently, the City Attorney and Manager of Utilities Cahill, appeared and explained the reason for the proposed increase.)

Thereupon, the roll was called on Supervisor Colman's amendment and the same was *defeated* by the following vote:

Ayes—Supervisors Brown, Colman—2.

Noes—Supervisors Havenner, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisor McSheehy—1.

Whereupon, the roll was called on Supervisor Shannon's motion that the recommendation of the Finance Committee fixing the salary at $800 a month be allowed and the same *carried* by the following vote:

Ayes—Supervisors Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—6.

Noes—Supervisors Brown, Colman, Schmidt, Uhl—4.

Absent—Supervisor McSheehy—1.

### District Attorney (Index No. 5).

The following department, as recommended by the Mayor, was taken up:

| | | |
|---|---|---|
| Net increase ..... | | $1,355 |
| Personal Salaries (Permanent) ..... | Increase | $2,700 |
| Materials and Supplies ..... | Decrease | 250 |

| District Attorney's Secret Fund..... | Decrease | 350 |
| Less Transfer to Purchaser: | | |
| Materials and Supplies ..... | Decrease | 250 |

Supervisor Shannon explained Non-Personal Service in this department was less in each instance than last year.

Supervisor Shannon explained Index 5, sheet 2, line 3, Criminal Law Clerk, an increase of from $200 to $250 a month.

Sheet 2, line 6, Criminal Law Clerk, increase from $190 to $250 a month.

Sheet 2, line 14, General Clerk-Stenographer, increase from $150 to $175 per month.

Sheet 2, line 24, Senior Attorney, Criminal, increase from $200 to $250 per month.

Sheet 2, line 26, Senior Attorney, Criminal, increase from $150 to $190 per month.

Supervisor Shannon moved that the foregoing item as recommended by the Mayor and approved by the Finance Committee, be allowed by the Board.

There being no objection, *so ordered.*

Whereupon, on motion of Supervisor Shannon, the District Attorney's Department, Index No. 5, was *approved without objection.*

### Treasurer (Index No. 6).

The following department, as recommended by the Mayor, was taken up:

| | | |
|---|---|---|
| Net Increase ..... | | $1,440 |
| Personal Services (Permanent) ..... | Increase | $1,440 |
| Contractual Services ..... | Increase | 50 |
| Material and Supplies ..... | Decrease | 100 |

| Less Transfer to Purchaser: | | |
| Contractual Service ..... | Increase | 50 |
| Material and Supplies ..... | Decrease | 100 |
| Premium on Official Bonds ..... | Increase | 850 |

Supervisor Shannon explained Sheet 1, Line 6, Premium on Official Bonds, increase in this item by reason of the fact that there is a forgery bond, the premium upon which falls due this year and is renewed every three years. The amount of the bond is $100,000; the premium is $1,275, which represents the total increase. The balance of non-personal service items in this department was less than last year.

Supervisor Shannon explained increases in Personal Service as follows:

Sheet 2, Line 3, Accountant, increased from $200 to $240 a month by reason of change of classification and the assignment of more responsible duties.

Sheet 2, Line 7, Teller, increase from $180 to $210 per month. This position is increased in order that salary may be put on a parity with other Tellers in the Treasurer's Office, and because of increased duties of the incumbent as Coupon Clerk, due to retirement of former Coupon Clerk, who received $275 a month.

Sheet 2, Line 11, Assistant Cashier, increase from $325 to $375 a month. Position is to be reclassified as the incumbent actually performs the work of the former Chief Deputy.

Supervisor Shannon moved that the foregoing items as recommended by the Mayor and approved by the Finance Committee, be allowed.

There being no objection, it was *so ordered.*

Whereupon, the Treasurer's Department, Index No. 6, was *approved without objection.*

Sheriff (Index No. 7).

The following department, as recommended by the Mayor, was taken up:

| | | |
|---|---|---|
| Net Increase ..... | | $11,516 |
| Personal Service (Permanent Salaries) ..... | Increase | $11,273 |
| Personal Service (Temporary Salaries) ..... | Decrease | 4,680 |

| Fixed Charges ..... | Increase | 215 |
| Less Transfer to Purchaser: | | |
| Contractual Service ..... | Decrease | 160 |
| Equipment ..... | Increase | 4,500 |
| Material and Supplies ..... | Increase | 3,800 |
| Foodstuffs ..... | Increase | 377 |

Supervisor Shannon explained Sheet 1, Line 17, increase in item of Foodstuffs, was entirely offset by moneys received from board and lodgings of United States prisoners.

Sheet 1, Line 13, new equipment requested, to-wit: New van for transporting prisoners, two new Buick cars, one tractor for the farm.

Sheet 1, Line 22, less this year than last.

Sheet 1, Line 20, fixed charges, increase in this item of $250 for garage rent at Daly City.

Whereupon, the foregoing items were *approved without objection.*

Supervisor Shannon explained increases in Personal Service as follows:

Sheet 2, line 14, Head Keeper, increase from $185 to $200 a month.

Sheet 2, line 17, 3 Women Bailiffs, increase from $160 to $170 a month.

Sheet 2, line 21, Head Matron, increase from $197 to $200 a month.

Sheet 2, line 28, Superintendent of Jail, increase from $235 to $250 a month.

Sheet 2, line 23, 4 Jailers, increase from $170 to $190 a month.

Sheet 2, line 20, Jail Matron, at $170 a month. New position recommended by Civil Service Survey.

Sheet 2, line 24, 4 Jailers, new position at $170 a month, as recommended by Civil Service Survey.

Sheet 3, line 4, Stationary Steam Engineer at $220 per month. New position transferred from temporary.

Sheet 3, line 6, Chauffeur, at $170 a month. New position recommended by Civil Service Survey. Position formerly existing as Chauffeur now required for transportation of prisoners.

Supervisor Shannon moved the approval of the foregoing items.

There being no objection, *so ordered.*

Whereupon, the Sheriff's Department, as amended, was *approved without objection.*

**Public Defender (Index No. 8).**

No increase or decrease.

Contractual Service ..... Decrease $10
Less Transfer to Purchaser:
Contractual Service ..... Decrease 10

Supervisor Shannon explained that there was no change; same set-up as last year.

Whereupon, the department was *approved without objection.*

**Board of Permit Appeals (Index No. 11).**

The following department, as recommended by Mayor, was taken up:
Personal Service (Permanent) ..... $3,000
Personal Service (Fees) ..... 5,000
Contractual Service ..... 20
Less Transfer to Purchaser:
Contractual Services ..... 20

No change.

There being no objection, the foregoing department was *approved.*

**Recreation Commission (Index No. 13).**

Supervisor Shannon proceeded and explained that the Mayor had recommended for the Recreation Department the amount of 7 cents, the charter minimum, plus its own revenues. Also, a communication from the Mayor had been directed to the Finance Committee calling attention to the fact that there was inadvertently omitted on sheet 3, line 5, an item of three playground directors at $145 per month. The Finance Committee, he said, recommends the inclusion of these three positions.

Whereupon, Supervisor Shannon moved that the budget be corrected on sheet 3, line 5, by the inclusion of the three playground directors at $145 per month inadvertently omitted.

Motion *carried without objection.*

Supervisor Uhl moved the insertion of an item of $5,000 for the Corona Heights Playground.

Supervisor Roncovieri requested that the Director of Property furnish the Board a statement of the total cost of each of these playgrounds.

Supervisor Uhl requested information of the Director of Property regarding playground space for the Redding School, and stated that the Lurline Baths could be purchased for $80,000 and was assured that it could be obtained for much less if negotiations were opened and probably might be exchanged for other City property.

Whereupon, the foregoing department was *laid over temporarily.*

**RECESS.**

Whereupon, at the hour of 12:10 p. m. the Board of Supervisors took a recess until 2 p. m.

## THURSDAY, MAY 14, 1936, 2 P. M.

The Board of Supervisors reassembled for the purpose of continuing consideration of the proposed budget of municipal expenditures for the fiscal year 1936-37.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present: Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Adopted.**

The following resolution was presented by Supervisor Shannon and *adopted* by the following vote:

**Clerk to Advertise Sale of Sewer Bonds, 1929.**

(Code No. 12.121)

Resolution No. 2579, as follows:

Resolved, That the Clerk of the Board of Supervisors be directed to advertise that on the 25th day of May, 1936, up to the hour of 3 o'clock p. m., the Board of Supervisors will receive sealed proposals for the purchase of the following bonds of the City and County of San Francisco:

$391,000 Sewer Bonds, 4½ per cent, issue of January 1, 1929, comprising: 23 bonds of one thousand dollars each, maturing January 1 each year 1939 to 1955, inclusive. Interest payable January 1 and July 1.

*Adopted*, Board of Supervisors, San Francisco, May 14, 1936.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Ratto, Schmidt—2.

**Board of Supervisors (Index No. 1).**

The following was presented by Supervisor Shannon and read by the Clerk:

May 13, 1936.

Subject—*Board of Supervisors not controlled by section 22 of the Charter in own Department.*

Dear Sirs: This office is in receipt of your request for an opinion as follows:

"A resolution has been presented to the Board of Supervisors providing that the Clerk of the Board shall communicate with the Mayor and the Civil Service Commission and recommend a supplement to the budget of the Board to provide that the positions of three senior clerk-stenographers and one bond and ordinance clerk be classified as Assistant Clerks of the Board of Supervisors at a salary of $250 per month and that an appropriation for these positions be set up in the Appropriation Ordinance for 1936-1937 pending promotional examinations.

"The question has been raised with regard to whether section 22 of the Charter in any wise prevents the passage of this resolution upon the theory that the Board of Supervisors would be dictating, suggesting and interfering with appointments, promotions, compensation, etc.

"Do the provisions of section 22 of the Charter preclude the passage of this resolution?"

*Opinion.*

Section 22 of the Charter was designed by the Charter framers to prevent the Board of Supervisors from interfering with the various departments of the municipal government. The Charter framers recog-

nized that under the 1898 Charter many abuses existed as a result of unwarranted interference by the Board of Supervisors and individual members thereof in department affairs. The result of this was the insertion of section 22 into the new Charter.

However, section 22 could not possibly have been designed to restrict the Board of Supervisors in its own department. Section 12 of the new Charter provides that the Board of Supervisors shall appoint a clerk who shall be designated as Clerk of the Board of Supervisors. The clerk so appointed is the appointing officer for the personnel of his department. It is his duty to administer the clerical affairs of the Board of Supervisors. He is required to keep a record of proceedings and to do other things necessary for the efficient functioning of the Board.

In view of the fact that the Charter recognizes that the Board of Supervisors controls its own clerical department, it would be ridiculous to assume that the Board is violating the provisions of section 22 of the Charter in the adoption of a resolution concerning its own employees.

I am therefore of the opinion that section 22 of the Charter was never designed to hinder the Board of Supervisors in its own departmental affairs and for this reason I believe that section 22 does not govern in this instance.

Respectfully submitted,
JOHN J. O'TOOLE,
City Attorney.

**Adopted.**

Whereupon, the following resolution, heretofore presented and referred to the Finance Committee, was *adopted* on motion of Supervisor Shannon:

(Code No. 4.03)

Resolution No. 2578, as follows:

Whereas, there have been no increases in salary, changes of classification, nor promotions in the office of the Clerk of the Board of Supervisors for many years past; and

Whereas, by reason of deaths and retirements the present personnel of the Clerk's office has been required to take over and perform the duties of retired and deceased employees, which duties require initiative, long experience and a widespread knowledge of municipal laws and affairs; and

Whereas, there is not now any Civil Service classification which denotes the peculiar and diversified type of work performed by the hereinafter mentioned employees; now, therefore, be it

Resolved, That the Clerk of this Board be and is hereby directed to communicate with His Honor the Mayor and the Civil Service Commission and to recommend a supplement to the Budget of this Board to provide that the positions of three Senior Clerk-Stenographers (Ralph L. Spoor, Samuel H. Holton and John R. McGrath) and one Bond and Ordinance Clerk (Fred J. Moran) be classified as Assistant Clerks, Board of Supervisors at a salary of $250 per month, and that an appropriation for these positions be set up in the Appropriation Ordinance for 1936-1937, pending promotional examinations.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Roncovieri, Shannon—8.

No—Supervisor Uhl—1.

Absent—Supervisors Ratto, Schmidt—2.

**Motion.**

Supervisor Shannon moved that the resolution be sent to the Mayor's office at once.

*So ordered.*

### Assessor's Department.

Supervisor Colman moved that action heretofore taken striking out the Assessor's budget to the amount of $360 for horse and buggy be *rescinded.*

Deputy Assessor Harold J. Boyd was granted the privilege of the floor and pointed out the unique distinction as an advertising feature that San Francisco had in this means of conveyance. He thought that San Francisco's citizens would as soon think of removing Lotta's Fountain as they would the Assessor's horse and buggy.

### Action Rescinded.

Whereupon, the action whereby the appropriation of $360 for the Assessor's horse and buggy was refused passage was rescinded and the item was thereupon *approved without objection.*

### Park Commission (Index No. 12).

*Mayor's Recommendation.*

Net increase ..... $30,260

Supervisor Shannon explained that the Mayor recommends Park Receipts plus 10 per cent plus ¼ cent for the maintenance of the Zoo, plus $68,416 for payment on account of the purchase price of the Fleishhacker Playfield land and the Lafayette Park land.

The Finance Committee recommends that this department repeat its present set-up, allows 10¼ cents for maintenance plus $35,000 for rehabilitation of the Palace of Fine Arts, $68,516 for Fleishhacker Playfield and Lafayette Park lands plus revenues.

He pointed out the following increases in personal service recommended by His Honor the Mayor which the Finance Committee approved.

Sheet 2, line 2, index 12, Accountant, increased from $175 to $200 per month.

Sheet 2, line 10, index 12, Cashier Chief, increased from $185 per month to $200 per month.

Sheet 2, line 12, index 12, Clerk-Stenographer General, (2), from $100 a month to $115 a month.

Sheet 3, line 6, index 12, Assistant Superintendent, increased from $250 a month to $275 a month.

Roll call being asked on the foregoing item, the same was had with the following results:

Ayes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Roncovieri, Shannon—7.

No—Supervisor Uhl—1.

Absent—Supervisors McSheehy, Ratto, Schmidt—3.

Sheet 3, line 11, index 12, Superintendent of Parks, Supplies and Equipment, increased from $200 per month to $225 per month.

Sheet 3, line 12, index 12, Timekeeper, increased from $135 per month to $150 per month.

Sheet 3, line 18, index 12, Golf Starter, increased from $150 a month to $175 per month.

Whereupon, the foregoing items of increases recommended by His Honor the Mayor and approved by the Finance Committee were *passed without objection.*

The following per diem employees recommended by the Mayor to be placed on a monthly basis are recommended by the Finance Committee to be changed back to per diem employments, to-wit:

Sheet 3, line 20, index 12, Inspector of Personnel.

Sheet 3, line 21, index 12, Superintendent Assistant in Charge of Golf Courses.

Sheet 3, line 22, index 12, Superintendent Assistant Entomologist Arboretum.

The roll was called on the Finance Committee's recommendation that the three preceding items be returned to per diem basis and the motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Roncovieri, Shannon—5.
Noes—Supervisors Havenner, Meyer, Uhl—3.
Absent—Supervisors McSheehy, Ratto, Schmidt—3.

Supervisor McSheehy, seconded by Supervisor Uhl, moved to include an item of $40,000 for a breakwater at the Yacht Harbor for which the Park Commission had requested $100,000 but which the Mayor had deleted and in which action the Finance Committee concurred.

Motion *lost* by the following vote:

Ayes—Supervisors McSheehy, Uhl—2.
Noes— Supervisors Brown, Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—8.
Absent—Supervisor Schmidt—1.

Whereupon the department was *passed without objection.*

## Recreation Department (Index No. 13).

### *Corona Heights Playground.*

Miss Josephine D. Randall was granted the privilege of the floor and stated that "We have $25,000 for additional land to complete all we intend to buy. In regard to tennis courts, we have no money for it, but hope to get it from PWA."

Mr. Joseph J. Phillips, Director of Property, was also heard relative to the purchase of land for Corona Heights Playground.

Supervisor Shannon stated that Finance Committee recommends an additional $5,000 for Corona Heights, and moved that the subject matter be continued until tomorrow afternoon.

Supervisor Brown moved as a substitute that the recommendation of the Finance Committee be adopted.

Motion *lost* by the following vote:

Ayes—Supervisors Brown, Roncovieri—2.
Noes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Shannon, Uhl—8.
Absent—Supervisor Schmidt—1.

Whereupon, Supervisor Shannon's motion to postpone until tomorrow afternoon was *adopted without objection.*

## Fire Department (Index No. 10).

Captain Trivett, Fire Prevention Bureau, was sent for and interrogated by Supervisor Brown regarding the disastrous fire at the Shamrock Club at Geary street during the first part of the week.

Supervisor Brown said in part: "Had the proper ordinance been in existence and an exchange of information between various departments of the government, lives and suffering would have been avoided."

Captain Trivett pointed out lack of proper ordinances covering night clubs.

Supervisor Shannon thereupon explained increases in the Fire Department as follows:

"In Materials and Supplies, sheet 1, line 9, increase of $4,000. This increase, he said, is primarily for fuel oil for the pumping stations, for lubricating oil and for stationery, printing and janitorial supplies, and is based on the actual expenditures for the current year. Equipment, sheet 1, line 10, represents an increase of $34,800 over last year. No other change in non-personal service."

Whereupon, Supervisor Shannon moved approval of the Fire Department budget as recommended by the Mayor and Finance Committee.

There being no objection, it was *so ordered.*

### Police Department (Index No. 9).

Supervisor Shannon explained the increases in this department as follows:

"Contractual Service, sheet 1, line 14, an increase of $13,496 covering gas and electricity. For the first time, he said, the cost of electricity is amounting to $11,000. Reflects itself in the Police Department budget. The Mayor's recommendation contains an increased allowance for the repairs to solo motorcycles in the amount of $1,200 or a total allowance of $5,000. Also an increase of $675 for additional telephone and telegraph lines, and $600 for washing and greasing automobiles, making a total for this latter item of $4,200. The balance of this increase is made up of sundry small items."

Supervisor Uhl moved that stations be consolidated and that twenty solo motorcycles be replaced and eight additional added, the idea being to increase the so-called motor group.

Motion declared out of order.

Whereupon, on motion of Supervisor Shannon, the Police Department as recommended by the Mayor and approved by the Finance Committee, was *passed without objection.*

### Library (Index No. 14).

Supervisor Shannon explained the increase in this department, which includes five cents allowed in the tax rate, its own revenues of approximate $16,000 plus $31,755, which totaled is estimated to equal $454,360 as compared with $424,092 which the Library received last year.

The increases in personal service as recommended by the Mayor and approved by the Finance Committee, he said, are as follows:

Book Repairer, sheet 2, line 17, increase from $90 to $110.
Sheet 2, lines 24 and 25, 2 Librarians, increase from $110 to $120.
Sheet 2, lines 23 and 25, 5 Librarians, increase from $100 to $120.
Sheet 2, lines 25 and 26, 15 Librarians, increase from $120 to $130.
Sheet 2, lines 25-27, 1 Librarian, increase from $120 to $140.
Sheet 2, lines 26-27, 9 Librarians, increase from $130 to $140.
Sheet 2, lines 27-28, 2 Librarians, increase from $140 to $150.
Sheet 2, line 29, 2 Librarians, increase from $150 to $160.

There are new positions set up as follows, he said:

Sheet 2, line 4, 3 General Clerks at $85.
Sheet 2, line 8, 1 Elevator Operator (part-time) at $65.
Sheet 2, line 23, 3 Librarians at $100.

Robert Rea, Librarian, was heard in explanation of the proposed increases and additional positions in his department.

Whereupon, on motion of Supervisor Shannon, the San Francisco Public Library, index 14, was *approved without objection.*

### San Francisco Retirement System (Index No. 72).

Supervisor Shannon explained the following changes in the set-up for the Retirement System:

Increase of $1,800 covering one General Clerk-Stenographer at $150 a month who has been changed from an interdepartmental to a permanent basis.

Secretary Actuary, sheet 2, line 2, changed from permanent to part-time basis, with a reduction of $600 in his annual salary. Ralph R. Nelson, Secretary-Actuary, was granted the privilege of the floor and explained this latter item.

Whereupon, on motion of Supervisor Shannon, the retirement system department as recommended by the Mayor and Finance Committee, was *approved without objection.*

### War Memorial (Index No. 15).

Supervisor Shannon explained changes in this set-up as follows:

"The Finance Committee recommends that the amounts for temporary salaries, sheet 2, line 33, be reduced from $6,530 to $5,000, a reduction of $1,530. This recommendation is premised upon the fact that the Finance Committee recommended on sheet 2, line 7, that one less janitor be allowed. This would reduce the requirement for temporary janitorial service. If, however, the Board of Supervisors allowed the increase of 5 janitors requested on line 7, index 2, in place of 1 as recommended by the Finance Committee, temporary salaries should be reduced in a much larger amount. The Finance Committee also recommends in sheet 1, line 6, Contractual Service, a reduction of $750, making it read $16,633.

This department requested $300 for laundry service; Finance Committee recommends $50. There is also an Addition to Services of Other Departments to take care of new landscaping work being done.

Whereupon, on motion of Supervisor Shannon, the War Memorial Department, as amended, was *approved without objection.*

### Art Commission (Index No. 16).

Supervisor Shannon explained that this department has one-half cent allowed in the tax rate plus its receipts. Nonpersonal service items are less this year than last year. No increase in personal service.

Supervisor Uhl, seconded by Supervisor Schmidt, moved that Secretary sheet 2, line 3, $3,000 per annum be dropped out.

Motion *lost* by the following vote:

Ayes—Supervisors Schmidt, Uhl—2.

Noes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Shannon—6.

Absent—Supervisors McSheehy, Ratto, Roncovieri—3.

### Board of Trustees, California Palace of the Legion of Honor (Index No. 17).

Supervisor Shannon explained the changes in this department as follows:

"The amount of money provided for exhibitions, sheet 1, lines 6, 14 and 15, show an increase of $4,000; fixed charges sheet 1, line 10, show an increase of $475 for insuring works of art in Palace of Legion of Honor Museum; services of other departments sheet 1, line 11, Mr. Ross will explain. Items of Non Personal Service are the same or less than last year."

The changes in personal service are 1 Librarian, sheet 2, line 12, an increase from $85 to $110 per month, and 3 Caretakers, sheet 2, line 14, an increase from $85 to $90 per month.

Supervisor Uhl, seconded by Supervisor Schmidt, moved to eliminate sheet 2, line 4, Organist, part time, $3,600 per annum.

J. Emmet Hayden, President of the Art Commission, was heard in opposition to the foregoing motion. He said it would be a great mistake for San Francisco to lose the services of this outstanding organist Uda Waldrop, who has been so long identified with cultural events in this City.

Whereupon, the roll was called on Supervisor Uhl's motion and the same was *defeated* by the following vote:

Ayes—Supervisors Schmidt, Shannon, Uhl—3.

Noes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Roncovieri—7.

Absent—Supervisor Ratto—1.

### De Young Museum (Index No. 18).

Supervisor Shannon explained an increase in sheet 1, lines 7, 15,

and 16, of $3,000 in these combined items for exhibitions. The balance of non-personal service is slightly under last year.

Supervisor Shannon explained increases in personal service as follows:

Director, sheet 2, line 2, increased from $491.66 per month to $591.66 per month, $100 increase a month. He said the predecessor of Dr. Walter Heil, the present Director, received $656.66 a month, payments being divided equally between Museum and California Palace of the Legion of Honor.

Recorder, sheet 2, line 4, increased from $125 to $150 per month.

Secretary to Director, sheet 2, line 5, an increase of $150 to $175 per month.

Museum Instructor (2), increase from $125 to $150 per month.

Assistant Museum Instructor, sheet 2, line 9, increase of from $100 to $110 per month.

Stenographer, sheet 2, line 10, an increase from $100 to $125 per month.

Clerk, sheet 2, line 13, an increase from $100 to $110 per month.

Mechanic, sheet 2, line 14, an increase from $180 to $190 per month.

Head Caretaker, sheet 2, line 18, an increase from $95 to $100 per month.

Caretakers (4), sheet 2, line 19, increase from $83 per month to $90 per month.

Assistant Head Galleryman, sheet 2, line 26, increase from $125 to $150 per month.

Expert Repairman, sheet 2, line 27, increase from $125 to $150 per month.

There are two new positions—two watchmen—to replace two policemen, sheet 2, line 24, at $125 per month.

Carpenter, sheet 3, line 16, $5.50 a day.

Labeler, sheet 2, line 12, $140 per month, $1,680.

Whereupon, Supervisor Shannon moved the approval of the Department, as recommended by His Honor the Mayor and approved by the Finance Committee.

There being no objection, it was *so ordered.*

### Academy of Sciences (Steinhart Aquarium). (Index No. 19.)

Supervisor Shannon explained that this Department has the same set-up as in the past two years.

Whereupon, on motion of Supervisor Shannon, the foregoing Department, as recommended by the Mayor and approved by the Finance Committee, was *passed without objection.*

### Municipal Courts (Index No. 20).

Supervisor Shannon explained that the non-personal service in the aggregate is slightly under last year. As to the personal service the Mayor recommends Senior Civil Law Clerk, sheet 2, line 9, be increased from $200 to $240 a month; Chief Assistant Clerk, sheet 2, line 10, be increased from $240 to $275 a month; Civil Law Clerk, sheet 2, line 17, be increased from $175 to $200 a month.

Supervisor Uhl requested to be recorded as voting against the increase of W. H. Hogan, Chief Assistant Clerk, from $240 to $275 a month.

Whereupon, the roll was called and the said item *carried* by the following vote:

Ayes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisor Brown—1.

Whereupon, the Municipal Court, as recommended by the Mayor and approved by the Finance Committee, was *passed without objection.*

### Superior Courts (Index No. 21).

Supervisor Shannon explained that in this set-up 2 Court Interpreters, sheet 2, line 9, are increased from $155 to $175 per month, that there are two new positions, a telephone operator, sheet 2, line 12, at $125 per month; and a court reporter, part time, sheet 2, line 17, at $12.50 per day, plus transcription; also in sheet 1, line 5, there is a $350 increase in the requirements for Court Reporter, and in sheet 1, line 10, there is a request for $1,000 for equipment—carpets, typewriters, etc.

He also explained that sheet 2, line 2, indicated increases in salaries of Superior Judges amounting to $16,000, provided for in statutory law.

Whereupon, the Superior Courts, Index 21, as recommended by the Mayor and approved by the Finance Committee, was *passed without objection.*

### Law Library (Index No. 22).

Supervisor Shannon explained that the personal service is the same or less than last year, that there is an increase in salary for the Law Librarian, sheet 1, line 18, from $425 to $450 per month.

Whereupon, on request for roll call on item of increase for Law Librarian from $425 to $450 by Supervisor Uhl a vote was had and said item *approved* by the following vote:

Ayes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisor Brown—1.

Thereupon, the Law Library, Index 22, as recommended by the Mayor and approved by the Finance Committee, was *passed without objection.*

### Juvenile Court (Index 23).

### (Probation Department.)

Supervisor Shannon explained in the matter of maintenance of minors, sheet 1, line 6, that under the provisions of State Law there are two acts that govern support to minors, one known as "Widows' Pension" (half orphans), under the jurisdiction of the County Welfare Department; and one as Juvenile Court Act, over which the Board has no jurisdiction. In these cases Widows' Pension (half orphans), Mrs. Schenk grants aid to those entitled to same; under the Juvenile Court Act the referee passes on the cases and the aid is dispensed by the Probation Office. A certain number of cases heretofore carried by the court under the Maintenance of Minors Fund should be carried under Widows' Pension (half orphans). During the year about 18,890 of said cases were transferred, consequently there should be a corresponding reduction in request for next year in the Maintenance of Minors Fund.

Whereupon, Supervisor Shannon moved that sheet 2, line 6, Index 23, Maintenance of Minors, be reduced from $550,000 to $525,000.

There being no objection, it was *so ordered.*

This aid is dispensed through agencies; the agencies supplant some of the aid given by the county out of collections it receives from private sources. The Finance Committee recommends that this $550,000 be reduced to $525,000. Should the amount prove insufficient an appropriation can always be made out of the Emergency Reserve Fund.

Thereupon, the Juvenile Court, Index 23, Probation Department, was *approved without objection.*

### Juvenile Detention Home (Index 24).

Supervisor Shannon explained that the non-personal items in this Department in the aggregate represent a decrease under the present fiscal year. Salary increases are indicated as follows:

Kitchen Helper, sheet 2, line 3, increased from $68 to $78 a month;

Woman Attendant, sheet 2, line 10, increased from $88 to $100 a month;

Assistant Superintendent, Juvenile Detention Home, sheet 2, line 11, increased from $167.50 to $175 per month, less board, room and lodging, $32.50.

Whereupon, Juvenile Detention Home, as recommended by the Mayor and approved by the Finance Committee, was *passed without objection.*

### Adult Probation Department (Index 25).

Supervisor Shannon explained an increase in equipment on sheet 1, line 5, for the purchase of 10 new files amounting to $200, and salary increases as follows:

Probation Officer, sheet 2, line 4, from $180 to $200 per month;

Probation Office Stenographer, sheet 2, line 5, from $190 to $200 per month;

Probation Officer, sheet 2, line 7, from $180 to $190 per month;

Chief Probation Officer, sheet 2, line 6, from $250 to $325 per month;

Whereupon, the Adult Probation Department, Index 25, as recommended by the Mayor, and approved by the Finance Committee, was *passed without objection.*

### Chief Administrative Officer (Index 26).

Supervisor Shannon explained increases in this Department as follows:

"Materials and Supplies, sheet 1, line 5, the additional amount requested herein is for books, stationery and printing; that in the item for equipment, sheet 1, line 6, there is $100 requested for new files, and publicity and advertising, sheet 1, line 19, an increase from $175,000 last year to $200,000 this year. In this appropriation the Finance Committee recommends that the amount be reduced to $150,000."

A. J. Cleary, Chief Administrative Officer, was granted the privilege of the floor and explained at length the necessity for the increased appropriation in publicity and advertising.

Supervisor Uhl moved to make it $175,000, the same as last year, which motion was subsequently withdrawn.

Department *laid over temporarily.*

### Pioneer Home (Humphreys).

Supervisor Schmidt presented a communication from Dr. Walter Heil suggesting an appropriation of $10,000, balance to be raised by public subscription for the acquisition of the Humphreys Home at the corner of Chestnut and Hyde streets and its maintenance as a public museum and relic of the pioneer homes, said building having been erected in 1851, being in good state of preservation and a good example of its kind.

Supervisor Shannon moved that the communication be referred to the City Attorney for his opinion as to the legislative procedure necessary for the acquisition of the so-called pioneer home at Chestnut and Hyde streets.

Motion *carried.*

Supervisor McSheehy moved that the Clerk be instructed to request Mr. Phillips, Director of Property, to estimate the full value of the property, determine the size of the lot, and its value, and the value of the building.

*So ordered.*

Thereupon, the foregoing matter was *deferred temporarily.*

### RECESS.

Whereupon, the Board, at the hour of 6:15 p. m., took a recess until 8:30 p. m.

J. S. DUNNIGAN, Clerk.

## MAY 14, 1936, 8:30 P. M.

The Board of Supervisors reassembled for the purpose of continuing its consideration of the proposed budget of municipal expenditures for the fiscal year 1936-37.

### CALLING THE ROLL.

The roll was called, and the following Supervisors were noted present:

Supervisors Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, McSheehy—2.

Quorum present.

### Chief Administrative Officer (Index 26).

Supervisor Shannon read a breakdown of line 19, sheet 1, publicity and advertising prepared by Harry Ross, Assistant Controller, which was laid over until tomorrow's session for the consideration of the members and for explanation by Chief Administrative Officer A. J. Cleary.

Supervisor Shannon then explained mandatory items in the Chief Administrative Officer's set-up as follows:

Sheet 1, line 22, installment payment on State, Unemployment, Relief Loan Fund, $101,727.

Sheet 1, line 24, Bond Interest and Redemption Fund, $14,517,608; interest on tax anticipation note fund, $7,000.

He also explained increase in sheet 1, line 29, of $100,000 for indigent sick and dependent poor and an increase for WPA Projects Fund, sheet 1, line 31, of $300,000.

In personal service he indicated in sheet 2, line 3, an increase in salary for the Executive Secretary of the Chief Administrative Office from $250 to $325 per month.

Supervisor Uhl moved that the amount be left at $250, the same salary as last year.

Supervisor Colman moved as an amendment that the item read $275 per month.

Whereupon, the Chief Administrative Officer's Department was *laid over until tomorrow's session.*

### Finance and Records (Index 27).

Supervisor Shannon declared that the non-personal service items in this department were the same as for the present fiscal year; that in personal service, sheet 1, line 3, there is set up one general clerk stenographer at $155 per month, which employment was previously listed in the Recorder's budget and is now transferred to the office of the Director of Finance and Records.

Supervisor Uhl moved that the item be deleted.

A. E. Curtis, Director of Finance and Records, was granted the privilege of the floor and explained the necessity for the employment mentioned.

Whereupon, the roll was called on Supervisor Uhl's motion and the same was *refused passage* by the following vote:

Ayes—Supervisors Schmidt, Uhl—2.

Noes—Supervisors Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

Absent—Supervisors Brown, McSheehy—2.

Whereupon, on motion of Supervisor Shannon, the Department of Finance and Records, Index 27, as recommended by His Honor the Mayor and approved by the Finance Committee, was *passed without objection.*

### Tax Collector (Index 28).

Supervisor Shannon explained an increase in contractual service, sheet 1, line 8, of $1,255, $1,200 of which is due to an additional amount requested for the publication of the Delinquent Tax List. The amount heretofore allowed was $4,200; $5,400 is requested. He also declared there was an increase of $768 for equipment, sheet 1, line 10, required for filing cabinets, tools, and calculators.

In personal service he called attention to the following proposed increase:

Senior Teller, sheet 2, line 6, from $215 to $240.

General Clerks (3), sheet 2, line 10, from $165 to $175 per month.

Director, Bureau of Licenses, sheet 2, line 14, from $200 to $225 per month.

Director, Bureau of Delinquent Revenue, sheet 2, line 28, from $350 to $375 per month.

General Clerk-Stenographer, sheet 2, line 15, from $155 to $175 per month.

General Clerks (7), sheet 3, line 12, from $150 to $155 per month.

License Adjusters (2), sheet 3, line 13, from $190 to $200 per month.

There are also, he said, new positions as follows:

General Clerk-Stenographer, sheet 3, line 11, one at $155 per month, formerly temporary; made permanent by Civil Service Commission resolution.

Also, Tax Redemption Clerk, sheet 3, line 4, one at $200 a month, and a General Clerk, sheet 3, line 5, one at $185 per month, both positions transferred from the Controller's office by Act of Legislature, and previously set up there for years as permanent employees.

Whereupon, on motion of Supervisor Shannon, the Tax Collector's Department, Index 28, was *approved without objection.*

### Registrar of Voters (Index 29).

Supervisor Shannon explained increases in this Department as follows:

Materials and Supplies, sheet 1, line 6, an increase of $650 for stationery and printing. The balance of the non-personal service items in this Department in the aggregate represents a decrease.

### Request for Increase, Election Workers.

Supervisor Shannon presented a petition from Election Workers, sheet 1, line 4, who are now receiving $5 per day, and moved that it be referred to Mayor Rossi for his consideration.

Motion *carried.*

Whereupon, on motion of Supervisor Shannon, the Registrar of Voters, Index 29, was *passed without objection.*

### Recorder (Index 30).

Supervisor Shannon explained that if line 3, sheet 2, personal service, salary temporary, is allowed for the purchase of photostatic equipment in the County Clerk's budget, the temporary salaries allowance ($7,500) will be eliminated by reason of transfer of employments from the County Clerk's office. The non-personal service items, he said, in the aggregate are less than the present.

In personal service, he said, there is an increase proposed for the Chief Clerk of the Recorder, sheet 2, line 2, from $265 a month to $280 a month, which the Mayor has recommended and the Finance Committee approved.

Whereupon, the roll being called at the request of Supervisor Uhl, on the increase of salary for the Recorder's Chief Clerk, the same was *approved* by the following vote:

Ayes—Supervisors Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisor Brown, McSheehy—2.

Thereupon, the Recorder's Department, Index No. 30, was *approved without objection.*

County Clerk (Index No. 31).

Supervisor Shannon explained the following increases and changes in this Department:

Materials and Supplies, sheet 1, line 4, an increase of $200 for books, stationery, and printing.

Photostatic Equipment and Filing Units, sheet 1, line 5, the installation of photostatic equipment is recommended by the Civil Service Commission as follows:

"Substitution of photostatic process for the present system of reproducing documents will make possible the elimination of five employments and ultimate savings of $12,000 per year in this office. If applied also in the Municipal Court additional saving of not less than $4,800 will be the result."

When vacancies occur during the year in other offices these employees will be transferred as needed. If this item is allowed for photostatic equipment the $7,500 for temporary salaries for the Recorder, Index 30, sheet 1, line 5, should be eliminated.

In personal service, he said, there is one new position, one general clerk-typist, sheet 2, line 13, at $155 per month. If item for purchase of equipment in County Clerk's budget is granted this employment will be eliminated.

Thereupon, Supervisor Shannon moved that Index 30, Recorder, sheet 1, line 3, temporary salaries, $7,500 be deleted.

There being no objection, it was *so ordered.*

Thereupon, sheet 2, line 15, General Clerk-Typist, was, on motion of Supervisor Shannon, *deleted.*

Whereupon, the County Clerk's Department, Index No. 31, as amended, was *passed without objection.*

Public Administrator (Index No. 32).

Non-personal service items less than during the present year; no change in personal service.

Whereupon, on motion of Supervisor Shannon, the Public Administrator, Index 32, as recommended by the Mayor and approved by the Finance Committee, was *passed without objection.*

Purchasing Department (Index No. 33).

Over temporarily.

Real Estate Department (Index No. 34).

Supervisor Shannon explained the set-up in this Department as follows:

Services of other Departments, sheet 1, line 3, he referred to letter of Jos. J. Phillips, Director of Property, dated April 16, approved by the Mayor for right of way service.

Mr. Phillips stated to the Finance Committee: "There is a portion of time devoted by Mr. Reardon to acquisition of city property that is not charged against a special fund, also other work in connection with street development, and no money has been appropriated in connection therewith."

Auto Hire, sheet 1, line 7, the Finance Committee recommends that this item of $960 be reduced to $480. The auto hire of one of the right of way men is a proper charge against the Bond Fund, etc., rather than against the tax rate.

Rental of 333 Kearny street, sheet 1, line 21, the Finance Committee is unable to recommend the proper amount to include for this item, the Board of Supervisors not yet having approved the lease for the

ensuing period. So that we have put in the old rate that has been paid for the past five years (approximately $3,000).

Supervisor Shannon moved that the item stand as it is.

Division Right of Way Agent, sheet 2, line 16, $300 per month.

Supervisor Shannon moved to change columns 21 and 16 from $300 to $375 per month.

Commissions, sheet 1, line 22, $1,800.

Supervisor Uhl moved to change the word "Commissions" and insert in lieu thereof the words "Collection of Rents".

Motion *carried without objection.*

Whereupon, on motion of Supervisor Shannon, the Real Estate Department, as amended, was *passed without objection.*

**Auditorium (Index No. 35).**

Supervisor Shannon explained increase of $400 in Contractual Service, sheet 1, line 4, required for the installation of structural improvements, the balance of the non-personal service items in the aggregate is less than the present fiscal year.

Whereupon, on motion of Supervisor Shannon, the Auditorium, Index 35, as recommended by the Mayor and approved by the Finance Committee, was *approved without objection.*

**Department of Public Works, General (Index No. 36).**

Supervisor Shannon stated that the non-personal service items in this index in the aggregate are less than the present fiscal year, and declared that sheet 2, line 14, General Clerk-Typist, at $155 per month, is a new position in the permanent set-up, and was formerly temporary, made permanent by Civil Service resolution.

Whereupon, the Department of Public Works, General Index 36, was *approved without objection.*

**Department of Public Works, Bureau of Accounts (Index No. 37).**

Supervisor Shannon declared that Contractual Service, sheet 1, line 3, in this Department, while it represents an increase of $600, it is merely an accounting feature, placing the charge for gas and electricity used by this Bureau in its budget so that its recapitulation will represent its total cost. The balance of the non-personal service items are the same as the present fiscal year.

Whereupon, on motion of Supervisor Shannon, the Department of Public Works, Bureau of Accounts, Index 37, was *approved without objection.*

**Department of Public Works, Bureau of Building Repair (Index No. 38).**

Supervisor Shannon explained the set-up in this Bureau as follows:

Truck Hire, sheet 1, line 9, is an item of $1,250. New rates under Railway Commission regulation is expected to increase truck hire approximately 50 per cent to 75 per cent.

Repairs to Public Buildings, sheet 1, line 17, the Finance Committee recommends that this item be decreased to read $49,000. Reference is made to newspaper page 19, Index 38, thereon, sheet 6, line 12. This item is recommended for reduction to $35,000; the item on line 14, for architectural surveys to be reduced to $2,000; rehabilitation of Assessor's office, sheet 6, line 15, Mr. H. J. Boyd stated to the Finance Committee that he has a letter from the Director of Public Works to the effect that the first floor survey will not affect the location or rehabilitation of the Assessor's office. The balance of the non-personal service items is in the aggregate less than last year.

Action on the foregoing was thereupon deferred until 2 p. m. to-

morrow, when the Board will hear from Assistant Engineer C. E. Healy as to the possibility of this work being done from PWA funds.

**Department of Public Works, Bureau of Building Inspection (Index No. 39).**

Supervisor Shannon explained the personal service items are the same as for the present fiscal year. The item for earthquake survey, sheet 1, line 6, $5,000, is the same as that appropriated for the last three years. Mr. Earl Cope, of the Building Inspection Department, says the work may continue for ten or fifteen years longer, that the survey has covered, roughly, both sides of Market street from the Ferry to Van Ness avenue, and from about Sansome or Battery to Sacramento street, and out Sacramento to Taylor, and down Taylor to Market; the survey includes the examination of parapet walls, tanks on roofs, signs, etc., that might fall off in earthquakes. The inspectors make reports and designs showing all things that are hazards, then a form letter is sent to the owner calling attention to the condition, advising him that in case of accident he will be liable. If there is no response within a reasonable time another letter is sent. However, there is usually a response and we have been very successful in having tanks fixed for the reason that the insurance rates are increased. Requests are received as to conditions that should be remedied, and we advise methods for correcting same. The progress report will be shortly submitted to the Board of Supervisors.

Whereupon, the Bureau of Building Inspection, Department of Public Works, Index 39, was *passed without objection.*

**Department of Public Works, Bureau of Engineering (Index No. 40).**

Supervisor Shannon explained that the item of Special Inspection, sheet 1, line 9, $13,000, is entirely offset by revenue and has no effect on the tax rate.

Whereupon, on motion of Supervisor Shannon, the Bureau of Engineering, Department of Public Works, Index 40, was *passed without objection.*

**Department of Public Works, Central Permit Bureau (Index No. 41).**

Supervisor Shannon explained that this entire set up is the same as last year.

Whereupon, on motion of Supervisor Shannon, the department was *passed without objection.*

**Department of Public Works, Bureau of Street Cleaning (Index No. 42).**

Action on this item was *deferred until 11:15 a. m. tomorrow in order that Director of Works W. H. Worden may be present to explain.*

**Department of Public Works, Bureau of Sewer Repair (Index No. 43).**

Supervisor Shannon explained changes in this department as follows:

Materials and Supplies, sheet 1, line 6, increase of $1,700 is based upon experience of present fiscal year, according to Mr. Worden. Equipment, sheet 1, line 7, is an item for two automobiles, one to replace 1929 Nash driven over 90,000, the other to replace a 1931 Ford driven over 60,000 miles.

Tearing Up Streets item (Side sewers), sheet 1, line 23, is entirely predicated upon deposit by the public for the construction and repair of side sewers and has no reference to the tax rate.

Supervisor Uhl inquired regarding laying off of one bricklayer, sheet 2, line 10, and was advised by Mr. Henderson, of the Civil Service Commission, that the job had become vacant.

Matter of retaining Brick Layer Inspector was referred to Mayor Rossi.

Whereupon, the Bureau of Sewer Repair, Department of Public Works, Index 43, was *approved without objection.*

**Department of Public Works, Sewage Pumping Station (Index No. 44).**

Supervisor Shannon explained increase in Contractual Service, sheet 1, line 4, in the amount of $3,650 for electricity for the operation of new sewage pumping plant.

Whereupon, on motion of Supervisor Shannon, the department was *passed without objection.*

**Department of Public Works, County Road Fund (Index No. 45).**

Supervisor Shannon declared that the Finance Committee recommends that Truck Hire, sheet 2, line 5, $26,000, be reduced to $17,000. The Director of Public Works in this connection has been requested to report on the advisability of the City purchasing its own trucks. The increase in this item is due to rates for trucks increased by the Railroad Commission. There is an increase of $360, he said, for auto hire, sheet 2, line 6, to provide each of the two foremen of the Bureau of Street Repair with an allowance for automobiles to supervise the work under their jurisdiction. The Department of Public Works explains the item for Equipment, $4,300, sheet 2, line 8, that this is needed to replace worn out units.

Whereupon, further consideration of the foregoing department was *continued for a later session.*

**Department of Public Works, County Road Fund, Bureau of Bridges (Index No. 46).**

Supervisor Shannon, in explanation of the item of Maintenance and Repair of Bridges, sheet 1, line 5, declared that this included the following detail:

| | |
|---|---|
| No. 1—Third and Channel | $ 1,545 |
| No. 2—Fourth and Channel | 2,760 |
| No. 3—Sixth and Channel | 6,520 |
| No. 4—Third and Islais Creek | 40,195 |
| No. 5—Lobos Creek West | 631 |
| No. 6—San Jose-Mount Vernon | 445 |
| No. 7—Evans Avenue and Army Street | 50 |
| No. 8—Mission Street Viaduct | 960 |

Finance Committee recommends that items 1, 3 and 4, totaling $48,260, be deleted from this index and added in under Index 48, which is the detail under the Special Gas Tax Street Improvement Fund, the reason being that these streets form part of the major thoroughfares which are properly chargeable against that fund. The balance of the non-personal service is the same or less in detail than last year.

Whereupon, the foregoing department as recommended, was *approved without objection.*

**County Road Fund—General and Street Construction (Index No. 47).**

Supervisor Shannon declared that the Finance Committee recommended that sheet 2, line 2, $20,000 for Engineering Studies, be decreased to $10,000; that Parker Avenue, sheet 2, line 8, Geary to Fulton street, $75,000, be reduced to $40,000; that sheet 2, line 11, Reconstruction, Harriet, Folsom and Bryant streets, $7,560, and sheet 2, line 12, Reconstruction of Chesley, Harrison and Bryant streets, $7,800, respectively, be reduced $360, to read jointly $15,000.

Finance Committee recommended under Index 46, deletion from this fund of $48,260 and the transfer of this Bridge Maintenance to Special Gas Tax Street Improvement Fund. The amounts that the Finance Committee recommended to be decreased on lines 2, 8, 11 and 12, total $45,360. The Finance Committee recommended a decrease of $9,000 in Truck Hire on sheet 2, Index 45, making a combined total of $102,620. The Finance Committee further recommends that on sheet 1 of this index there be inserted an item for boulevard lighting in the amount of

$40,000, also an item for stop, and stop and go signals, in the amount of $20,000, and an item unallocated to be appropriated of $42,620. The item for $40,000 has been for several years included in the County Road Fund budget but was omitted last year for the first time. This reinstatement of the $40,000 will give benefit in like amount to the taxpayer as it will decrease the amount of money to be raised from taxation for street lighting.

The Finance Committee, he said, had no objection to the inclusion of Oregon street in the foregoing set-up, and it was *so ordered.*

Supervisor Uhl suggested the inclusion of Market street from Gough to The Embarcadero.

Whereupon, the foregoing index was *passed temporarily* in order that City Engineer Casey and Director of Public Works Worden might be consulted.

Special Gas Tax Street Improvement Fund (Index No. 48).

Supervisor Shannon said: "Your Finance Committee recommends that the item, Army Street Widening $41,000, sheet 1, line 4, be placed in the unallocated balance appearing on line 3, as the required land has not been purchased nor have funds been provided for its purchase; its price is estimated at $25,000. Finance Committee further recommends that provision be made from the unallocated balance for the maintenance and repairs of bridges on major thoroughfares, which it recommended be deleted from Index 46 in the amount of $48,260, and included herein."

Harry Ross, Assistant Controller, explained the PWA set-up in this fund.

William D. Coughlin, representing the Associated General Contractors, suggested that opinion of the City Attorney be obtained as to the right to use money of this fund for the purchase of land.

Whereupon, the foregoing Department was *passed temporarily* until City Attorney O'Toole could be heard from, time set for 11:15 a. m. tomorrow. City Engineer Casey, City Attorney O'Toole and Director of Public Works Worden to be notified to attend.

Department of Electricity (Index No. 49).

Supervisor Shannon explained Equipment, sheet 1, line 7. Mayor recommends $3,500 to replace one coupe, one truck, and one light delivery. There is a slight increase in Contractual Service, sheet 1, line 5, due to light and power, based on actual experience. Balance of non-personal service in the aggregate same or less than last year.

Whereupon, the foregoing Department was *passed without objection.*

Coroner (Index No. 57).

Over temporarily.

Agricultural Commission (Index No. 48).

Supervisor Shannon explained increase in Equipment in sheet 1, line 6, desk chair and two egg candling machines required by the Department; balance of non-personal service in the aggregate was less than last year.

Whereupon, the Department was *passed without objection.*

Sealer of Weights and Measures (Index No. 59).

Supervisor Shannon explained increase in Equipment, sheet 1, line 6, one automobile to replace old machine now in service.

Whereupon, the Department, as recommended, was *passed without objection.*

Controller's Office (Index No. 60).

Supervisor Shannon explained increases in this Department in Equipment, sheet 1, line 6, $2,000 for files, and one additional bookkeeping

machine for accumulating information required for income tax purposes. Finance Committee recommends that Judgments and Claims, sheet 1, line 25, $50,000 be reduced to $45,000. It also recommends that Auto Liability Claims, sheet 1, line 26, be reduced from $9,000 to $5,000.

In Personal Service, eight bookkeepers, sheet 2, line 4, are recommended for an increase from $175 to $185.

This last item was *approved without objection.*

The following items of Personal Service, recommended by the Mayor and approved by the Finance Committee, were *passed without objection.*

Sheet 2, line 4, 8 Bookkeepers from $175 to $185 per month.
Sheet 2, line 5, Bookkeeper from $175 to $180 per month.
Sheet 2, line 7, 3 Senior Bookkeepers from $190 to $200 per month.
Sheet 2, line 9, Senior Bookkeeper from $190 to $250 per month.
Sheet 2, line 14, Senior Accountant from $275 to $325 per month.
Sheet 2, line 15, 2 Senior Accountants from $275 to $285 per month.
Sheet 2, line 18, Office Assistant from $75 to $79.50 per month.
Sheet 2, line 23, General Clerk from $160 to $175 per month.
Sheet 2, line 24, General Clerk from $150 to $155 per month.
Sheet 2, line 27, Senior Clerk from $175 to $185 per month.
Sheet 2, line 30, Head Clerk from $200 to $210 per month.
Sheet 2, line 31, Head Clerk from $200 to $210 per month.
Sheet 2, line 6, Bookkeeper at $175 per month, new position made permanent by Civil Service Commission.
Sheet 3, line 3, Tabulating Machine Operator from $150 per month to $155 per month.
Sheet 3, line 6, 3 General Clerk-Stenographers from $150 to $155 per month.
Sheet 3, line 7, Confidential Secretary to Controller from $200 per month to $225 per month.
Sheet 3, line 8, Secretary-Telephone Operator, $150 per month to $155 per month.
Sheet 3, line 11, 2 General Clerks-Typists from $150 to $155 per month.
Sheet 3, line 12, Senior Attorney, civil (full time), from $250 to $400 per month.
Sheet 3, line 3, 1 Tabulating Machine Operator at $155 per month. (New position filled temporarily since enactment of new traffic tag procedure.)
Sheet 3, line 4, 2 Bookkeeping Machine Operators at $155 per month. (Position made permanent by Civil Service.)

The following recommended increases were *approved* by the following vote:

Sheet 2, line 15, 2 Senior Accountants from $275 to $285 a month.

Increase *approved* by the following vote:

Ayes—Supervisors Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—7.
No—Supervisor Uhl—1.
Absent—Supervisors Brown, McSheehy, Schmidt—3.

Sheet 2, line 16, Chief Assistant Controller, from $500 to $575 a month.

Increase *approved* by the following vote:

Ayes—Supervisors Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—7.
No—Supervisor Uhl—1.
Absent—Supervisors Brown, Schmidt, Uhl—3.

## RECESS.

The Board of Supervisors reassembled for the purpose of continuing consideration of the budget of Municipal expenditures for the fiscal year 1936-37.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Havenner, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, Colman, McSheehy—3.

Quorum present.

Supervisors Brown and Colman were noted present at 10:10 a. m.

Supervisor McSheehy was noted present at 10:35 a. m.

Adopted.

The following resolution was *adopted* on motion of Supervisor Shannon:

Reissuing of San Francisco Bonds Spring Valley Issue Nos. 21701 and 21703.

(Code No. 9.07)

Resolution No. 2571, as follows:

Whereas, proof having been made to the Board of Supervisors that The Home Insurance Company, an insurance corporation, was on or about the first day of March, 1933, the owner of, and ever since that date has been the owner of two (2) one thousand dollar bonds of the City and County of San Francisco, Spring Valley Issue, numbered 21701 and 21703; and

Whereas, on the 9th day of February, 1933, said bonds were stolen in the Post Office robbery at Sacramento, California, from the Bank of America National Trust & Savings Association, and said The Home Insurance Company became the owner thereof as aforesaid by reason of having been the Insurer of the said bank and having paid the said bank for said loss; and

Whereas, since said day said bonds or either of them have never been heard of or presented for payment, and said bonds are hereby declared to have been lost within the meaning of the act of the Legislature of the State of California entitled: "An act to provide for the issuance of duplicates of bonds, warrants and other evidences of indebtedness of counties and municipal and other corporations," approved June 10, 1933, and said The Home Insurance Company having made application to this Board of Supervisors that new and duplicate bonds be issued similar to said bonds lost as aforesaid to replace the same; now, therefore, be it

Resolved, That the City and County of San Francisco reissue said two (2) one thousand dollar bonds of the City and County of San Francisco, Spring Valley Issue, numbered 21701 and 21703, dated July 1, 1928, each for $1,000, said bonds to be numbered 21701 and 21703, and to be in the words and figures of said original bonds as set forth in Ordi-

nance No. 8086 (New Series), enacted by the Board of Supervisors of the City and County of San Francisco on the 20th day of June, 1928; be it

Further Resolved, That the signatures of James Rolph Jr., as Mayor, and John H. Thieler, as Treasurer, and Thomas F. Boyle, as Auditor, shall be typewritten upon said bonds, and said bonds be countersigned by J. S. Dunnigan, as Clerk of the Board of Supervisors; be it

Further Resolved, That there be endorsed on each of said bonds the fact that said bond is issued as a duplicate of the original thereof and that only the said duplicate or the said original shall be paid; and be it

Further Resolved, That before said bonds are delivered to said The Home Insurance Company, that said The Home Insurance Company cause to be executed and delivered a surety bond in the sum of Three Thousand Dollars ($3,000) indemnifying the City and County of San Francisco against any loss or damage by reason of the issuance of said duplicate bonds or the payment thereof.

Ayes—Supervisors Havenner, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, Colman, McSheehy—3.

### Health Department (Index No. 50).

Harry Ross, Chief Assistant to the Controller, explained increase of $900 for burial of indigent dead, sheet 1, line 23, by saying that the appropriation is based on the actual contract for this service. He explained the increase of $1,250 for the care of the Feeble-Minded, sheet 1, line 24, as being based on the actual expenses.

Supervisor Shannon explained new positions: A bookkeeper at $175 a month, sheet 1, line 18, assistant to the accountant Percy Hennessy in the general office, and another bookkeeper at $150 a month and a bookkeeper, sheet 1, line 17, who handles TB records at the San Francisco Hospital. This latter employment was made permanent by Civil Service Resolution dated April 30, 1936, and at the Controller's request. Increases in Personal Service were indicated by Supervisor Shannon, as follows:

General Clerk-Stenographer, sheet 2, line 4, increased from $100 to $125 per month;

General Clerk-Stenographer, sheet 2, line 3, from $150 to $160 per month;

Assistant Director of Public Health, sheet 2, line 13, increased from $400 to $450 per month; a vote being called for on this latter item, the roll was called and the item *approved* by the following vote:

Ayes—Supervisors Colman, Havenner, Mead, Meyer, Roncovieri, Shannon—6.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisors Brown, McSheehy, Ratto—3.

Supervisor Shannon continued and explained the following increases in Index No. 50-2:

General Clerk-Stenographer, sheet 1, line 21, increased from $150 to $160 per month.

Bookkeeper, at sheet 2, line 13, new position, interdepartmental.

Hospital Statistician, Index No. 50-3, sheet 1, line 22, increased from $180 to $190 a month.

Market Inspector, Index No. 50-4, sheet 1, line 16, increased from $185 to $200 a month.

Revenues set up to offset cost of this department (50-04) are now pending before the Board. The budget of the department must be curtailed to meet receipts.

Supervisor Shannon explained bacteriological milk inspector (Index No. 50-07), sheet 1, line 24, an increase from $200 to $250 per month.

Bacteriologist, Index No. 50-10, sheet 1, line 22, at $175 per month

is a new position made permanent by resolution eliminating Director of Laboratory.

One Consultant Bacteriologist, part time, sheet 1, line 25, at $75 a month, also a new position required in this department.

One Pediatrician, Index No. 50-10, sheet 1, line 19, at $5 per day, is a new position.

Ten Food Inspectors, Index No. 50-11, sheet 1, line 24, is an increase in salary of each of them from $175 to $185 per month.

Food Chemist Assistant, sheet 1, line 14, is an increase from $100 to $125 per month.

Industrial Inspector, Index 50-15, sheet 1, line 18, is an increase from $175 to $185 per month.

Chief Industrial Inspector, sheet 1, line 19, is an increase from $250 to $275 per month.

The vote being demanded on the foregoing item, the roll was called and the item *approved* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Roncovieri, Shannon—8.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisor Ratto—1.

Hire of Automobiles, Index No. 50-16, sheet 1, line 19, represents an allowance of $25 per month increase to employees for the use of their automobile in the service of the city.

Line 4, sheet 1, delete $100 for gas and oil. Heretofore City furnished gas and oil to employees using their own cars and these two appropriations provide for a change whereby employees purchase their own gas and oil.

General Clerk-Stenographer, Index No. 50-17, sheet 1, line 16, increase from $100 to $125 per month.

One Physician, Index No. 50-22, sheet 1, line 20, at $100 per month, is a new position covering an employment now existing and assigned to Out-Patient Maternity cases.

Whereupon, on motion of Supervisor Shannon, the foregoing items as recommended by the Mayor and approved by the Finance Committee, were *passed without objection.*

Laguna Honda Home, Index No. 51:

Supervisor Shannon explained that the Non-Personal Service in this department is less than last year. As to the Personal Service he explained the following proposed increases:

Telephone Operator, sheet 2, line 3, an increase from $100 to $125 per month.

General Clerk, sheet 2, line 1, is an increase from $75 to $100 per month.

Butcher, sheet 2, line 9, is an increase from $100 to $125 per month.

Head Seamstress, sheet 2, line 27, is an increase from $115 to $125 per month.

Gardener, sheet 3, line 9, is an increase from $102.50 to $135 per month.

Supervisor Uhl inquired regarding Institutional Help, sheet 3, line 14, $51,000 last year, and $54,600 this year, and was advised by Superintendent Wollenberg that this increase represented necessary additional institutional help.

Whereupon, on motion of Supervisor Shannon, the foregoing department as recommended by the Mayor, and approved by the Finance Committee, was *passed without objection.*

**Isolation Hospital (Index No. 52).**

Supervisor Shannon explained that there was no change in the set-up of this department.

Whereupon, the Isolation Hospital, Index No. 52, was *approved without objection.*

**San Francisco Hospital (Index No. 53).**

Supervisor Shannon explained the following increases recommended in this department:

Contractual Service, sheet 1, line 9, increase of $4,498. (See sheet 6, lines 2 to 18, for detail of this item not in the newspaper copy of the budget.)

Whereupon, on motion of Supervisor Shannon, the foregoing department as recommended by the Mayor and approved by the Finance Committee was *passed without objection.*

**Emergency Hospital (Index No. 54).**

Supervisor Shannon explained recommended increases as follows:

Foodstuffs, sheet 1, line 5, an increase of $560, estimate based on the experience of the department in the purchase of foodstuffs.

Equipment, sheet 1, line 13, detail of increase shown on sheets 4 and 5. Balance of Non-Personal Service, he said, in the aggregate, does not exceed the amount provided for the present fiscal year.

In Personal Service there are new positions as follows:

One Emergency Hospital Steward, sheet 2, line 9, at $165 per month, for the new ambulance at the Mission Emergency Hospital.

Three Registered Nurses, sheet 2, line 13, at $135 a month each, to be assigned to the Mission Emergency Hospital.

One Ambulance Driver, sheet 2, line 8, at $175 a month for the new ambulance at the Mission Emergency Hospital.

Whereupon, on motion of Supervisor Shannon, Emergency Hospitals, Index No. 54, as recommended by the Mayor and approved by the Finance Committee, was *passed without objection.*

**Hassler Health Home (Index No. 55).**

Supervisor Shannon declared that the item of Non-Personal Service in this department is less than last year. He explained the increases in Personal Service as follows:

Resident Physician, sheet 2, line 12, increased from $260 to $310 per month, less board, room and lodging, $35.

There is a new position of Assistant Superintendent of Nurses, sheet 2, line 19, at $160 per month, takes the place of Vice-Superintendent eliminated from the budget at $285 a month.

SUPERVISOR SHANNON: I move that the Health Department be passed.

THE PRESIDENT: Any objection?

SUPERVISOR UHL: Let me ask just one question, through the Chair, of Doctor Geiger: Was there anything that you wanted that is not in there?

DOCTOR GEIGER: Yes, sir.

SUPERVISOR UHL: Anything of importance?

DOCTOR GEIGER: Yes, sir.

SUPERVISOR UHL: I think the Doctor should be heard from.

SUPERVISOR SHANNON: I have no objection.

DOCTOR GEIGER: If you want me to tell you the things, certain recommendations I have already made to the Mayor?

SUPERVISOR UHL: Yes. And that were refused.

DOCTOR GEIGER: No, I didn't say that. Recommendations to the Mayor—there are certain recommendations before the Mayor that I have been advised—I have been led to believe that the Mayor will

approve. One of those is the question of nurses in the schools, two of which I need for the Parochial Schools, which is one of the most important pieces of preventative work we are doing; two for the public schools, one of which is working now in the Junior Colleges; two doctors which are now working, which were left out of the budget by omission, I am sure; one doctor doing work in eye testing in the schools, left out I am sure by omission—error; one doctor that I want for service which contributes to the highest death rate in this City, that is Chinatown, for the infant welfare service we have there, partly equipped and partly staffed.

Another is an audiometer technician, which is for the relief of deafness, I have been asking for that, which we have the machines and all necessary equipment and have not been able to do the testing of the children.

Then we have asked for a bacteriologist in the laboratory, and a food chemist in the laboratory, to take care of extra work which is being paid for the restaurant fee over and above everything we need.

We also asked for an extra ward in the San Francisco Hospital, which the Mayor says we can have out of the—he would be willing to grant it to us if this emergency fund is increased, if we need it, after July.

We have asked for an extra ward at Laguna Honda, an extra ward as far as the Hassler Health Farm is concerned, which will come out of the emergency fund if we need it.

I would prefer that we ask for more nurses in the San Francisco Hospital. That was cut down. We have wards out there that are understaffed, we know it now after America's hospital expert number one, Doctor ———— so advised is, that we haven't enough nurses.

That is practically what the Health Department has desired, except we would like to have many other things—we have gradually built up the department as we go along. We have transferred from the school division to the epidemic department an extra physician, that is on account of the measles and scarlet fever, so we have had to do the work at the San Francisco Hospital. The hospital is one of the finest institutions of its kind, it is not a county hospital as we know it, it is a hospital of emergencies, where operations are done as emergencies, and the turnover is very rapid, especially in the operating rooms. We have broken down our nurses, we have broken down our internes and the house doctors. In the Laguna Honda Home the whole attitude of that institution has changed, whereas formerly it was an ambulatory home for the aged, it is now a hospital for the aged, and we have to recognize that, and we have to take care of in the hospital all these old people, and that is being done extraordinarily well. In the Hassler Health Home we have the situation, as Supervisor McSheehy has shown you, in which we have 350 acres of property there that we are not taking advantage of. We know that these tubercular patients should be removed from the San Francisco Hospital, it is an extraordinary situation, that we have 450 people with tuberculosis in San Francisco, and in the general hospital, and if we could get a WPA project in there, which we haven't been able to do, we could transfer down there these chronic T. B.'s, which we can't eliminate, and we could take care of them at a much more reasonable fee, I think at half the fee.

We also ought to have in the lower area of the Hassler Health Home a camp, if you wanted to put it there, for under-nourished children, which are increasing in the schools because of our cash relief, which goes for beer, and the children should have milk—I am not against beer, but I am for milk for the children.

Those are the projects we have in mind—And there is also the question of a convalescent home, the hospital facilities of San Francisco are not suited for that, and that place down there, which is remarkably suited for it, is undeveloped.

Those are the problems we have—I could tell you we need another

assistant health officer to balance our department properly; I could say that we ought to concentrate our tubercular clinic and put a paid man in charge of it—there are lots of problems I could explain to you, I think the department has not gone forward in the last two years as rapidly as I wanted it—I am thoroughly disappointed in that.

SUPERVISOR SCHMIDT: May I ask you a question, Doctor? Did you say—What did you say is the population, or tubercular patients in San Francisco?

DOCTOR GEIGER: 450, with a waiting list of at least forty.

SUPERVISOR SCHMIDT: 450 we have here in the hospital?

DOCTOR GEIGER: Yes.

SUPERVISOR SCHMIDT: Of course, you have outlined quite an extensive program, and it cannot all of it be done at one time, but in the next few years a good deal of what you say can be accomplished.

DOCTOR GEIGER: I hope so, I hope it goes forward.

SUPERVISOR SCHMIDT: Your item of hospitalizing our San Francisco population down at the Hassler Home merits some thought. If for no other reason, it is healthier from the standpoint of climate and so forth, and also much more reasonable to the taxpayer.

DOCTOR GEIGER: Yes, but you appreciate the fact what I am trying to do is to be accomplished over a period of years, because what I do—if the Health Department doesn't accomplish it it doesn't reflect on me, but reflects on the people of San Francisco. I want to make something out of the department. We cannot stand still. If the department is going to stand still I don't want to have anything to do with it.

SUPERVISOR SCHMIDT: In other words, you have practically outlined your program, haven't you?

DOCTOR GEIGER: Yes, for years.

SUPERVISOR SCHMIDT: What would be the difference in the cost in taking care of the tubercular patients down in the Hassler Home, and here?

DOCTOR GEIGER: I think it would split it in half.

SUPERVISOR SCHMIDT: Then it would be a wonderful thing to get the WPA to build the buildings, and house them down there.

SUPERVISOR RONCOVIERI: I would ask that a transcript be made of the remarks of Doctor Geiger up to the discussion with Doctor Schmidt. I would like to have that for the Board's education.

SUPERVISOR UHL: A good idea.

SUPERVISOR McSHEEHY: May I ask that a copy be sent to each member of the Board.

Thereupon, the Health Department budget as recommended by the Mayor and approved by the Finance Committee was *passed without objection.*

**War Memorial (Index No. 15).**

Ellison Schofield, representing War Memorial Trustees, addressed the Board in reference to the elimination of four janitors, sheet 2, line 7, Index 15, said: We never had sufficient personnel to keep the War Memorial Buildings clean and in condition to protect the large amount of money invested in it. The Owners and Lessees' Apartment House Owners Association made a survey and say, judging from their own experience they would need much more personnel to keep the building in proper condition and maintain it in the condition that it should be maintained. He referred to the cheap job of work done on the roof which necessitated constant repairs.

Whereupon, Supervisor McSheehy, seconded by Supervisor Uhl, moved to rescind previous action. (See page ——, eliminating four janitors, sheet 2, line 7, Index No. 15.)

There being no objection, it was *so ordered.*

Whereupon, Supervisor Shannon moved that the War Memorial, Index No. 15, as recommended by the Mayor providing for janitors be passed.

There being no objection, it was *so ordered.*

Supervisor Shannon thereupon moved a reduction of $1,530, temporary salaries, sheet 1, line 4.

There being no objection, it was *so ordered.*

Selby Oppenheimer, Managing Director of the War Memorial Building, explained the necessity for the amounts recommended by his Honor the Mayor for maintenance of buildings, pleading repairs and laundry service.

Whereupon sheet 3, line 16, Maintenance and Repairs to Building, $1,000, and line 18, Cleaning and Renovating (Towel and Laundry Service), $300, as recommended by the Mayor, were *approved without objection.*

James Rickets, representing the Building Trades Council, said that the cost of maintenance of this building is necessarily large on account of the poor character of the work done on the roof by cheap contractors who employed men at reduced wages.

Whereupon, the motion of Supervisor McSheehy to approve line 16, Maintenance and Repair of Buildings, $1,000, was *refused passage* by the following vote:

Ayes—Supervisors Colman, McSheehy, Ratto, Schmidt, Uhl—5.

Noes—Supervisors Brown, Havenner, Mead, Meyer, Roncovieri, Shannon—6.

Mr. Ellison Schofield was heard again regarding the item of temporary salaries reduced in amount of $1,530 previously in this session.

Harold J. Boyd, representing the Federation of Municipal Employees and speaking for Edward Vandeleur and the Janitors' Union, requested that proper funds be allowed so that per diem ———— may be permitted.

Supervisor McSheehy moved, seconded by Supervisor Mead, to rescind action on sheet 2, line 33, $5,000.

Whereupon, the roll was called on Supervisor McSheehy's motion that action be rescinded on sheet 2, line 33, reducing temporary salaries to $5,000, and the same was *defeated* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Mead, Ratto—4.

Noes—Supervisors Brown, Colman, Meyer, Roncovieri, Schmidt, Shannon, Uhl—7.

Whereupon, on motion of Supervisor Shannon, War Memorial, Index No. 15, was *approved.*

## RECESS.

At the hour of 12:20 p. m. the Board took a recess until 2 p. m. this day.

J. S. DUNNIGAN, Clerk.

## REASSEMBLED.

The Board of Supervisors reassembled at 2 p. m. for the purpose of continuing consideration of proposed budget of Municipal Expenditures for the fiscal year 1936-37.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, Havenner, Mead, Meyer, Shannon, Uhl—6.

Absent—Supervisors Brown, McSheehy, Roncovieri, Ratto, Schmidt—5.

Quorum present.

Supervisor Brown was noted present at 3:45 p. m.

Supervisor Ratto was noted present at 3:45 p. m.

Supervisor McSheehy was noted present at 2:20 p. m.

### City Planning Commission (Index No. 61).

Supervisor Shannon explained the following increases in contractual service:

Sheet 1, line 5, an increase of $170 for advertising.

Auto Hire, office, Finance Committee recommends this item of $360 be reduced by $240 to read $120.

Commission auto hire, sheet 1, line 7, $100, is a new item.

In Personal Service it is proposed to increase the salary of the City Planning Engineer and Secretary, sheet 2, line 4, from $275 a month to $350 per month. The Finance Committee recommends that this salary be fixed at $275 per month, the present salary.

There being no objection, it was *so ordered.*

Auto hire for the same man, $30, the Finance Committee recommends that it be fixed at $10 per day.

Supervisor Shannon explained the item of Civil Engineer Draftsman, sheet 2, line 6, at $250 per month, is a change from temporary to permanent basis.

Whereupon, the contested items of auto hire were *laid over temporarily.*

Supervisor Colman moved to restore the items of auto hire as recommended by the Mayor, to-wit: Commission auto hire $100, office auto hire $360, total $460.

There being no objection, it was *so ordered.*

Thereupon, on motion of Supervisor Shannon, the City Planning Commission, Index 61, as amended, was *passed without objection.*

### Department of Public Works (Indexes Nos. 36-48).

### Building Repair (Index No. 38).

For Repairs to Public Buildings, sheet 1, line 17, $62,000, Supervisor Uhl inquired why the rehabilitation in the Assessor's office, $10,000, could not be made from PWA funds, also why sheet 6, lines 13, 14 and 15, could not also be made out of PWA funds.

Subject matter *passed temporarily* until Board can hear from C. E. Healy, Assistant City Engineer.

### Department of Public Works, County Road Fund (Index No. 47).

Supervisor Shannon declared that the Finance Committee recommends the following items to be substituted for $102,000 deleted from the set-up in proposed budget:

Engineering Studies decreased from $20,000 to $10,000, said amount to be specifically set aside for Engineering Studies of the district east

of Van Ness avenue and north of California to take care of traffic conditions arising from the use of Lombard street as an outlet to the Golden Gate Bridge.

Finance Committee also recommends that the item for Parker avenue from Geary street to Fulton street be reduced from $75,000 to $40,000, that widening streets and boulevards $40,000, stop and go signals $10,000, Oregon street to be opened to The Embarcadero $18,000, Highway District No. 9, $11,550, Highway District No. 10 $22,600.

Supervisor Shannon said there is set up in County Roads, General, $25,000 for the Traffic Bureau of the Police Department. He moved that the item be amended to read: $10,000 for stop and go signals, and an item of $15,000 for Traffic, Police Department.

Supervisor Shannon moved as an amendment that Index 47, sheet 2, line 2, be continued at $20,000 but that $10,000 be specifically set aside for north side of Lombard street to take care of traffic going east.

Amendment *carried.*

Whereupon, on motion of Supervisor Shannon, Index 47, County Road Fund, was *passed without objection.*

Assistant City Engineer C. E. Healy appeared in response to invitation to discuss Index 38, Repairs to Public Buildings, and the possibility of having some of these items taken care of out of PWA funds. Mr. Healy said that this money is for materials, trucks and maintenance and not in conformity with the work we are doing. It would not come under the purview of PWA work.

Whereupon, on motion of Supervisor Shannon, Index 38, Repairs to Public Buildings, was *passed without objection.*

**Special Gas Street Improvement Fund (Index No. 48).**

Action *deferred temporarily.*

**Street Cleaning Bureau, Department of Public Works (Index No. 42).**

Supervisor Shannon explained increases, etc., in this department as follows:

Contractual Service, sheet 1, line 5, an increase of $200 is requested for re-coring machine broom.

Sheet 1, lines 8 and 12, coordinate, if one-man flushers are allowed the decrease reported on line 8 in the amount required for trucks and teams will stay. If the item of flushers is eliminated, this amount will have to be increased. (Detail of equipment shown on sheet 3, Index 42.) Mr. Worden explained that the department desires new equipment in this bureau in order to satisfy complaints. With additional men and equipment it will be possible to do more flushing and cover more area; teams and trucks will be eliminated.

Materials and Supplies, sheet 1, line 10, this increase of $1,200 is for gas and oil for new equipment to operate new flushers; if equipment is granted the following Personal Service items must also be granted:

District Director at $225 a month. Sheet 2, line 5.

Drivers, SPEC. Equipment, sheet 2, line 18, 5 at $7.50 per day.

Whereupon, Supervisor Shannon moved temporary passage of the Department of Public Works, excluding Index 48.

There being no objection, it was *so ordered.*

**Recreation Commission (Index No. 13).**

Supervisor Shannon explained this departmental set-up as follows:

The Mayor has recommended for this department the amount of 7 cents, the charter minimum, plus its own revenue. There are some land purchases, however, recommended on sheet 1, line 13, Bay View District, $15,000; Upper Noe Valley District, $20,000; Eureka Valley land,

$20,000; Longfellow School, $20,000; Sunset District, $20,000; Sigmund Stern land, $10,000; Grattan School $20,000; total, $125,000.

Miss Josephine Randall, Superintendent of the Playground Commission, explained that there was no appropriation for Corona Heights in the present set-up, but if money was allowed the commission would make it go as far as possible in providing recreation facilities for the district.

Supervisor Uhl moved to include $5,000 above the 7-cent charter minimum for land for Corona Heights.

Supervisor McSheehy moved as an amendment that $5,000 be allowed in the budget as a capital investment for the purchase of land for Corona Heights, $3,000 of it to be expended for study and investigation.

Mr. Jos. J. Phillips, Director of Property, explained that the $10,000 for Sigmund Stern land was for the purpose of cleaning up the property.

Whereupon, on motion of Supervisor Shannon, the Recreation Department was *passed subject to amendment later on.*

**County Welfare Department (Index No. 56).**

Assistant Controller Harry Ross explained increased salary items as follows:

Social Service Investigator (4), sheet 2, line 9, in an increase from $150 per month to $180 per month.

Junior Social Service Investigator (3) is an increase from $150 per month to $165 per month.

Whereupon, on motion of Supervisor Shannon, the County Welfare Department as recommended by the Mayor and approved by the Finance Committee, was *passed without objection.*

**Public Utilities Commission (Index No. 62).**

Supervisor Shannon explained that the total expenditures provided for in the Public Utilities Commission budget are prorated between the various revenue producing utilities in conformity with charter provisions.

**Communication from Mayor.**

OFFICE OF THE MAYOR.

San Francisco, May 14, 1936.

To the Honorable, The Board of Supervisors of San Francisco, City Hall, San Francisco, California.

Gentlemen: I hereby recommend in supplement to the Municipal Budget for the fiscal year 1936-1937 heretofore submitted to you, an appropriation of $480,000 as a capital expenditure for the following purposes:

1. Purchase of approximately 41 electric trolley buses.
2. Construction along the present "H" line of the Municipal Railway of the necessary overhead trolley system to permit operation of trolley buses.
3. Construction of an extension of this trolley bus line through the Marina District to a point near the Palace of Fine Arts and of an extension of the line at the south end of the present "H" line of the Municipal Railway to a point approximately at the intersection of Oakdale avenue and Third street.
4. Necessary remodeling and construction for storage at the car barn of the Municipal Railway to provide accommodations for the described trolley buses.

I transmit herewith a copy of a letter received by me under date of May 14, 1936, signed by Mr. Edward G. Cahill, Manager of Utilities, in behalf of the Public Utilities Commission, in which this appropriation

is recommended. You will note in the attached letter that the reasons which impel the Public Utilities Commission to recommend the replacement of the present "H" car service of the Municipal Railway with trolley bus service and the extension of the services now given by this line to give transportation to the thousands of citizens residing in the Marina and Bay View Districts. In this recommendation I heartily concur.

May I add that, in my opinion, it would be economically unwise to undertake at this time the widening of Van Ness avenue and the construction of a new and ornamental lighting system on this thoroughfare unless we at the same time complete the job by removing the present inadequate and hazardous street car operation on the "H" line. When this widening and beautification is completed there will be four lines of automobile traffic on each side of the existing street car lines. It will be extremely difficult and unsafe for thousands of street car passengers to thread their way through this fast-moving traffic to board and alight from "H" line cars. Operation of a trolley bus system will permit these vehicles to draw up to the curb without traffic interference so that their passengers will be able to utilize these buses in safety and convenience.

It has been proven that the trolley bus under proper load conditions is the most modern, economical, fast and safe form of mass transportation. San Francisco should not fall behind in utilizing a transportation medium which has proven highly successful under similar conditions in almost all of the cities of the United States.

Extension of the Municipal Railway service into the Marina District not only will afford rapid and convenient transportation to thousands of our citizens residing in a thickly populated district, but will also give service to two of San Francisco's finest institutions, the Palace of Fine Arts and Yacht Harbor. Extension of the service to the Bayview District will be of incalculable benefit to other thousands of our citizens who are without transportation or are dependent upon small and circuitous lines.

I am confident that inauguration of this service will so increase the revenue of this cross-town line as to completely pay for the expenses entailed within a short period. It will be possible to eliminate more than $50,000 annual losses now sustained by the Municipal Railway through operation of the "H" line and the Marina bus line. Of equal importance, I believe, is the fact that the elimination of street car operation over this route and the substitution of trolley bus service will serve with the widening of Van Ness avenue and the construction of a new lighting system thereon to convert this historic San Francisco boulevard into a thoroughfare second only to Market street in importance, property values and beauty.

I urgently recommend that your Honorable Board include this appropriation in the budget for the fiscal year 1936-37.

Respectfully submitted,

ANGELO J. ROSSI, Mayor.

PUBLIC UTILITIES COMMISSION.

City and County of San Francisco.

May 14, 1936.

*Subject—Budget Appropriation for Trolley Bus Route.*

Honorable Angelo J. Rossi, Mayor of San Francisco, City Hall, San Francisco, California.

Sir: The Public Utilities Commission recommends that there be included in the budget for the fiscal year 1936-1937 the sum of $480,000 to cover the cost of the following described capital expenditures:

(1) Purchase of approximately 41 electric trolley buses.

(2) Construction along the present "H" line of the Municipal Rail-

way of the necessary overhead trolley system to permit operation of trolley buses.

(3) Construction of an extension of this trolley bus line through the Marina District to a point near the Palace of Fine Arts and of an extension of the line at the south end of the present "H" line of the Municipal Railway to a point approximately at the intersection of Oakdale avenue and Third street.

(4) Necessary remodeling and construction for storage at the car barn of the Municipal Railway to provide accommodations for the described trolley buses.

The total cost of changing over the Municipal Railway "H" line from street car operation to trolley bus operation with the extension proposed will be approximately $746,000. This figure includes $533,000 for the purchase of buses and $213,000 for construction.

Arrangements may be made to acquire the buses required for adequate service for a period of two years by purchasing outright from this year's appropriation a portion of the buses to be used and renting the balance of buses required with the agreement that the city has an option to purchase them during the fiscal year 1937-1938 at an agreed price.

No agreement would be required at this time to purchase the buses in 1937-1938, as the city would merely possess an option to purchase if it so desires. If the city should exercise its option to purchase these buses in 1937-1938 this would entail an additional appropriation of $266,500 in the budget for that fiscal year.

The City Attorney has advised the Public Utilities Commission that, in his opinion, such an agreement would not violate any prohibitions against incurring expenses in one year which are payable out of future funds.

The determination of the Public Utilities Commission to recommend the inauguration of this trolley bus route is based primarily upon the inclusion in the budget for the coming fiscal year of funds required for widening of Van Ness avenue. The commission feels, after a study of street car and trolley bus operation, both in San Francisco and in many other cities, that it would be unwise to undertake a widening and reconstruction of this main thoroughfare of San Francisco unless advantage is taken at the same time of the opportunity to include the more modern, efficient, safe, and economical mode of mass transportation here suggested. The commission feels confident that this change and extension of service will serve to eliminate the present highly unsatisfactory service afforded by the "H" line of the Municipal Railway, which during the current year will lose approximately $45,400.

The plan proposed will also make it possible to eliminate the present unsatisfactory and losing Marina bus line, substituting therefor a trolley bus service bisecting the thickly populated Marina District, with attendant improvement in service and increased revenue. The proposed extension to Oakdale avenue and Third street will give the Municipal Railway a complete cross-town transportation system which will bring modern, efficient transportation to a large district of San Francisco in which present street car service is grossly inadequate.

The commission feels, also, that with the widening of Van Ness avenue, continued operation of street cars on the "H" line would seriously increase the already serious hazards attendant upon boarding or leaving street cars which are operated in the midst of heavy, fast-moving automobile traffic.

In conclusion, may I point out that it has been the experience in almost every city in which trolley buses have been placed in operation that public approval and use of this mode of transportation has resulted in an increase in patronage, while operating costs have been reduced. This has been shown in San Francisco, where operation of one trolley bus route during the past six months has resulted in an increase of 50 per cent in patronage.

The Public Utilities Commission further urges that you revise this

budget to include this $480,000 capital expenditure in the interest of public convenience, public safety, increased efficiency and economy of Municipal Railway operation and for the increased utility and beautification which will result for one of San Francisco's finest boulevards.

Respectfully submitted,

E. G. CAHILL, Manager of Utilities.

**Privilege of the Floor.**

John J. Ryan, representing the Bay View District, was heard in favor of the recommendation of the Public Utilities Commission and the Mayor requesting an appropriation of $480,000 for the substitution of the overhead trolley electric buses for the Van Ness avenue street railway and the extension of the line into the Bay View District.

Mr. Wm. Varley, representing the Southern Civic Clubs, was also heard in favor of the proposed overhead trolley bus system extensions into the Bay View and Marina Districts.

Supervisor Shannon, seconded by Supervisor Havenner, moved that discussion of this matter be deferred until after we have concluded all other items in the budget.

Whereupon, consideration of the recommendation of His Honor, the Mayor, and Public Utilities Commission for an appropriation of $480,000 for the overhead trolley bus system and extension was *made a Special Order of Business for Monday, May 18, 1936, at 10 a. m.*

Clerk of the Board was directed to send copies of the Mayor's letter and the Public Utilities Commission letter on this subject to each member of the Board.

Clerk was directed to notify Col. Skeggs, State Highway Commission, to be here Monday morning at 10 a. m.

Supervisor Shannon explained the following increases in Personal Service items:

Director of Public Relations, sheet 1, line 15, increase from $350 to $400 per month. Brown book salary range for this position was $275 minimum to $325 maximum, the salary already being $25 over the maximum. Salary range, however, was amended by Civil Service Commission, May 13, 1936, to a minimum of $300 and a maximum of $400.

A vote being called for on this item, the roll was called and the item *approved* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisor McSheehy—1.

General Clerk-Stenographer, sheet 1, line 22, increased from $150 to $175 per month.

Claims Adjuster, sheet 1, line 16, increased from $325 to $350 per month. This employment was transferred from the Municipal Railway and it is eliminated on Index 65, sheet 2, line 29.

A vote being called for on this item, the roll was called and the increase *approved* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisor McSheehy—1.

Assistant Director, Bureau of Accounts, sheet 1, line 14, at $410 per month, is a new position made necessary to consolidated accounting functions of the commission and coordinate same with Controller's office.

Inspector, Municipal Railways, sheet 1, line 17, at $210 per month, is a position transferred from the Municipal Railway to the Public Utilities Commission.

Inspector, Municipal Railway, sheet 1, line 18, at $200 a month, is a position transferred from the Municipal Railway to the Public Utilities Commission.

General Clerk-Stenographer, sheet 1, line 20, at $150 per month, is a new position necessary because of business requirements of the commission and has been filled by transfer from the Water Department, leaving the Water Department to employ temporary help.

(Letter from Mayor, re: F. B. Gibbon, requesting that position of Senior Clerk-Stenographer be shown in the budget as heretofore also in salary ordinance at $200 per month.)

Request *approved without objection.*

Supervisor Shannon explained increase in auto mileage appropriation, sheet 1, line 32, is an increase from $600 to $960; the $360 is for rent of auto to be transferred from the Municipal Railway.

Supervisor Shannon also explained the following new positions necessitated by PWA projects upon which the commission is engaged:

Building Inspector, sheet 3, line 7, at $225 per month.

Office Assistant, sheet 3, line 9, at $85 per month.

2 Civil Engineering Inspectors, sheet 3, line 14, at $225 per month.

1 Senior Civil Engineering Inspector, sheet 3, line 15, at $250 per month.

1 Construction Engineer, sheet 3, line 16, at $300 per month.

Supervisor Shannon moved the approval of the foregoing items, and there being no objection, it was *so ordered.*

Assistant Electrical Engineer, sheet 3, line 25, is a proposed increase from $275 to $300 per month; the vote being asked for on this item, the roll was called with the following results:

Ayes—Supervisors Colman, Havenner, McSheehy, Roncovieri, Shannon—5.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisors Brown, McSheehy, Mead, Ratto—4.

Electrical Engineer, sheet 3, line 26, is a proposed increase from $300 to $350 per month.

The vote being asked for on this item, the roll was called with the following results:

Ayes—Supervisors Colman, Havenner, Mead, Meyer, Roncovieri, Shannon—6.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisors Brown, McSheehy, Ratto—3.

Supervisor Shannon indicated new positions as follows:

Structural Engineering Inspector, sheet 4, line 7, at $250 a month.

Survey Field Assistant, sheet 4, line 8, at $175 a month.

Chief Electrical Engineer (temporary and interdepartmental, not on printed budget), reclassified as General Manager and Chief Engineer, Electric Power Bureau, at $833.33 a month.

Whereupon, a vote being asked for on this latter item, the roll was called with the following results:

Ayes—Supervisors Colman, Havenner, Mead, Meyer, Roncovieri, Shannon—6.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisors Brown, McSheehy, Ratto—3.

Thereupon, Supervisor Shannon said the Finance Committee recommends the removal of the item, sheet 3, line 27, Index 62, at $650 per month.

Whereupon, on motion of Supervisor Shannon, the Public Utilities Commission, Index 62, as amended, was *passed without objection.*

### Chief Administrative Officer (Index No. 26).

Supervisor Shannon indicated the following changes and increases in this department:

Materials and supplies, sheet 1, line 5, the additional amount herein requested is for books, printing and stationery.

Equipment, sheet 1, line 6, $100 is requested herein for additional equipment, for new files.

Publicity and Advertising, sheet 1, line 19, Finance Committee recommends that this item of $200,000 be reduced to $150,000.

Mandatory items in this set-up are as follows:

Installment payment on State Unemployment Relief Loan Fund, $101,727.

Bond Interest and Redemption Fund, $14,517,608.

Interest on Tax Anticipation Note Fund, $7,000.

Interest on State Unemployment Relief Loan Fund, $31,224.

Indigent Sick and Dependent Poor Fund, $900,000.

There is an increase of $100,000 in sheet 1, line 29, for Indigent Sick and Dependent Poor, and an increase of $200,000 for WPA Projects in sheet 1, line 31.

Supervisor Shannon subsequently withdrew on behalf of the Finance Committee the recommended reduction for Publicity and Advertising from $200,000 to $150,000.

John Cuddy, Californians Inc., was granted the privilege of the floor and was heard at length as to the necessity of a larger appropriation for Publicity and Advertising.

Salary increase for the Executive Secretary of the Chief Administrative Officer from $250 to $325 a month was indicated by Supervisor Shannon, and the roll being called thereon, the same was *approved* on motion of Supervisor Shannon by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—9.

Noes—Supervisors Schmidt, Uhl—2.

Whereupon, on motion of Supervisor Shannon, the Chief Administrative Officer, Index 26, was *passed without objection.*

### Public Utilities Commission, Lighting Streets and Public Buildings (Index No. 63).

Supervisor Shannon indicated the following recommendations of the Finance Committee:

Construction of new lighting system, Van Ness avenue, Market street to North Point street, reduced $10,000.

Subsequently withdrawn by Supervisor Shannon in favor of the set-up by the Mayor.

### Lighting of Public Streets (Sheet 1, Line 2).

The Clerk read letter from the Mayor transmitting communication from Manager of Utilities Cahill requesting additional $18,000 to the amount set up in the 1936-37 budget for lighting streets and to carry charges for wiring the streets and removing the overhead construction. Proposal recommended by the Mayor.

Thereupon, Supervisor Shannon moved that sheet 1, line 2, Index 63, be amended by increasing the item for lighting public streets from $710,000 to $728,000.

There being no objection, it was *so ordered.*

Supervisor Uhl, seconded by Supervisor Schmidt, moved to insert an

item of $35,500 for underground district in Franklin street from Golden Gate avenue to North Point street.

Motion *lost* by the following vote:

Ayes—Supervisors McSheehy, Ratto, Schmidt, Uhl—4.

Noes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Roncovieri, Shannon—7.

Supervisor McSheehy moved to increase the total for Detail of Buildings, Structures and Improvements, lines 7 to 35, sheet 5, Index 63, from $154,000 to $202,000, for the reason of savings that will result from the distribution of power.

*No second.*

Supervisor McSheehy, seconded by Supervisor Ratto, moved that sheet 5, lines 7 to 35, inclusive, be increased from a total of $154,000 to $356,000. This will start the nucleus of a power distribution system.

Motion *lost* by the following vote:

Ayes—Supervisors McSheehy, Ratto—2.

Noes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—9.

Whereupon, on motion of Supervisor Shannon, Index 63, Lighting Public Streets and Buildings, was *approved without objection.*

There being no objection, it was *so ordered.*

Pump Operator, sheet 8, line 14, Supervisor Shannon explained that this was a new position to replace position on line 12, to be held for Irvington Pumps, rate $155 per month.

Whereupon, on motion of Supervisor Shannon, Index 66, Public Utilities Commission, San Francisco Water Department, was *passed without objection.*

**Public Utilities Commission, Hetch Hetchy Power (Index No. 67).**

Supervisor Shannon explained that there were no changes in this department in Personal Service.

Whereupon, sheet 2 to sheet 4, inclusive, Index 67, were *approved without objection.*

Buick Automobile, sheet 8, line 23, $1,850, for Chief Electrical Engineer who has heretofore been paid mileage for use of private car.

Supervisor of Equipment, sheet 3, line 2, at $200 per month, is a new position. Mr. Brooks states that, at the present time, there is no adequate control over equipment and often when requests are made for typewriters and other equipment in the several departments, he was satisfied that such departments were in possession of surplus equipment which, if under proper control, could be transferred and much money saved. He recommended the employment.

Whereupon, on motion of Supervisor Shannon, the item was *approved without objection.*

General Clerk-Typist (6 months temporary), sheet 3, line 4, at $150 a month. Mr. Brooks stated that his proposals for bids came during the vacation period and the department is always short-handed for clerical typing service, and therefore recommended this temporary appointment.

On motion of Supervisor Shannon the item was *approved without objection.*

Garagemen (3), at $6.50 per day, sheet 3, line 20. This is to be set up as inter-departmental for servicing a fleet of 99 police cars formerly handled under contract.

**Communication from Mayor re: Fire Department.**

The following was read by the Clerk:

CITY AND COUNTY OF SAN FRANCISCO
Mayor's Office, 200 City Hall

May 15, 1936.

To the Honorable,
The Board of Supervisors,
City Hall,
San Francisco.

Gentlemen:

I am in receipt of a letter, copy of which is herewith attached, from the Board of Fire Commissioners, wherein is requested the following changes:

That thirteen Engineers of Fire Engines be reduced to twelve and the Firemen increased from eight hundred and ninety-three to eight hundred and ninety-four.

The above request meets with my approval and I respectfully recommend to your Honorable Board the allowance of the same.

Respectfully,
ANGELO J. ROSSI,
Mayor.

Supervisor Shannon thereupon moved that Fire Department, Index No. 10, sheet 2, line 12, Engineers (13) be reduced to twelve and Firemen be increased from eight hundred and ninety-three to eight hundred and ninety-four, accordingly.

No objection, it was *so ordered.*

**Communication from Mayor re: Assessor and Tax Collector.**

The following was read by the Clerk:

CITY AND COUNTY OF SAN FRANCISCO.
Mayor's Office,
200 City Hall.

May 15, 1936.

To the Honorable,
The Board of Supervisors,
San Francisco.

Gentlemen:

I am in receipt of a request from the Civil Service Commission, concerning the status of twelve General Clerks in the Assessor's Office and six General Clerks in the Tax Office (copy of which you have already received).

In accordance with this request, I hereby recommend to your Hon-

orable Board that the City Attorney's opinion of April 3, 1936, stating that because the General Clerks mentioned had permanent status on January 1, 1931, and still continue to have such status, Section 71 of the Charter prohibited such reduction of their salaries, be followed and that the monthly salaries of the General Clerks mentioned in the Civil Service Commission's letter, be set up in the Salary Ordinance and Budget for the fiscal year 1936-37, at the former rate of $160 per month.

Respectfully,
ANGELO J. ROSSI,
Mayor.

Whereupon, Supervisor Shannon moved to amend Index 3, Assessor's Office, Sheet 1, Line 34, Personal Service temporary, by adding to column 26 the figure 12, and in column 27, the figure $160 per month.

There being no objection, it was *so ordered.*

Also, Supervisor Shannon moved to amend Tax Collector's Office, Index 28, Sheet 3, Line 12, by inserting 1 General Clerk at $155 a month and 6 General Clerks at $160 a month.

There being no objection, it was *so ordered.*

**Communication from Mayor re: Recreation Department.**

The following was read by the Clerk:

May 8, 1936.

To the Honorable,
The Board of Supervisors,
San Francisco.

Attention: Finance Committee.

Gentlemen:

I am in receipt of a letter, copy of which is herewith attached, from Miss Josephine Randall, Superintendent of Recreation, wherein is requested that the following:

Maurice Sweeney, $160—R56—Sheet 3, Index 13, Line 2.
Clifford Nelson, $160—R56—Sheet 3, Index 13, Line 2.
James Lang, $150—R56—Sheet 3, Index 13, Line 3.
Ernest Meyer, $145—R56—Sheet 3, Index 13, Line 7.

Listed as Playground Directors, but actually working out of the administrative office in an executive and supervisory capacity, salaries be increased to $165 per month.

I respectfully recommend to your Honorable Board the allowance of the same.

Respectfully,
(Signed) ANGELO J. ROSSI,
Mayor.

Whereupon, on motion of Supervisor Shannon, the Mayor's recommendation, as set forth in the foregoing communication, was *approved without objection.*

Henderson and Ross to make adjustments.

**Communication from Mayor re: Coroner.**

May 8, 1936.

To the Honorable,
The Board of Supervisors,
City Hall,
San Francisco.

Gentlemen:

I am in receipt of a letter from Dr. Thomas B. W. Leland, Coroner, which reads as follows:

"I should appreciate your kindness if you would cause to be made

in my budget request for the fiscal year 1936-37, the following change:

"Line 6, Sheet 2,—now reading '1 Senior Clerk-Typist $180'—change to read:

" 'One General Clerk-Typist $175' ".

This request comes to me with the approval of the Chief Administrative Officer, and I respectfully recommend to your Honorable Board the allowance of the same.

Very truly yours,

ANGELO J. ROSSI,
Mayor.

Supervisor Shannon moved that the foregoing recommendation of His Honor the Mayor be approved.

There being no objection, it was *so ordered.*

Communication from Mayor, Bureau of Building Repair (Index No. 38).

A communication from His Honor the Mayor, dated May 16, 1936, relative to the Bureau of Building Repair, and recommending that Sheet 3, Line 7, 45 Janitors at $155 per month, be changed to 44 Janitors at $155 a month, and that Line 12, Sheet 3, be changed from 1 Foreman Janitor at $175 a month to 2 Foreman Janitors at $175 per month.

Supervisor Shannon moved that the foregoing recommendations of His Honor the Mayor be approved.

There being no objection, it was *so ordered.*

RECESS.

Whereupon, at the hour of 11:15 p. m., the Board of Supervisors took a recess until 10 a. m. Monday, May 18, 1936, with the understanding that only Index 1, and Index 48, and the Mayor's recommendations, shall be given consideration at that session.

J. S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors.....

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

# JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, MAY 18, 1936, 10 A. M.

The Board of Supervisors reassembled for the purpose of continuing consideration of the Budget for the fiscal year 1936-37.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

Quorum present.

Supervisor Colman appeared and was noted present at 10:30 a. m.

Supervisor Havenner presiding.

Motion.

Supervisor Shannon moved that $480,000 be inserted in the Budget as a capital expenditure for the proposed trackless trolley bus line on Van Ness avenue.

Committee of the Whole.

Supervisor McSheehy, seconded by Supervisor Shannon, moved that the Board resolve itself into Committee of the Whole for consideration of the subject matter.

Supervisor Shannon moved that the procedure be reading of Mayor's letter, Mr. Cahill's letter, then opponents and proponents be heard and thereafter that the matter be taken in the hands of the Board.

Consideration of Trackless Trolley Bus Service for Van Ness Avenue.

The following were granted the privilege of the floor:

Edward J. Rand, vice-president, Car Men's Union, was granted the privilege of the floor to address the Board. He said in part as follows: "We had a meeting last night and discussed this change of the 'H' line to the trackless trolley bus system. We have always opposed replacing two-man cars with one-man cars, or one-man trackless trolley buses. I am a resident of the Bay Shore District and we are not opposed to the bus system in that district or the extension of the 'H' line into that district, but we can't see the trackless trolley bus operated by one man. This is merely the introduction of the one-man car into the Municipal Railway System. I have been a motorman, I have been a bus driver, and at the present time I am a conductor. I am not a-scared of this work (operation of trackless trolley bus), but there are not many men can properly handle it. A lot of men will be thrown out of work, it is said more men will be put to work, but you do not realize how many will be thrown out of employment by this change. The operators of the trolley bus may get five cents more an hour for doing two men's work, but this does not help the situation. The stand we took last night is the one supported by the people by a 3 to 1 vote, that two men shall be required on each car. We ask that this appropriation be stricken from the Budget."

James P. Sweeney, President of the Property Owners Association

of Marina District, said, "We are not opposed to the proposed trackless trolley bus, but we want to know where the line will penetrate the Marina District." He was advised by Manager of Utilities Cahill that the line would probably run along Bay or Francisco streets to the Palace of Fine Arts.

Edward B. Barron, representing the Marina Merchants Association, also inquired as to the proposed routing of trackless trolley bus and was advised by Manager of Utilities Cahill that it would be operated upon any street that the people of the Marina District wanted, but that in no event was it practical for Chestnut street. On being informed that there was no intention on the part of the City to remove the car line from Chestnut street, Mr. Barron recommended the appropriation for the trolley bus system extended into the Marina District.

R. L. Lincoln, representing the Marina Boosters Association, resident of the district for ten or eleven years, expressed himself as being in favor of any improvement in street car service into that district. He said, "We are in favor of any service that coincides with the majority view of the people of the Marina District. Whatever they desire in the way of street car service, I am in favor of it."

H. P. Toodstedt also expressed himself in favor of the proposed trolley bus system.

R. C. Eastman, president of the Marina Merchants Association, said he was in favor of anything progressive in this direction. "But there must be no other entrance than Chestnut street to the Marina District. Nothing that would upset the present investments in that street."

Earl England, business agent for the Car Men's Union, Local 1004, wished to go on record as opposed to any kind of transportation in San Francisco operated by less than two men.

O. H. Harker, representing Apartment House Owners in the Marina District, residing at Broderick and Beach streets, said he took the matter up by telephone with his neighbors in other apartment houses and that they are in favor of any kind of improvement that will get them better transportation.

Sylvester McAtee, representing the Down Town Association, said that on Friday night, at a special meeting of its board of directors, he was instructed to say that the Down Town Association recommended a budget appropriation for the bus line proposed by his Honor the Mayor and the Public Utilities Commission.

Mr. J. Jones, representing the Bay View Merchants Association, also favored the proposed appropriation for bus line on Van Ness avenue and its extension into the Bay View District.

Miss Lucella Ward, representing Apartment House Owners and Managers Association, declared that her organization was the first one to suggest taking the tracks off Van Ness avenue and installing a trolley bus system. Naturally she was in favor and urged the appropriation of $480,000 in the Budget for the trackless trolley bus system on Van Ness avenue and its extension into the Marina and Bay View Districts.

George H. Allen, representing the Southern Civic Clubs, favored the proposed bus line on Van Ness avenue and urged the Board of Supervisors to make the appropriation requested for its consummation.

George Gerhardt, secretary of the Civic League of Improvement Clubs, was also heard at length endorsing the proposed trackless trolley bus on Van Ness avenue and its extension into the Marina and Bay View Districts. He requested that the Board of Supervisors make the necessary money available.

John J. Ryan, representing the Bay View Civic Club, stated that his organization had gone unanimously in favor of the proposed transportation into the Bay View District.

Robert Coombs, representing the San Francisco Chamber of Commerce, and chairman of its Municipal Affairs Committee, declared himself in favor of the project from the standpoint of general progress, safety and convenience. He asked the Board of Supervisors to give it favorable consideration from that point of view. He believed it to be an improvement especially important by reason of the increased traffic that will come over the Golden Gate Bridge when it is completed.

### Discussion of Second ¼ Cent Gas Tax.

Col. John Skeggs, engineer, State Highway Commission, was granted the privilege of the floor. "I happened to be in Sacramento," he said, "when this matter was being considered by your Board, and at that time I looked up to see how much money would be available for this fiscal year. I find on this second ¼ cent gas tax there is $469,000, not $500,000, as erroneously reported in the newspapers. You ought to set up at this time the projects you wish to include in that amount. We simply make a cooperative agreement with you regarding the expenditure of this money. There is no use doing anything here that might prove an idle act later on. I have here a list of projects that I have gone over with your Director of Public Works and City Engineer which are O. K. with me. My prime motive in coming here today was to tell you the amount ($469,000) and, too, enter into a cooperative agreement that the City might function properly."

William H. Worden, Director of Public Works, thereupon presented the following list of projects agreed upon:

| | | |
|---|---|---|
| Estimated second ¼ cent in July 1, 1936, to June 30, 1937, inclusive | | $480,460 |
| Less Harrison Street Bridge over Beal street | | 11,460 |
| Available | | $469,000 |
| 1. Islais Creek | $40,195 | |
| Sixth street | 6,520 | |
| Third street | 48,705 | |
| San Jose-Mt. Vernon | 445 | 48,705 |
| 2. Geneva avenue—Mission to Walbridge | | 87,500 |
| 3. Army street—Bryant-Harrison ($50,000 land purchase available 1935-36 Budget) | | 41,000 |
| 4. Golden Gate avenue—Market-Van Ness | | 55,000 |
| 5. Laguna Honda boulevard—Dewey-Moraga | | 71,000 |
| 6. Seventh avenue—Lincoln-Noriega | | 12,000 |
| 7. Third street—Channel-Bayshore (required $177,500) balance | | 153,795 |
| | | $469,000 |

### Action Deferred.

Whereupon, further discussion was continued until the afternoon session.

### RECESS.

At the hour of 12:45 p. m. Supervisor Brown moved that the Committee of the Whole recess until 2 p. m., and that the proposed bus line on Van Ness avenue be made a special order of business for 3:30 p. m. this afternoon.

*Motion carried.*

**Communication From the Mayor.**

The following recommendation of His Honor the Mayor was presented and read by the Clerk:

May 18, 1936.

To the Honorable, the Board of Supervisors, City Hall, San Francisco.

Gentlemen: I have before me the request of your Honorable Board for an increase of salary for Mr. David A. Barry, Chief Assistant Clerk, and an increase from $350 to $375 is hereby recommended.

Respectfully,

ANGELO J. ROSSI, Mayor.

Whereupon, Supervisor Shannon moved that the Mayor's recommendation be concurred in, and that Sheet 2, Item 3 be amended to correspond.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—9.

Noes—Supervisors Schmidt, Uhl—2.

Whereupon, the Board of Supervisors, Index 1, as amended, was *approved* without objection.

### Sheriffs Department (Index No. 7).

*Communication From Mayor.*

The following was read by the Clerk:

May 18, 1936.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: It is hereby recommended that the following compensations be reinstated to read as indicated, in accordance with the Sheriff's request:

*Sheriff*

2 General Clerk Typists—B-512, Line 12, Sheet 2, should be $175 per month.
4 Jailers, D 60, Line 23, Sheet 2 should be $190 per month.
3 Jail Matrons, D 52, Line 19, Sheet 2, should be $190 per month.
1 Jail Superintendent, D 66, Line 27, Sheet 2, should be $275 per month.
Temporary Salaries, 102, Line 9, Sheet 3, should be $7360.

Respectfully,

ANGELO J. ROSSI, Mayor.

### Motion.

Supervisor Shannon moved that the Mayor's recommendation be concurred in and the above items of the Budget be amended to correspond.

No objection and it was *so ordered.*

Whereupon, the Sheriff's Office, Index No. 7, as amended, was *approved* without objection.

### Police Department (Index No. 9).

*Communication From Mayor.*

The following was read by the Clerk:

May 18, 1936.

To the Honorable the Board of Supervisors, San Francisco.

Gentlemen: In the Police Department's Budget Estimate for the year 1936-37 it is my recommendation that the compensation for the Jail Matrons, Line 29, be fixed.

3 @ $175 in place of 2 @ $175 and 1 @ $170.

in accordance with the recommendations of the Police Commission.

Respectfully,

ANGELO J. ROSSI, Mayor.

### Motion.

Supervisor Shannon moved that the Mayor's recommendation be concurred in and the above items of the Budget be amended to correspond.

No objection, it was *so ordered.*

Whereupon, the Police Department, Index No. 9, as amended, was *approved* without objection.

### Tax Collector (Index No. 28).

*Communication From Mayor.*

The following was read by the Clerk:

May 18, 1936.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: It is my recommendation that in the budget estimate of the Tax Collector, Page 3, Line 13, 2 Class G152 License Adjusters' salary be fixed at $215, in accordance with the recommendation of the Tax Collector and the Chief Administrative Officer.

Respectfully,

ANGELO J. ROSSI, Mayor.

### Motion.

Supervisor Shannon moved that the Mayor's recommendation be concurred in and the above item of the Budget be amended to correspond.

No objection, it was *so ordered.*

Whereupon, the Tax Collector's Department, Index No. 28, as amended was *approved* without objection.

### Chief Administrative Officer (Index No. 29).

*Communication From Mayor.*

The following was read by the Clerk:

May 18, 1936.

To the Honorable the Board of Supervisors, San Francisco.

Gentlemen: I enclose herewith copy of letter from the Chief Administrative Officer, recommending the following changes in the Registrar's Budget:

Index 29, Sheet 2, Line 9:

2 General Clerks—increase from $155 to $175 per month.

Index 29, Sheet 2, Line 3:

Voting Machine Custodian—increase from $225 to $250 per month.

These changes I hereby recommend to your Honorable Board.

Respectfully,

ANGELO J. ROSSI, Mayor.

### Motion.

Supervisor Shannon moved that the Mayor's recommendation be concurred in and the above items of the Budget be amended to correspond.

No objection, it was *so ordered.*

Whereupon, the Chief Administrative Officer's Department, Index No. 29, as amended, was *approved* without objection.

### Department of Public Works (Index No. 36).

Supervisor Shannon called attention to statement of Director of Works Worden that an error had been made in the case of Office Assistant E. L. Tyrrel, Sheet 2, Line 5, Index No. 36, at $190 per month for seven months. It was thought that Mr. Tyrrel would retire at the end of seven months, but that is an error. It will be over a year before he retires. The allowance should be made for the full period.

Whereupon, Supervisor Shannon moved that Line 5, Sheet 2, Index No. 36, be increased in Column 25 from $1,085 to $2,280.

There being no objection it was *so ordered.*

Thereupon, the Public Works Department as amended was *approved* without objection.

**Public Health Department (Index Nos. 50-15, 50-17, and 53).**

*Communication From Mayor.*

The following was presented and read by the Clerk:

May 18, 1936.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: I enclose herewith letter from the Chief Administrative Officer, approving the following changes in the Department of Public Health's Budget:

Index 50-15, Sheet 1, Line 18, Industrial Inspection—increase to $200 per month.

Index 50-17, Sheet 1, Line 16, Field Nursing Administration, General Clerk Stenographer—increase from $135 to $155 per month.

Index 53, Sheet 2, Line 1, General Clerk, San Francisco Hospital—increase from $150 to $160 per month.

And so recommend these changes to your Honorable Board.

Respectfully,

ANGELO J. ROSSI, Mayor.

**Motion.**

Whereupon, Supervisor Shannon moved that Sheet 1, Line 18, Index No. 50, Industrial Inspector, be increased from $185 to $200 per month.

Motion *lost* by the following vote:

Ayes—Supervisors Meyer, Roncovieri, Shannon—3.

Noes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Ratto, Schmidt, Uhl—8.

Supervisor Shannon moved that Sheet 2, Line 1, Index 53, General Clerk, San Francisco Hospital, be increased from $150 to $160 per month.

No objection, it was *so ordered.*

Whereupon, the Health Department, as amended, was *approved* without objection.

**Park Department (Index No. 12).**

**Pioneer Home (Humphreys).**

Supervisor McSheehy, seconded by Supervisor Uhl, moved to reopen the Park Department Budget, for the purpose of giving consideration to the proposition of Dr. Heil to purchase property at the corner of Chestnut and Hyde streets for use as a public museum and example of pioneer home.

Supervisor Schmidt read a communication signed by Herbert Fleishhacker of the Park Commission, stating that said department will be glad to take over jurisdiction of the property at Hyde and Chestnut streets, and preserve it as an outstanding landmark of San Francisco, if provision is made for its acquisition.

Supervisor Schmidt thereupon moved that the Board insert in the Budget as a capital expenditure the sum of $10,000 looking to the acquisition of this home, which sum, he said, if property is not acquired by an additional public subscription, will revert to the General Fund.

City Attorney O'Toole, being asked, said that this Board of Supervisors had the right to put in a capital expenditure for this purpose if it desires. Then unless others put up the additional amount necessary during the fiscal year 1936-37, the appropriation would revert to the

General Fund. You cannot appropriate the $10,000 and order it paid down for this purpose with the understanding that somebody else would raise the balance of the money. However, you can make an appropriation for acquiring the property when sufficient funds are provided for the balance of the price by public subscription. But you cannot put the money down to bind the bargain.

### Motion.

Whereupon, Supervisor Schmidt, seconded by Supervisor Shannon, moved that

"There is hereby appropriated the sum of $10,000 to be expended in the purchase of property at the northeast corner of Chestnut and Hyde streets, commonly designated as the Humphreys property, which said sum shall be expended only upon the balance of the purchase price being provided and donated to the City and County of San Francisco from private subscriptions; and all of said sums to be expended only when said property is conveyed to the City by good and sufficient deed and free and clear of encumbrances; said property to be hereafter dedicated for park purposes."

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

### Motor Buses, Van Ness Avenue.

Communication from His Honor the Mayor and Manager of Utilities Cahill recommending an appropriation in the 1936-37 Budget of $480,000 for the purpose of changing H Line of Van Ness avenue into a trackless trolley system.

### Committee of the Whole.

On motion, the Board of Supervisors resolved itself into a Committee of the Whole with President Havenner in the Chair and all members heretofore noted present.

### Privilege of the Floor.

E. P. E. Troy, representing himself, said in part: "Gentlemen, I have had no notice of this proposal to abandon the tracks on Van Ness avenue and on Potrero avenue. The Public Utilities Committee had no hearing on it. The Mayor has had no public hearing and gave no notice to the public. I don't believe you can legally do what you are trying to do. You must give every citizen an opportunity to be heard on the Budget. It cost the City over $100,000 a mile to construct the Municipal Railway. Now you are asked to abandon it and in addition you are asked to abandon it and in addition you are asked to provide $750,000 for buses, and new highways for the so-called trackless trolley bus. It will cost upwards of a million seven hundred fifty thousand dollars."

Edward J. Grant, representing the Carmen's Union, spoke against the proposal.

"We favor the extension of the H line into the Bayview district," Grant said, "but are against a one-man trackless trolley. We fear many men would be thrown out of work."

Earl England, business agent for Local 1004, Carmen's Union, described the union's position as one of opposition to "any kind of transportation operated by less than two men."

Supervisor Brown referred to Section 74 of the Charter, which he thought would militate against an appropriation of $480,000 at this time requested by the Public Utilities Commission.

City Attorney O'Toole: "I understand this is a request to change the character of the service from rail to bus service, and is not affected by the provisions referred to." He read from his opinion

given to the Public Utilities Commission. "If the Board sees fit to allow any amount for the purpose of substituting buses instead of cars it might be a proper expenditure providing it receives eight votes, but it must add no expense to the existing lines. Extensions to the Bay View District and the Palace of Fine Arts, however cannot be done in this way. If there is no surplus it must be done by bond issue."

Being asked, City Attorney O'Toole ruled that the proposed extensions into the Marina and Bayview could not be paid for from the Budget appropriation.

He declared a charter provision (Section 74) prohibits extension of existing lines except through earnings or a bond issue voted by the people, but that the proposal to use tax funds to substitute buses for street cars was a proper one. It was his opinion, also, that the one-man street car ordinance did not apply to trackless trolley buses.

Edward Vandeleur, representing the San Francisco Labor Council and the Carmen's Union, agreed with Supervisor Brown that there was no reason for a continuance of the hearing, as it is his opinion that the Board had no power to appropriate money for this purpose.

E. G. Cahill, Manager of Utilities, stated that the Public Utilities Commission is now in session and that he is going over there and will come back shortly with a request for the appropriation based upon the suggestion of City Attorney O'Toole.

Supervisor Havenner said: "It is only fair to tell the Public Utilities Commission and the Mayor as to what is in the minds of some of us as to the construction of the language at the end of Section 74 of the Charter," "wherein defines what is to be raised by bonds."

Supervisor Havenner said, "It is inevitable before this fiscal year is over the government of San Francisco is going to have to deal with street car transportation throughout the City.

The people are in revolt against the service of the Market Street Railway Company, against the one-man car, against the Market Street Railway Company for its neglect of repairs of pavement between its tracks. It is my intention today to bring before the Board a resolution instructing the City Attorney to bring action to compel that company to repair its pavement as required by law. It will be asked to do the tremendous amount of work which it has failed to do over a number of years. City Engineer O'Shaughnessy in 1928, years ago, estimated at that time that there was over $6,000,000 worth of work due the City in the way of repavements at that time, and nothing has been done in the meantime. Before this fiscal year is over we will have to deal with the problem as a whole."

Supervisor McSheehy moved that the Committee of the Whole arise and report to the Board that it has continued the subject matter until 5 o'clock.

### Postponement.

Whereupon, on motion of Supervisor McSheehy, the Committee of the Whole postponed further action until 5 o'clock.

### Department of Public Works, Special Gas Tax Street Improvement Fund (Index No. 48).

Supervisor Shannon inquired of City Attorney O'Toole, "Does an unappropriated surplus remain in control of the Board of Supervisors or does some other department have power over it?"

City Attorney O'Toole answered, "It would come under Section 80 . . . of the Charter. It is subject to appropriation by this Board of Supervisors and also subject to recommendation of the Mayor."

### Privilege of the Floor.

Wm. D. Coughlin, representing Associated General Contractors of North America, quoting from Chapter 29 of the Statutes of 1936, re-

garding the second one-quarter-cent gas tax, pointed out that in his opinion the City and County of San Francisco has no power to use the gas tax money except with the concurrence of the State Highway Commission. The Board of Supervisors, he said, can select the streets with the approval of the State Highway Commission.

Whereupon, Supervisor Shannon presented the following street program, including unappropriated surplus, which was approved without objection.

*Special Gas Tax Street Improvement Fund.*

## Committee of the Whole.

Board of Supervisors resolved itself into a Committee of the Whole for the purpose of continuing discussion regarding requested appropriation of $480,000 for proposed trackless trolley bus system on Van Ness avenue and Potrero avenue.

## Communication From the Mayor and Public Utilities Commission.

The following was read:

May 18, 1936.

To the Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: I transmit herewith letter received by me today, signed by Mr. Edward G. Cahill in behalf of the Public Utilities Commission, recommending an appropriation in the Municipal Budget for 1936-37 of the sum of $480,000 for the purchase of trolley buses, necessary construction and remodeling of Seventeenth street carbarn, to permit the replacement of the present H car line of the Municipal Railway with trolley bus service.

I hereby recommend this appropriation to the Board of Supervisors as a supplement to the Budget heretofore transmitted to your Honorable Board.

May I call the particular attention of the Board of Supervisors to the fact that the Public Utilities Commission proposes, out of the surplus funds of the Municipal Railway during the coming two years, to extend the Municipal Railway service afforded by this trolley bus line to the Marina and Bay View districts.

Very truly yours,

ANGELO J. ROSSI, Mayor.

## Public Utilities Commission.

May 18, 1936.

*Subject: Trolley Bus Service.*

Honorable Angelo J. Rossi, Mayor, City and County of San Francisco, City Hall, San Francisco.

Dear Sir: Supplementing my letter to you of May 14, 1936, in behalf of the Public Utilities Commission's recommendation that there be included in the Budget for the fiscal year 1936-37 the sum of $480,000 to cover the cost of convertnig the "H" line of the Municipal Railway for trolley bus operation and extending that line into the Marina and Bayview districts, may I make the following recommendation.

This afternoon before the Board of Supervisors, then considering this recommendation, the City Attorney stated that in his opinion the purchase of necessary equipment and construction for trolley bus operation of the "H" line is a proper expenditure from the General

Fund of the City and County of San Francisco under Charter provisions, but that it would not be legal or proper to purchase the necessary equipment or to undertake the necessary construction to extend the Municipal Railway service with tax funds into the Marina and Bayview districts.

In accordance with this ruling the Public Utilities Commission recommends that your Budget recommendation to the Board of Supervisors for this appropriation be amended as follows:

That the sum of $480,000 be appropriated from the general fund of the City and County of San Francisco for the following purposes:

1. Purchase of as many trolley buses as possible of the 32 buses required for the operation of trolley bus service over the route of the "H" line of the Municpial Railway.

2. Construction of the necessary overhead trolley system along the route of the "H" line to permit operation of these buses.

3. The necessary remodeling of the Seventeenth street car barn of the Municipal Railway to accommodate trolley buses.

The total cost of replacing the present street car service of the "H" line with trolley bus service is $579,000, of which $416,000 will be required for purchase of 32 trolley buses, and $165,000 will be necessary for construction. It will be possible to obtain an agreement for the purchase of as many trolley buses as may be purchased from the $480,000 appropriation of this fiscal year, with the rental of additional buses and an option to purchase during the succeeding fiscal year. Under this plan an appropriation of $99,000 would be required during the fiscal year 1937-38 if the City decides to exercise its option.

As the Public Utilities Commission definitely feels that the successful operation of the trolley bus service proposed will require extension of this service into the populous Marina and Bayview districts, the Commission now proposes that the sum of $50,000 be taken from surplus funds of the Municipal Railway during the current year and the sum of $117,000 be utilized from the surplus funds of the Railway during the coming fiscal year for the purpose of purchasing nine additional trolley buses at a cost of $117,000, and the construction of overhead trolley lines at a cost of $50,000 to permit operation of these extensions.

Very truly yours,

E. G. CAHILL, Manager of Utilities.

Edward Vandeleur, representing San Francisco Labor Council and Car Men's Union, said his organization did not endorse these propositions.

When San Francisco Labor Council recommended this proposition it did so subject to the approval of the Car Men's Union. The Car Men's Union met on Sunday night and unanimously rejected it.

**Motion.**

Supervisor Brown moved that the matter be taken into the hands of the Board.

Supervisor Shannon: "I wish to withdraw my motion of this morning for an appropriation $480,000 for trackless trolley bus on Van Ness Avenue."

Whereupon, Supervisor Brown, seconded by Supervisor Shannon, moved that the subject matter be referred to the Joint Finance and Public Utilities Committee with a view to including some part of the program in next year's budget.

There being no objection, it was so ordered.

**The Committee of the Whole Arose.**

Whereupon, the Committee of the Whole reconvened as a Board of Supervisors, all members heretofore noted being present and President Havenner in the Chair.

### City Planning Commission (Index No. 61).

Supervisor Shannon moved that action on Sheet 2, Line 4, Index 61, City Planning Engineer-Secretary, heretofore (See Page ——), reduced from $350 to $275, be rescinded.

Motion carried without objection.

### Health Department, Institutional Help (Index No. 50).

*Communication From Mayor.*

The following was presented and read by the Clerk:

May 18, 1936.

To the Honorable,
The Board of Supervisors,
San Francisco.

Gentlemen:

I am in receipt of a letter from Dr. Geiger which reads as follows:

"The sum of $12,840.00 will be required to increase the compensation of the Institutional Help in the various institutions of the Department of Public Health from $77.50 to $79.50 with a deduction of $27.50 for room, board and laundry.

Laguna Honda Home, 91 Institutional Help, at $2.00 per month...$2,184.
Isolation Hospital, 20 Institutional Help, at $2.00 per month..... 480
San Francisco Hospital, 404 Institutional Help, at $2.00 per month. 9,696
Hassler Health Home, 20 Institutional Help, at $2.00 per month.... 480

Inasmuch as this request has the approval of Mr. Alfred J. Cleary, Chief Administrative Officer, and Dr. Geiger, I hereby recommend that your Honorable Board recommend the same.

Respectfully,

ANGELO J. ROSSI, Mayor.

### Motion.

Supervisor Shannon moved the adoption of the foregoing recommendations of His Honor, the Mayor, and that the Clerk be directed to make the proper entry in the books.

There being no objection, it was so ordered.

Supervisor Shannon moved to amend Sheet 1, Line 20, Index 50-08, 7 Pediatricians be increased to 11 Pediatricians at $150 per month.

There being no objection, it was so ordered.

*Communication From Mayor.*

The following was read by the Clerk:

May 18, 1936.

To the Honorable,
The Board of Supervisors,
City Hall,
San Francisco.

Gentlemen:

I am in receipt of a letter from Dr. J. C. Geiger, requesting the following changes in the budget of the Department of Public Health, which were apparently omitted from the budget by error or inadvertently.

Index 50-08, line 20. We asked for 11 Pediatricians at $150 per month. We were allowed 7 as we have at present. In explanation 2 of the physicians requested are now working in the Junior College and one in tuberculin testing in our high schools.

Index 50-18, Line 16. Thirty-three Nurses are working in the schools. We asked for 38 Field Nurses in the Schools, at $165 per month each. In explanation 2 additional were requested for work in the parochial schools. Likewise 1 nurse is now working in the Junior College.

Index 50-08, Line 17. Audiometer Technician, $125 per month. In ex-

planation this is a technician testing the hearing of students in all our schools in order that preventive service may be rendered and the hearing preserved.

Index 50-12, Line 15. One Food Chemist at $175 per month. In explanation the restaurant ordinance is bringing in sufficient funds to meet this and also the increased personnel already added to the Restaurant Division by this ordinance has increased this type of work.

I hereby recommend that your Honorable Board allow the changes as stated above.

Respectfully,

ANGELO J. ROSSI, Mayor.

**Motion.**

Supervisor Shannon moved that the Mayor's recommendation be concurred in and that the above items of the budget be amended to correspond.

There being no objection, it was *so ordered.*

Whereupon, the Health Department, as amended, was approved without objection.

**Adoption of the Budget.**

Supervisor Shannon, seconded by Supervisor Roncovieri, moved that the budget be adopted.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Explanation of Vote.**

Supervisor Schmidt explained his vote by saying: "I vote YES on the adoption of the budget, but I want it understood I am not in favor of the salary increases in the higher brackets."

Supervisor Uhl explained his vote by saying: "Supervisor Schmidt expressed his ideas in the matter."

Whereupon, the budget was declared adopted.

**Passed for Second Reading.**

Thereupon, on motion of Supervisor Shannon, seconded by Supervisor Roncovieri, the appropriation ordinance in words and figures following, was passed for second reading by the following vote:

# ANNUAL APPROPRIATION ORDINANCE 1936-1937

BILL NO. 982, ORDINANCE NO. 9.051259 (Code No. 9.051), as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES OF THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1937.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

Section 2. The several amounts of proposed expenditure for the fiscal year ending June 30, 1937, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance, subject to the limitations of the Charter and as provided herein.

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department, in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further, that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

Items of proposed expenditure that are designated herein as appropriated for the use of a department only to the extent that fees or other revenues are collectible therefor shall be subject to limitation by the Controller to the amount of actual receipts or collections.

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by this Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for said department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Sections 79 and 80 of the Charter, or by transfer as provided by Sections 77 and 90 of the Charter.

Section 5. Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Section 6. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of, and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position established in the Annual Salary Ordinance and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation and shall investigate and report upon the necessity of the position to the Mayor, and the Mayor shall approve.

Appointing officers shall not make appointments to seasonable or temporary positions until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonable or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds and Reserves and the receipts in and expenditures from, each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

The expenditures necessary from said fund or said account created as herein provided, in order to carry out the purpose for which said moneys have been received or for which said account is being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys have been received by the City and County of San Francisco, and in accordance with the conditions under which said fund is maintained.

Section 8. The Controller is hereby authorized and directed to set up appropriations for refunding revenues collected in excess of amounts due.

Section 9. The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 77 of the Charter.

Section 10. The term "department" as used in this ordinance shall mean department, bureau, office, utility, board, or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 11. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:
